The Purchasing Agent,
Department of Indian Affairs,
OTTAWA, Canada.

Dear Sir:-

We are advised that it is your intention to purchase in the early future an 800 lb. Electric Cream Separator for your new Indian Industrial School at St. Paul, Alta., and we are wondering if we may ask you to let us figure in this matter. May we also at the outset point out that we are an entirely Canadian company, operating on Canadian capital and employing Canadian workmen making a splendid standard line of cream separators and we certainly would be very pleased indeed if you would give us an opportunity to figure on this particular machine you are purchasing in the near future.

Yours very truly,

H. A. Jordan,
Managing-Director,

*If this type of separator
required, your
letter will not be
overlooked

Memorandum:

By
MR. BUSKARD.

With reference to your memorandum of yesterday's date, concerning supplying the Blue Quills Indian Residential School with horses, cattle and machinery, I may say that, during the next few months, a few purchases will have to be made. On April 10th, last, you gave me a memorandum concerning sources of supply for live stock and implements. If there are any others that you wish to have quote, please let me know.

Concerning the painting of the floors at the new school, I may say it is not the intention to proceed with this work this year.

f

Memorandum:

Bushard

MR. BUSHARD.

August 31, 1931.

Pursuant to telephone conversation this afternoon, I have to inform you that horses, cattle and agricultural machinery will be purchased for the Blue Quills Indian Residential School, in the electoral district of Athabasca, from time to time, during the next few months, as required. The original requisition from the Reverend Principal indicated that six horses, ten cows and the following agricultural machinery would be required:-

Breaking plough.	Mower.
Gang plough.	Rake.
Disc.	Wagon.
Harrow.	Bob sleigh.
Drill.	

BM

I may say it is not the intention to purchase any of this equipment until the Reverend Principal writes that particular stock or machinery is then required. The current prices for the locality of St. Paul, Alberta, will be paid when purchase is made. It is possible that a team or two of horses, the ten cows, a harrow, wagon and bob sleigh will be required during the next few months and that the rest of the equipment and stock will be needed in the spring.

A. S. Williams,
Acting Deputy Superintendent General.

[Signature]
To the Secretary,
Department of Indian Affairs,
Ottawa.

[Signature]
Sir,

With reference to your letter No 118-1-14, of Feb. 4th, relative to the live stock to be supplied to the Blue Quills School, I may say that Mr Charles Gagnvreau will be asked to find it and to state price.

As to the veterinary surgeon, I must say that Doctor Bissonnette, who was injured in the car crash where the Hon. Buckley found death, is now unable to work, and then there is till now no other veterinary surgeon at St-Paul.

Truly yours,

[Signature]
Rev. Jos. Angin,
Principal.

118-1-14

March 23rd 1932.

To the Secretary,
Department of Indian Affairs,
Ottawa.

Sir,

In reference with your letter No 118-1-14, of Feb. 4th, relative to the machines to be supplied to the Blue Quills School, I may say that, according to your letter, I have asked, 5 weeks ago, for the prices of these, to Mr Charles Gauvreau of St-Paul, but have not got any reply. It is possible that Mr Gauvreau have written to the Department directly.

Considering however that the spring is coming soon and that the agricultural implements will be needed within one month, I have taken the liberty to ask for prices to the principal firms of machinery in St-Paul that have always repairs on hand in stock and I submit below their prices for your information:

	Massey-Harris	Mc Cormick-Deering
16" Breaking plow	\$ 92.00	\$ 93.00
16" Disc	92.00	88.75
Spring tooth harrow	90.00	90.25
20 R Drill	229.00	222.50
Bob-sleigh with double-box	113.50	105.00
For freight from Edmonton to St-Paul	27.44	27.44

The Massey-Harris firm gives a 7% discount on Machinery, and 5% on sleigh, so that the amount totals to \$ 575.65
The Mc Cormick-Deering firm gives a 10% discount on all, so that the amount totals to \$ 566.99.

I know that Mr Gauvreau has yet some machines from Lacrosse Flow Works, of Racine, Wisc. I would be very obliged to the Department not to furnish these same machines to the school, as it takes 3 weeks before getting repairs from Racine, Wisc.

Truly yours,

Rev. Jos. Angin,
Principal.

Blue Quills Ind. Res. School,
Saint-Paul, Alta.

118-1-14

July 21st 1932.

To the Secretary,
Department of Indian Affairs,
Ottawa.

Sir,

I have your letter No 118-1-14, of July 5th, stating you can help the Blue Quills School in supplying milch cows and agricultural implements. I thank you for your kindness and must say that 10 cows and one bull, all dairy Shorthorn, would be very necessary at the present. We have only 7 cows now and this number is very insufficient.

As to the agricultural implements, I can say that these asked for last spring are yet wanted, vid:

- | | | |
|----|--|-----------|
| 1 | 16" brush breaker/which is breaking-plow | 92.50 |
| 1 | 16-run disk | 92 |
| 1 | spring tooth harrow with truck | 90 |
| ✓1 | 20-run drill | 229 |
| 1 | bob-sleigh with double-box. | 114 |
| | | <hr/> 117 |

As the funds are limited, you will grant according to your funds, but I would be pleased to get all these supplies, if possible.

Yours truly,

Rev. Jos. Angin,
Principal.

118-1-14.

Ottawa, August 5, 1932.

Sir:

The Principal of the Blue Quills Indian Residential School, St. Paul, Alberta, has requested that the following agricultural implements, fencing and cattle be supplied:-

Agricultural Implements:

- 1 - 16" Breaking Plough
- 1 - 16" Disc
- 1 - Spring tooth harrow
- 1 - 20 R Drill
- 1 - Bob sleigh with double box

Fencing:

- 340 - Cedar fence posts, 7 ft. high
- 190 - Rods woven fencing, 48 in. high
- 50 - lbs. Staples, 1 $\frac{3}{4}$ " long
- 3 - Spools barb wire, 4 points
- 2 - Plain farm gates, steel wire, 14 ft. long
48 in. high

Milch Cows:

- 10 - Grade shorthorn milch cows
- 1 - Shorthorn bull.

The Department will be able to provide a small amount at the present time to purchase the above equipment, and I would request that you report what items of the above are most urgent. With regard to the cows, the Principal states they have 7 cows at the school at present. Would it be necessary to supply 10 more at this time? You may ascertain what arrangements could be made with Charles Gauvreau, of St. Paul, for supplying the cows and farm implements and the cost. Please state, also, whether you could arrange for the purchase of any equipment authorized, including the milch cows and bull, or whether you would recommend that this be placed in the hands of Mr. Agent Gullion.

The Department is anxious to have this information at your early convenience.

Saint-Paul. Alta.

118-1-14

August 26th 1932.

To the Secretary,
Department of Indian Affairs,
Ottawa.

B.

Sir,

I have already written to you about the fencing of the playgrounds for the pupils, and I must again draw your attention on this fact that the pupils being come back, it is difficult to watch over them. The playgrounds should be fenced the soonest possible, chiefly when it is time yet to make fence; pretty soon, it will be too cold to have the playgrounds fenced.

The pump is working very badly and I fear it breaks sometime. Mr Indian Agent Gullion has been advised two months ago and I asked at this time that the pump be taken off and fixed up again. Would it be possible that the man who has settled down this pump come again to see about it?

Our wheat is already cut and pretty soon it will be the turn of the oats to be cut, and afterwards the threshing will take place. I get you remember that we have no granary and no other place to put our crop. Therefore a granary should be built very soon. I hope you will take steps in this connection.

Yours truly,

Rev. Jos. Angin

Rev. Jos. Angin,
Principal.

Ottawa, September 1st, 1932.

Sir,-

The Principal of the Blue Quills Indian Residential School St. Paul, Alta., has requested that the following agricultural implements, fencing and cattle be supplied:-

Agricultural Implements:

- 1 - 16" Breaking Plough } next spring (1933)
1 - 16" Disc }
1 - Spring tooth harrow }
1 - 20 R Drill }
1 - Bob sleigh with double box - This fall

Fencing:

- 340 - Cedar fence posts, 7 ft. high
190 - Rods woven fencing, 48 in. high
50 - lbs. Staples, 1 $\frac{1}{2}$ " long
3 - Spools barb wire, 4 points
2 - Plain farm gates, steel wire, 14 ft. long
48 in. high

Milch Cows:

- 10 - Grade shorthorn milch cows } next spring (1933)
1 - Shorthorn bull.

The Department will be able to provide a small amount at the present time to purchase the above equipment, and I would request that you report what items of the above are most urgent. With regard to the cows, the Principal states that they have 7 cows at the school at present. Would it be necessary to supply 10 more at this time? You may ascertain what arrangements could be made with Charles Gauvreau, of St. Paul, for supplying the cows and farm implements and the cost. Please state, also, whether you could arrange for the purchase of any equipment authorized, including the milch cows and bull, or whether you would recommend that this be placed in the hands of Mr. Agent Gullion. I should be pleased if you would give an approximate estimate of the cost of supplying the equipment, live stock, etc., which you recommend at the present time.

The Principal is anxious to obtain the fencing material as early as possible and, in order to prevent delay, you may arrange for the purchase from indicated sources of supply of the quantity of fencing material, as mentioned above. Please obtain itemized accounts, in triplicate, covering the cost and attach same to proper voucher forms, certify in the usual manner and forward to the Department for payment.

I shall be pleased to have your recommendation regarding the agricultural implements and milch cows.

Your obedient servant,

M. Christianson, Esq.,
Inspector of Indian Agencies,
Calgary, Alta.

T. R. L. MacInnes.
Acting Secretary.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Inspector's

COMMISSIONER'S OFFICE,

Calgary, Alta.,

REGINA, SASK., September 6th, 1932.

IN YOUR REPLY REFER TO

No. 407-11A.

ALSO TO DATE OF THIS LETTER

Sir:

I beg to acknowledge receipt of your letter of the 1st instant in connection with the agricultural implements, fencing, and cattle asked for by the Blue Quills Indian Residential School at St. Paul. You have my report on this school dated the 24th ultimo, and you will note that I have stated that the following agricultural implements will be required:

9-00	1 - 16" Breaking Plow	{	Not required until Spring.
9-00	1 - 16" Disk		
2-00	1 - 20-run Drill		
9-00	1 - set spring toothed Harrows		
1-00	1 - Bob sleight with box		Required this fall.

The fencing is for the playgrounds, and when I was there the Principal estimated the cost at \$250. These grounds should, of course, be fenced, but there is no reason why this cannot be held over until spring, if necessary. In any event, I am not very much in favour of fencing playgrounds with woven wire as it soon gets out of shape from the boys standing on it, &c. I think plain wire with a rail on top of the fence would be more suitable.

With reference to the milch cows and bull: No doubt this school requires additional cows as they only have seven at the present time, but if say five additional cows were supplied this fall, I think that would be sufficient to meet the requirements of the school at least until spring. The bull of course is not required until spring, and can be purchased at the Edmonton bull sale which is held about the 1st of April. The approximate cost of good milch cows would be between \$50 and \$60.

The Secretary,
Department of Indian Affairs,
OTTAWA.

Therefore.....

Indian Affairs. School Files.
(RG 10, Volume 6348, File 751-14, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Therefore, all that would be absolutely necessary to supply at the present time would be the Bob-sleigh and box at a cost of about \$90 and five cows at an approximate cost of \$300. I note that the Department state arrangements could be made with Chas. Gauvreau for supplying cows and farm implements, and they desire to know the cost of same: I am of the opinion that this man is not a dealer in any of the lines mentioned. The Bob-sleigh and box could be bought in the usual manner and delivered through an implement dealer at St. Paul, and Mr. Gullion, the Agent, is quite capable of purchasing the cows, from the farmers in that district. Of course if the Department wish to place the purchasing of these implements, &c., in the hands of Mr. Gauvreau, I will see that this is done.

I might also refer to the granary which was mentioned in my recent report on this school: This is something that is required by the school this fall, if there is any means whatever of financing it.

Your obedient servant,

M. Christianson
M. Christianson,
Inspector of Indian Agencies,
Alberta Inspectorate.

Memorandum:

MR. BUSKARD.

It is necessary at the present time to purchase five cows and one set of bob sleighs, with box, for the new Blue Quills Indian Residential School at St. Paul, Alta. In April, 1931, you directed that, when cattle and farm machinery were being supplied, the purchase be made from Charles Gauvreau, St. Paul, Alta.

Mr. Inspector Christianson, Calgary, Alta., states he is of opinion that this man is not a dealer in any of the lines mentioned. He recommends that Mr. Gullion, the local Agent, arrange for the purchase of the cows from farmers in that district and that the bob sleigh and box be bought in the usual manner and delivered through an implement dealer in St. Paul. I should be pleased to have your directions regarding the purchase of the above.

It will also be necessary next Spring to purchase a breaking plow, disc, drill and set of spring tooth harrows, also a bull and five cows. I shall be pleased to have your instructions regarding the above purchases.

Ottawa, September 22, 1932.

Sir:

I have your letter of the 6th instant, in connection with the agricultural implements, fencing and cattle for the Blue Quills Indian Residential School at St. Paul, Alta. It is noted that the only farm equipment required at the present time is one bob sleigh, with box, and I would request that you arrange for the purchase, from a firm on the list handling these supplies, and have same delivered at the school when considered timely. Please obtain an account, in triplicate, covering the cost, which you should certify in the usual manner and forward for payment.

Regarding the fencing of the playgrounds, as our funds this year are limited, this work can be held over until next Spring. This matter may be brought to the attention of the Department at that time and full details should be given regarding materials and cost.

With reference to the purchase of milch cows, I have to say that the Department is prepared at the present time to supply the school with five grade milch cows. It is considered that a good type of grade cows would be satisfactory. They should be young and giving milk, or to freshen early in the new year.

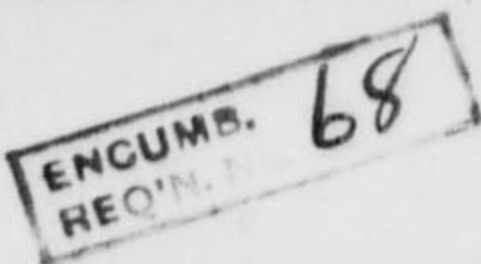

You may arrange with Mr. Agent Gullion, if you are assured he is a good judge of cattle, to make the purchase. He should give Mr. Charles Gauvreau, St. Paul, an opportunity to supply the cows, but if Mr. Gauvreau is unable to do so, the Agent may make the purchase locally. It would be advisable that he secure the aid of a Government Livestock Man, if one is in the district, in selecting the cows. All cows should be free from tuberculosis and should be of good milking strain. It is noted you are of opinion that the cost of good milch cows would be between \$50 and \$60 each. It is hoped that they can be obtained at a price not exceeding this figure. After the Agent has completed the purchase, he should forward for payment accounts, in triplicate, properly certified, in favour of the parties from whom the cows are purchased.

The question of supplying a further number of cows, additional agricultural implements and fencing material will receive consideration this coming Spring.

Your obedient servant,

T. R. L. MacInnes,
Acting Secretary.

Ottawa, September 23rd, 1932.

Sir,-

The Principal of the Blue Quills Indian Residential School has forwarded to the Department the enclosed list of equipment which he desires supplied.

Owing to lack of funds, it will not be possible to authorize any further expenditure this year than was mentioned in official letter of the 22nd instant. You will note from the last paragraph of that letter that the question of supplying a further number of cows, additional agricultural implements and fencing material will receive consideration next spring although, at the present time, the Department is unable to state what funds, if any, will be available for this purpose.

You might, however, give careful consideration to the list enclosed with this letter and, at your convenience, you should report to the Department what articles on the list you consider are absolutely necessary. When replying, the list should be returned.

Your obedient servant,

T. R. L. MacInnes.

IN YOUR REPLY REFER TO

No. 407-11A.,

ALSO TO DATE OF THIS LETTER

Sir:

I beg to forward herewith Saddle Lake Voucher No. 3594 in favour of Mr. A. S. Spence of St. Paul, for \$285 for five cows purchased for the Blue Quikls School.

I received a letter from the Reverend Principal this morning, and he informed me that he is well satisfied with the cows. One has just freshened and is giving a good quantity of milk; one is due to freshen within a week or ten days; another will freshen towards the end of the month and the other two are due to freshen sometime in January. The cows are dual purpose Shorthorns.

This expenditure was authorized by Department letter No. 118-1-14 of September 22nd last. I would recommend the payment of this voucher.

ARCHIVES PUBLIQUES
CANADA

January 10th. 1933.

MEMORANDUM

Mr. Buskard -

I have to refer to your memorandum of the 9th. January regarding the purchase of five cows for the Blue Quills Residential School at St. Paul, Alberta. In our memorandum of September 17th. referred to by you, direction was requested regarding the purchase of the cows by Mr. Gullion, the Indian agent, from farmers in the district, as Inspector Christianson had stated that Mr. Gauvreau was not a dealer in any of the lines mentioned. This action was approved by the Minister provided Mr. Gullion was considered to be a good judge of cattle and the suggestion was made that he secure the aid of a Government line stockman if one were in the district. It was further stated that Mr. Gauvreau should be given an opportunity to supply the cattle required.

On this ruling, Inspector Christianson was informed that if he considered agent Gullion a good judge of cattle, the agent might be authorized to make the purchase. He was to be instructed that Mr. Gauvreau should be given an opportunity to supply the cows but if he was unable to do so the agent might make the purchase locally. He was to be further instructed in regard to securing the services of a Government stockman in selecting the cows.

Although no further correspondence took place, it is assumed that the agent acted on these instructions and being unable to secure the cattle from Mr. Gauvreau he made purchase from A. S. Spence. The voucher submitted for payment in this connection bears the following words: "Authority: Inspector Christianson's letters No. 407-11A of Sept. 26th. and Nov. 23rd. 1932. "

I trust this explanation is satisfactory.

INSPECTOR'S OFFICE

IN YOUR REPLY REFER TO

407-11A

No.

ALSO TO DATE OF THIS LETTER

CALGARY, ALTA. Jan. 13th., 1933.

Sir:-

I beg to bring to your attention that the Department authorized me to purchase a set of Bob-Sleighs and a Box for the Blue Quill School, in the Saddle Lake Agency, in their letter 118-1-14, of September 22nd., last.

I received quotations on the Bob-Sleigh and Box, and the John Deere Plow Company were the lowest tender, and the Sleigh and Box was delivered through their Agent at St. Paul. It then developed that what the Principal wanted was a Grain Tank and not a Wagon Box. He also wanted a set of trees and yoke. Trees and yoke are not a part of a bob-sleigh, but rather than have a lot of fuss over nothing I had the wagon box changed for the Grain Tank, and the trees and yoke furnished.

The extra cost in this connection, over and above the Wagon Box is \$30.95. Therefore a voucher is herewith attached for \$70.35 and abstract for tenders is also attached for same, and another voucher attached for the extra \$30.95.

I hope this meets with the approval of the Department.

Your obedient servant

M. Christainson
Inspector of Indian Agencies
Alberta Inspectorate

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Feb. 17, 1933.

DUNCAN C. SCOTT
DEPUTY SUPERINTENDENT GENERAL
OTTAWA

Memorandum:

Mr. Buskard.

In reply to your memorandum of the 13th instant, I beg to inform you that the Indian Agent for the Onion Lake Agency has not asked for threshing machines for the Cold Lake and the Long Lake Indian Reserves. The following other farm implements have been inserted by him in his Estimates for 1933-34, namely,-

COLD LAKE BAND. 5 plow shares, and 2 plow handles.

LONG LAKE BAND. 5 plow shares, 2 plow handles, 2 breaking plows, 2 disc harrows, and 2 drag harrows.

The funds provided for farming implements for the Onion Lake Agency will not permit of the purchase of the plows and harrows for the Long Lake Indians, but it is proposed to authorize the purchase of the plow shares and plow handles for the two bands.

With regard to the farm machinery for the Blue Quills School, I beg to state that provision has been made in the Estimates for the purchase of the following articles, namely,-

- 1 - 16" breaking plow
- 1 - 16" disc
- 1 - 20-run drill
- 1 - set spring toothed harrows.

It is the intention of the Department to authorize the purchase of these for the school as soon as the Estimates have been finally approved.

Harold Wilson

Deputy Superintendent General.

RUSH.

Feb. 28.33.

DR. MCGILL:

Along with other manufacturers the Massey Harris Co. should be asked to quote on the equipment for Cold Lake and Long Lake Bands; and Cockshutt Plow Co. on the Blue Quills equipment.

M MEMORANDUM

Minister's Office

March 14, 1933.

DR. MCGILL:

I refer to your memorandum of January 10.33-
re the purchase of five cows for the Blue Quills I.R.
School from A.S.Spence -

It has been represented to the Minister
that the Agent purchased from Spence without the
application of the T.B.test to the animals, and
at \$75. over the quotation of Mr. Walter Allen,
of St. Paul. Will you kindly ask the Agent
to report with regard to these two statements.

Private Secretary.

Dear Sir,

I have to refer to the purchase last year by you of five cows for the Blue Quills School.

It has been represented to the Department that these cows were purchased from Mr. A. S. Spence at an amount which was \$75.00 more than the price quoted by Mr. Walter Allen of St. Paul. It is also stated that the cows were bought without the application of the T. B. test.

I should be glad to have a full explanation from you of these two matters.

Yours very truly,

H. J. G. Gullion

Deputy Superintendent General.

MEMORANDUM

Mr. Buskard -

I have to refer to memoranda from your office of the 14th. instant regarding the purchase of cows for the Blue Quills School.

In connection with the representations that the cows purchased last year were bought without application of the T. B. test, and at a price \$75.00 greater than the quotation of Mr. Walter Allen, of St. Paul, I have written the Indian Agent, Mr. Gullion for an explanation. I shall communicate with you again when a report is received.

Mr. Walter Allen's name has been noted for the supply of cattle and stock and particularly for the purchase of five cows for the Blue Quills School this year.

Howe

OFFICE OF
INDIAN AGENT

SADDLE LAKE, ALBERTA.

March 29th, 1933.

R

Sir:-

I beg to acknowledge the receipt of your letter of the 16th instant in regard to the purchase last year of five cows for the Blue Quill's Indian Residential school. In reply, I wish to submit the following report;

In Mr. Inspector Christianson's letter No. 407-11A of the 26th September, 1932, I received instructions in part as follows; "As to the purchase of "additional milch cows, you are hereby authorized to "purchase five grade milch cows for the school of a "good milch type. You should see the Principal and "ascertain from him what would be the most suitable "time for the cows to freshen. When the Department wrote "to me in this connection I advised them that the cows "could be purchased at a price of from \$50. to \$60. and "this amount should not be exceeded. I think we should "get exceptionally good cows for even \$50. You are aware "of the market price at the present time, and I would "consider that real good cows can be bought for this "amount. In making the purchase you are to give Mr. "Gauvreau an opportunity to supply the five cows that "are required, but if he is unable to do so, you may "purchase them locally wherever you can find suitable "ones.

The cows were also to be T.B. tested. On the 13th October, I interviewed Mr. Gauvreau in regard to supplying the five cows required. I advised him as to the kind and type of cows required and also informed him that he should endeavor to see the Reverend Principal of the Blue Quill's school before getting any cows. In my report for the month of October, I mentioned that the cows had not yet been delivered. By letter dated November 23rd, 1932, Mr.

Harold W. McGill Esq.,
Deputy Superintendent General,
Department of Indian Affairs,
Ottawa, Ont.

Indian Affairs. School Files.
(RG 10, Volume 6348, File 751-14, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Mr. Inspector Christianson advised me that the matter had already been too long delayed and instructed me to get in touch with the Principal immediately and buy five cows that were suitable to him. I received Mr. Christianson's letter on the 29th November and on the following day, I called at the school and the cows was one of the subjects discussed with Rev. Father Angin. He informed me that he wished to have at least two cows fresh, the others to freshen before Spring. I was in St. Paul but did not see Mr. Gauvreau on that date. I however, met Mr. Walter Allen from North of St. Paul and he mentioned that Mr. Gauvreau had told him that a number of cows were needed for the school. I advised Mr. Allen that I would look over his cattle as soon as possible. The day following, December 1st, I drove out to Mr. Allen's and looked over his herd. While some of his cattle were fairly smooth, they were not of the larger type and with the exception of one very poor heifer, none of the cows that I looked over had freshened. He had three heifers, I believe rising three years, that I considered the most promising. His cows, I understood, were not freshening until Spring. I advised Mr. Allen that five cows were required for the school and that I wished to get cows that would prove suitable to the Principal. I also told Mr. Allen that I would advise the Principal in regard to his (Mr. Allen's) cattle and that if the Principal considered that they might be suitable, he might drive over and look at them. The Principal, however, did not want any untried milch cows or any that were not going to freshen during the Winter.

As Mr. Gauvreau was apparently making no further efforts to secure the cows, I did not again approach him in connection with the matter and proceeded to carry out Mr. Christianson's instructions. On making enquiries in St. Paul, I was advised by Mr. H. A. Welsh and others, to get in touch with Mr. A. S. Spence, whom it was considered was the most familiar with the stock in the district. On the 3rd December, I got in touch with Mr. Spence and advised him of the kind and type of cows required. The cows were accordingly delivered at the school on the 16th December. I called at the school with Mr. Spence on Saturday the 17th and checked up on the animals with him. The cows supplied were large and of a very good type. One cow had just freshened, one was to freshen at once and another one within ten days, the other two being due to come in a little later. The Reverend Principal informed me that he was very well satisfied with the cows. The cows were purchased with the understanding that they would pass the T.B. test and Mr. Spence is having them tested. Taking the time

Indian Affairs. School Files.
(RG 10, Volume 6348, File 751-14, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

time spent in looking for suitable cows, trucking, etc., into consideration, I was of the opinion that for the type supplied, the cows were reasonably priced..

It was represented to the Department that the cows were purchased at an amount which was \$75.00 more than the price quoted by Mr.Allen. The cows furnished were of course worth the difference or I should not have made the purchase. There were cattle in the district that could have been bought at prices even lower than Mr.Allen's but there is the difference between suitable and unsuitable animals to be taken into consideration.

I fail to see any reason why Mr.Gauvreau should feel aggrieved as he was given an opportunity and I think, plenty of time, to procure the cows. In this connection, I might mention that when in St.Paul on the 26th January last, Mr.A.U.Lebel asked me to call at his office. I did so and he then brought up the matter of the cows, stating that Mr. Gauvreau had requested him to write Ottawa and ask for an investigation in the matter of the purchase. Mr.Lebel thought that it might be advisable to see Mr.Gauvreau and Mr.Allen regarding this but after considering the matter, I came to the conclusion that it would be very poor policy to go about explaining my action in a matter in which I considered I was right and in accordance with instructions from my superior officer. In discussing this with Mr.Lebel, I explained the situation and he was apparently satisfied. There was absolutely nothing for which I considered I should place myself on the defensive and I felt that I had no occasion to adopt that attitude.

I have gone into this at some length in an endeavor to make the situation clear and in conclusion, would say that I regret very much any annoyance the purchase of the cows may have caused.

Your obedient servant,

W.E. Gullion

EX-107
April 20, 1933.Memorandum:

MR. BUSKARD.

I wish to refer to your memorandum of the 14th ultimo, regarding the purchase of five cows by Mr. W. E. Gullion, Indian Agent, Saddle Lake, Alberta, from Mr. A. S. Spence, for the Blue Quills Indian Residential School, without the application of the T. B. test to the animals and at \$75 over the quotation of Mr. Walter Allen of St. Paul. A report regarding the purchase has been received from Mr. Gullion, from which I quote as follows:-

"I received instructions from Mr. Inspector Christianson to arrange for the purchase of five grade milch cows of a good milch type and to give Mr. Gauvreau an opportunity to supply the cows but that, if he was unable to do so, to purchase them locally wherever suitable ones could be obtained - the cows to be T. B. tested. On October 13th, I interviewed Mr. Gauvreau, advising him of the type of cows required. On the 29th of November, as Mr. Gauvreau was apparently making no efforts to secure the cows, I did not again approach him in connection with the matter. I met Mr. Walter Allen and inspected his herd. While some of his cattle were fairly smooth, they were not of the larger type and, with the exception of one very poor heifer, none of the cows had freshened. He had three heifers rising three years, which I considered the most promising. I advised Mr. Allen that five cows were required for the school, that would prove suitable to the Principal. The Principal did not want any untried milch cows or any that were not going to freshen during the winter. On making enquiries, I was advised to get in touch with Mr. A. S. Spence, who, it was considered, was the most familiar with the stock in the district. I got in touch with Mr. Spence, advising him of the kind and type required and the cows were delivered at the school on the 16th of December. I called at the school and checked up the animals with him. The cows supplied were large and of a very good type. One cow had just freshened and one was to freshen at once and another within 10 days, the other two being due to come in a little later. The Principal informed me he was well satisfied. The cows were purchased with the understanding that they would pass the T. B. test and Mr.

- Spence

Spence is having them tested.

"While it is represented that the cows were purchased at a cost of \$75 more than the price quoted by Mr. Allen, I would point out that they were worth the difference, or I would not have made the purchase. There were cattle in the district that could have been bought at prices even lower than Mr. Allen's, but there is the difference between suitable and unsuitable animals to be taken into consideration."

In concluding his letter, Mr. Gullion states:-

"I fail to see any reason why Mr. Gauvreau should feel aggrieved as he was given an opportunity and I think, plenty of time, to procure the cows. In this connection, I might mention that when in St. Paul on the 26th January, last, Mr. A. U. Lebel asked me to call at his office. I did so and he then brought up the matter of the cows, stating that Mr. Gauvreau had requested him to write Ottawa and ask for an investigation in the matter of the purchase. Mr. Lebel thought that it might be advisable to see Mr. Gauvreau and Mr. Allen regarding this, but, after considering the matter, I came to the conclusion that it would be very poor policy to go about explaining my action in a matter in which I considered I was right and in accordance with instructions from my superior officer. In discussing this with Mr. Lebel, I explained the situation and he was apparently satisfied. There was absolutely nothing for which I considered I should place myself on the defensive and I felt that I had no occasion to adopt that attitude."

I may add that Mr. Spence, from whom the cattle were purchased, has been paid at the rate of \$60 each for two cows and \$55 each for three cows - a total of \$285.

ALSO TO DATE OF THIS LETTER

Dear Sir:

I beg to bring to your attention that last year the Principal of the Blue Quills Indian Residential School in the Saddle Lake Agency was asking for certain equipment in the way of machinery, horses, &c.

I have had a letter from him recently stating that he is urgently in need of the equipment for spring work. I shall be glad to know what the Department's intentions are in this matter, and if it is to be supplied it should be purchased at once.

Your obedient servant,

M. Christianson,
Inspector of Indian Agencies,
Alberta Inspectorate.

Memorandum:

MR. BUSKARD.

Funds are provided for the purchase of farm machinery for use at the Blue Quills Indian Residential School, St. Paul, Alberta. It is intended to supply the following:-

- 1 - 16" Breaking Plough,
- 1 - 16" Disc,
- 1 - 20-run Drill,
- 1 Set Spring tooth Harrows.

The approximate cost, delivered at the school, will be \$540.

In reply to the Department's memorandum, dated February 17, 1933, regarding purchase of farm equipment for the Cold Lake and Long Lake Bands and the Blue Quills School, you requested that quotations be obtained from the Cockshutt Plough Company of St. Paul, represented by James Fraser. I would also refer you to memorandum dated February 14, 1931, when you directed that Charles Gauvreau, of St. Paul, Alta., be asked to quote on farm implements and cattle.

Mr. Inspector Christianson of Calgary will arrange for the purchase. He states that the equipment is urgently needed for this spring's work. I should be pleased to be advised if it will be in order for him to obtain quotations from the two above mentioned firms and also the names and addresses of any others you desire to be given an opportunity to quote.

MEMORANDUM

May 9, 1933

[Signature]
MR. MCGILL

Re your memorandum of the 4th instant, your file 118-1-14, with regard to the purchase of farm machinery for use at the Blue Quills Indian Residential School at St. Paul, Alberta,-

The Minister's instructions are that the policy laid down for the Department about two years ago is to be followed, that is: quotations are to be secured from the manufacturers and the machinery is to be delivered through the nearest local agent who appears on the preferred list. By this method the Government secures the benefit of a special price and the agent will receive his usual commission.

Ottawa, May 11, 1933.

Sir:

I have your 407-11A of the 29th ultimo, regarding the supplying of the farm machinery required for use at the Blue Quills Indian Residential School.

In reply I have to say that you may obtain prices, F.O.B., St. Paul, from the local agents of farm machinery firms in the district, as mentioned on the list which was sent you under cover of official letter of May 10, 1932, and place the order with the firm quoting the lowest price for the supplying of the following equipment:

- 1 - 16" Breaking Plow,
- 1 - 16" Disc,
- 1 - 20-run Drill,
- 1 - Set Spring Tooth Harrows.

Besides the firms above referred to, you should also obtain prices from the Cockshutt Plow Company, St. Paul, represented by James Fraser.

The usual discount allowed this Department should be granted.

After the purchase has been made, you should obtain accounts, in triplicate, covering the cost. These you should certify in the usual manner and forward for payment. I enclose Encumbrance Certificate authorizing the funds required for the purpose. Please state on each copy of the voucher which you submit that the expenditure has been authorized by E.R. #451.

The purchase and delivery of the above mentioned farm machinery should receive your early attention.

Your obedient servant,

A. F. MacKenzie,
Secretary.

MEMORANDUM

Mr. Buskard

With reference to your memorandum of the 9th instant, referring particularly to the purchase of farming machinery for use at the Blue Quills Indian Residential School at St. Paul, Alberta, you state the Minister's instructions are, that when purchasing farming equipment in general the same policy is to be followed as was laid down for the Department two years ago. Will you please advise me whether the Minister wishes the purchases to be made directly from this office, or whether they should be made through the Inspectors or the Indian Agents themselves. The practice has been to instruct the Inspectors to do the purchasing, and continuance of this method would be the quicker. I shall be glad if you will let me know as soon as possible.

Harold W. Hill

Ottawa, May 13th., 1933.

Blue Quills Indian Residential School,
Saint Paul, Alberta,
March 5th, 1934.

Mr. M. Christianson,
Inspector of Indian Agencies,
CALGARY, Alta.

Dear Mr. Christianson:

In my estimate to the Department last year I asked for 6 work horses and 2 double harnesses that we may prepare our land for the seeding. These horses and harnesses will be absolutely needy soon next spring, and I would be satisfied if you could ask the Department that horses and harnesses be supplied to the school during April.

We have 130 acres to seed this year, but out of these 130 acres 100 have to be ploughed very carefully, as it will be the first ploughing since the land was broken. Just now I have only 6 horses for this work and it is completely insufficient. I hope that you will obtain from the Department horses and harnesses. I suppose that now you enjoy a very good health.

Yours truly,

"JOS. ANGIN O. M. I."

Principal.

Sir:

I beg to herewith forward copy of a letter which I have just received from the Rev. Father Angin, Principal of Blue Quills Indian Residential School at St. Paul, Alberta. You will note that the Reverend Father is asking the Department to take immediate action to purchase the six work horses and two sets of harness.

Your obedient servant,

M. Christianson,
Inspector of Indian Agencies,

Sir:

I beg to acknowledge receipt of your 407-11A of the 12th instant, enclosing letter from the Principal of the Blue Quills Indian Residential School, in which he requests the Department to purchase six work horses and two sets of harness.

Please let me have a definite recommendation with regard to the necessity of supplying the horses and harness requested by the Principal.

In the event of your recommending the purchase, please give an estimate of the cost of the horses and state where they can be secured. On receipt of this information, the Department will be in a position to decide if funds can be provided.

Your obedient servant,

A. F. MacKenzie

ALSO TO DATE OF THIS LETTER

Sir:

I beg to acknowledge receipt of Department's letter No. 118-1-14 of the 19th instant in connection with the 6 horses and 2 sets of harness asked for by the Principal of Blue Quills Indian Residential School in the Saddle Lake Agency. In reply would state that to carry out the programme of the school re farming operations, the Principal actually requires the six horses and two sets of harness. I find that horses up in that country are worth about \$90.00 each. They can be purchased from farmers in the vicinity as no doubt most good farmers would be glad to sell a team of horses as cash is very scarce around St. Paul at the present time. I think it would be safe, if the horses were authorized, to let Mr. Gullion buy them, as I noticed the last time I was around with him that he was a fairly good judge of live stock. I would not have the time to go up there just now. The roads are impassible and I am very busy.

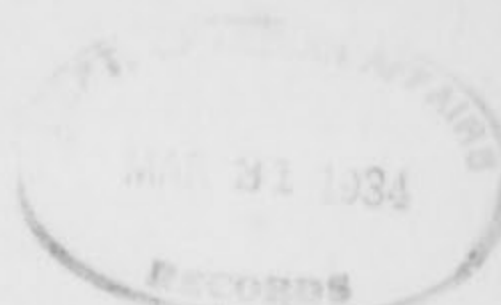

The harness could be purchased from the Great West Saddlery Company here and shipped from their Edmonton branch. Good harness can be bought for about \$35.00 per set.

Your obedient servant,

M. Christianson

Sir:

I beg to acknowledge receipt of your 407-11A of the 27th ultimo, with reference to the horses and harness requested by the Principal of the Blue Quills Indian Residential School.

The necessary funds for the purchase of the above have been provided in our Appropriation for the fiscal year 1934-35, and you may therefore authorize Mr. Gullion to purchase six horses, suitable for the Blue Quills School. It is noted, from your letter, that the horses can be secured at a cost not exceeding \$90 each.

You may arrange for the purchase of two sets of harness from the Great West Saddlery Company, at a cost of \$35.00 a set.

Enclosed is E. R. No. 2017 as your authority for the purchase of the above.

Sir:

I beg to advise you that a voucher is going forward today for the 6 horses purchased for Blue Quills school, also for the harness. The Principal advised me that he has received the horses and harness and wishes me to extend his thanks to the Department for furnishing him with this outfit. The horses are very fit being all young horses weighing from 1400 to 1500 pounds and before taking them over, I advised the Agent to be sure that the Principal was satisfied with the purchase, which he did. You will note that a saving of \$15.00 has been made on the six horses.

Copy sent to Mr. Pugh

Ottawa,
December 15, 1941.

Dear Sir:

This Branch would like to have an inspection of the herd at the Blue Quills Indian Residential School, St. Paul, Alberta. I trust you will find it possible to have one of your inspectors visit this school and test the cattle.

The officer who carries out this work should communicate with Mr. W.P.B. Pugh, Indian Agent, Saddle Lake, Alberta, who will make the necessary arrangements with the school authorities for the inspection.

Any expenses in connection with this inspection will be paid upon receipt of an account from your Branch.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Ottawa, December 18, 1941

R. A. Hoey, Esq.,
Supt. of Welfare & Training,
Department of Mines & Resources,
Ottawa, Ont.

Sir,-

I beg to acknowledge the receipt of your communication under date of December 15th, file 118-1-14, in which you request that arrangements be made for the inspection of the herd of cattle at the Blue Quills Indian Residential School, St. Paul, Alberta, by a veterinary inspector of this Division.

In this connection I presume that you are referring to the tuberculin testing of the herd and, if so, it will be necessary for you to first place the herd under one of this Department's policies for the eradication of bovine tuberculosis. The only policy which would be open to you is the supervised herd plan and, if you desire to take advantage of this plan, it will be necessary for you to have the party responsible for the herd fill in and sign the enclosed agreement forms and return one of them to this office. The duplicate copy should be retained by the party signing the agreement.

I would point out that no compensation is paid for any cattle which react to a test conducted under the supervised herd plan, but the Institution will receive whatever proceeds there may be from any carcasses which are passed as fit for human consumption. No charge is made for the services of our inspectors, but everything possible is done to eradicate tuberculosis from the herd and to maintain it free from this disease.

Dear Sir:

I beg to acknowledge the receipt of your letter of March 11th, enclosing a supervised herd agreement form signed on February 25th, covering the herd at the Blue Quills Indian Residential School, St. Paul, Alberta.

In reply I would say that this agreement form has been accepted and I am asking the officer in charge of the work of this Division in Alberta to arrange for the test to be conducted in the spring when the roads will be in good shape for automobile travel, as suggested by the Principal of the School.

Yours sincerely,

A. Lameroy
Veterinary Director General.

FILE 450

Saddle Lake, Alberta.

2nd June 1944.

Dear Mr. Morris, (Wherever you may be)

Have been thinking about you all week the weather if anything here has been worse than last week, so we had some luck with the weather anyhow.

I quote from my monthly report as follows,-

"A very enjoyable and instructive visit was received from Mr. J. E. Morris from May 19th to May 26th, having an official visit, the Agency, and go over the ground with you is like a refresher course, while we had bad weather which threw some of plans out of gear, I think Mr Morris saw a very good cross section of the Agency. I thoroughly enjoyed his visit and help and information I received from him, and I can also say this for the rest of the staff. I only hope he may be able to visit this Agency again, and that other officials may also come. I hope I have success with some of his projects he is anxious to start and I think I see some action in the making already".

And I do mean just that Mr. Morris.

I visited the Blue Quill's School last Wednesday night and Father Letour is ready to go on some goats. Please advise me how to procure same and thru what channels. His brother from Duck Lake was there and he is having good luck with goats so Father Principal at Blue Quill, would like to get started and I think it is an ideal place to start. I regret I did not ask you for instructions how to procure goats when you visited here. Not only goats I have thoughts of endless questions I could have discussed with you that I passed up.

Trust the weather is better with you and that your trip is going O.K. Best of Luck.

With kindest regards from Mrs. Pugh & self.

Yours truly,

W.P.B. Pugh,
Indian Agent.

Mr. Hoey it is considered that this may be an opportunity to get goats started in the Saddle Lake Agency. If a male goat is being sent to Father Forcade from Spanish another one could be shipped to the Blue Quill's 24-118 school at the same time. Leask. Sask. June 15th.

Dear Mr Pugh, -

Re, -Goats for Blue Quill's School

Your very welcome letter of June 2nd. finally caught up to me. I discussed the purchase of goats with Indian Agent Ostrander of Battleford and he is going to obtain six or seven female grade goats in that district. In fact while I was there we bought two milking nannies. He feels certain that others can be secured. You are requested to communicate with him and give him shipping instructions. Mr Ostrander suggested that the goats be delivered to a railway point immediately south of your location and have the school truck pick them up rather than send them all the way to Edmonton and then back out to St Paul. Note the shortest and quickest route should be arranged as the nannies are milking.

Please discuss with Father Letour the purchase and care of these goats and advise him that the Department is supplying them on the understanding that the senior girls and boys will be given instructions on their care. It should also be understood that an equal number of females will be given to some responsible Indians as the herd increases.

Regarding a male goat for this herd I am suggesting that a Pure Breed Saanen be sent from the Spanish Herd. It is thought this could be arranged as we are shipping one from this herd to Father Forcade at Grouard, Sask. If it impossible to ship a male from Ontario you will be advised by Ottawa.

Reverend Father Latour,
Principal,
Blue Quill School,
St. Paul, Alberta

Dear Sir:

Mr. Fontaine, District Agriculturist, has requested
that I communicate with you direct in respect to the testing
of your cattle.

At present our field staff is so depleted that it is
very indefinite when an inspector will visit the St. Paul Dis-
trict. That being so, it would be well if when the time arrives
for your cattle to go on grass that you put them there if an
inspector has not at that time arrived to test them.

Yours truly,

H. W. Cowan,
Inspector.

EXTRACT FROM MR. MORRIS'S REPORT ON THE DUCK LAKE AGENCY -

BEARDY'S RESERVE

The goats at this school are doing very nicely. They are milked regularly and the milk is used in the school. The Sister in charge of the dairy has successfully made butter from the milk and a sample and instructions are being sent to Ottawa for inspection. Father Latour has distributed ten (10) young female goats to Indians on the Beardy's Reserve. He visits this Reserve regularly and will give the goats constant supervision.

Note: Father Latour requested that, if possible, a pure bred Saanen male be sent to him from Spanish. Mr. Roberts - kindly endeavour to obtain one for the Duck Lake School. Note: The understanding with Father Primeau is that all male goats of the Saanen herd at Spanish will be made available for our service at a cost of \$20.00 each, crated f.o.b. Spanish. I have already asked that a Saanen male be sent to the Grouard and Blue Quills Schools. When these shipments are being made another one could be included for Duck Lake.

Ottawa, July 10, 1944.

Dear Mr. Morris:

The remarks in your Duck Lake report regarding male goats for the Duck Lake and Blue Quills schools have been noted, but we are advised there are no male goats available at Spanish this year; in fact, it appears the goats there were not bred this year due to Brother Grubb being short of help and unable to devote sufficient time to the goats. However, we have written Mr. Ruddy at Golden Lake, requesting that none of the male goats there be castrated until it is known definitely whether or not some of these may be required for the above schools or any other locations in the West. Would you drop me a line regarding your views as to whether or not the Golden Lake goats would be satisfactory.

I have also written Inspector Schmidt asking him to make enquiries in British Columbia with a view to obtaining pure bred males for Duck Lake and Blue Quills. I might also state that Mr. Schmidt was instructed some time ago to purchase a male Saanen in British Columbia for Grouard.

Yours very truly,

R. A. Hoey,
Supt. of Welfare & Training.

File 131-1-14

Dear Mr. Hoey:

RE: Seanen Male Goats.

Regarding the sending of male goats to the Grouard, Blue Quill and Duck Lake schools as recommended in my reports I wish to make it clear that I never intended that young goats be sent. I do feel that good animals six months old could be sent without any difficulty. These three schools are very interested in the raising of goats to be distributed to needy T.B. Indians and we will have to encourage the project by helping to obtain breeding stock.

I investigated the possibility of obtaining Seanen male goats at Edmonton, Calgary and at any other place where I thought goats could be obtained. This question was very thoroughly discussed with Inspector Schmidt and all the agents I have visited to date and in every case they state that there are no good breeding goats to be had. Mr. Schmidt stated regarding the purchase of goats in British Columbia that there are only a limited number available at a very high price and that in his opinion there has been a great deal of inbreeding already. He was of the opinion that if goats are to make a success of in the Agencies in the West good breeding stock will have to come from Ontario.

I would therefore suggest that Father Primeau be asked to hold a number of good male goats until I return to Ottawa. I will provide him with shipping instructions so that the animals can be shipped, stopping over a certain points where the Farm Instructors can feed water and exercise them, so that they will reach their destination without hardship.

Yours truly,

(Sgd) J. E. Morris.

Dear Mr. Hoey, -

Re: 109-1-14 - Purchase of
Goats for Duck Lake and
Blue Quills Schools.

Acknowledging your letter of July 10th, I
would recommend that young male goats be retained at
Golden Lake for delivery to the above-mentioned schools
some time this fall.

It is regretted that the pure bred herd at
Spanish was not bred last year. If Brother Grubb is
unable to devote sufficient time to look after this herd
of goats it might be well to consider moving them to
some other place. I might inform you that many of the
Agents are very interested in the securing of goats to
supply milk to Indians, and as there are very few pure
bred herds in the West it will mostly likely be necessary
to obtain goats in Ontario. It is therefore important
that the herd at Spanish be bred this year and goats
available for delivery next year.

Yours very truly.

J. E. Morris

Mr. P. G. Lazenby,
Indian Agent,
NORWAY HOUSE, MANITOBA.

RE: GOATS.

You are authorized to buy sixteen female goats at fourteen dollars each (\$14.00) and six male goats at ten dollars (\$10.00) each from the Rev. Mr. Jones; payment to be made out of the Welfare Vote. You are also authorized to purchase two female goats and one male goat from Father Rivard at twenty-five dollars for the three animals.

This herd is to be established at Norway House; the milk to be used for tubercular patients and the children of families who are unable to provide milk.

There has been considerable inbreeding in this herd; therefore, you are requested to separate the males at the earliest possible date. Probably you can arrange to pasture them on another island until they are distributed. The male goat purchased from Father Rivard should be used with this herd.

One male goat has already been sent to Island Lake. The others should be disposed of as follows:-

One to Father Trudeau to establish a herd at Cross Lake.

One to Indian Agent Lovell at The Pas.

(Note: It is suggested that this goat be sent there by aeroplane when Dr. Yule next visits Norway House.)

Two good billies should be selected -

One to be sent to the Duck Lake Indian Residential School,
Duck Lake, Saskatchewan.

One to the Blue Quill School in Alberta.

It is suggested that you write to Father George Letour, Duck Lake, Saskatchewan, and Father L.C. Letour, St. Paul, Alberta, asking them to provide you with the proper shipping instructions.

- Over -

(NOTE: I understand they will not bring goats out on the "Keenora" until after the tourist season is over: therefore these two goats most likely will be shipped the later part of September or the first of October. In my opinion, it might be wise to send these goats Via Prince Albert: the one for Duck Lake could be transported from there by truck, the one for the Blue Quill School could be placed off at a station on the main line to Edmonton. If this is done the goats will be delivered in the shortest possible time.)

Ottawa, August 23, 1944.

Dear Mr. Morris:

Further to my letter of July 10th, regarding the shortage of male goats at Spanish, a letter has now been received from Father Primeau in which he states they expect to have more kids than was originally anticipated.

I quote hereunder from Father Primeau's letter:

"Following up your letter of March 30th (File 84-13) in reply to my letter of the 24th to Mr. Morris, I am pleased to say that we expect to have more kids than we thought there would be at that time. There are already five that have arrived, four billies and one nanny. There will be a good number of others I hope, as more of the nannies were bred than Brother Grubb had thought. I shall let you know later this month as to the number of kids we expect to be able to provide this season."

Am passing this information on as it has just occurred to me you may wish to alter the instructions you recently gave to Mr. Lazenby regarding the shipping of billies to Saskatchewan and Alberta.

Yours very truly,

Mr. J. E. Morris,

Dear Sir,

I beg to inform you that I
taken delivery, last week, of the pure bred Saanen male goat
shipped from Portage la Prairie, Man.

Reverend Father I. Gauthier, O.M.I., missionary
at Beaver Lake Reserve, has asked me for the male goat that
you sent to the School, from Norway House, last summer. They
have three goats on the Reserve and the Indians seem to be
interested in raising more. Would the Department allow me to
send the goat in question?

Thanking you for your kind attention,

I remain,

Yours very truly,

L. C. Latour, O.M.I.

Dear Father Latour:-

I acknowledge your letter of August 13 advising that the pure bred Saanen male goat shipped to you from Spanish has arrived safely. It is hoped that this animal will improve your goat herd.

Regarding your request that the male goat sent to you from Norway House last year be sent to the Beaver Lake Reserve as requested by Father I. Genthier I wish to inform you that the goat may be sent there. It should be understood that after two years it should be moved to some other reserve. Every effort should be made to encourage Indians in the raising of goats so that a supply of milk will be available. Anything you can do in this respect would be very much appreciated.

Kindest regards to yourself,

Yours very truly,

J. E. Morris,
Welfare Division.

Reverend Father L. C. Latour, O.M.I.,
Principal,
Blue Quills Ind. Res. School,
St. Paul, Alberta.

Indian Affairs Branch,
Ottawa, Ont.

Dear Sir,

I beg to inform you that the pure bred Saanen male goat recently received from Spanish, Ont., has died to-day.

On his arrival, the animal was very weak and very thin, and apparently had suffered of hunger. In spite of the good care that was given him, he could not recover, and this morning he suddenly grew worse and died in the afternoon.

For your information, I beg to add that I took delivery of same, immediately upon his arrival in St. Paul.

Yours very truly,

L. C. Latour, O.M.I.

EX'D.

Dear Father Latour:-

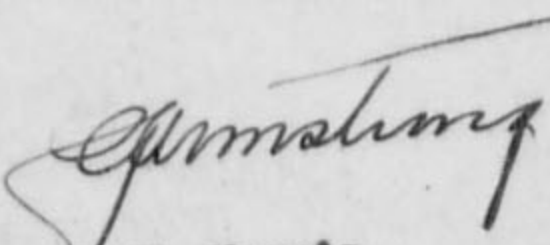

Receipt is acknowledged of your letter dated August 23rd reporting the death of the male goat recently received from Spanish, Ontario., and we are indeed very sorry to hear this.

Will you kindly advise at your early convenience whether you have, or can, arrange to obtain the services of a suitable animal for this season.

At the present moment there is no suitable animal available but if you have been unable to make satisfactory local arrangements an endeavour will be made to locate an animal for you. In the event you are able to make suitable arrangements for this Fall kindly advise, whether or not, you wish us to endeavour to locate a suitable animal for next Spring.

Yours very truly,

Reverend Father L.C. Latour, O.M.I.
Principal,

Ottawa, September 18th, 1945.

Dear Father Latour:-

I acknowledge your letter of September 12th, advising that you have made arrangements to retain a male goat for your herd; and should be pleased if a suitable animal could be located and shipped to you next Spring. Arrangements are being made to obtain another pure bred Saanen goat from the Spanish Herd. This animal will be shipped next Spring - during the month of May or early in June - with a stop off at Portage la Prairie for a week or ten days and then sent forward to your School.

To have this animal delivered to you in the best possible condition and in the shortest time it is suggested that you accept delivery of him at Mysman or Benyvidan, and then taken to St. Paul either by car or truck, rather than have the animal sent all the way into Edmonton and back out to St. Paul.

I might inform you three goats were shipped from Portage la Prairie; one to Duck Lake; one to your School and one to the Youville School at Edmonton. It would appear that the two other goats arrived in good condition which would indicate that some neglect or delay was made at Edmonton in the shipment of the goat sent to your school.

If this suggestion regarding the shipment is agreeable please advise, indicating your approval.

Yours very truly,

J. E. Morris

Re: 118-1-14 June 19, 1946.

I am to-day in receipt of a letter
from the Reverend Father Latour, O.M.I.,
Principal of Blue Quills Ind. Residential
School. The Father's letter reads as
follows:

"I beg to advise you that the animal
shipped by you arrived in St. Paul, by
train, on Friday evening, July 26th
and was taken to the school immediately.
To my surprise, I found that it was a
female goat instead of a male goat. Would
you kindly let me know about the mistake."

The Goat that arrived here was a Nanny
and was kept at the school for nearly a week.
There could be no mistake made here as there
are no other goats at the Portage School.

H. P. Eaddy, Esq., Indian Agent, GOLDEN LAKE, Ontario.

Will you kindly select a good young Sannen buck of breeding age and ship the same to:

Rev. A. G. Hurton,
Principal,
Indian Residential School,
PORTAGE LA PRAIRIE, Man.

This goat is intended for the Elne Quills Indian Residential School in Alberta but will be taken off the train at Portage la Prairie and fed and watered for a few days pending resumption of the remainder of the journey.

Father Hurton should be notified several days in advance of shipment in order that someone will be on hand to take delivery of the goat upon its arrival.

I might state arrangements were made in June for the shipment of a billy from the Spanish Indian Residential School to the Elne Quills School but this office has just been advised that upon arrival it was discovered the animal shipped was a nanny. Consequently, we would request that you ascertain definitely that the animal shipped is a male.

Howard F. Henry,
Supt. of Welfare & Training.

Indian Affairs Branch,
Ottawa, Ont.

Dear Sir,

I received from Portage la Prairie, on July 26th, the animal that had been shipped to the School, but to my surprise, I found that it was a female goat instead of a male goat. I immediately wrote to Mr. J. Waite, Indian Agent, on the next day, advising him about the mistake, but I have received no answer yet.

As I would need a male goat for this fall, I am writing to you in order that you may be able to secure me one before it is too late.

I am also awaiting instructions concerning the female goat now at school.

Yours very truly,

L.C. Latour, O.M.I.

Amplified

your problem!

118-1-14

118-I-14 W T 6

Indian Residential School
Spanish, Ontario
August 17th, 1946.

Dear Mr. Neary;

I have to thank you for your letter of the 9th current and regret that such a notable mistake was made by the young brother having charge of the goats. To assure you that the same mistake would be avoided by more personal supervision of the matter next time would be superfluous since the goat problem for us no longer happily exists.

May I have directions as to how we proceed in the matter of collecting for the goats which were sent by us to Golden Lake? Should we require a receipt from Indian agent Ruddy as to the number of goats received from us and then work on the price offered by the Department?

If it is not too late may we offer you all good wishes of success in this work, and invite you to visit us whenever the occasion may offer?

Yours sincerely,

J. R. Oliver

EXD.

Dear Father Oliver:

Your letter of August 17, addressed to Col. Neary, has been referred to me for reply.

It will be in order to forward us an account covering reimbursement for twenty-five goats shipped to Mr. H. P. Baddy, Indian Agent at Golden Lake. It is noted that this flock was made up of thirteen nannies, four - one-year-old billies, and eight - four-months' old billies. The latter were later castrated and will be issued as 'goat meat' to the Indians during the coming winter. This information is passed on to you because we feel that we should not be called upon to pay full price for a four-months' old buck which is going to be turned into ration meat.

Yours very truly,

G. Armstrong,
Welfare Division.

Reverend J. R. Oliver, S.J.,

August 26th 1946

Dear Mr. Armstrong;

I am forwarding the double copies of vouchers to the Secretary today for the price of the goats shipped to Golden Lake. I presume this is the way to do it, since I did not see how we could bill the Welfare Department directly.

Since the young billies are destined for ration meat and since as you say the full price should not naturally be charged, what do you say to one quarter the price of the ordinary goats? If this is not suitable then the bill may be changed and suit your requirements. I presume that since the mistake was made regarding the goat for Blue Quills we have not the right to charge for it and will not put it on the bill. Hoping that all this is satisfactory.

Yours very truly

PLEASE QUOTE

FILE 118-6-7

Saddle Lake Agency,
St. Paul, Alberta,
June 27, 1950.

This will advise that I have been approached with a request for assistance towards an improvement of a dairy herd at the Blue Quills Indian Residential School. The dairy herd at this school is not an asset in this line as they are more of a beef variety. The Reverend Principal is prepared to sell the milking class in this herd with a view of obtaining ten or twelve head of good milk stock. The proceeds for the sale of this stock will by no means cover the cost of the good milk strain required and the request was therefore being made to assist in covering the balance required.

It is felt that approximately \$3000.00 will be required to make the total purchase. Of this, \$1,000.00 will be covered from the sale of the present stock and the Reverend Principal is prepared to put up \$1,000.00, which leaves a balance of \$1,000.00. I advised Father Rollande, principal of the school, that I was not aware of this information but felt if any assistance was granted, that it would have to be covered in estimates.

May I please be advised what action should be taken in this regards. It is my opinion that a better class of dairy cattle would be obtained with the least possible delay and any information or assistance will be greatly appreciated. There is a dairy breeders meeting being held in St. Paul on July 15, 1950 and an answer to this letter by that time would give us fact on which to make further inquiries.

Re: Blue Quills Residential School
Your File 118-6-7

We have your letter of the 27th instant with reference to the request received from the Principal of the above school for an amount of \$1,000.00 to assist him in buying cattle.

It is not the general policy of the Department to provide cattle at a residential school except when the school is first opened. When the Blue Quills Residential School was opened in 1932, a number of milking cows were purchased by the Department.

In view of our present policy, I regret that favourable consideration cannot be given to the Principal's request.

DEPARTMENT OF INDIAN AFFAIRS

Memorandum of an inquiry into the cause and circumstances of the death of

JOE CARDINAL

Pupil No. 124

of the BLUE HILL Indian Residential School at Saint-Paul
who died at Saint-Paul Hospital (place) on March 2th 1936

INSTRUCTIONS

When a pupil of an Indian Residential School dies, the Principal is required to inform the Indian Agent at once.

On receipt of the Principal's notice the Indian Agent shall convene a Board of Inquiry, consisting of himself as Chairman, the Principal of the Residential School, and the Medical Officer who attended the deceased pupil. These members of the Board shall, in each other's presence, complete this memorandum, which shall then be forwarded to the Department of Indian Affairs, Ottawa, in one copy.

The Board of Inquiry shall, if at all practicable assemble within 48 hours of the pupil's death.

The parents or guardians of the deceased pupil shall be given notice of this inquiry and be permitted to attend it or to send a representative. They or their representative shall be asked if they wish to make a statement. In the event of their so wishing, their statement shall be attached to the report. The inquiry, however, shall not be delayed more than 72 hours after the time at which it would otherwise be held, to enable them to attend it.

If the Indian Agent is located at such a distance from the school as to make it impracticable for him to attend the Board, he shall request a responsible local resident to act for him. A suitable person for this duty would be a Justice of the Peace or a member of the Royal Canadian Mounted or Provincial Police. A more or less permanent arrangement of this kind might be necessary in some cases. The Department is prepared to pay a reasonable fee for this duty, on the Agent's recommendation. The report of the Board, in any case, must reach the Department through the Indian Agent's office.

This inquiry is not designed to take the place of, or prevent, any other inquiry, including an inquest, which may be required by law.

If the pupil died as the result of an accident, the Indian Agent is required to take the statements of the witnesses of the accident, and attach them to this memorandum.

A. STATEMENT OF THE PRINCIPAL OF THE RESIDENTIAL SCHOOL

1. On what date did this pupil fall sick or suffer injury? On the 3rd of March
2. At what time of day? At about 16.15
3. When and to whom did he or she report this illness or accident? He reported to Sister Braske, R.N. at 16.15 on the 3rd of March
4. What means were taken to afford relief? Pupil was put to bed in the Boys' infirmary
5. What medicines were used for this purpose and in what dose or quantity? As he complained of pain in right leg, special liniment was applied externally and 10 grs of aspirin given by mouth
6. When was the doctor called? On the 4th of March in the morning
7. If the pupil was removed to hospital, at what time was this done and by what means of transport? He was sent to St Theresa's hospital, Saint-Paul, on the 5th of March at noon, in the school sleigh
8. If the pupil was not removed to hospital, what measures were taken for his or her care at the school?
9. Add any other useful information here.
When Doctor Came Wednesday evening, his diagnosis was Sciatica. He prescribed Prosser 222, one or two tablets every four hours when necessary for pain. And he also prescribed Morphine 1/6 gr. in case pain became unbearable. Morphine was given that same night, and repeated the next day in the afternoon. All other orders that Doctor left were faithfully carried out.
Here below is given the temperature of the patient:

temperature at night:	March 3rd:	100 3/5
	4th	100 2/5
	5th	103 2/5
	6th	104

in the morning

[Signature]
Principal.

NOTE: If the deceased pupil dies in hospital at a distance from the school, under the care of the physician or surgeon who attends him at the hospital, a clinical report of the patient's illness and death in the hospital is to be secured and attached to this memorandum.

B. STATEMENT OF THE PHYSICIAN WHO ATTENDED THE DECEASED PUPIL

I attended Joseph Cardinal from March 4th.
to March 9th. The immediate cause of death was Septicaemia and Pneumonia
The contributory cause of death was Acute osteo-myelitis of the right femur.
Do you consider that the Principal of the School, and the members of the School staff exercised reasonable care and judgment in regard to the illness and death of this pupil? Yes.
Did they follow out your professional instructions? Yes.
If in either respect, you consider them to have been at fault, it is required that you express your carefully considered views as follows:

Original
STATEMENT RE DEATH
OF

Re. Victoria Majors - Large School No 0338.
Saddell Lake Agency. BLUE QUILLS
Father Jean Marie Large stated that he
was disappointed he had not been
advised sooner of the sickness, he
stated he did not know of the sickness
until Nov 7th 1942. (Sister Champagne
stated she was sure Victoria's father
knew she was sick.)

Jean Marie Large stated that his father,
Daniel, called at the School on Oct 21st
and Victoria was then in bed but did
not appear too ill.

Jean Marie Large asked if it was true
that his daughter had been sleeping "deep"
or four days before she ^{became sick} went to hospital.
Sister Champagne stated "No" - that she
did sleep & was sleeping before she finally
went to the Hospital. Sister stated she
called Dr. Decosse's attention to this, and
she ^{helped} had also started to vomit.

Jean Marie Large stated he wanted to see Father LeTouche,
the principal, & the principal left for a
conference in Winnipeg on the AM 19th Nov. 1942.

Agent asked - Victoria's father if he was
satisfied that the School had done their best
for the child - he stated - he did not want
to say anything now that his child had died
but he thought Sister Champagne had done
her best.

Present: Father Ballin; Sister Champagne; Jean M. Large;

DEPARTMENT OF INDIAN AFFAIRS

Memorandum of an inquiry into the cause and circumstances of the death of
VICTORIA M. LARGE, Pupil No. 0338
of the BLUE GUILLS Indian Residential School at ST. PAUL,
who died at SADDLE LAKE (place) on 17th Nov. 1942

INSTRUCTIONS

When a pupil of an Indian Residential School dies, the Principal is required to inform the Indian Agent at once.

On receipt of the Principal's notice the Indian Agent shall convene a Board of Inquiry, consisting of himself as Chairman, the Principal of the Residential School, and the Medical Officer who attended the deceased pupil. These members of the Board shall, in each other's presence, complete this memorandum, which shall then be forwarded to the Department of Indian Affairs, Ottawa, in one copy.

The Board of Inquiry shall, if at all practicable assemble within 48 hours of the pupil's death.

The parents or guardians of the deceased pupil shall be given notice of this inquiry and be permitted to attend it or to send a representative. They or their representative shall be asked if they wish to make a statement. In the event of their so wishing, their statement shall be attached to the report. The inquiry, however, shall not be delayed more than 72 hours after the time at which it would otherwise be held, to enable them to attend it.

If the Indian Agent is located at such a distance from the school as to make it impracticable for him to attend the Board, he shall request a responsible local resident to act for him. A suitable person for this duty would be a Justice of the Peace or a member of the Royal Canadian Mounted or Provincial Police. A more or less permanent arrangement of this kind might be necessary in some cases. The Department is prepared to pay a reasonable fee for this duty, on the Agent's recommendation. The report of the Board, in any case, must reach the Department through the Indian Agent's office.

This inquiry is not designed to take the place of, or prevent, any other inquiry, including an inquest, which may be required by law.

If the pupil died as the result of an accident, the Indian Agent is required to take the statements of the witnesses of the accident, and attach them to this memorandum.

Saddle Lake, Alberta.
Nov. 20th 1942.

Dear Sir,- I beg to report that Victoria M. Large No. 0338 of Blue Quill's Indian Residential School, died at the home of her parents, Jean M. Large on Tuesday Nov. 17th, after having been brought by the Principal of the School in his car from the St. Theresa Hospital on Nov. 14th, with the consent of Doctor Decosse.

Please find attached,-

Form No. 414, Inquiry- re death.
Statement of Indian- Jean M. Large, father of the child
Letter from the Principal of the School.

Father LaTour, Principal of the School was unable to be present having left to attend a convention of School Principals, in Winnipeg, on the a.m. of Nov. 19th.

For your information it was impossible to convene the Enquiry earlier owing to the impassable condition of the roads also owing to that fact, Doctor Decosse was not present at the school but was interviewed in St. Paul, in his office.

Respectfully submitted,

W.P.B. Pugh,
Indian Agent.

1941.
I beg to attached herewith Enquiry into the death of John P. Anderson Blue Quill's Indians School No. N.T.267. The boy was admitted to the St. Theresa Hospital St. Paul for T.B. on Dec. 10th 1942 was discharged back to the Blue Quill's School on Nov. 4th 1942. Returned to the Saddle Lake Reserve from school at the end of June. The mother was approached to return the boy to school at the beginning of the term, this she refused to do saying that she had no transportation and the boy was not well enough to walk. Father Latour offered to come and get the boy and this she refused until Sept. 22nd, when he came out with his car and took the boy to school from where he was removed on Sept. 23rd to St. Theresa Hospital, St. Paul where the boy died the same evening. This has been a most difficult case for this Agency to handle and the mother would only move thru other parties rather than thru me, owing to the fact that she is paid under Red Ticket No. 95 Blue Quill's Band, Saddle Lake Agency. This pupil was non-Treaty.

Attached- Form No. 414 duly completed together with her statement, she was asked to attend the enquiry but made a mistake in the date, going to the school the day before on Sept. 29th she came to the office on Sept. 30th and I offered to take her to the enquiry but she stated she had no reason to go.

The enquiry was not convened within 48 hours of the date of the death owing to the fact that my wife was in hospital very ill at the time.

I have read your report regarding the death of John P. Anderson and would like some information on the following points:

As this child was stated to be non treaty, under what arrangement was he in the Indian school and hospitalized at St. Theresa Hospital at the expense of the Department?

It is noted this boy was hospitalized for almost a year in St. Theresa Hospital for tuberculosis. I would like a statement from the doctor regarding his condition when he was discharged and sent back to the school.

Memorandum of an inquiry into the cause and circumstances of the death of
CAROLINE MINOSE, Pupil No. 0
of the BLUE QUILL'S Indian Residential School at SADDLE LAKE,
ST. Theresa Hospital
who died at ST. Paul, Alta (place) on 14th NOV. 1944

INSTRUCTIONS

When a pupil of an Indian Residential School dies, the Principal is required to inform the Indian Agent at once.

On receipt of the Principal's notice the Indian Agent shall convene a Board of Inquiry, consisting of himself as Chairman, the Principal of the Residential School, and the Medical Officer who attended the deceased pupil. These members of the Board shall, in each other's presence, complete this memorandum, which shall then be forwarded to the Department of Indian Affairs, Ottawa, in one copy.

The Board of Inquiry shall, if at all practicable assemble within 48 hours of the pupil's death.

The parents or guardians of the deceased pupil shall be given notice of this inquiry and be permitted to attend it or to send a representative. They or their representative shall be asked if they wish to make a statement. In the event of their so wishing, their statement shall be attached to the report. The inquiry, however, shall not be delayed more than 72 hours after the time at which it would otherwise be held, to enable them to attend it.

If the Indian Agent is located at such a distance from the school as to make it impracticable for him to attend the Board, he shall request a responsible local resident to act for him. A suitable person for this duty would be a Justice of the Peace or a member of the Royal Canadian Mounted or Provincial Police. A more or less permanent arrangement of this kind might be necessary in some cases. The Department is prepared to pay a reasonable fee for this duty, on the Agent's recommendation. The report of the Board, in any case, must reach the Department through the Indian Agent's office.

This inquiry is not designed to take the place of, or prevent, any other inquiry, including an inquest, which may be required by law.

If the pupil died as the result of an accident, the Indian Agent is required to take the statements of the witnesses of the accident, and attach them to this memorandum.

Re Death of Blue Quill's School Pupil

Caroline Minoose- 8 years of Age.

Statement of Councillor Charlie Blackman, Cold Lake Reserve with
Councillor Ted Scanie also of Cold Lake Reserve Present.

Councillor Blackman stated that Father Letour Principal of Blue Quill's School arrived at Cold Lake Reserve on Monday Nov. 13th about 6 a.m. in the morning to see Mr. & Mrs. Edward Minoose to tell them their daughter Caroline was very sick in the Hospital in St. Paul and asked them to drive back with Father Letour to St. Paul to see their daughter- Mr. & Mrs. Edward ~~Caroline~~ Minoose were willing to go in the first place, then he said he had not got any money to go- Councillor Blackman said he did not need money as Father Letour would look after them, then Edward said he did not want to go because when I went to the School I told Father I would take the girl home, and Father would not let the girl go, owing to her being sick. I also told their parents they should go and see their child but they would not go, after I tried to coax them to go, the mother was willing to go but the Father told his wife that he would not let her go. I then left with Father Letour; and Minoose's boy Eli came to Cold Lake with myself and Father Letour, at Cold Lake we picked up Councillor Scanie and told Eli we would phone him from St. Paul. We arrived in St. Paul about 5 p.m. Monday- the child was was living and we both saw Caroline we stayed about half an hour at the hospital then went to Blue Quill's School with Father Letour- had supper- returned to the Hospital with Father Letour to see the child about 7.30 p.m., we stayed with Caroline, then back to Blue Quill's School where we stayed over night. There Letour told us during the night that he had received a phone call about 2 a.m. that the girl was dying. The child died about- then shortly after 2 a.m.

Agent Pugh asked the Councillors Blackman and Scanie if they were satisfied with what the Principal of the School had done.

Both stated- Yes.

Signed Charlie Blackman.

I agree to what has been read to me as above.

Signed Ted Scanie.

Witness

W.P.B. Pugh, Indian Agent.

Hayter Reed Esq.
Indian Commissioner.
Ottawa.

Blood Reserve.
Dec. 29/94

Sir,

Allow me to remind the Indian Department through yourself, that some time last year, after some correspondence between Rev. Father Lacombe, & the Department, it had been agreed to have a Boarding School established at the R. Catholic Mission on the Blackfoot Reserve.

For want of sufficient means we could not immediately think of carrying out our wishes, but we expect to be able, in the course of next fiscal year, with a liberal assistance from the Indian Department to make a start towards the realizing of the project.

Having been entrusted, by the Right. Rev. Bishop of St. Albert, with the Superintendence of the Missions on Treaty No. 7, I have the honour to inform you of our present intentions, and to ask you what would likely be the grant of the Indian Department towards the erection of the Buildings for a Boarding School on the said Reserve.

Hoping to be favoured with an official answer on the subject, at an early date,

I have the honour to be,

Sir,

your very respectful & obedient servant.

Sir,

I have to acknowledge the receipt of your letter of the 8th Instant, enclosing two letters addressed to me by the Revd E.M. Legal; and as regards the one in which he asks for a grant towards the erection of buildings for a Boarding School on the Blackfoot Reserve; I have to request that you will be good enough to inform the Revd gentleman that \$1,500 towards that object has been placed in the Estimates for 1895-96. You may add that the Department hopes the item will pass the House, but that there can be no certainty of the money being granted until it has actually been voted.

FORWARDED FOR THE INFORMATION OF THE DEPARTMENT
REGINA, 17th Dec. 1895

Arranged

INDIAN COMMISSIONER

My dear Mr Forget:-

Reverend Father Legal, who has been given special charge over our Blackfoot Missions, urges me to obtain for him, one Boarding School at Blackfoot Crossing and this, as soon as possible. Upon my answer that the Department could establish but one of these during the next year, and that I did not wish to delay the establishment of that of Hobbema, there being Sisters there already, who have a good number of children under their care, he says "It is nearly three years ago that the Boarding School for the Blackfoot Crossing has practically been granted". I cannot believe that it is the question of funds which interferes with the Department granting this: it can always find money when it is needed.

How is it, that in Treaty Seven, the Protestants have six boarding schools, one Industrial school, and if I am well informed, they furthermore will have an hospital, for the Blackfeet, when we ourselves have but one Industrial School and one hospital, and a boarding school is refused for want of funds?

You

Mr A. Forget,
Indian Commissioner,

Hood, George.
Dec. 16/95.

To Hayter Reed Esq.
Deputy of the Superintendent
of Indian Affairs. Ottawa.

Sir,

As the Parliament is about to convene again in a short while, allow me to state before the Department, re the Boarding School to be erected on the Blackfoot Reserve, under the auspices of the Rom. Cath. Mission, the reasons why the support of the Government should not be deferred any more.

The first application for the erection of that school has been made three years ago, and although it has been objected ever since, by the Department that there was no funds available for the purpose, a liberal support has been granted, at the same time, towards the building of a large Industrial school, near Calgary, under the auspices of the Church of England, and besides another grant has been provided towards the building of a second Boarding school of the same denomination on the Blackfoot Reserve. So that there are, at present, two Boarding schools of the Church of England on that Reserve of the Blackfoot, while we have none.

Taking the whole Pretty N^o 7, matters stand, at present, thus:

- 1 Industrial School of the Church of England Denomination,
as against 1 Indust. school of the Rom. Cath. Denom.
6 Boarding schools of the Church of Engl. (2 on Blackfoot Reserve—
1 on Blood Reserve. — 1 on Peigan Reserve. 1 on Stoney Reserve & 1 on
Sarcce Reserve.)

as against None of the Rom. Cath. Church.

Last year the grant has been postponed, on the plea of the scarcity of funds, but it seems to me that the Department cannot fail to see that it would be, by all means, very unfair to let matters stand as they are and to delay again.

Hoping that the question will receive, at an early date, the due consideration of the Government. I have the honor to remain, Sir, Sir,
your very obedient servant. E. M. Segal

THIS LETTER WAS REPLY SENT

Ottawa 16th January 1896.

Sir,

I have the honour to acknowledge the receipt of copy of letter dated 13th November last and transmitted by you on 17th ultimo in which His Lordship the Bishop of St Albert indorses certain reasons urged by the Rev orond Father Legal and cited by His Lordship; why a boarding school should be immediately established at Blackfoot Crossing, in addition to the one proposed at Hobbema, which His Lordship considered should take precedence; and in reply to inform you as follows:

The Rev. Father Legal declares himself unable to credit the assertion that it is any question of funds which interferes with the Department's granting the schools, and says it can always find money where it is needed, and asks how it comes about that in Treaty Seven, the Protestants have six Boarding and one Industrial school under their auspices, while the Roman Catholic Church has but one Industrial School.

In answer the Department may observe that it would be only too pleased had it the power to command funds with the facility attributed to it by the Rev. Father Legal, but as a matter of fact it finds the very

A. E. Forget, Esq:

greatest

Indian Commissioner

Regina.

(RG 10, Volume 6348, File 752-1, part 1.)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

greatest difficulty in all keeping pace with the ever increasing educational demands upon its resources.

In distributing available funds the Department has endeavored to exercise strict impartiality in so far as the various religious denominations are concerned, and has no other desire than to get the best possible return for the funds intrusted to it for expenditure. It must, however, be always borne in mind relative to the denominational aspect of the question, that the Department has to deal with the work as a whole and not with the respect to any particular district, and consequently the Rev Father Legal is doing it injustice in drawing the inference he does from the facts cited by him. If the number of Indians in the North West Territories as a whole professing adherence to the Roman Catholic and Protestant faith respectively compared, and also the educational grants, it will be found that if any appearance of discrimination exists it certainly is not against the Roman Catholic Church.

With regard to Treaty Seven. If the English Church appear to have been favoured it is not because of any partiality on the part of the Department, but simply because that Church has selected that field which so far has been anything but an encouraging one for special effort, and has invested its own funds in the establishment of boarding schools, to at least the extent to which it has received assistance from the Department.

It is hoped therefore, that when the question is considered in the light of what has been herein pointed out, His Lordship will recognise that the explanation given by the Department of its inability for the present

to

Indian Affairs. School Files.
(RG 10, Volume 6348, File 752-1, part 1.)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

to establish a boarding school at the Blackfoot Reserve (that is if His Lordship still desires that the one proposed for Hobbema take precedence) is a perfectly candid and sufficient one.

In conclusion the Department may remark that it would seem reasonable to infer from the fact that you were aware of the application but refrained from making provision in your estimates to meet it, that you were influenced by the same considerations which have actuated in this matter.

Your obedient servant,

Deputy Supt: Genl:
of Indian Affairs.

EXAMINED
SCHOOL

THIS LETTER HAS BEEN SENT

Ottawa 16th January 1896.

Rev. Sir,

I have the honor to acknowledge the receipt of your letter of the 10th instant, stating certain reasons why in your opinion no further delay should take place relative to the establishment of a boarding school at the Blackfoot Reserve under the auspices of the Roman Catholic Church, and in reply to inform you as follows.

It is observed that you appear to be somewhat skeptical as to the delay being caused by want of funds and state the present position in Treaty Seven to be that the English Church has one Industrial and six Boarding schools, as against one Industrial Institution under the direction of the Roman Catholic Church. In passing it may be noticed that in making this comparison you appear to have included among the six boarding schools, the McDougall Orphanage at Morley, which is not connected with the English but with the Methodist Church, but as this does not materially affect the point at issue nothing further need be said about it here.

Whatever aspect the matter may present to on-lookers, the Department regrets that the fact remains that

it

Rev Father Legal

Supt: of Catholic Missions

Blood Reserve,

MacLeod. N.W.T.

ARCHIVES PUBLIQUES
CANADA

it finds the very greatest difficulty in obtaining funds wherewith to meet the ever increasing educational demands upon it. In apportioning such funds as it can command the Department's desire and endeavor have been to exercise strict impartiality in so far as the various religious denominations which co-operate in the work, are concerned, and to get the best possible return for the funds intrusted to it for expenditure.

The Department, however, relative to the denominational aspect of the question has to deal with the work as a whole and not with regard to any particular district and it may well happen that one denomination may as compared with others seem in any given district to be somewhat favoured, and yet if a wider comparison be made it may be found that nothing of the kind exists. As an illustration of what is meant the Department may point to the large preponderance of Roman Catholic schools in British Columbia, as again to the enormous expenditure at the Qu'Appelle Industrial School, in a district where there is nothing in the relative strength of the Indian Roman Catholic population to justify it. If the number of Indians in the North West Territories as a whole, professing adherence to the Roman Catholic and Protestant faiths respectively be compared, and also the educational grants, it will be found that if there be any appearance of discrimination, it is certainly not against the Roman Catholic Church.

With regard to Treaty Seven, if the English Church seems to have been somewhat favoured, it has only been

been because that Church has selected that field, so far anything but an encouraging one for special effort, and has invested more of its own funds in the establishment of boarding schools, than it has received in the way of assistance from the Department and not on account of any denominational partiality.

Under the circumstances and in view of the fact of which you are doubtless aware that His Lordship the Bishop of St. Albert desires that provision for the establishment of a school at Hobbema, should take precedence. It is hoped that you will recognise that when the Department states that it is the inability to find funds that interferes with its acceding to your wishes for the present, it is dealing with you in a perfectly candid manner.

122784 Blood Reserve
Jan 30/96

J. Hayter Reed Esq.
Deputy of Sup. Gen. of Indian Affairs 137113
Ottawa.

Sir,

In reply to your communication of the 15th inst. 122784, re the Intended Boarding School at Blackfoot Crossing, allow me to state that I am indeed, to a certain extent, rather skeptical about the want of funds being the main reason for again putting aside the project. That the Department might find it expedient to give other destinations to the sum at its command, of course, it can be said that it is no concern of mine; that in the whole of the N.W.T. of there be any appearance of discrimination in the repartition of Educational grants to denominational bodies, this discrimination is not against the Rom. Cath. Church, I am not prepared either to deny or to assert. But what I know is that, in the Treaty No. 7, with which I have to deal, this discrimination is rather shockingly manifest.

Allow me to state again that our demand has been exceedingly reasonable and moderate.

Relying on the hope, entertained after the communications of last year with the Department, that the grant for the erection of said Boarding school on the Blackfoot Reserve, would not be delayed any more, and taking into consideration the alleged scarcity of funds, we refrained of making any other application for assistance in the way of building on the other two Reserves, where we have established missions. And although there is a standing application for building a Boarding School and Hospital on the Peigan Reserve, recommended by the agent, I took the initiative, previous to the discussion of the subject by the Department, while asking for the authority to take a few boarders there, to pledge ourselves that, for two years, we would not urge on the Department the necessity of a grant for building purposes on that Reserve. The only satisfaction obtained ^{has} been the authority to take 8 boarders

Indian Affairs. School Files.
(RG 10, Volume 6348, File 752-1, part 1.)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

137113

boarders, but with such conditions that it is very doubtful if His Lordship the Bishop of St. Albert will consider it advisable to take advantage of the same.

Now on this, the Blood Reserve, we greatly long for the day when we will be able to have a Boarding school in place of the two day schools actually existing. The results would be a great deal more satisfactory, and there would be a vastly greater return for our exertions and the expenses involved. But in view of the same alleged scarcity of funds I refrain again to make any particular application for this object.

But the only result of this moderation and the restraint in our demands is that we are ignored again, and the only demand maintained is set aside; and although there has been recommended by the Indian agent on Blackfoot Reserve the erection of a Boarding school and a hospital under the auspices of the Rom. Cath. Church, it has not been found advisable to grant the smallest sum of money for the purpose.

I cannot refrain to state again that I consider it a gross injustice, and, in fact, I cannot consider the decision as final, but expect that the Department will reconsider it and decide to come to our assistance. I know that \$3000 ⁰⁰/₁₀₀ had been put in the Estimates for the project in view. Now is that sum cannot be completed this year, let a grant of at least \$2000 ⁰⁰/₁₀₀ be secured and ^{with} what we could manage to gather towards the erection of the buildings, a fair start could be made this year, to be completed afterwards.

Relying on the impartiality of the Department especially asserted in your letter,

I have the honor to be,

Sir,

Your very respectful & obedient servant.

THIS LETTER HAS BEEN SENT

Ottawa, February 8th, 1896.

Reverend Sir,

I have the honour to acknowledge the receipt of your letter of the 30th ultimo, and in reply to inform you that despite your desire to confine the comparison which you saw fit to institute to school matters within the limits of Treaty 7, the bearing upon one particular district of what may be done for any one denomination in the Territories as a whole is an essentially practical one, and cannot be disregarded by the Department.

While the Department may regret your inability to accept its assurances as to the cause of its inability to meet your views for the present, and cannot but deprecate the tone of your letter, the fact remains the same, and if His Lordship the Bishop desired that such funds as might be available should be expended in another direction, the responsibility does not rest with it.

In this connection I may say that the Rev. Father Iacombe, when here the other day, endorsed the view expressed by His Lordship, that the school at Ermine-skin's Reserve should be first considered.

Under the circumstances of the case the Department regrets its inability to comply with your request for a reconsideration of its decision and a grant of \$2000.

I have the honour to be,
Reverend Sir,

ST. ALBERT, 6 FEVRIER 96.

Mon cher Mr. Forget,

Le dernier courrier m'a apporté votre lettre en date du 30 Janvier dernier NO.08.

Je vous remercie d'avoir bien voulu faire application auprès du Département Indien en faveur du Boarding School at Blackfoot Crossing.

Je comprends que Mr. le Surintendant Général des affaires Indiennes puisse difficilement se rendre aux désirs des différentes Dénominations religieuses demandant aide et secours pour l'éducation des sauvages. Mais si vraiment il tient compte des dépenses et efforts que font ces différentes Dénominations, il sera difficile de trouver aucune Dénomination religieuse qui ait dépensé plus de zèle et d'argent que l'Eglise Catholique.

Si on considère les sauvages comme faisant un tout; pour ne parler que de mon Diocèse tel qu'il est constitué aujourd'hui, j'ai deux établissements considérables à St. Albert et au Lac Labiche qui ont 35 et 30 ans d'existence que nous avons fondés et renouvelés entièrement à nos frais, où pendant des années nous avons élevés des enfants sauvages de toute Dénominations sans recevoir une obole du Gouvernement.

S'il s'agit seulement des Piednoirs, sans doute nous n'avons pas construit des établissements considérables parmi eux, leur vie nomade et guerrière ne le permettait pas

Monsieur A.E. Forget,

Commissaire des Sauvages,

Regina.

Indian Affairs. School Files.

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

pas . Cependant je les ai visités moi-même, dès l'été 1871 ou 1872, afin de les mettre en paix avec les Cris . Déjà nous étions populaires parmi eux, le Père Lacombe et plusieurs de ses compagnons étaient déjà aimés et estimés de ces sauvages, dans un temps où pas un ministre d'une autre dénomination religieuse eut osé même camper au milieu d'eux . Ce sont surtout les rapports des missionnaires catholiques avec les piednoirs qui ont rendu possible un traité avec eux . Si nous n'avons pas dépensé beaucoup d'argent, plusieurs d'entre nous avons exposé notre vie pour eux, et bien des fois, le Père Lacombe surtout en sait quelque chose. Nous avons donc semé et d'autres récoltent.

Ce n'est pas pour réclamer et faire changer les décisions prises que je rappelle ces faits qui sont pourtant bien connus dans le Nord-Ouest.

Croyez-moi,
Cher Monsieur ,
Votre tout dévoué,

(Sgd.)

Vital G. Evé. de St Albert.

Dear Mr. Reed,

Encl.

I beg to enclose you herewith a letter which I have received from the Reverend Mr. Legal, of the Blood Reserve, with reference to his Church getting a sum of about \$2000 in connection with the Boarding School which he desires to erect. Will you please read it over and let me have an answer which I can forward to Father Legal.

I would certainly recommend, to a certain extent, the granting of this request, and you will observe that the sum is not large, while the object to be attained is good.

I will be glad to look you up some day and discuss the matter personally with you, if you will allow me.

Yours truly,

D. W. Harris

Havter Reed, Esq.,

Deputy Superintendent General
of Indian Affairs,
Ottawa.

Dear Mr. Davis,

W
In reply to your letter regarding
one from Rev. Father Lysak relative
to establishment of boarding school
on Blackfoot Reserve, I may say that
it has been very fully & clearly explained
to the Rev. gentleman why in view of the
extreme difficulty in procuring funds
& keep pace with Indian educational work
and the desire of His Lordship the
Bishop of the Diocese, that a school
at Hobbema should take precedence
~~As for~~ we can not meet his view this
year, but I will be glad to talk the
matter over with you if you will
drop in some day as you suggest.

Yrs truly,

School

My dear Mr. Reed,

Whereas your department has informed us that they cannot now grant us two boarding-schools, one at Bearshill and one at Blackfoot crossing, and whereas you have notified us that we are to receive only one and to determine which one we want to select, we inform you that we prefer Bearshill, for just now, hoping that one day the government will give us another Boarding school at Blackfoot crossing.

Now allow me to ask you when your department intend to begin the work of construction at Bearshill Reserve. Are you to give a contract or to give the Mission the job, with so much money, the plan being determined by the department? We would be very glad if you would let us know, regarding what you intend to do, as we would prepare to meet your conditions.

We hope that you will give the job

Blood Reserve
Aug 10/96

To the Honorable,
the Minister of the Interior
& Superintendent of Indian Affairs.

Honorable Sir,

I have the honor to refer You to a previous Correspondance, of recent date, with the Indian Department re Boarding Schools on the Indian Reserves of Treaty No. 7. By said correspondence it is shown that a shocking partiality has been displayed in regard to the grant of assistance to denominational Bodies for the erection of such schools. The result being that, at the present time, on the three Reserves of that Treaty No. 7 (Blackfoot, Blood & Peigan) where the Rom. Cath. Church had regularly established missions for fifteen years, there are four large Boarding schools of the Church of England erected with the assistance of the Indian Department, while the Rom. Cath. Denomination has not been able, so far, to secure any assistance in the way of establishing a single school of that kind. It is true that, of late, we have managed to start a small Boarding school on the Peigan Reserve, for eight pupils; but the old Mission house had to be fitted up for the purpose at our own expenses. In consequence, as the need of such schools is fully recognized by all the officers of the Department, I respectfully urge the necessity of apportioning at the earliest date possible, the following grants:

- 1) 500 $\frac{00}{100}$ to help cover the expenses already made and other improvements to be done to fit the school house on the Peigan Reserve for the new purpose.
- 2) 1200 $\frac{00}{100}$ for the building of the 2^d Wing of the Hospital on the Blood Reserve. Such addition to be used as Boarding school for 25 pupils, until a grant might be secured for a separate building.
- 3) 2500 $\frac{00}{100}$ as requested on the Estimates of the present year, for the erection of a Boarding school of the Rom. Cath. Denomination on the Blackfoot Reserve.

MEMORANDUM FOR THE INFORMATION OF THE ACTING
 SUPERINTENDENT GENERAL OF INDIAN AFFAIRS
 IN RE REV. FATHER LEGAL'S LETTER, ON AT-
 TACHED ~~FILE~~, DATED 10th INSTANT, MAKING
 APPLICATION FOR CERTAIN GRANTS FOR ES-
 TABLISHMENT OF BOARDING SCHOOLS ON RE-
 SERVES IN TREATY NO. 7.

EXAM
 SCHOOL CHANCERY

.....

The late Minister, in declining to make pro-
 vision in the Estimates for current fiscal year
 prepared by the late Government for establish-
 ment of Boarding Schools on Reserves in Treaty No. 7,
 as requested last winter by the Rev. Father Legal,
 was guided by the following considerations, which
 apparently have as much force now as then.

The amount of funds available for educa-
 tional purposes are necessarily limited, and in-
 sufficient to meet the constantly increasing de-
 mands on them.

The Department has endeavoured, in so far as
 concerns the connection of religious denominations
 with Indian Schools, to exercise strict impartiality,
 but has to deal with the work as a whole, and not
 with respect to any particular district; and so
 judged if any appearance of discrimination exist
 it is not against the Roman Catholic Church.

If the English Church has apparently been fa-
 voured with respect to Boarding Schools in Treaty
 No. 7 it is simply the result of that Church having
 selected

Indian Affairs. School Files.
 (RG 10, Volume 6348, File 752-1, part 1.)

PUBLIC ARCHIVES
 ARCHIVES PUBLIQUES
 CANADA

selected that somewhat discouraging field for special effort in that direction, and having invested its own funds when others remained supine. His Lordship the Bishop of the Diocese expressed a desire that if the amount of increased assistance to their work as a whole must be limited, it should be applied in other directions. Provision has accordingly been made to establish a Boarding School at Ermineskin's Reserve in the Hobbema Agency.

Provision has also been made, despite strong protests from the Protestants, for the establishment of a Boarding School at Rat Portage, as also to extend the operations of existing Industrial and Boarding Schools conducted under the auspices of the Roman Catholic Church in Manitoba and the North West Territories, and more particularly in British Columbia.

*This matter was thoroughly gone into during the Revs Father LaCombe's recent visit to the capital

St. John's Mission, Blackfoot Reserve,
GLEICHEN, 2nd January 1899

My dear Lord Bishop,

The Indian Agent (Wheatley) informed me to-day that the R.Cs intend to build a Boarding School, Church & Residence at the South Camp at once. Of course one cannot object to their extending their work and buildings ~~at~~ on the Reserve, but I feel we have good reason for objecting to their putting them up within a mile of our Boys' Home. We can also, I think, question their right to a Government grant for a Boarding School. My reasons for saying so are as follows:-

1. When our Boys' Home was arranged for, the Government told us that we should be obliged to keep at least two miles away from the R. C. Mission, which we did.
2. The Romans commenced their Mission here the same day that we did, namely in October 1883. That is to say that they did no regular work here prior to that date. For some few years previously they paid visits to the Blackfeet and baptized children. In this work they were assisted by the Interpreter Le Hereux, who refused to register any child on the Census list without a certificate of baptism from the Roman priest.
3. It is now therefore over 15 years since they professed to be in residence here, and they have not until now ~~even~~ endeavoured to do anything towards civilizing them and giving them Christian instruction. It was with great difficulty, as I well remember, that they were made to open a Day School even. It was only when they were told that if they did not do so at once, the Church of England would do so, that they finally yielded, and commenced work by putting in a Frenchman to teach English which he could hardly speak himself.
4. The present Boys' Home was erected by us at the urgent request of the South Camp Chiefs. The request was made in public by the Chiefs to the Hon. T. Mayne Daly, and the site was chosen by themselves. The fact was duly reported to the Department by the Agent (Mr Begg) and sanctioned

Indian Affairs. School Files.
(RG 10, Volume 6348, File 752-1, part 1.)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

181443

5. The present site is in what is known as White Eagle's camp, and the proposed R.C. site is in the same camp, and within less than a mile of our School.

6. The Indians, I understand, do not wish another School there. Every Chief except Iron Shield is against it, I am told.

7. Our present Schools are by no means full, and the Agent says he is unable to obtain more children, though the parents express themselves as fully satisfied with the Homes and the management.

8. The Romanists have by their own showing in the Government Blue book, been unable to obtain children from the Blackfoot Reserve for their High River School since 1893. What better success do they look for on this new venture?

I submit that they have no right to erect a Boarding School nearer than their present Mission house. I also submit that under the above mentioned circumstances they have no right to look for a Government grant.

I am writing this in the hope that your Lordship will take such steps as will secure a proper representation of the facts, and prevent if possible the erection of another Boarding school; but if not, that they will be made to build on the other side of their present Mission house.

I am, My dear Lord Bishop,

Yours very faithfully,

H. W. Gibbon Stocken

P.S. The R.C. propose to haul their lumber as soon as their plans are approved by the Department - which they expect will be at the end of this month.

Copy.

Ottawa, 12th January, 1899.

Dear Mr. Laird,

Encs.

I enclose a copy of a note of the 5th instant from the Bishop of Saskatchewan and Calgary and of the communication enclosed therein from the Reverend Mr. Stocken respecting the proposed Roman Catholic boarding school at South Camp on the Blackfoot reserve. I also send you a copy of my note acknowledging the papers. I should like to know from you whether the school referred to by Mr. Stocken is the proposed school at Crowfoot on the Blackfoot reserve for which an item is inserted in the estimates received from your office. This item is, I understand, in the nature of a re-vote of an amount previously appropriated, and which by an arrangement made by your predecessor was used for another school.

I should like to have your views as to the grounds upon which Mr. Stocken bases his objection to the proposed school at South Camp, and if that proposed school be identical with the proposed school at Crowfoot for which provision is made. I should be pleased to have a full statement from you as to how far the Department is committed to the school.

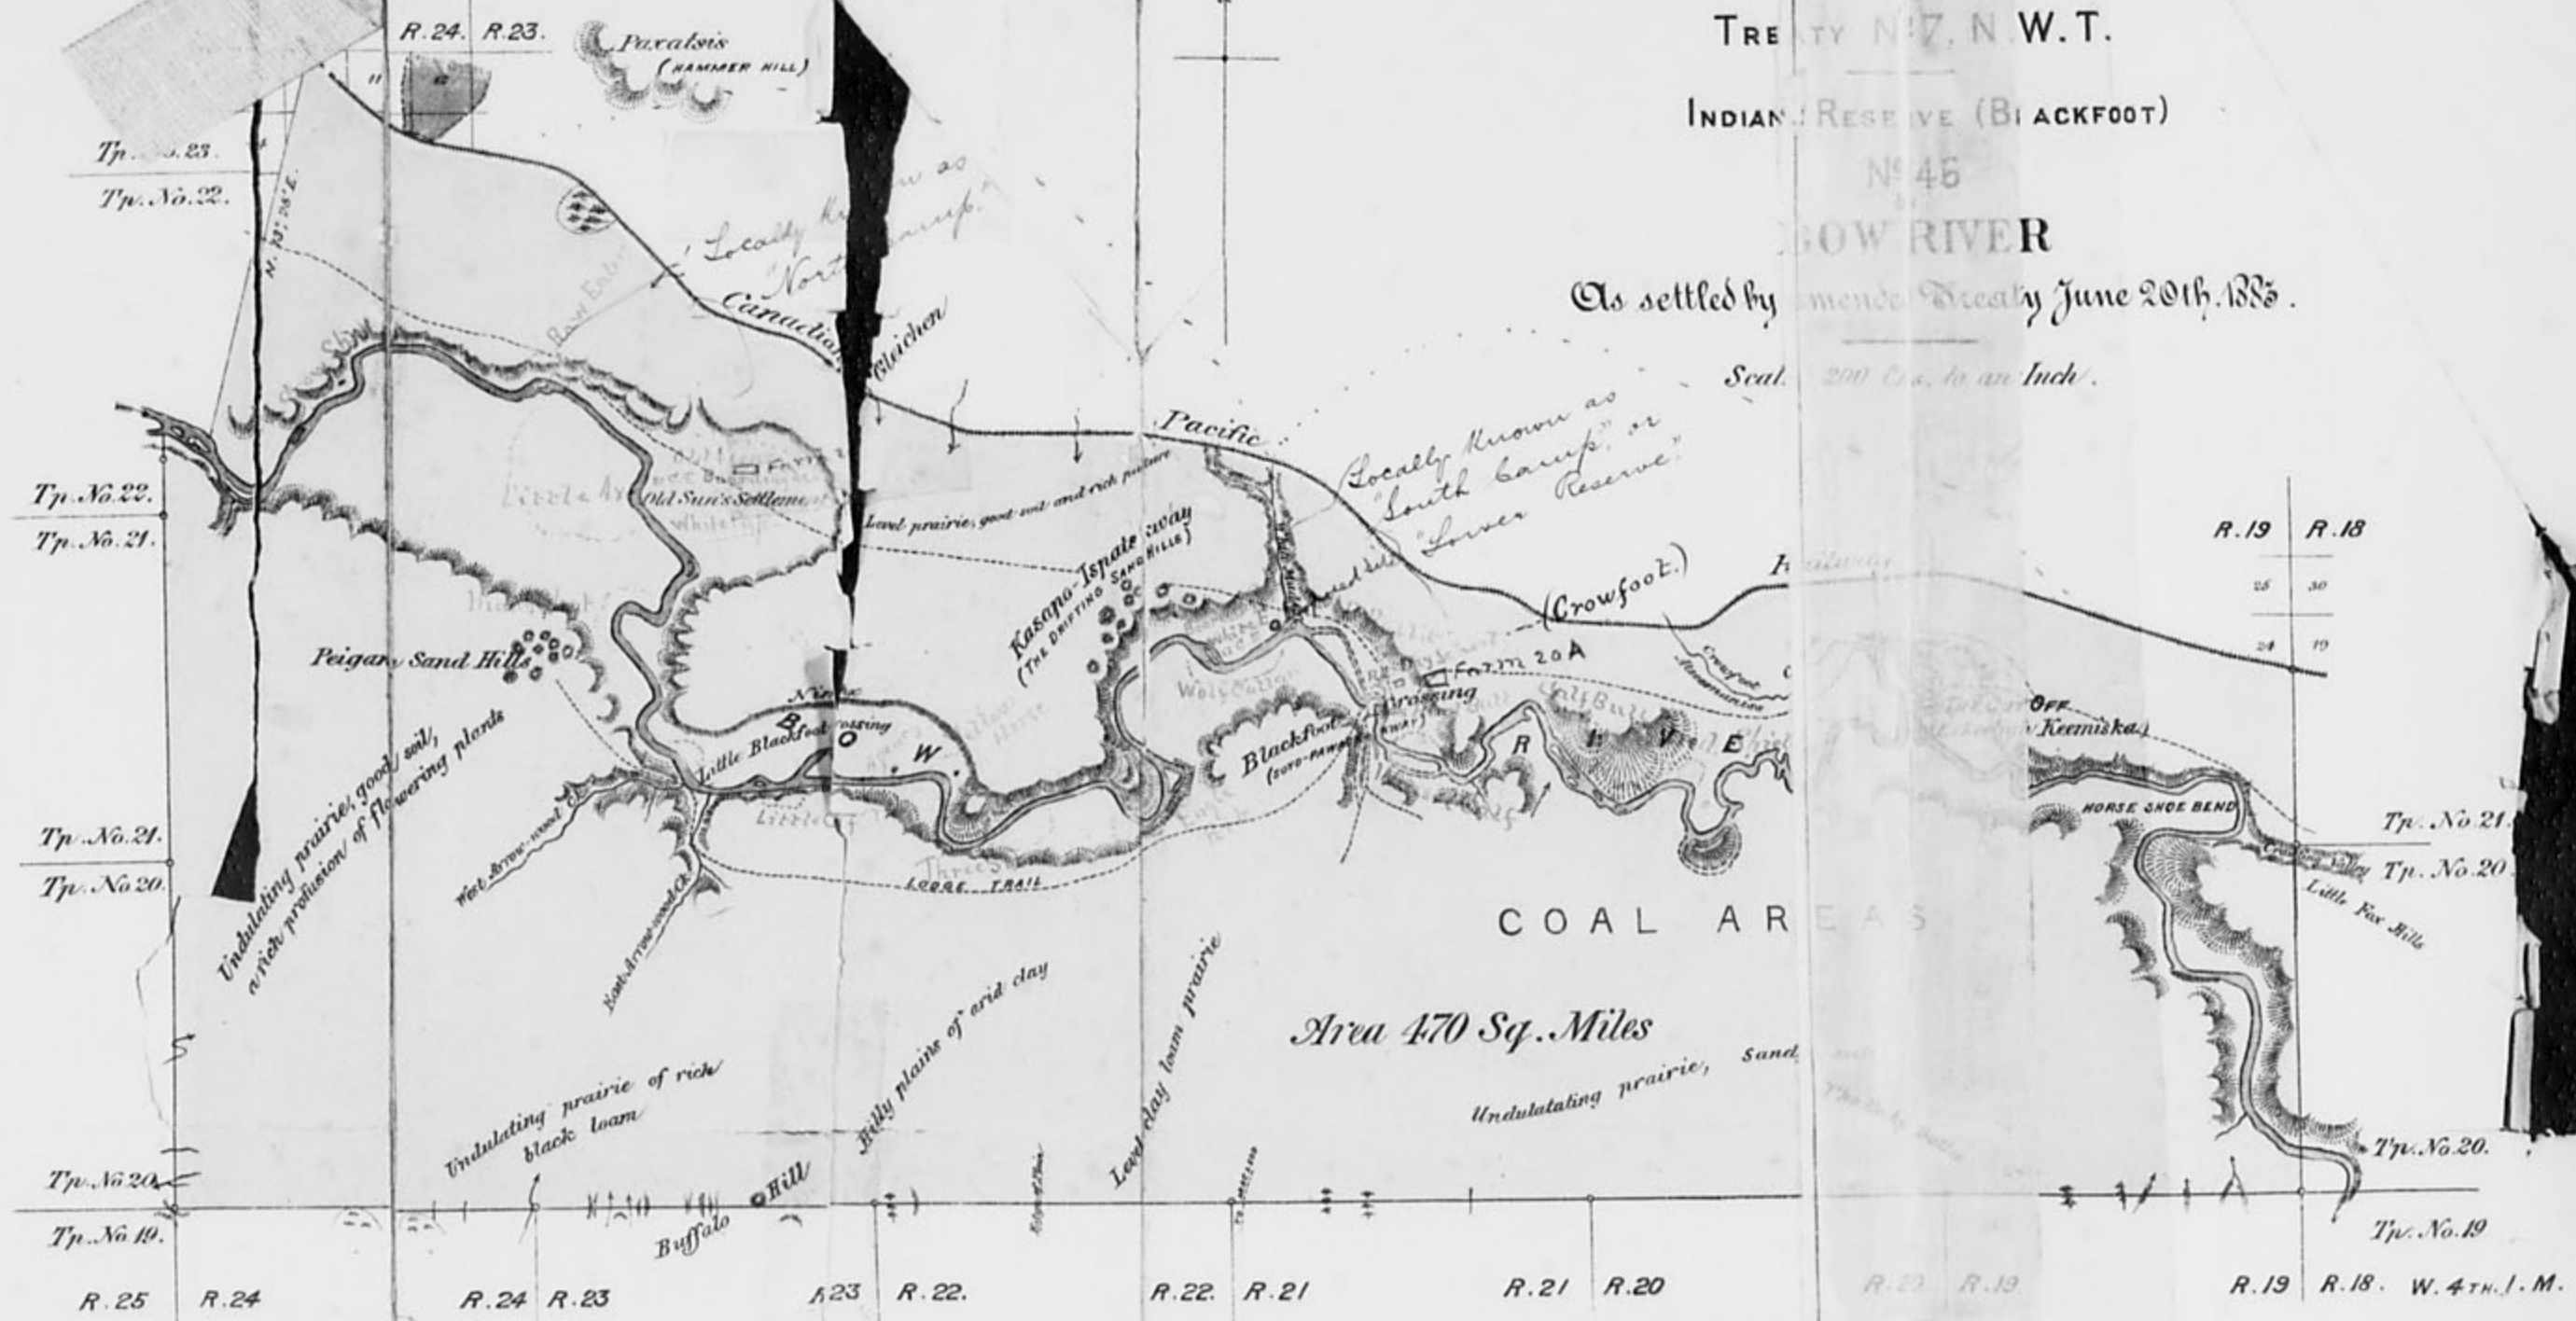

Yours very truly,

(SD) Clifford Sifton.

Office of the

Indian Commissioner

for Manitoba and the North West Territories,

Winnipeg, 13 Feb. 1899.

189

In your reply refer to
No. 136/a.
and date of this letter and
address

A. G. Forget, Esq.,
Indian Commissioner,
Winnipeg, Man.

Sir,

Referring to your letter of the 12th. ultimo, enclosing copy of a note from the Bishop of Saskatchewan and Calgary covering a communication from the Reverend Mr. Stocken respecting the proposed Roman Catholic Boarding School at South Camp on the Blackfoot Reserve, I forward you a map of the said Reserve showing the sites of the respective schools and the positions of the leading Indian Camps. You will observe that Old Sun's settlement is locally called the "North Camp", and the settlements of the other former Head Blackfoot Chief, Crowfoot, and of his subordinate Chiefs, are locally called the "South Camp", or Lower Reserve, because farther down the Bow River. The names are not appropriate, because what is called the "South Camp" is rather east than south of Old Sun's settlement.

The school referred to by Mr. Stocken is therefore the proposed school, for which an item is inserted in the estimates from this office, giving the location at Crowfoot, where the Roman Catholic Day School is now situated. The item, as you remark, is in the nature of a re-vote of an amount previously appropriated, and which was used for other schools. The

site

The Honourable

The Supt. Gen'l of Indian Affairs.

Ottawa.

Indian Affairs. School Files.
(RG 10, Volume 6348, File 752-1, part 1.)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

site "Crowfoot" appears to have been connected with the item because on Nov. 18, 1895 the Bishop of St. Albert, named "Blackfoot Crossing" (near which Crowfoot Day School is located) in strongly supporting the then Father Legal's application for a grant towards the erection of a Boarding School on the Blackfoot Reserve. Now, as I understand from our Agent on the Reserve, Mr. Wheatley, the Roman Catholic Authorities wish to build the proposed new Boarding School at the place marked in pencil on the accompanying map "Proposed site", which is a little south-west of the mouth of White Mud Creek. No application has been made to me to sanction this site, which as you will see by the note at the bottom of the map is only one mile and twenty-five chains from the C.E. Boarding School on White Eagle's reserve. At first view, therefore, Rev. Mr. Stocken has good ground for objecting to the erection of the R.C. Boarding School so near the White Eagle C.E. Boarding School built in 1894.

But to do the Roman Catholics justice we must look back to the correspondence of 1893, when it was decided to establish a C.E. Boarding School at the so-called South Camp. Father Doucet strongly opposed the placing of the C.E. Boarding School within four miles of the R.C. Day School, now called Crowfoot. In this he was ardently supported by Father Lacombe. Their protests, however, were over-ruled, and the C.E. School was built two miles and thirty-one chains, by the trail, from the Roman Catholic Mission and School. In reply to Rev. Father Lacombe on the 15th. Dec. 1893, Mr. Magnus Begg, the then Indian Agent on the Reserve, wrote, -

"It has been pointed out to the Rev. Father Doucet for several years past, that, if the Roman Catholic Church did not build a boarding school at the Lower Reserve, it was very probable that one would be built under the auspices of the Church of England, and that in locating the site it was chosen where it would least interfere with the work of

Father

Indian Affairs. School Files.
(RG 10, Volume 6348, File 752-1, part 1.)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

"Father Doucet; that they have Running Rabbit's, Rabbit Carrier's, Weazel Calf's, and Medicine Shield's villages to work on, and at either Running Rabbit's or Weazel calf's village there is a splendid opening for a boarding school, and that if they applied for a similar grant to that given to Rev. Mr. Tims, they would no doubt receive it".

This reply of Mr. Begg was fully approved by the Department on the 29th. of the same month, remarking in conclusion "there is ample room for both schools on the Reserve as well as others in the near future."

Acting, I presume, on this encouragement Father Legal, on Sept. 16, 1895, applied to my predecessor for a grant to erect a boarding school on the Blackfoot Reserve, enclosing plans. On the 18th. Nov. of the same year as already stated, the Bishop of St. Albert supported Father Legal's application, naming Blackfoot Crossing. The reply was that nothing could be done that year. On Oct. 22, '96, Father Leduc applied for aid to erect a boarding school on Blackfoot Reserve, and in response an item of \$2250 was placed in the estimates of 1897-98 for R.C. Boarding School at Crowfoot; as well as \$72.00 per capita for 20 pupils, and this sum not having been expended on said proposed school, another item of \$2500 was placed in the estimates of 1898-99, as also \$72.00 per capita for 10 pupils. The grant was expended elsewhere, and though I do not see in the correspondence any promise that the item would re-appear in the estimates of 1899-1900, it seems to me the Department is fairly committed to the school.

As regards the site, the estimates point out Crowfoot, but the R.C. Clergy who knew the reserve best did not name Crowfoot as the proposed site. Our present Agent on the Reserve, Mr. G. H. Wheatley, writing to me on the 23rd. ultimo, says -

"The present R.C. Day School and Mission site is not at all suitable for a Boarding School, as there is no available land

Indian Affairs. School Files.
(RG 10, Volume 6348, File 752-1, part 1.)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

"land near as it is between the Farm buildings and Running Rabbit's village. The chief reason is no water, at present the water is hauled to them from the river a mile away. To get a water supply at the present site a well would have to be sunk over 80 feet and that would require a wind-mill to bring the water up. At the proposed site, water can be easily obtained, as it is not very much higher than the river level."

Of course it seems too near the C.E. School on White Eagle's reserve, but when we remember that Roman Catholics in 1893 were told by the Department in reply to their protest against placing the C.E. Boarding School within four miles of the R.C. Day School, that at either Running Rabbit's or Weazel Calf's Village there is a splendid opening for a boarding school, and that, if they applied for a similar grant to that given to Rev. Mr. Tims, they would no doubt receive it, they can scarcely be called very aggressive in seeking to build their boarding school at White Mud Creek, which is apparently the boundary between Running Rabbit's and White Eagle's Villages. I, however, think they ought certainly to keep some distance on the east side of the Creek if water is conveniently procurable. But I have not yet been approached on the subject by the R.C. Authorities, and would not have known of the new dispute, except for Rev. Mr. Stocken's letter forwarded by you, which I return, but retain a copy thereof.

If the item is retained in the estimates, it seems to me that the word "Crowfoot" ought to be struck out and "Lower Blackfoot Reserve" substituted therefor, leaving the exact site to be agreed upon between the Department and the R.C. Authorities.

I have the honour to be,

Sir,

Your obedient servant,

David Laird
Indian Commissioner.

Indian Affairs. School Files.

R.F.

Ottawa, 24th February, 1899.

My Lord Bishop,

Adverting to your Lordship's note of the 5th which I acknowledged on the 12th ultimo, and to the communication enclosed therein addressed to you on the 2nd instant by the Reverend Mr. Stocken on the subject of the site of the proposed boarding school to be conducted under the auspices of the Roman Catholic Church upon the Blackfoot reserve, I beg to say that I have now before me a very full report from the Indian Commissioner at Winnipeg, who has been in communication with Mr. Wheatley on the subject. That report calls attention to the fact that in 1893 when it was decided to establish a Church of England boarding school at what is called South Camp very strong opposition was urged by the Roman Catholic Church authorities to the establishment of such a school at that point on the ground that it was within four miles of one of their day schools. This opposition was overruled,

and

His Lordship
The Bishop of Calgary & Saskatchewan,
Bishop's Court,
Calgary, Alta.

Indian Affairs. School Files.
(RG 10, Volume 6348, File 752-1, part 1.)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

and the Church of England school erected at between two and three miles by trail from the Roman Catholic school and mission. Moreover, when the opposition was overruled it was pointed out in a letter written by the then Agent, Mr. Fegg, on the 10th December 1893, to a representative of the Roman Catholic authorities that "either at Running Rabbits or Leasel Calf's village there is a splendid opening for a boarding school" and that "if they applied for a grant similar to that given to the Reverend Mr. Tims they would no doubt receive it." And the Department at the time fully and officially endorsed this action of its Agent.

Your lordship will, therefore, see that the Department was long ago committed to acquiescence in the establishment of a Roman Catholic boarding school upon the reserve in the vicinity of the locality which according to the Rev. Mr. Stocken the Roman Catholics have selected. At the same time, however, the Department is prepared to go as far as it possibly can in so arranging the matter of the selection of a site of any school which may be provided for on the reserve, as to guard against any possible friction with the Church of England boarding school; and the Indian Commissioner is being instructed

to

R.F.

Ottawa, 24th February, 1869.

Sir,

For peruse

I have read your report of the 13th instant respecting the objection raised by the Rev. Mr. Stocken to the establishment at South Camp on the Blackfoot reserve of the proposed Roman Catholic boarding school. I quite agree with your view as to the effect of the previous action of the Department as well as with the view that the Department is fairly committed to the school. I am, therefore, having the same provision made in the estimates this year as was made last year, namely \$2,500 for a building for the school and \$720^{ad} per capita contribution for ten pupils. When the provision is made it will be time enough to come to an agreement as to a site; and I am sure you will be able to arrange the matter satisfactorily between the Churches.

I am,

Your obedient servant,

Hon. David Laird,
Indian Commissioner,
Winnipeg, Man.

Memorandum for the Secretary.

There is an item in the current year's estimates for \$2500.00 for building a new Roman Catholic Boarding School on the Blackfoot Reserve. We have provided for a re-vote of such amount in next year's Estimates, by the order of the Superintendent General, with the addition of the words "on the lower Blackfoot Reserve". Taking it for granted that our full contribution toward this school is to be \$2500.00 we may spend a portion of our grant for this year, and a portion for next year, aggregating that amount. Or we ~~might~~ may spend the full amount from either Appropriation. I see no objection to authorizing the Commissioner to proceed with the work, following the ordinary course in such matters. The location of the School building is of course a matter of importance and he should ~~make himself~~ assure himself that the site is advantageous in every way, before allowing the building to proceed. It is usual in the case of these building grants to Boarding Schools to allow the Church authorities interested to make the plans.

137 May, 1892.

L.D.

Ottawa, 17th May, 1898.

Sir,

With reference to your telegram of the 10th instant, which reads as follows :- "Has two thousand five hundred dollar vote for Roman Catholic School at South Blackfoot Reserve for current year been expended? If not can I authorize expenditure if built near Blackfoot Crossing?" I beg to inform you, by direction of the Deputy Superintendent General that no amounts can be paid out of this year's Vote unless work has been performed. A proportion can be paid if part of the work is under way - The balance ^{to} be paid next year when the work is completed. The whole expenditure must not exceed two thousand five hundred dollars.

I have the honour to be,

Sir,

Your obedient servant.

Secretary .

SECRETARY'S OFFICE.

G l e i c h e n . Alta. 18 May 1899

The Superintendent General

Indian Affairs , O T T A W A .

Sir,

I have the permission of my Bishop to address you direct, in reference to his communication with you as to our Boarding School work at the South Camp on this Blackfoot Reserve. The correspondence ^{Commenced} by my letter to His Lordship on the 2nd January last.

From your last letter to the Bishop it appears that the Department has already pledged itself to a Boarding School for the Roman Catholics on this Reserve. I cannot find however that any such promise was made or implied to them prior to 1897. Possibly it is of a more recent date.

Upon looking carefully into the correspondence I find that Archd'n Tims made every effort to prevent any conflict between ourselves and the Roman Church, and even suggested that the South Home should be put up nearer to the Agency, or at the Ferry. The Indians themselves chose the present site, and as it was in another village than that in which the Romans had there Day school, we agreed to put it there. Every effort has been made to prevent any interference with the attendance at that school.

I desire to emphasize the statements contained in my letter to the Bishop, which he forwarded to you, and which I think should be of some weight with the Department in determining their action in this matter.

-2-

As I understand that the proposed new School is not to be erected in White Eagle's camp but in Running Rabbit's on the site of the present Crowfoot day school, I cannot object to the location - though I still feel very strongly that the Romans have, for the reasons mentioned in my letter of the 2nd January last above referred to, forfeited any claim to public money in support of their project.

*no correspondence L.M.M.
Extract on 1971/15*

I have now to call the attention of the Department and to ask for its assistance in reference to the proposed erection of a Roman Catholic Mission house on a piece of land adjoining my Mission at the North camp. From two circulars issued by the Department I gather that it expects to be informed by any Denomination desirous of opening up their work on these Reserves, and that permission to erect buildings be applied for. I do not know if this has been done in this case, but I ~~am~~ wish to protest against this present proposal, and to ask the Department to take such ^{steps} ~~such~~ as are in its power to prevent this needless friction.

I sincerely regret having to report this matter, but the present R.C. priest seems more anxious to create disturbance than to work for the general uplifting of these poor people. We have the nucleus of an earnest christian congregation here, consisting of about 30 adults & several children of over ten years of age. We have also 19 Communicants and others are being prepared. We have a Church congregation of about sixty at this North camp Mission, and about forty at the South camp. So far I do not know that the Romans have any. I am told that even the ex-pupils of the High River School attend the heathen dances and hold

~~3~~

to the old life. It is not unnatural therefore that we should be anxious that the peace and harmony which at present prevails should not be disturbed. I am thankful to be able to report that all our christians are endeavouring to carry out the wishes of the Department in the direction of self support, and in addition to comfortable homes have taken cattle and have farmed good sized fields, besides working out in order to earn money.

I shall be most happy to send you any fuller information that you may desire, meanwhile I beg respectfully to submit what I have written for your careful consideration,

I am, Sir,

Yours obediently,

H. W. Gibbon Stocken

Secretary Calgary Indian Missions.

P.S.
I should say the timbers for proposed mission house are already on the ground.

I have ventured to send a copy of this letter to the Indian Commissioner.

Evêché de Saint-Albert

185255

Alberta, T. N. C. (CANADA)

Alberta, St. Albert May 30 1899

To The Honorable. Clif. Sifton,
Minist. of the Int. & Super^t of Indian Affairs.
Ottawa.

Honorable & Dear Sir,

By a letter written from Ottawa to the Honor. Indian Commissioner, a copy of which he kindly forwarded to me, I am informed that, out of this year's vote of \$2500⁰⁰ for a Cath. Boarding-school, to be built at Blackfoot Crossing, a proportion will be paid, if part of the work is under way, and the balance will be available during the next fiscal year.

Allow me to state that, in account of a mistake, I have been unable to get the authority to start the work any sooner. About two months ago, when it was the proper time to begin, I wrote to ask this authority, but I was told that the money had been spent. Although I knew that not a cent of it had been expended, it took all this time to remove the mistake. Now although I am thankful that the part of the amount not expended this year will be available for next year, yet I am afraid that, on account of the delay, to spend the money, there should be no appropriation made in the votes for next year.

Let me state that the Blackfoot Reserve is one of the largest

Largest Reserves of the North-West, and that we cannot build a Boarding school there for less than 50 or 60 pupils. The sum of \$2500.00 will certainly prove insufficient to erect a suitable building. Consequently I most respectfully request that some appropriation be made also for that purpose in the next year's vote, as, at first, it was proposed to do.

I so much more urge the request that the sum of \$720.00 voted for the maintenance of 10 pupils, in that school, this year, could not be expended.

I take the liberty also to remind you that for next fiscal year, not less than 30 or 40 pupils should be provided for in the vote.

Hoping that all these shall be promptly and satisfactorily settled,

I have the honour to remain,

Honorable & Dear Sir,

Your very respectful & obedient servant

OTTAWA 13th June, 1899

Right Rev. Sir,

I have the honor to acknowledge the receipt of Your Lordship's letter of the 30th ulto. in reference to the grant for the establishment of a boarding school by your Church on the Blackfoot Reserve; and in reply I beg to say, that the sum of \$2,500, voted as a contribution for this purpose, and which has ^{not} been expended, is included in the estimates for next year to be re-voted.

The Department is aware that this amount will not cover the full cost of such a building as you propose to erect, nor is it the practice of the Department to pay all expenses in connection with the erection of boarding schools, which are looked upon ^{largely} as missionary undertakings ~~as missionary undertakings~~

I regret to say that the Department cannot comply with your request to have the per capita grant voted for this year increased in next year's estimates as 10 pupils are all that can be provided for. After the school is in operation the question of increasing the provision might be considered.

I have the honor to be, Rt. Rev. Sir,

OTTAWA, 7th December, 1899

The Secretary:-

Memo, re application of the R.C. Bishop of St Albert for a further grant of \$1200.00 for buildings and \$2160.00 for 30 additional pupils for the new boarding school at Blackfoot Crossing (Crowfoot).

The Estimates for the current year contain an amount of \$2500.00 for buildings and \$720.00 for the maintenance of ten pupils. When it was first proposed to assist this school, provision was made for 20 pupils at \$72.00, which was reduced this year when the grant for buildings was being re-
voted.

His Lordship is quite correct in stating that ten pupils are a very small number to start a school with. This year's census, however, shows that out of a school population of 148 on the South Reserve there are only 25 Roman Catholics, 26 Anglicans and 97 pagans, and if the Department is disposed to provide for more pupils, I suppose the pagan children would be drafted into the school.

His Lordship shows that they have spent \$2036.42 over the amount granted for buildings, \$1205.11 of which is still owing by him, and he asks for \$1200.00 to wipe out this indebtedness, -which would make the Department's contribution amount to \$3700.00 out of a total expenditure of \$4536.42. This is a much larger per centage than the Department is usually called upon to contribute.

However, as the buildings are erected, it might be well to give the assistance asked for, as equipment will have to be provided by the school.

Indian Agent's Office,
Gleichen, Alta.

27th. Jan 1900.

Sir,

I beg to report for your information that the new Roman Catholic Boarding School was formally opened on the 25th. instant by His Lordship Bishop Legal, the Rev. Fathers LeDuc, LaMarche, and the principal, the Rev. Father Danis, O.M.I., being present.

It was quite an event for the Indians, the Rev. Principal providing a grand feast for the white visitors and Indians.

There were about 300 men, women and children present at the service and the sermon preached by His Lordship was in Blackfoot and was listened to with close attention by the Indians.

The staff of the Boarding School is as follows,-

Rev. Father Danis, O.M.I. Principal.

Rev. Sister Superior Casilda, Matron.

" " Bernard, Teacher for boys.

" " Clarisse, " " girls.

" " Menard, Cook.

School will be carried on with five pupils, until they are properly trained and the building thoroughly equipped.

School admission forms and health certificates will be forwarded as soon as filled in by the Rev.

Principal.

Hon. D. Laird,
Indian Commissioner,
Winnipeg.

(Copy)

Calgary, Jan. 27th. 1900.

To the Honourable

David Laird,

Indian Commissioner,

Winnipeg.

Honourable Sir,

I have been just visiting the new Crow-foot Boarding School on the Blackfoot Reserve, which has been in operation for a couple of weeks, but was formally opened only the day before yesterday, on the occasion of my visit. There was a large gathering of Indians with the Indian Agent and several employees of the Reserve. Everything went on very satisfactorily. I found already five children admitted and there were applications made for the admission of eight more pupils; five of them must have been brought to-day. So that the full number of 10 is completed, and ^{we} are obliged to postpone the admission of others.

As I have stated already, 10 is much too small a number for so large a Reserve, and I would ask you to recommend that, at least, 30 pupils be authorized, until the end of the present fiscal year; and 40 for next year, after the 1st. of July. There is a good opportunity of doing so, at the coming Session of Parliament.

I

In your reply, refer to

No. 122/71

and date of this letter and
address

Hon. David Baird,
Indian Commissioner,
Winnipeg, Man.

Sir,

I have the honour to forward a copy of a letter from our Agent at the Blackfoot Reserve, informing me of the opening of the new Roman Catholic Boarding School at Crowfoot's Camp; also a copy of one from His Lordship the Coadjutor Bishop of St. Albert conveying similar information and also asking that the number of boarders be increased both for this and next year.

In regard to this year, I may say that as seven months of the boarding school grant, about \$400. is unexpended, and there is also a balance of over \$100. out of the Day School grant which if used for the purpose in question might bring the attendance to 25.

If the Department can see its way to do this, the same number should be provided, if not more, next year, and I beg to submit same to the favourable consideration of the Department.

Your obedient servant,

D. Baird

Indian Commissioner.

194789

St. Albert, ^{Calgary} Jan. 27 / 1900

To the Honourable.

Clifford Sifton
C^t Superintendent of Indian Affairs.
Ottawa.

Honourable Sir,

I have just paid a visit to the new Boarding School, on the Blackfoot Reserve: Crowfoot Boarding School, which has been in operation only for a couple of weeks, and was formally open the day before yesterday, on the occasion of my visit. The number of children authorized, for this year, is only 10 and this number must be completed to day. Besides several applications are made for the admission of other pupils, in a short while. -

I have already pointed out to the Department that 10 is much too small a number for so large a Reserve, and that it would be very unsatisfactory for us to be obliged to refuse children, whose admission is sought or consented by the parents.

It will be an easy matter, at the coming session of Parliament to have a greater number of admission authorized. I would recommend that the number of pupils authorized be 30 till July 1st, and 40 for the next fiscal year. I anticipate that there shall be no great difficulty to complete that number. I am writing, on the same subject, to the Indian Commissioner.

I have the honour to remain,

Honourable Sir,

Your very-respectful & obedient servant.

CANADA

R.E.

Ottawa, 14th February, 1900.

My Lord Bishop,

I have before me Your Lordship's letters of the 27th ultimo, in one of which you acknowledge the receipt of a letter informing you that an arrangement had been arrived at whereby an additional contribution of \$1,200 would be made towards the boarding school upon the Blood Reserve and ask that similar further assistance be granted towards the Boarding school on the Blackfoot Reserve. As Your Lordship is aware, the Department had at its disposal funds which enabled it to grant the \$1,200 to the Blood Reserve school without having a special appropriation. To meet Your Lordship's wishes as to the school on the Blackfoot Reserve it would be necessary to make provision in the estimates. But as the estimates for next year have been prepared, and the limit of the expenditure for Indian education has been fixed, I am not, I regret to say, free to meet Your Lordship's wishes as to the school on the Blackfoot Reserve.

In the other letter Your Lordship points

His Lordship
Emile J. Legal, O.M.I.,
Calgary, Alta.

out

Indian Affairs. School Files.
(RG 10, Volume 6348, File 752-1, part 1.)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

out that the provision which the Department has made for ten pupils at the school upon the Blackfoot Reserve is altogether inadequate.

*Summery
there is money*

Mr. Laird in transmitting the Agent's report upon the opening of the school had already suggested that the unexpended balance of the grant for the current year be used for the purpose of paying for pupils in addition to the ten already provided for up to the number of twenty-five. This I have agreed to; and I have directed that the same may be done for next year in so far as the general vote will admit. This, of course, must not be understood as strictly binding the Department to provide for more children than have been actually provided for in the estimates, for at this stage it is not possible to make special provision in the estimates for additional pupils, and the number that the Department can pay for, over and above the ten provided for, will be contingent upon the amount available from the general appropriation.

I have the honour to be,
Your Lordship's obedient servant,

J. H. Macdonald

SCHOOLS
MAR 7 1890

To
The Honourable Clifford Sifton,
Minister of the Interior,
Ottawa

Honourable Sir,

I have the honour to acknowledge the receipt of your favour of the 14th inst. and R.E. about my application made for an additional grant of \$1200, to help covering the expenses of buildings at ^{the} Boarding School, Blackfoot Reserve, which you could not be in a position to grant. — Although I would not press too hard, in order to have the sum available this present year yet will say that I am much anxious to have it, at least, on the Estimates of next year. Allow me to point out to you that there shall be a large sum not expended at two of our own Institutions. At the Dunbow's Indust. school, there are only about 90 pupils, ^{as} against 120 authorized, a difference of 30 pupils, at \$40 each = 4200.00. At Hobbsen's Boarding school, about 28 pupils, \$72.00 each = 2016.00. So, on two ^{only} of our own catholic Institutions, there shall be that total not expended & it would be easy to find the \$1200.00 wanted, out of that sum. I have paid up already more than a \$1000 dollars on these buildings, besides all the cost of the furnishing, for which we have not received any assistance. ^{I am not able to pay any more} I am afraid that if that sum is not paid up, inside of a few months, that is about the beginning of next fiscal year, there shall be the interest at 6% added, that will make quite an item. Leaving all this to your Consideration, I remain,
Honourable Sir,
your very respectful servant
+ Emile J. Legal B.P. of Popla.
Coadj. of St. Albert.

Department of Indian Affairs,
OTTAWA, 8th March, 1900

over
The Secretary:-

With reference to the application of His Lordship the Bishop of Pogle for a grant of \$1200.00 to wipe out the indebtedness incurred in building the Blackfoot R.C. boarding school, I beg to say that a similar application was made in December and last ~~year~~ ^{by the Supl General} His Lordship was informed that he regretted that he was unable to meet His Lordship's wishes in this direction.

In his last application the Bishop points out that there will be over \$6000.00 of unexpended grant to Roman Catholic boarding and industrial schools in the Territories and suggests that the \$1200.00 asked for be taken out of this amount.

nothing can be done in order to give him the money
I do not think from the Minister's letter above referred to that it is intended to make any further grant to the R.C. Blackfoot school this year and although advances have been made from the general school vote, it is not the practice of the Department to encourage such expenditure.

I should be glad to be instructed as to what reply should be sent His Lordship.

Ref: Your letter 28th. Dec 1899, and 13th March 1900.
No. 122/71.

Sir,

Enclosed I have the honour to forward Crowfoot
Day School returns for 2 months from 1st. January
to 28th. February 1900.

There being nothing of an official nature re
the particular date for the closing of this school
until the receipt of letter of the 13th. March 1900
the School was kept open on the Gov. grant, but from
the 28th. Feb. 1900 the school although not being
closed, will be carried on for the benefit of those
sick children whose health prohibited them from
entering the boarding school. If these returns
are in order please forward to Head Office as usual.

I have the honour &c.

(Sgd) G.H. Wheatley,
Indian Agent.

To the Hon. David Laird,
Indian Commissioner,
Winnipeg.

OTTAWA, 3rd May, 1900

Sir,

I have to acknowledge the receipt of a copy of a letter from Mr Agent Wheatley forwarding returns from the Crowfoot Boarding and Day schools for last quarter, in which he states that the day school will be carried on for the benefit of the sick children whose health will not permit of their being taken into the boarding school; and in reply I beg to say that no further grant will be paid to this school, as a day school, as it was understood that it was to be permanently closed on the opening of the day boarding school.

I have the honor to be, Sir,

Your obedient servant

J. D. MCLEAN

122784

Sir,

I have the honour to refer to your letter of the 3rd. instant refusing to contribute any further grant to the Crowfoot Day School, and to say that I think it would be judicious to place the Crowfoot Boarding School on an equal footing with the Old Sun Boarding School as decided by your letter of the 2nd. of September last. I am therefore sending a return of day pupils who have been attending the Crowfoot School during March last.

Department of Indian Affairs,
OTTAWA, 25th May, 1900

The Secretary:-

On the 3rd instant the Commissioner was informed that no further grant would be paid to the Crowfoot Day school as it was understood that it was to be permanently closed on the opening of the boarding school (see foot-note in estimates for current year). The Commissioner now writes stating that he thinks it would be judicious to place the Crowfoot boarding school on an equal footing with the Old Sun's boarding school, -that is to allow a tuition grant for day pupils in attendance. Mr Agent Wheatley states that there are a number of sick children whose health prohibited them from entering the boarding school and it is to provide for such cases that this grant is asked.

The tuition grant is usually allowed for pupils who are really boarders at the school but being in excess of the no. provided for cannot draw the full grant. However, in the case of the Old Sun's School referred to be Mr Laird, the Department consented to pay a tuition grant rather than ^{re-} ^{school} open a day and I think the same concession might be made in this case.

To the Honourable

Superintendent G^d of Indian Affairs.
Ottawa.

Honourable Sir,

I take the liberty to call your attention to a letter that I wrote to you, on the date of June the 28th, re the unpaid balance on the Building of Crowfoot Boarding School, on the Blackfoot Reserve.

I have not received any answer so far. Knowing that perhaps you had not yet arrived, when the letter reached Ottawa, I have waited patiently, as I could easily ^{what was} imagine the immense amount of business laying for you in Ottawa.

Now, as my letter could possibly have been outtracked, I decide very respectfully to call your attention to it.

I have shown that the principal supplier of material having begun to add interest, at 6%, this would not fail to increase considerably the sum amounting then to \$1164 ⁰⁰/₁₀₀.

I pointed out that I was not in a position to provide for this debt, having paid already, as shown in detail, more than \$1180 ⁰⁰/₁₀₀ for the construction alone, besides all the expenses connected with the furnishing and fitting of the Institution, for which there was no provision made by the Department.

As there are always large sums of money not expended—

To the Secretary
Dept. of Indian Affairs.

Dear Sir,

With reference to your letter of the 6 inst. 4122984, allow me to say that my communication of the 20th of August was only intended to attract the attention of the Superintendent General of Indian Affairs, to a letter written as far back as the 28th of June. I know that the Honorable Superintendent General has been in Ottawa several times since then, and I regret that my letter has not been communicated to him before this.

It was to him personally that I wanted the communication to be made, rather than to the Deputy Minister; because I always found that by calling the personal attention of the Superintendent to an important question, he would not fail to settle it in a satisfactory manner.

I beg of you therefore, that you would be kind enough as to bring the subject of my letter of the 28th of June, to the notice of the Honorable Superintendent as soon as possible.

And I have the honour to remain,

Dear Sir,

your very respectful servant

Winnipeg, 3rd October, 1900.

Memorandum : Mr. Sifton,

Bishop Legal, of St. Albert, writes to the Secretary of the Department of Indian Affairs under date September 24th, with reference to his letter sent to you of the 20th August, regarding the payment of the balance on building of the Crowfoot Boarding School at Blackfoot Crossing, amounting to \$1164.55.

The file has been sent to me here, and I find on looking at it that you wrote him in February last that you were unable to meet his wishes. I have thought that possibly it might be well if you would drop him a note, - his address is Bishop of Pogle, Coadjutor of St. Albert, Bishop's House, St. Albert, M.W.T., - simply stating that you will take the matter under consideration. He seems to be rather put out that his letter of the 26th June has not been sent to you for your consideration, but it reached you just the same and you sent it to me to deal with. He was, however, given no definite reply as to the matter as I had already written him that the Department could not make grant. I did not care to do anything towards

Bishop's
St. Albert, Alberta
Jan 14 1901To the Honourable
Clifford Sifton, Sup^t General of Indian Affairs.
Ottawa.

Honourable Sir,

I have again to call your attention to the
standing debt on the Boarding School, built at
Blackfoot Crossing.

From the included bills you will find it to be:

Eau Claire & Bow River Co	Lumber	1083.00
W. H. Cushing	Doors sashes &c	101.35
Peter Collins	Bricks	20.00
A. M. Bride & Co	Lime	11.26
	Total	1216.01

The Eau Claire Co. has been charging interest,
for about a year, at the rate of 6%, and I am
frequently asked by the other firms to settle the
amounts.

As shown in a previous letter dated June 28th 1900,
we have supported so heavy expenses in connection
with this school that I am absolutely unable to
pay the remaining bills.

Besides the expenses of the construction which we
have shared in, we have had to support nearly all
the expenses connected with the furnishing & maintaining
of the Institution, the Department having contributed
the per capita

Indian Affairs. School Files.
(RG 10, Volume 6348, File 752-1, part 1.)PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

208095

The per capita grant for only a few children, never more than for ten pupils. And from the statement lately sent by R.^d Father J. Davis, principal of the school, you may gather that we have spent already at least \$7030.⁰⁰ While we have received only 3116.⁷⁷. Leaving a balance of 3913.²³ entirely supported by us.

In this condition, the Department will see the necessity of coming to our assistance, and it will easily find its way to do so, as there are several of our own schools (and I refer especially to the St. Joseph's Industrial school, Dumbow) for which provision has been made for a large number of pupils, which, for different reasons too long to explain, is far from being reached. Consequently from the surplus of this school alone the necessary sum of \$3116.⁷⁷ could be easily drawn.

This building of the Boarding school at Blackfoot Crossing is the full property of the Department, and the firms which supplied the materials have a right to a prompt settlement of their accounts.

Hoping, Honourable Sir, that you will decide to settle the matter once for all,

I have the honour to remain,

Your very obedient & respectful servant
 + Emile J. Legal Bk. of Popla
 C.N.S. Coadj. of St. Albert.

*See Copy McKenna's
Oct. 7th "11 Indictment
which yet requires action
by Dept.*

Department of Indian Affairs,
OTTAWA, 23rd January, 1901.

The Secretary:-

The accompanying file contains the correspondence referred to by Mr McKenna had with Bishop Legal of St Albert in reference to the balance due on accounts in connection with the building of the Crowfoot Boarding school on the Blackfoot Crossing amounting with interest to \$1216.01. I have turned out the documents particularly relating to this matter. You will see that Bishop Legal suggests that this amount could be paid out of the unearned grant provided for the St Joseph's Industrial school, and in this connection I beg to call your attention to the fact that the St Joseph's school is in a bad condition financially as it has at present a deficit of about \$2000.00, which Rev. Father Naessens, Principal of the school is asking the Department to meet, on account of the great difficulty found in recruiting to fill vacancies caused by the discharge of pupils who have reached the prescribed age limit, the present enrollment having fallen to 52, while provision is made for 120 pupils at \$140.00. Mr Oliver, M.P. has written the Department strongly urging it pay off this deficit and this question is now under consideration. The reason for the falling off in attendance is stated by the Inspector to be due to the

Indian Affairs. School Files.
(RG 10, Volume 6348, File 752-1, part 1.)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

establishment of boarding schools on reserves where pupils were formerly recruited for the High River school, the Crowfoot school being one of those referred to. The interests of the boarding and industrial schools clash and unless a better adjustment can be made with the Church authorities conducting these two classes of schools, one or other will have to go to the wall, and it will be a case of "the survival of the fittest".

None of the industrial schools in the Territories can be economically and successfully managed on the per capita grant with less than 100 pupils and unless that number can be secured, the Department will have to assume the cost of maintenance and management or close the school.

I have thought it right to refer to this matter in connection with Bishop Legal's application so that Mr McKenna may see exactly how the matter stands.

plu.

Department of Indian Affairs.

OTTAWA, 4th February, 1901

The Secretary:-

Mr Agent Markle reports that the Principal of the Crewfoot boarding school wishes to be authorized to draw the usual grant for 20 pupils, 10 being the number now provided for in the estimates, and no increase made for next year.

In a letter on No. 1 of this file, from the Superintendent General to Bishop Legal, the Minister agreed to pay the grant up to the number of 25, for this year of the General Vote would admit of its being done. As it is impossible to say how the General Vote will stand until the 30th June next, no additional payments could be made at present without express authority to that effect.

The last return shows that they have an enrollment of 14 now at the school, and Agent Markle states that 6 more pupils can be obtained if authorized.

The Minister's letter above referred to is turned out on the file herewith.

I also wish to call your attention to a communication from Agent Markle on this file, in which he states that the Principal of the school has asked for the loan of 10 cows for the purposes of furnishing milk for the school and acting as

To the Honourable
The Minister of the Interior,
Ottawa.

Honourable Sir,

Replying to the official communication of the Secretary of the Interior, dated 31st of January, (file 122784.....5) re the indebtedness, on the Building of Crow Foot Boarding School, allow me to further state that, although the Department is at liberty to give the assistance which it judges fit and reasonable to these establishments, yet I am obliged, for many reasons, to apply for a special help, the year.—1st We have paid already a large amount on the construction itself.—2nd We have had to support all the expenses connected with the furnishing of the whole house, without any help from the Department.—3rd As the children admitted have been very few, only 4 or 5, for several months we have had to provide the larger share, in the maintenance of the institution.—4th Lately, we have admitted some more children, but as the *per capita* grant is provided for 10 only there is another burden upon us. When the number of children receiving the *per capita* grant will have increased we will not be obliged, I hope, to come to the Department for special assistance.

As to the St. Joseph's Industrial school, I find, after inquiry, that there is a deficit of \$2000⁰⁰, and, of course, I hope that the inspection will show that there was

Indian Affairs. School Files.
(RG 10, Volume 6348, File 752-1, part 1.)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

No extravagant expenses made and that the Department will be willing to pay off the deficit.

Yet there will be a large balance left, more than sufficient to pay the \$1216.01 due on the Building at Blackfoot Crossing. The number of pupils kept in the ^{Industrial} School this year will not average 80, while there are 110 authorized, I believe. So there shall be at least 30 children for whom provision has been made, and consequently a balance of at least 4000.00 not expended. After the deficit is paid there will remain a balance of about 2000.00, while \$1216.01 only are needed for the debt at Blackfoot Crossing.

I have done what I could to induce missionaries to practice the strictest economy, and not to run into debts, and I expect that care shall be taken to that effect.

I hope that these explanations shall be laid again before the Department and that the decision taken as to regard the debt at Blackfoot Crossing, shall be reconsidered, in order to allow the special assistance required to be granted.

I have the honour to remain,

Honourable Sir,

your very respectful & obedient servant
+ Emile J. Legal. B. of Popla.

Feb. 14, 1901.

To the Honourable

The Minister of the Interior,
O t t a w a .

Honourable Sir,

Replying to the official communication of the Secretary of the Interior, dated 31st of January, (file 1227845) re the indebtedness on the building of Crow Foot Boarding School, allow me to further state that, although the Department is at liberty to give the assistance which it judges fit and reasonable to these establishments, yet I am obliged for many reasons to apply for a special help this year.

1st. We have paid already a large amount on the construction itself.

2nd. We have had to support all the expenses connected with the furnishing of the whole house without any help from the Department.

3rd. As the children admitted have been very few, only 4 or 5, for several months, we have had to provide the larger share in the maintenance of the institution.

4th. Lately we have admitted some more children, but as the per capita grant is provided for 10 only, there is

another

Indian Affairs. School Files.
(RG 10, Volume 6348, File 752-1, part 1.)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

209542

another burden upon us. When the number of children receiving the per capita grant will have increased we will not be obliged, I hope, to come to the Department for a special assistance.

As to the St. Joseph's Industrial School, I find after inquiry that there is a deficit of \$2,000.00 and, of course, I hope that the inspection will show that there were no extravagant expenses made and that the Department will be willing to pay off the deficit.

Yet there will be a large balance left, more than sufficient to pay the \$1216.01 due on the building at Blackfoot Crossing. The number of pupils kept in the Industrial School this year will not average 80, while there are 110 authorized, I believe. So there shall be at least 30 children for whom provision has been made, and consequently a balance of at least \$4,000 not expended. After the deficit is paid there will remain a balance of about \$2,000.00, while \$1216.01 only are needed for the debt at Blackfoot Crossing.

I have done what I could to induce Missionaries to practice the strictest economy and not to run into debts, and I expect that care shall be taken to that effect.

I hope that these explanations shall be laid again before the Department and that the decision taken as regards the debt at Blackfoot Crossing shall be reconsidered, in order to allow the special assistance required to be granted,

I have the honour to remain,

Honourable Sir,

Your very respectful and obedient servant,

(Sd) Emile J. Legal. Bp. of Pogle.

The Secretary:-

With reference to the communication received from Bishop Legal of St Albert, relative to the indebtedness for the construction of the Crow-foot Boarding school I beg to refer to my memorandum of the 23rd ultimo turned out on this file, and to a letter addressed to His Lordship by direction of the Superintendent General informing him that the Department could not entertain his application to pay this deficit out of the unexpended portion of the per capita grant provided for the St Joseph's Industrial school. His present application is a repetition of the former one and it seems to me that the reply already given him meets the case.

Mr F. Oliver, M.P.
Ottawa.

Dear Sir,

I have been writing to Commissioner Laid and to the Superintendent General of Indian Affairs, re the financial condition of the Crow Foot Boarding School.

You will be able to know the subjects treated by perusing the enclosed copies of my official letters. - Allow me to ask you to use your personal exertions in behalf of my requests. - Here are the facts briefly:

We received \$2500⁰⁰ for the construction of this school, and when the school was ready for opening, we have been authorized for ten pupils only, while the school is built for 100, and is fit, even in its unfinished condition, to give full accommodation for 50.

We have received nothing for the fitting and furnishing of said school, and we had to provide all that, besides more than 1500⁰⁰ paid off on the construction.

Of course the children came slowly and there were only 4 or 5 for a long time. So that the assistance received from the Department has been very small indeed; and as a consequence, the institution is already in debt for its maintenance, in spite of all the assistance and help that we have been able to secure from other sources.

Besides there is also a debt on the construction itself, amounting to 1216⁰⁰ that I am fully unable to pay off.

If we had been authorized, from the beginning to a

Copy

Blackfoot Crossing March 2nd 1901
210569

To the Honorable

The Superintendent General of Indian Affairs - Ottawa

Honorable Sir,

I take the liberty of forwarding to you copy of a letter that I have just written to the Hon. Indian Commissioner in order to allow you to be acquainted with the grievances that I am complaining^{of}, and the requests that I am making to the Department.

In fact, the decision will ultimately rest with you, and, when writing to Mr. Laird, I wanted only the situation to be made known to him, and his assistance, in the matter, to be secured.

I have found this school, financially, in a very precarious condition, and, after all the expenses I have had to undergo for its equipment, I am completely unable to give all the support that would be necessary.

For these reasons, I beg to insist again, besides the two points mentioned in the letter, that the Department would consent to pay off the debt of \$1216.00 which is still extant against the construction of such school.

Waiting for a satisfactory answer, I have the honor to remain,
Honorable Sir,

Your very respectful & obedient servant,

Blackfoot Crossing March 2^d 1901

210569

To the Honorable David Laird,
Indian Commissioner - Winnipeg. Man.

Honorable Sir,

I am writing to you from Blackfoot Crossing and it is only natural that I should dwell on the present condition of the Boarding School there established.

Allow me to say that I have been painfully impressed at the difficulties under which the Institution has been labouring from the beginning. Last year, I had succeeded to obtain that the number of pupils authorized be increased from ten to twenty or even twenty five, if I am not mistaken; but, for some reason that I am unable to suspect, the number has been again reduced to ten.

It is generally supposed that the Department wishes to have the greatest number of Indian children educated. What could prevent them to authorize the admission of all the children that there is some hope of recruiting?

The consequence of having such a limited number of pupils authorized is that the Institution cannot possibly meet the heavy charges entailed by its management, even with the assistance received from other quarters.

We have been obliged to accept some more pupils, for fear of losing them altogether, but it must be acknowledged that there is very little encouragement to take children, who will be left entirely to our own charge, without the usual help from the Department.

There are five (5) such pupils accepted so far, and, with a little more exertions, the number of twenty could have been reached. Is it not reasonable that these five pupils should be authorized, by submitting

To the Honourable.

The Superintendent G. of Indian Affairs
Ottawa.

Honourable Sir,

The Indian Commissioner informs me, by a letter of the 8th inst. that, after he had recommended, both for the present and the next fiscal year, to authorize the admission of 20 Boarders for the Crowfoot Boarding school, on the Blackfoot Reserve, this number has been reduced in Ottawa to 10. And he does not find open for him to make any further effort in that direction.

Now I must inform you that the number of ten pupils has been reached a long time hence, that we have had for many months fifteen boarders in that Crowfoot school, and that we could have secured more, if not for the impossibility of maintaining them.

In consequence I strongly request that the number of admissions for this school, be raised, at least to 30 pupils; because I consider it as a wrong done to us, to authorize only 10 admissions for our school, on so large a Reserve, where we are in presence of the Anglican mission which is authorized to the grant for 40 pupils: 20 boys & 20 girls.

Hoping that so just a request will not meet with any difficulty, I have the honour to remain,

Honourable Sir,

+ Emile J. Legal B. of P.

Your very respectful obedient servant.

To the Honorable Clifford Cotton,
Superintendent of Indian Affairs,
Ottawa.

I must apologise for having been so late,
so much trouble about Indian matters. I will try to day
to be short.

With reference to your letter of the 10th of March concerning
the authority for an increase of admissions to the Crowfoot
Boarding School, on Blackfoot Reserve, I acknowledge having been
mistaken, by taking for your view the argument of the
other side.

I had not received your letter of the 13th of March, when
I wrote mine of the 15th, and I may say that I am perfectly
satisfied with your decision contained in these letters of the 13th
or 10th, viz.: that children, up to the number of 25, will be
entitled to the government grant. And I will postpone to
the time when this number will be completed, to make further
application for a larger number of pupils.

I am happy to say that by calling your personal
attention to a subject, I can feel assured of reaching a final
decision.

I have the honour to remain, Honorable Sir,
your very respectful & obedient servant.

+ Smile J. Legat, Coadj. of St. Albert.

216440

was about \$1216 dollars; it is higher now, on account of the accrued interest; yet I would ask only for the sum of \$1200 dollars, and I would take the responsibility of paying off all what is due.

Besides I am informed that there is a sum of \$400 ⁰⁰/₁₀₀ voted for the current fiscal year, to put up hot air furnace at said school. I would comment that these \$400 ⁰⁰/₁₀₀ be made part of the 1200 that I am asking, postponing, till next year, all improvement to the school, although some are sorely wanted. There would be only \$800 ⁰⁰/₁₀₀ extra to be added to make up the sum.

I hope Honorable Sir, that you will see your way clear to grant my request. Allow me to remind you that this school has had only a few pupils; that we received the grant only for ten pupils even after more were accepted, and consequently we had to assume a heavy part of the burden, to maintain the school at all.

Even after your ruling that we could accept pupils up to 25, the Rev. Father in Charge, writes me that he experiences much difficulty in getting the grant for pupils admitted above the 10 authorized. But I suppose, and I tell him so, that there must be only some delay, as I cannot believe that there could be any difficulty on that respect, after you have given your renewed decision.

So what I ask is? that the \$400 ⁰⁰/₁₀₀, voted for hot air furnace apparatus, be made to cover part of the debt & that a sum of \$800 ⁰⁰/₁₀₀ be added to it from the unexpended grant for Indian schools; and with these \$1200 ⁰⁰/₁₀₀ I take the engagement to pay off the debt on this building, postponing till next year, all improvements wanted.

I have the honour to remain, Honorable Sir,

Your very respectful & obedient servant.

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

216440 Bishop's House

St. Albert July 24/1901

To the Honourable Clifford Sifton
The Superintendent of Indian Affairs
Ottawa.

Honourable Sir,

I have to apologise for requesting so much of your busy time, yet I hope that you will be willing to give to the subject that I want to bring again before you, your personal attention and to settle it satisfactorily.

In a previous letter, dated 26 of January of the present year replying to a communication of mine, in which I had asked the Department to wipe out the debt on the construction of the Blackfoot Boarding School, you pointed out to me that the Department was considering the proposition of paying off the deficit of about \$2,000 ⁰⁰/₁₀₀ on the St. Joseph's Industrial School, and consequently it was doubtful that there could be any money left to pay also the debt at Blackfoot Crossing.

Now, as you are aware, it has been decided not to pay the deficit at the St. Joseph's Industrial School, but only to lend to said school the sum of only \$1,000 ⁰⁰/₁₀₀ refundable in three years.

I come again therefore, and ask that the indebtedness on the Crowfoot Boarding School be paid off by the Department. At this time of the year there are always large sums of money unexpended from the previous vote, and there is a large sum of money, I know, from the vote concerning the St. Joseph's Industrial School itself, and certainly the payment asked for would be easily secured with your consent.

The debt, at the time of my previous letter on the subject, was \$1216 dot.

122754

Department of Indian Affairs,
OTTAWA, 1st August, 1901:-

The Secretary:-

Bishop Legal of St Albert writes under date the 24th ultimo renewing his application for the Department to wipe out the debt incurred by the Roman Catholic authorities in the construction of the Crowfoot Boarding school on the Blackfoot Reserve, amounting to \$1216.00 with interest. His Lordship states that if he is granted \$1200.00 by the Department he will engage to pay off the debt and that he would be willing to take the \$400.00 voted for the purchase of a furnace for this school in part payment and postpone the purchase of a furnace until next year, leaving only \$800.00 to be made up by the Department, which he asks it to pay out of the unexpended balance of last year's vote.

Mr Agent Markle reports under date the 21st ultimo that having been advised by the Commissioner that \$400.00 was voted for a furnace, he has ^{made} already ~~authorized~~ the purchase and arranged to have the furnace put in the school before the cold weather. This disposes of \$400.00 of the \$1200.00 asked for by the Bishop and the remaining \$800 could not now be had out of last year's balance which has lapsed.

Similar applications have been received from the Bishop for this purpose within the past two years which have not been complied with, at first being refused point blank. Mr Oliver M.P. then backed up the Bishop's application, when both he and the Bishop were informed that the Department then had under

Indian Affairs. School Files.
(RG 10, Volume 6348, File 752-1, part 1.)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

under consideration the proposal to pay off the deficit existing in connection with the St Joseph's Industrial school and that therefore it could not entertain their application.

The Department has advanced \$1000.00 to the St Joseph's school by way of loan and His Lordship claims that as it was not a gift outright his claim for recompense for the building of the Crowfoot school still stands good. This is correct from the Bishop's point of view but the Department has never yet recognized his claim.

The Department has already contributed \$2500.00 towards the buildings of this school, which only cost about \$4,500.00 including the \$1200.00 now applied for, -so that it will be seen that the Department has already paid more than half the total cost of the building.

L.J.L.
n.3SCHOOL
SEP 16 1884Bishop's house
St. Albert
Sept 9/84

To the

Secretary of Indian Affairs
Ottawa.

Dear Sir,

With further reference to your letter of the 29th of Aug. No 122/784. Re. the indebtedness of \$1216⁰⁰/₁₀₀ of Crowfoot Boarding school, allow me to say that I am sorry that the Department has not thought proper to follow my suggestion of allowing the \$400⁰⁰/₁₀₀ voted for hot air furnace, go to wipe out ^{part of} the indebtedness, while supplying the balance.

This, of course, I did not ask as an obligation on the part of the Department, but as a favour. Yet I ought to have realized before now that favours go not our way. Consequently the refusal I cannot consider as a wrong done to us; but I have many other sore wrongs to complain of, and I will be the peer to air them the best way I can, & to try to obtain redress by all means that I will judge best fitted for the purpose.

It will be an easy matter to show the discrimination practised ^{against} our Church in all its dealings with the Department, and the constant opposition that we experience everywhere. There comes a time when patience and forbearance are ^{no} ~~not~~ more possible, & besides, they are inconsistent with duty.

To speak only of these missions of Treaty No. 7, how to explain, except on the ground of prejudice and opposition, 1) the difficulty we have experienced to obtain boarding schools while Protestants had been in possession of such schools for

Indian Affairs. School Files.

(RG 10, Volume 6348, File 752-1, part 1.)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

many years? ... 2) The maintenance of only 10 authorized pupils for the Crowfoot Boarding school, while the Protestant have authorized for 50 or 60? ... 3) The maintenance of only 20 authorized children in the Peigan Boarding school, while we have had as many as 28 admitted? But there is also a Protestant Boarding school there, and it is feared that if we are allowed to take as many children as are willing to come, this would interfere with the success of the other school. 4) The easy and compulsory discharge from our Industrial school, even before the children are 18 years old, while, in the Protestant Industrial school, young men are allowed to stay after they are 22 years of age. 5) The easy manner of obtaining the transfer of Catholic children from our schools to Protestant institutions, while it is quite impossible to even obtain the transfer of Catholic children from Protestant schools to our own Catholic schools? &c. &c.

Where to find the explanation of all that is not in the prejudice and opposition entertained against our Catholic institutions? Yet the Secretary of the Indian Department has been able to see lately if our institutions can favorably compare with Protestant institutions of the same kind.

Now allow me to say that not only I am at liberty to publish all these grievances, but moreover I must consider it my duty to do so.

I have the honour to remain,

Dear Sir,

Yours very respectfully,

+ Emily J. Legal Bk. of Post
Coadj. of St. Albert

D.X.H.

Department of Indian Affairs,

OTTAWA, 4th October, 1901

OCT 9 1901

The Secretary:-

Bishop Legal writes under date of the 9th ultimo complaining of undue discrimination against the Roman Catholic schools and favoritism towards similar Protestant institutions. His language is interperate and his arguments are no better than the juror who on being asked why the jury he served on did not arrive at a verdict, replied that "eleven more prejudiced men he never met".

Although all the matters referred to in the Bishop's letter have been dealt with time and again I shall have to go over the ground again so that you may have a just conception of how they stand.

First he complains that his suggestion to utilize the sum of \$400.00 voted for hot air furnaces for the Crowfoot boarding school impartly wiping out the indebtedness on the buildings, was not followed, losing sight of the fact that this amount was placed in the estimates for a specific and much needed purpose and could not be applied in the manner he wishes.

He says that it will be an easy matter to the show discrimination practised against his Church in all its dealings with the Department, and the constant opposition they experience. This statement is wholly incorrect as you will see. There are at present four boarding schools in the Province of Manitoba

with

Indian Affairs. School Files.
(RG 10, Volume 6348, File 752-1, part 1.)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

with a total provision for.....155 pupils
 Of these the two Roman Catholic schools
 have provision for..... 85 pupils
 and the two Protestant schools have.....70 pupils

In the North West Territories there are
 29 boarding schools with a total provision for 1005 pupils
 15 of these schools are Roman Catholic
 institutions with provision for.....577 pupils
 the remaining 14 Protestant schools hav-
 ing provision for.....428 pupils

Four industrial schools are carried on in
 Manitoba with a total provision for.....430 pupils
 Of these one is Roman Catholic with
 provision for110 pupils
 one is Methodist with100 "
 and two Government schools with.....220 "
 which cannot properly be considered as denominational
 schools.

In the North West Territories there are
 six Industrial schools with provision for..710 pupils
 one of these schools is under Government
 control with provision for..... 40 "
 The Roman Catholics have provision for.....345 "
 at two schools, and the three Protestant
 schools have provision for.....325 "

This does not look like undue discrimi-
 nation against the Roman Catholics.

Regarding the alleged difficulty in obtain-
 ing boarding schools in Treaty 7 I may say that the
 census of this treaty shows the total population
 to be.....3633

Protestants.....	888
Roman Catholics.....	248
Pagans.....	2497

Indian Affairs. School Files.
 (RG 10, Volume 6348, File 752-1, part 1.)

PUBLIC ARCHIVES
 ARCHIVES PUBLIQUES
 CANADA

The Roman Catholics are largely in the minority in this Treaty, their adherents being less than one third the number of Protestants. There are 8 boarding schools in this Treaty with provision for.....230 pupils. Of these the Roman Catholics number..... 70 " and the Protestants.....160 "

The Bishop specially calls attention to the provision for Crowfoot school which he states is only 10. This is the number voted for, but the Minister authorized payment up to 25 pupils, which has been made. This school has not been established two years.

Regarding the Church of England boarding school on the Peigan Reserve I beg to say that this denomination was first in the mission field there and having more adherents ~~in fact~~ would be justly entitled to provision for more pupils than the Roman Catholics.

Complaint is also made of the compulsory discharge of industrial school pupils before they are eighteen years old, while in Protestant schools young men are allowed to stay up to 22 years of age. I know of no such discrimination as the rule for the discharge of all pupils at the age of 18 is applied to all schools equally.

As to the manner of procuring the transfer of Protestant children to Roman Catholic schools, and vice versa, the Bishop evidently has in mind the case of the Lachappelle children, whom he endeavored to have removed from the Church of England to the Roman Catholic boarding school on the Blood Reserve, the application

Indian Affairs. School Files.
(RG 10, Volume 6348, File 752-1, part 1.)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

application having been refused by the Commissioner who was specially authorized to deal with the case.

If a comparison of the expenditure on Roman Catholic and Protestant institutions were gone into, it would show that the former had received the lion's share.

In conclusion I beg to submit a comparative statement of the census of Manitoba and the North-West Territories, showing the total population by religions:-

Manitoba, total population.....	6754
Protestants.....	4488
Roman Catholics.....	997
Pagans.....	1269
North-West Territories population.....	17714
Protestants.....	5503
Roman Catholics.....	3192
Pagans.....	5696
Unknown religions.....	3323

Schools
why we
account

Sir,

I beg to inform you that acting under instructions from the Superintendent General the Department arranged in ~~March last~~ ^{March last} for payment at the per capita rate for pupils up to the number of twenty five at the Roman Catholic Boarding School on the Blackfoot Reserve. Through an over-sight you were not advised of this arrangement at the time. Payment has been made, as you are aware, for the full number of pupils in attendance. It is possible, however, to pay up to 25, should that number be admitted. Provision for the additional outlay was not specially made in the Estimates, but the Department will be able to meet the outlay out of the General School Vote. *You may accordingly authorize an amount at this school up to the number mentioned above - 25.*

I have the honour to be,

Sir,

Your obedient servant.

Secretary.

The Hon. B. Laird,

Indian Commissioner,

Winnipeg, Man.

Feb 20 1903

To the Honourable
The Superintendent General of Indian Affairs.
Ottawa.

Honourable Sir,

I take the liberty to forward again to the Dept.
the inclosed account, that I receive, from time to time, from
the 'Eau Claire & Bow River Lumber Co.' Calgary, for lumber
supplied, in 1899, for the erection of the Boarding school
at Blackfoot Crossing.

As you may notice the interest is increasing considerably.
As stated, in former occasions, I have borne a large part
of the expenses connected with the erection of that school
and considering what the Dept. has done for similar
schools, I think that the amount should be paid by
the Department.

There are other smaller accounts, one going up beyond
the hundred dollars, that I refrain to present just now,
and that I would consent to pay if this one should
be settled.

Hoping that you will see your way of doing so
I remain,

Honourable Sir,

Your very respectful & obedient servant
+ Emile J. Segal, B.E. of S. A.
Ottawa.

Dept. of Indian Affairs,
Ottawa, 9th March, 1903.

Memorandum:-

Dept cannot pay further

With reference to the account submitted by His Lordship the Bishop of St. Albert for lumber supplied for the Blackfoot Indian Reserve, Gleichen, in June, 1899, amounting to \$1219.10 in favour of the "Eau Claire & Bow River Lumber Co," I beg to say that his Lordship has applied for payment of this account on several occasions, as you will see from the memoranda turned out hereunder. This material is said to have been used in the construction of the ~~Crowsnest~~ Boarding-school and on this ground His Lordship considers that the Department should pay the account. The Department, however, considers that as it has met its agreement with the Church authorities in connection with the direction of the buildings for this school that it should not be called upon to contribute anything further for this purpose. The Department's contribution amounted to \$2500.00 for buildings, which is more than half of the cost.

The usual practice of the Department in regard to assistance to boarding-schools has been to afford assistance to the extent of one-half the initial outlay and furnish funds to provide for the maintenance of the number of pupils agreed upon. There its responsibility ceases. Bishop Legal is well aware of this practice and it is only through persistence that he hopes to change its ruling.

My Lord :-

I have the honour to acknowledge the receipt of Your Lordship's letter of the 20th ult., inclosing an account amounting with interest to \$1219.10 from the 'Eau Claire & Bow River Lumber Company' for lumber supplied for the erection of the boarding-school at Blackfoot Crossing (Crowfoot).

In reply I beg to inform Your Lordship that the Department regrets that it cannot grant further aid to the Crowfoot School.

I have the honour to be,

Your Lordship's most obedient servant,

FRANK PEDLEY

Deputy Superintendent General
of Indian Affairs.

His Lordship,

Bishop Emile J. Legal,

127784-1
Crowfoot Boarding School, Gleichen, Alta,
Dec. 16th 1908

334846

Honourable Frank Oliver,
Superintendent General of Indian Affairs, Ottawa,

Honourable Sir,

I beg to respectfully draw your attention upon our situation as it is in the present time. I have found that on July 1st 1906, this school had already 33 pupils and was paid only for 30. Since then many more children came and, as the grant remained the same, we had to discharge some of the older ones last winter, being not able to keep so many children unpaid for.

However, about the same time, I was confidentially told by the Indian Commissioner that provision was being made for 40 pupils instead of 30, and consequently, relying upon that promise I kept on receiving all the children presented by their parents. I must hurry to add that after all I could not do otherwise. But the said increase has not been granted and to-day we are still paid for 30 only: therefore I made a new application for a grant of 45, - I should have put 50 to be on the same footing as Old Sun's school, - and I hope that this time my request will be complied with.

But in the mean time we are running into debt more and more: we have already 42 children and 5 or 6 more are promised for Christmas. The department might object to our harboring children over the number provided for, but I beg to say that to refuse children offered by their parents would be

Indian Affairs. School Files.
(RG 10, Volume 6348, File 752-1, part 1.)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

334846

the ruin of our recruiting: the Indians are not equally ready at all times to put their children in school and we must take every chance of profiting from their casual good-will.

Then the department might suggest to transfer some of our pupils to Dunbow industrial school: this indeed would relieve us to some extent and in the same time help that institution, but I regret to say that we should have the agreement of the Indians before doing that transfer and unfortunately all our efforts on that matter did not have any result.

Therefore, Honourable Sir, I dare to apply to yourself in our urgent need: could not the Indian Department give us an extra-grant even from now for all our pupils, - out of the unspent money, viz: Old Sun's school is paid for 50 and had only 35 on April 17, 1907; St. Joseph's Industrial School has a grant for 120 and had only 70 on the same date.

I feel confident, honourable sir, you will realize our situation and kindly do all in your power to help us.

Thanking you by anticipation and begging pardon for all the trouble and wishing you a merry Christmas and a happy new year, I have the honour to be, sir, your faithful and devoted servant,

J. L. Levern, o.m.c. pr.

Ottawa, January 7, 1909.

The Deputy Supt. General,-

With reference to the application made by the Rev. Father Levern for an increase in pupilage at the Crowfoot school I beg to say that he is correct in stating that the number now paid for is limited to 30 and the returns received from the school show that last year they had an average enrolment of 34 and last quarter there were 39 on the roll.

There is nothing on file to show that the Commissioner promised him 40 pupils. Mr. Paget, who visited the school, reports that he found it well conducted and neat and clean in every respect, but the dormitories were too small and without proper ventilation. There were 32 pupils in attendance when he was there, all neatly dressed and looking clean and healthy. Unless additional dormitory accommodation was provided, 30 pupils seems to be the maximum number they can take. There is an attic that might be converted into a dormitory and Mr. Paget recommends that this should be done to relieve the congestion, but he makes no recommendation for increased pupilage, even if additional dormitory space was provided.

The Commissioner in his last draft estimates makes provision for 40 pupils, but the Departmental estimates leave the number at 30, which is all they can accommodate with due regard to the pupils' health.

if

Indian Affairs. School Files.
(RG 10, Volume 6348, File 752-1, part 1.)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

If Father Levern's application is entertained, more sleeping accommodation would be needed. In fact, from Mr. Paget's report it would appear to be necessary for the number now voted. I think an effort should be made to obtain the consent of the parents to transfer some of the pupils to the St. Joseph's Industrial School, which would relieve the congestion at Crowfoot.

to H. J. G. G. G.

Superintendent of Indian Affairs

Ottawa

Saint-Albert, Alta,

April 9 1909

Honourable Sir,

Allow me to ask you to be kind enough as to look into the matter of the number of pupils receiving government grant, at the Crowfoot Catholic Boarding School (Blackfoot Crossing).

Application was ^{made} as early as July 1907, to have that number increased from 30 to 40. The official answer came back stating that, after the current year, 40 pupils would receive the grant.

Accordingly over 40 pupils were admitted, but in April 1908, it was declared that the grant could not be paid.

During the year, Sept. 1908, W. Paget, from the Ind. Dep., paid a visit to the school in the course of which he promised that this state of affairs would be soon remedied.

Yet a letter of March 18/1909, signed L. D. McLean, declares that there is no available money for the purpose of paying the grant.

Now, Honourable Sir, you may easily perceive that this is neither fair nor reasonable. As to make up the amount needed, it is plain that it can be easily be made up from other unexpended grants; viz. ^{from} the surplus of the money voted for the maintenance of pupils at Dumbow Industrial School, whose number is not complete at present.

I hope therefore that this matter will be promptly settled, that the Department will abide by its former promise. I ask even 1) that the number of pupils authorized be raised from 30 to 50,

Indian Affairs. School Files.
(RG 10, Volume 6348, File 752-1, part 1.)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

as there are already over 40 pupils admitted, exactly ~~the~~ and
others have been refused admittance for lack of means to support
them; 2) That the grant be paid, at the end of the present fiscal
year, for all the pupils maintained during this year.

And I will remain, Honourable Sir,

your very obliged and respectful servant

Emile J. Legal, Bp. of St. Albut.

MEMORANDUM

Deputy Superintendent General.

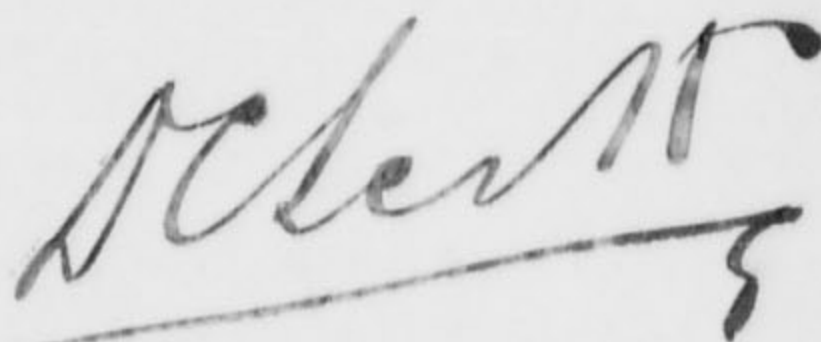

Before dealing with Bishop Legal's application for an increased pupilage grant for the Crowfoot Boarding School on the Blackfoot Reserve, I would like to site a few facts with reference to the School.

It was established in the year 1900. The Department contributed \$2500.00 toward the building. From the day of its opening to the 31st. of March 1909 \$13,111.00 was spent in per capita grant. From a report received a day or two ago, prepared by the School, it is shown that there are 28 boys and 16 girls in residence, a total of 44. 8 discharged pupils are now living; presumably on the Reserve. 8 pupils have died, 7 died in the school and 1, two months after discharge. This is what we have to show for an expenditure of \$15,611.00. The outlook for the remaining pupils in attendance is not very bright and there is very little hope that the graduates of the School will attain to maturity and be able to exercise any civilizing influence. Of 39 pupils examined by Dr. Lafferty 22 are affected with tuberculosis of the lungs. In the face of these facts, how could the Department meet

Indian Affairs. School Files.
(RG 10, Volume 6348, File 752-1, part 1.)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

the Bishop's request? The accomodation at the School is inadequate for the number of pupils in residence, and the unhealthy pupils should be discharged. I cannot under the circumstances recommend any increase in pupilage. There is nothing of record in our papers to show that the Indian Commissioner promised 40 pupils, and during Mr. Paget's visit to the School he made no promises of any kind.

Chief Accountant.

Ottawa, May 18, 1909.

Mr. Scott : -

With reference to your memorandum of the 23rd ultimo, regarding Rev. Bishop Legal's application for increased pupilage for the Crowfoot boarding school, Blackfoot reserve, will you kindly take steps to ascertain what number of pupils this school can reasonably accommodate. It is proposed (of course this is not to be mentioned in your letter) to grant according to accommodation up to 40.

Ottawa, May 19th., 1909.

MEMORANDUM:

Deputy Superintendent General.

I hardly think it will be necessary to ask for the information sought in your memorandum of May 18th because we are now in possession of the full facts here. The school has 43 pupils in residence, 27 boys and 16 girls. There is sufficient accommodation for the girls but the boys dormitory is too small. It has been proposed to fit up the attic as a dormitory and allow some of the boys to sleep there. It will cost us about \$275.00 to make this alteration and the money is provided in the Estimates; so that if it is thought advisable to pay for 40 pupils, we could carry out the proposed expenditure to give more accommodation and provide the increase in pupilage from the General Vote.

I think it well to quote from Insp. Markle's last report on this School, as follows:- "If a greater number of children are accepted into this School than are now enrolled it will be necessary to provide another teacher and a class room too. The class room now in use is not too large for about 24 pupils and, anyway, justice cannot be done to 40 pupils by one teacher. There is an available room for class purposes in the westerly wing. A few more forms,

Indian Affairs. School Files.

+ Crowfoot Boarding School, Chumy, Alta, July 22^d 1909,

J. H. Gooderham, Indian Agent, Gleichen,

347713

Dear Sir,

I dare to ^{ask} you to be kind enough to send to the Indian Department this new application for a larger grant, - 40 instead of 30, - to be paid ^{from the beginning of the} present quarter. The reasons for this application have been explained several times, viz. my letters of July 12, 1907, Dec. 19, 1907, Nov. 23, 1908, to the Indian Commissioner; Dec. 16, 1908, to the Hon. Frank Oliver, etc. and I believe it is useless to repeat them.

Let it suffice to say it cannot be objected that our school cannot give accommodation for over 30 children: the attic, - which could not be used so far because it was not finished, - is now completed with the kind assistance of the Department, and we have now plenty of room for 50 children at least.

Consequently I beg to renew my application and I hope that from the first of this month we will be paid for 40 pupils.

Begging pardon for all the trouble and thanking you for the great interest you take in the success of our school, I remain,

Dear Sir,

Yours sincerely,

J. L. Leverm, o.m.c., pr

FARMERS SHOULD MAKE DEFINITE PROPOSITION

The question of a produce market and a weekly market day in Pincher Creek was brought up before the council a few weeks ago by E. G. Ambrose and the market and town property committee was instructed by Mayor Dobbie to delve into the matter and bring in a report to the council.

This committee, through Alderman Harwood, now reports that a building can be secured at a reasonable rental, but the whole question seems to rest just there because the council apparently has no tang.

It is all very well should. But here's

PRACTICAL DEMONSTRATION OF FORCE OF HABIT

Before the days of the steam engine or the gas engine on the farm, the Canadian agriculturalist had to rely almost entirely upon the horse for power as well as transportation purposes. And the horses used on these primitive machines became so accustomed to their work that frequently they would turn a horse-power for hours at a time without requiring even a word from the farmer. Tramping around in a circle became a veritable habit with these animals. Indeed, the story is told of a certain horse which, becoming too old for further use, was turned loose in the pasture field to spend his remaining days in ease. But so firmly had the force of habit gripped this superannuated nag that he would spend hours tramping around in a circle—just as he had done for years on the horse-power. He simply couldn't break away from his old habit.

The above is an illustration of the force of habit which most of us can easily understand. But here is a similar practical demonstration which cannot be comprehended by men who are sane and at all progressive.

In the early days here in the West, especially after the advent of the railway, it was considered impossible to have any kind of a public demonstration or celebration without cowboys and Indians. In fact there was nothing else much in the country. This condition of affairs perforce continued until rapid settlement of the broad prairies began. And as the march of civilization and modernism advanced, so the old order of things was forced into the background until today nobody, but a tenderfoot thinks about the Indian or the old time blood-and-thunder cowboy. And still, like the old horse referred to, some towns and communities cannot shake off the force of habit.

Under this head we will publish communications on all public questions, but we will not accept responsibility for any of the writers' statements. Correspondents must write over their own signatures.—Editor.

The Indian Question

To the Editor of The Echo:

Dear Sir,—I beg to thank you for the decided manner in which you have opposed the way our Indians are used to make sport for the white man, and to bring money to his towns by parading them on the streets. I have the strongest testimony from many missionaries working among them, as well as from government officials striving to teach them to farm and support themselves, that these parades and visits to the white man's shows, races, etc., hinder the best efforts to raise and teach the Indian, and tend to keep him in his native savagery. They leave their fields untilled, their hay uncut, tempted from town to town by an easier, but less honorable way of making money. The government should watch over its wards in this matter, and see that the country's money spent on their uplifting is not wasted.

Cowley,
June 3, 1912.

Yours truly,

by the farmers themselves in the manner

ids, the smaller the better.

These are points on which the Macleod people can easily satisfy themselves if they care to be honest about it. But the welfare of the Indian seems to be no concern of theirs—never was. Macleod has revelled in the remaining traces of savagery, the humiliation and degradation of those Indians for years, so much so indeed that they parade them on the streets every time they get the least excuse for doing so. Certain Macleod citizens have also obtained considerable wealth through grazing leases obtained on the nearby reserves for next to nothing—and now they brazenly seek the very land itself.

All this has been going on behind the scenes as it were. But in all western Canada at the present time Macleod is the only town which persists in clinging to old ideas and fossilized notions about the Indians and meddling in Indian affairs, and consequently their every move in that direction is carefully scrutinized by those who believe that even an Indian should be accorded British fair play, and when it comes to a show-down in the matter above referred to Macleod is likely to get a real surprise.

It might be feasible to have that 1887 treaty amended somewhat so that a small portion of the Peigan reserve could be opened for settlement, say 40 or 50 sections along the south side. That, we admit, might be feasible if the Indians were willing. But to open up the whole reserve—never, not while there is an Indian left to claim any of it.

"MADE-IN-CANADA" TRAIN VERY ENCOURAGING TO FARMERS

There is a "made-in-Canada" train going up and down western Canada at the present time which is naturally attracting a great deal of attention. This train is filled exclusively with goods manufactured in Canada. But while it is being described as a splendid advertisement for

PRACTICAL DEMONSTRATION OF FORCE OF HABIT

Before the days of the steam engine or the gas engine on the farm, the Canadian agriculturalist had to rely almost entirely upon the horse for power as well as transportation purposes. And the horses used on these primitive machines became so accustomed to their work that frequently they would turn a horse-power for hours at a time without requiring even a word from the farmer. Tramping around in a circle became a veritable habit with these animals. Indeed the story is told of a certain horse which, becoming too old for further use, was turned loose in the pasture field to spend his remaining days in ease. But so firmly had the force of habit gripped this superannuated nag that he would spend hours tramping around in a circle—just as he had done for years on the horse-power. He simply couldn't break away from his old habit.

The above is an illustration of the force of habit which most of us can easily understand. But here is a similar practical demonstration which cannot be comprehended by men who are sane and at all progressive.

In the early days here in the West, especially after the advent of the railway, it was considered impossible to have any kind of a public demonstration or celebration without cowboys and Indians. In fact there was nothing else much in the country. This condition of affairs perforce continued until rapid settlement of the broad prairies began. And as the march of civilization and modernism advanced, so the old order of things was forced into the background until today nobody but a tenderfoot thinks about the Indian or the old time blood-and-thunder cowboy. And still, like the old horse referred to, some towns and communities cannot shake off the force of habit.

Take Macleod for instance.

Those people seem to have the idea that the Indian is an absolute necessity in all public celebrations. They cannot get away from the primitive. They have a high priced publicity commissioner over there and a board of trade as well. Yet with these modern "conveniences," shall we call them, the Indian and his belongings occupy a position of increasing prominence in that town.

First, they wanted an Indian parade, but were partly forced and partly shamed into abandoning that antiquated idea. Now they have broken out in a new place. They want to pack the Peigan Indians off, bag and baggage, and squa them down on a portion of the Blood reserve, thus leaving the Peigan reserve available for settlement. That would certainly be a splendid thing—for Macleod. But what about the Peigan Indian? He has prior rights and his claim must be considered first.

In the first place the Peigan reserve contains less land than the 450 Indians thereon are actually entitled to under the treaty of 1887. In the second place, taking the provisions of that same treaty as a basis, there is not sufficient room on the Blood reserve for these Peigans. In the third place, it would be an utter impossibility to put two tribes on one reserve. And again, every Indian educationalist and missionary in the country will agree with us that the best method of dealing with Indians is to keep them in small

which are favorable to the
the funds to provide it.
by the farmers themselves in the manner

ids, the smaller the better.

These are points on which the Macleod people can easily satisfy themselves if they care to be honest about it. But the welfare of the Indian seems to be no concern of theirs—never was. Macleod has revelled in the remaining traces of savagery, the humiliation and degradation of those Indians for years, so much so indeed that they parade them on the streets every time they get the least excuse for doing so. Certain Macleod citizens have also obtained considerable wealth through grazing leases obtained on the nearby reserves for next to nothing—and now they brazenly seek the very land itself.

All this has been going on behind the scenes as it were. But in all western Canada at the present time Macleod is the only town which persists in clinging to old ideas and fossilized notions about the Indians and meddling in Indian affairs, and consequently their every move in that direction is carefully scrutinized by those who believe that even an Indian should be accorded British fair play, and when it comes to a show-down in the matter above referred to Macleod is likely to get a real surprise.

It might be feasible to have that 1887 treaty amended somewhat so that a small portion of the Peigan reserve could be opened for settlement, say 40 or 50 sections along the south side. That, we admit, might be feasible if the Indians were willing. But to open up the whole reserve—never, not while there is an Indian left to claim any of it.

"MADE-IN-CANADA" TRAIN VERY ENCOURAGING TO FARMERS

There is a "made-in-Canada" train going up and down western Canada at the present time which is naturally attracting a great deal of attention. This train is filled exclusively with goods manufactured in Canada. But while it is being described as a splendid advertisement for the country by the press generally, it really is the biggest hoax that has been perpetrated in this country for some time. The whole scheme is engineered by the Canadian Manufacturers' Association, one of the members of which was indiscreet enough in Toronto the other day to remark that "this train would do much to rid the western farmer of his low tariff or free trade idea."

It will, eh!

Not while the western farmer has to pay \$8.00 more for a binder than the same machine can be purchased in England or Australia for; not while a Canadian-made wagon costs the western farmer \$10.00 more than the American farmer has to pay for the same vehicle; not while the Cockshutt people are selling plows to Americans cheaper than to Canadians. Not much.

The only good feature about this "Made-in-Canada" train is the fact that it acts as a sort of thermometer and shows the western farmer just about how badly he has the high tariff people buffaloed. If the Manufacturers' Association was not seriously alarmed over the growing prestige of the western farmers, with their U. F. A., etc., it would never in the world go to the trouble or expense of fitting out such a train.

Yes! Looked at from that standpoint, the "Made-in-Canada" train should greatly cheer and encourage the western farmer.

Keep on organizing.

Ottawa, November 6, 1913.

Rev. Sir,-

In reply to that portion of your letter of the 31st ultimo in which you ask that the Roman Catholic Indian Boarding School on the Crowfoot Reserve should be called "R. C. Indian Boarding School" and not Crowfoot, that being the name of the C. P. R. station nine miles east of there, I beg to say that the Department does not approve of giving this school the name of "R.C. Indian Boarding School". As there are a number of other Roman Catholic schools in the west, it is necessary to give each one some distinctive name and, as Crowfoot has been in use for some years, it is thought well to adhere to it.

Honorable D. G. Scott, Deputy
Superintendent of Indian Affairs,
Ottawa.

H. H. H.

Honorable Sir,

In spite of all our savings and economies I realize, that through the failure of our crops and gardenings which were a great help to us in the keeping of our School, I have to meet with great expenses this year, which makes it very hard for me.

I humbly lay the case before you and your devoted Counsellors, begging your kindness to grant us, if possible with a supply of Flour for the year. Our usual spending is 150 sacks.

Wishing to assure you of my sincere gratitude and trusting in a favorable reply.
I remain,

Yours respectfully,

Sister Eye.

Dear Madam -

I have to acknowledge the receipt of your letter of the 5th inst., in which you ask the Department to assist the school financially by way of purchasing flour.

In reply I would state that it is the intention of the Hon. the Superintendent General to consider the whole question of Indian Education when he is dealing with the Supplementary Estimates for the next fiscal year. I do not think it would be possible to give special aid to any school owing to its present financial position. I think our policy will be to treat all schools alike.

Yours very truly,

MEMORANDUM:

547036

Honourable Sir James Lougheed.

INCLs.

I beg to send herewith important reports from the Indian Commissioner and Doctor F. A. Corbett, of Regina.

When I was in Regina last summer I had an interview with Doctor Corbett, and it was arranged that he should make these inspections. Doctor Corbett is greatly interested in the welfare of the Indians, and his report justifies the inspection.

I regret extremely that it is possible to draw such a comparison between the Protestant and Roman Catholic schools. The Crowfoot, Ermineskin's and St. Albert schools are all conducted by the Roman Catholic Church, and the Old Sun's and Sarssee are conducted by the Church of England. The comparison does not hold good over the whole field, however, as we have excellent Protestant schools in other parts of the country. The Anglican schools in the diocese of Calgary have always unfortunately been badly managed.

The conditions at the Old Sun's school are disgraceful, and the principal and medical attendant are worthy of serious censure for allowing such health conditions to exist.

As you are personally aware of the general conditions at the Sarssee reserve, this additional information with reference to the school and the Indians there will be of special interest. If this band is to be saved at all we must take vigorous measures and I would propose to turn the school into a hospital and to treat the whole reserve as a hospital area. These Indians have a large reserve and more of it should be turned into cash as soon as possible and used for their benefit, and the funds we have on hand should be fully used.

It would be advantageous if Doctor Corbett could continue his inspections and visit all our reserves and schools, but as he has a large practice in Regina, I do not think we could expect him to spend the necessary time in making inspectorial visits.

I should like to discuss these matters with you.

Duncan C. Scott,

Deputy Superintendent General.

I was particularly pleased at what I saw at the Crowfoot School. The building is large, airy and well lighted. The Dormitories were in excellent shape. The beds clean and comfortable; the classrooms large and well ventilated; and above all, the children looked the very picture of health. They were clean and well clad. There was nothing in the whole Institution, that a person looking for trouble, could find fault with. In fact I can say nothing but praise for the school, for such it deserves.

CROWFOOT SCHOOL. CLUNY.

Here we find 30 girls and 40 boys housed in a building that is thoroughly up to date and modern in every particular. Though this school is only seven miles from the Old Sun School the contrast is most marked, and exemplifies what may be accomplished with the same people under different school conditions. Here all the pupils are fully up to a high standard of health and appearance. They are plainly well fed and clothed, clean and wholesome, standing erect and soldierly, strong and vigorous and would compare well with the children of any school. Gross evidence of tuberculosis was almost absent. One child in the 70 showing any scrofulous sore on the neck, and that child in good general condition, one side of the neck having been completely healed and the affected side now healing nicely. Another boy is noticed to be somewhat anemic but examination of his lungs shows no active disease present. Both these children are young and are late arrivals in the school. There is little doubt that they will become quite well under the ordinary treatment of the school. Here any children below par are specially fed with milk and eggs between meals and sleep out on the roomy balcony on the south side of the building and make speedy recovery.

One older girl has a tubercular gland on one side of the neck, which it would be well to have removed before she goes to take up the duties of a home. During her stay in the school, the good treatment she has received has kept the trouble under control and prevented its spread but only the removal of the gland can insure

Indian Affairs. School Files.
(RG 10, Volume 6348, File 752-1, part 1.)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

her safety once she is removed from the wholesome surroundings of this most excellent school.

The childrens eyes are well cared for, and though a few cases of ancient trachoma are found, they are all cured so far as it is possible and are not at present a mēance to the children themselves or their fellows.

The teeth are all in good condition and no evidence of enlarged tonsils or adenoids found. Neither are there any suppurating ears or skin diseases present. One boy requires glasses and the sisters have arranged that these shall be supplied.

For the number of inmates in the school at present, the building itself leaves but little to be desired, and in favour of the administration too much praise cannot be given. Every part is kept most scrupulously clean and sanitary. The woodwork and floors are varnished and polished allowing no possible lodgment for dust or dirt.

The dormitories are roomy, well lighted and ventilated and open upon wide balconies to the south which are used for sleeping balconies and would be used much more if they were provided with proper screening.

The cloak rooms are a perfect model of neatness and cleanliness the apparel of each pupil being clean and neatly folded and kept in a separate locker. The Halls, corridors, and classrooms especially the desks in the class rooms are in a state so perfect that it seems difficult to believe they have been in constant use for six years.

There is a pleasing infirmary for the girls and one for the boys and a well filled and spotless pharmacy insures the sick of all necessary aids to recovery.

Indian Affairs. School Files.
(RG 10, Volume 6348, File 752-1, part 1.)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

The outbuildings and grounds are sanitary and attractive and a well kept garden gives wholesome outdoor occupation for many of the children. The whole air of the school breathes care and cleanliness and I doubt if another school could be found in Canada that could equal and I am sure none could surpass this school in its thorough neatness and in preservation of the original state of its equipment.

OK
I find that Indians have always used horses as their medium of exchange and even to this day they have not been taught that this is the wrong medium and it has been the cause of unprofitable and unnecessary purchases of horses from white men. The schools must teach the boys that this medium must be dispensed with and supplanted by the dollar and that the value of the dollar as a purchasing agent must be clearly understood.

In regard to the girls, I do not think that they get the training which fits them to run a house after they are discharged. Girls work in the kitchen of the school but it is next to impossible to teach them to cook under the existing system; they do the scullery work and watch some white person do the cooking, - this will never make a cook of an Indian girl. Advancement of the Indian depends a very great deal on the ability of the girl to keep a good house and be a good cook. I, therefore, advocate that facilities for cooking lessons be made in the schools and that this be the first consideration in the education of the girls. Crowfoot staff do what they can but I am satisfied that 75% of the girls in this school, as well as others, are discharged without a practical knowledge of the very thing they should know.

Have asked that more attention be given to this phase of their education.

G.H. Gooderham,

Agent

Ottawa, February 17, 1921.

Sir,-

I have to acknowledge the receipt of your report for the month of January on the Crowfoot Boarding School.

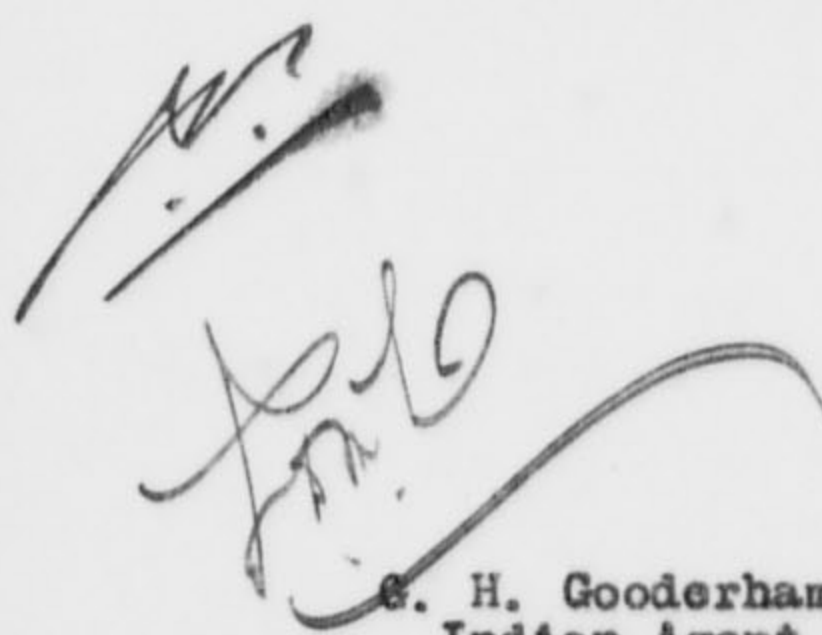

The school authorities should instruct the boys regarding the system of currency in use and the proper value of the same in the making of purchases.

Arrangements should also be made to allow the girls to have practical experience in cooking, it not being sufficient that they should watch others in the work and not be given the opportunity to perform this work themselves. They should also be instructed fully along practical lines in all matters of household and domestic work and a certain amount of such duties should be given to each of the older girls to do themselves under proper instruction.

You should bring these matters to the attention of the school authorities.

Your obedient servant,

J. D. McLean

548918

Sir: -

Reference your letter of the 17th inst: file # 104 - 2 - 1, I have given the schools instructions to teach the girls practical housekeeping with particular training in cooking and sewing.

This is being followed but the facilities and grant per pupil, is not sufficient to properly ~~be~~ carry out the work.

Practical cooking and sewing should have first place in the education of an Indian girl, and to properly teach these things, a special kitchen should be provided, and sufficient extra money granted to operate it.

Agriculture and Domestic Science schools ~~x~~ supply these for the white girls, and I am sure the Indian girl need the training far more than the ~~white~~ white girl.

In the education of the Indian the home must be the first place to get an improvement otherwise the English, Arithmetic, Etc, which these children learn is of little good.

Therefore, Sir, I would ask that assistance be given the schools to develop a good cooking and sewing dept:

Your obedient servant,

Indian Agent.

and found all in good order, and the children
healthy

Progressive work along the right line is
being given to the boys, and to the girls.

There is but one thing that does not
insure the best results, and that is the fact
that a French speaking teacher with a limited
knowledge of English, and not the best accent
cannot teach English to the best advantage.

I would say that the Catholic Church
should try to pick their teachers from their
English speaking people.

The roll showed 35 boys and 29 girls.

104-2-1

Ottawa, March 10, 1921.

Rev. Sir-

The attention of the Department has been drawn to the work being performed by one of the teachers in the classroom at the Crowfoot Boarding School. This teacher is French speaking, with a limited knowledge of English and cannot teach English to the best advantage.

Regarding this matter I beg to draw your attention to the agreement relating to the maintenance and management of Indian boarding schools whereby it is stipulated that no teacher or instructor is to be employed unless able to converse with the pupils under his or her charge in English and able to speak and write the English language fluently and correctly. The Department desires that the teachers employed be capable of teaching and speaking the English language.

This matter is being drawn to your attention and you should see that teachers capable of instructing the pupils in the English language are employed.

Your obedient servant,

J. D. McLean
Asst. Deputy and Secretary.

Rev. J. Riou, O.M.I.,

Crowfoot Boarding School, Calgary, P.O. Alta

March 15th/1921

To
The Secretary, Dept. Indian Affairs
Ottawa.

549912

Dear Sir,

I beg to acknowledge receipt of your letter of the 10th inst.
N^o 104-2-1 re teacher in class room at the Crowfoot Boarding
School and in reply must manifest my surprise at the remark made
there must be a mistake somewhere, or we are not to believe
any more the reports of the Inspectors of our class rooms work.

We have 2 female teachers for class room work in this Board-
ing School, the one an American born has a twenty
years teaching record to her credit, she has been over 6
years teaching in this school and I have never heard
any complaint against her way of teaching.

The other is younger but has been here over 4 years teaching
class room work. This teacher is a Canadian born, French
speaking, but speaks and writes the English language,
fluently and correctly. She can certainly teach English
as well and better than many English speaking teacher.

I was present at the examinations July 1920, where
our Indian Agent M^r. Geo. Gooderham could not give enough
praise to teacher and pupils for work done during the year.

Although I was not here at the last inspection of M^r. Markle
I am sure he gave a good report of this school.

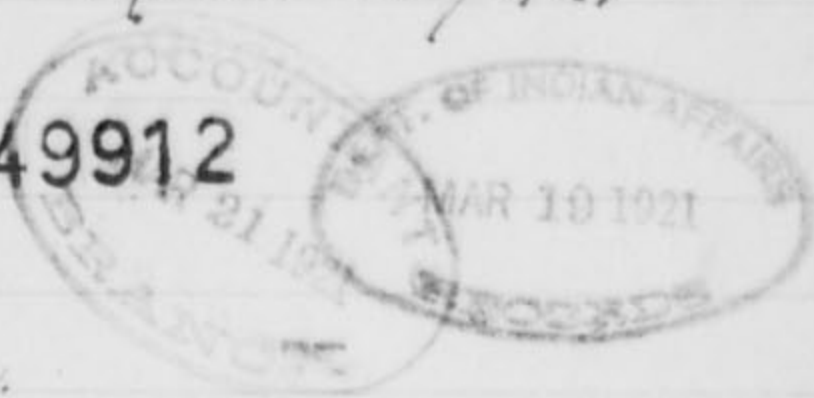

I thank you, dear Sir, for drawing this matter to
my attention as it will enable me to clear out the
bad impressions produced on the Indian Department
concerning this school. For 20 years that this Boarding School
has been open, we have had from our Inspectors the best
references in regard to teachers and pupils and I am
anxious to further its good name in that respect.

Hoping for further light on this subject

I am dear Sir,

Your obedient servant

J. R. Rios
Principal

Ottawa, March 22, 1921.

Sir,-

In your report on your inspection of the Crowfoot Boarding School for the month of February, last, you stated as follows,-"There is but one thing that does not insure the best results, and that is the fact that a French speaking teacher with a limited knowledge of English and not the best accent cannot teach English to the best advantage. I would say that the Catholic Church should try to pick their teachers from their English speaking people."

The attention of the Principal was drawn to this matter, and it was pointed out to him that, under the Agreement relating to the Maintenance and Management of Indian Boarding Schools, no teacher or instructor is to be employed unless able to converse with the pupils under his or her charge in English and able to speak and write the English language fluently and correctly, and that the Department desires that the teachers employed be capable of teaching and speaking the English language.

In a reply from the Principal, dated the 15th instant, he states that, of the two female teachers employed, one is an American with twenty years' teaching record to her credit and she has been six years in the school. The other, while a French Canadian, has been four years teaching in the school and speaks and writes the English language fluently and correctly and can certainly teach English as well and better than many English speaking teachers and he states that this is the first complaint he has ever received regarding her work. I am forwarding this for your information.

MEMORANDUM:

MR. J. D. MCLEAN -

The attached letters were handed to the Honourable the Minister by Bishop McNally of Calgary. They refer to a number of matters upon which the Minister wishes to be advised. Kindly return them with your remarks.

Bishop McNally also spoke to the Minister with reference to the lack of baths and sanitary arrangements in connection with the School Buildings on the Blood Reserve. Kindly let the Minister have some information in this connection as well.

MEMORANDUM:

Acting Deputy Superintendent General.

With reference to the attached letters which were handed to The Honourable The Minister by Bishop McNally, of Calgary, I beg to say regarding the request made by the Principal of the Crowfoot Boarding School:

- (1) That authorization be granted by the Department to erect a separate building on the Crowfoot School premises for the purpose of educating the Catholic children of the Cluny Parish. In support of his request he states that authority has been granted by the Department in other places and mentions especially that this was done at Delmas, Sask. (Thunderchild's Boarding School). The Crowfoot Boarding School is located on an Indian Reserve, while the Boarding School at Delmas is situated off the Reserve on land owned by the Sisters of the Assumption. There is no correspondence to show that they have provided a building for teaching accommodation for the children of the Parish. As the Boarding School at Delmas is the property of the Church Authorities, who own the building and site, the circumstances are different from those at Crowfoot where the land and school are the property of the Department and were set aside for Indian School purposes. There is no record of any authority having been granted at any school located on a Reserve to erect a building in which to teach children of the Parish.
- (3) Regarding the Principal's request for more land, I beg to say the present site consists of $\frac{1}{4}$ Section 32, Township 21, Range 21, part of the Blackfoot Reserve set aside for school purposes. In March, 1918, Inspector Markle stated that the present site of 160 acres is too limited an area for school and mission purposes. He reported that the adjacent land was all occupied and fenced by individual Indians, and consequently the livestock of the school must be kept and pastured within the 160 acres. The Inspector stated that the north east quarter of the same section on which the school is located could be obtained in exchange for another section from an Indian named Catface. This Indian intended to abandon this quarter section, and the Inspector recommended that 40 acres of the same be loaned to the school, which he stated would be sufficient providing arrangements could be made with the owner for another section in exchange. Nothing further seems to have been done in the matter.
- (4) Regarding the building of an implement shed; an item of \$750.00 was included in the estimates prepared by the Agent for the erection of an implement shed, but this was not allowed, as it was, owing to the extensive building programme of the Department for the present year, found unable to provide the necessary funds.

Indian Affairs. School Files.
(RG 10, Volume 6348, File 752-1, part 1.)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

- (2) Regarding the erection of a hospital on the Blackfoot Reserve under the charge of the Reverend Sisters, I beg to say that this is a matter which should be referred to the Accountant's Branch for a report.

Referring to the letter from the Principal of St. Joseph's Industrial School regarding the case of Stephen Johnson, I beg to say that there is considerable correspondence in this matter. This boy was formerly a pupil of the Red Deer Industrial School, and at the closing of that school in August, 1919, he was sent home. He entered Red Deer in 1916, and his religion was given as Methodist. His parents both died in 1918 with Influenza. His father was a Methodist and his mother a Roman Catholic.

In April, 1920, application was made for his admission to the Ermineskin's Boarding School, but his guardian, John Okeymow, and the Principal of the school were informed that the Department had decided "not to transfer any of the children formerly enrolled at the Red Deer Industrial School to any other institution at present." The Reverend Mr. Woodsworth, former Principal of the Red Deer Industrial School, protested against the admission of any of his former pupils into other schools as he was anxious to have them all back when the school buildings were completed at Edmonton. This boy's admission to the Ermineskin's School was not approved.

Early in 1921, he was taken to the St. Joseph's Industrial School and Mr. Agent Kirby stated when forwarding his application to this school as follows: -

"This application is supposed to be signed by Charles Johnson, a brother of the boy, but on interviewing Charles Johnson he states that he did not sign nor make his mark on any application and also that he is not the boy's guardian. John Okeymow is the legal guardian of the lad, and states that he did not give his consent to the boy being placed in a Roman Catholic School. Stephen was baptized in the Methodist Church. He was taken to St. Joseph's Industrial School by Rev. Father Moulin, Principal of the Ermineskin's Boarding School."

In view of the information before the Department regarding his religion, his admission to Ermineskin's Boarding School was refused as was also his admission to St. Joseph's Industrial School, and the Principals of both these schools were informed accordingly.

Regarding the lack of baths and sanitary arrangements at the Blood (R.C.) Boarding School mentioned by Bishop McNally, I beg to say that the buildings at this point are in very bad condition and it was felt that the cost of putting them in a proper state of repair would be prohibitive. I would point out that a scheme is now under way to purchase a site near Claresholm, Alberta, and to erect a modern school building to accommodate the Roman Catholic Indian children of the Blood and Peigan Reserves. For this reason only a few minor repairs have been authorized at the Blood (R.C.) School pending the erection of this new building and the closing of the present school on the Blood Reserve.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Ottawa, July 19, 1921.

Memorandum:

Mr. McLean.

Regarding the erection of a hospital on the Blackfoot Indian Reserve, I beg to report that no definite arrangement has yet been arrived at.

In April of this year, Mr. Graham forwarded a petition from the Chiefs and Principal men of the Blackfoot band, asking that a hospital be erected on this reserve at an expenditure not to exceed \$12,000.00.

In a later letter, Mr. Graham suggests that the hospital might be used for all cases that arise in the surrounding reserves.

Before proceeding with the erection of this building, it was thought that the plans should be carefully matured; that the question of maintenance was an essential one, and that a careful estimate should be made as to the probable expenditure in operating the hospital, and the source from which the revenue is to come; also if the hospital was to be used by other bands, they should contribute to the cost of it.

July 19, 1921.

Memorandum,-

Hon. Sir James Lougheed.

I have to acknowledge the receipt of your memorandum of the 15th instant, inclosing a communication addressed to you by Reverend Father Riou, Principal of the Crowfoot boarding school, located on the Blackfoot reserve. I shall reply to the different matters in the order in which they are presented by the Reverend Father:-

1: The Department has never granted authority for the erection of a school on an Indian reserve for the education of white children, which is apparently what is asked for in this instance. The Thunderchild boarding school, to which Father Riou refers, situated at Delmas, Sask., is not the property of the Government, nor is it on a reserve. The building and lands in connection therewith belong to the Sisters of the Assumption.

2: The Department is contemplating the erection of a hospital on the Blackfoot reserve, to be built from the band funds. The Indians have already voted a certain amount, but a suggestion having been made that this hospital should be for the accommodation of the Indians of the surrounding reserves as well, the Department would like to erect a larger building, and the matter is, therefore, at present in abeyance, pending more mature consideration. As to the management, the proposal has been that it should be undenominational and under the direct control of the Department, represented by the local Agent. This would seem to be necessary, if Indians of all denominations are to take advantage of the facilities to be afforded.

3: Some years ago a recommendation was made by the late Inspector, Mr. Markle, that additional lands should be secured for the use of the Crowfoot school, but no action was taken to carry this recommendation into effect. I would propose to take the matter up now with Commissioner Graham, and, if the School Vote, from which funds would have to be taken, if found necessary to purchase, will bear the expenditure, the Principal's request might be favourably considered.

4: Regarding the implement shed for the boarding school, this is a matter that was under consideration last year. The Department asked the Church authorities to build an implement shed from material in the old

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

school, which the Agent recommended. This they refused to do, and, as the funds at the disposal of the Department were very limited, no action was taken. This question I would also propose to take up with Commissioner Graham.

With reference to the admission of Stephen Johnson to the St. Joseph's industrial school, I beg to say that this boy was a former pupil of the Red Deer industrial school (Methodist), which was closed in August, 1919, and the pupils sent home, pending the erection of a new boarding school near Edmonton, which has since been undertaken. His father was a Methodist and his mother a Roman Catholic. His parents died in 1918, from influenza, and in 1920 application was made for his admission to Ermineskin's boarding school. A protest was made by the former Principal of the Methodist school, and the boy's admission to the Ermineskin school was not approved, as it is contrary to the regulations of the Department to admit Protestant children to a Roman Catholic school or vice versa. Early this year he was taken to the St. Joseph's school by the Principal of the Ermineskin school, without authority, and our Indian Agent at Hobbema now writes, stating that John Okeymow, who is the legal guardian, says that he did not give consent to his being placed in the Roman Catholic school.

In view of these facts, the Department could not consent to the admission of this boy to a Roman Catholic institution.

Regarding the installation of baths and sanitary arrangements at the Roman Catholic school on the Blood reserve, concerning which His Lordship Bishop McNally spoke to the Minister, this is a very old building, almost beyond all usefulness for the purpose of a boarding school. Just at the present time, we are concluding the purchase of a lot near Claresholm, on which it is proposed to erect a school, to be used jointly for the Catholic children of the Blood and Peigan reserves. It is probable that, if funds are available, we will go ahead with this work next year, and, in view of this, it is not considered advisable to spend very much on the old school building, either by way of repairs or equipment. We will, however, make inquiries, and see if some bath tubs could be installed, which might be used when equipping the new school. We have not the data before us to enable us to decide that here.

Incl.

I am returning herewith your papers.

(Sd.) J. D. McLean,

Acting Deputy Superintendent General.

Dear Mr. Graham:

There is a matter arising out of the report of the travelling nurse that I have been asked to draw to your attention. Miss Ramage heard complaints in the vicinity of Oluny that French was being taught in the Crowfoot boarding school on the Blackfoot reserve.

You are in a position to know what credence to put in this complaint, and, if you see fit, you might ask Mr. Agent Gooderham to look into this matter and make a report to the Department. As you know the agreement with the schools in the Prairie Provinces calls for English as the sole language of instruction.

Yours truly,

R. T. Ferrier

EXD

Ottawa, January 17, 1922.

Reverend Sir:

I have to acknowledge yours of the 10th instant, concerning disciplinary methods at the Crowfoot Indian Boarding School. I have read your communication carefully and I am convinced that you will make an effort to see that there will be no recurrence of grounds for complaint.

In reply I wish to state that the Department did not charge you and your officers with "pitiless treatment". What I asked in my letter of the 16th ultimo was a discontinuance of any practices that might be considered by parents or others pitiless or jail-like in character. The Department is aware of the fact that parents are prone to find fault.

Further, I wish to intimate that the Department approves of corporal punishment, but we demand that it be of a certain type and within reason. In the near future, a circular letter is being addressed to all principals, which will, I trust, clearly indicate the Department's position and wishes concerning disciplinary methods.

Yours truly,

Duncan C. Scott

Deputy Superintendent General.

Crowfoot Boarding School. Calgary. P.O. Jan 10/1922

To the Superintendent General of Indian Affairs

Ottawa
J. H. [Signature]

561984

Honourable Sir,

I beg to acknowledge receipt of your letter of the 16th last
 104-2-1 re disciplinary methods used at the Crowfoot
 Boarding ^{school} and in reply to say that the report you have received on
 the subject was grossly exaggerated. Your letter seems to say it is
 of common occurrence. It is true, some pupils have been chained
 to benches once to my knowledge since I have been back to the
 Crowfoot School nearly 3 years now, and the same pupils got a whipping
 from the Sisters. The Indian Agent did not approve of chaining the pupils
 and this corrective measure has not been renewed, although it had
 good result in bringing shame on the truant. I do not consider
 pitiless treatment, corporal punishment on a boy or a girl of 15
 and 16 years old even if it leaves the boy or the girl marked, when this pu-
 nishment is given by the Sisters. The Indian Agent himself has approved
 of it. But since the Indian Department does not approve of this corrective
 measure it shall not be used. Our policy is to give proper treatment
 to our pupils. But corrective measure must be taken in regard to the
 delinquents, otherwise there shall be no order nor discipline in the
 school and I would be only too glad if you would suggest the corrective
 measures to be taken in certain grievous cases in the future.
 Persuasion goes a long way in regard to the formation of the pupils, but
 it is not always sufficient, especially when we have to deal with Indians.
 The allurements around them are too many and too tempting, and they
 are so weak willed, that they must fear in order to overcome temptation.
 If the parents could be made to understand, it would render the work easier,
 but you understand the Indians. I blame some officials of the Indian Depart-
 ment, Inspector and Nurse etc in regard to the troubles we have had these last
 6 months. The Indians do not need to be invited to bring forth some pretended
 grievances to be reported to Ottawa, they are only too ready with their pack
 of lies to complain against any white man with whom they are in touch, and I must
 say they have ^{been} listened to too freely lately.
 The work we are carrying among the Indians needs the support of the Indian Department
 and experience is a thing that should be despised in this regard.

Believe me, Honourable Sir, Yours ever devotedly
 J. H. [Signature]

Ottawa, January 9, 1922.

Sir:

I have to acknowledge your report, B-11, on the Crowfoot Boarding School for the month of December 1921. The Department is grateful for the careful attention that you are paying to school matters at this time.

If no change is made in the personnel of the staff at the Crowfoot Indian Boarding School in the near future, I would be grateful if you would draw the attention of the Department to the fact that the boys' teacher is non-English and that the principal had promised to make a change.

Indian schools are being asked to adhere to the curriculum of the Department of Education of the province in which they are located. As each province has a separate course of studies, examination papers for the various grades have not been prepared. I am sending you, under separate cover, a copy of the new register that the Department has caused to be printed, and you might ask the Alberta Department of Education for a copy of their current course of studies. You will note that I have emphasized in the regulations on the back of the register some educational features that the Crowfoot Indian Boarding School has neglected. I am convinced that this school does not foster individual initiative. You will remember our efforts to teach a game or two to the boys at the time of my visit to southern Alberta.

I have to inform you that the Department is making overtures with the Provincial Departments of Education in Western Canada with a view to arranging for the inspection of our classroom activities by the public school inspectors. We hope that final arrangements will be completed in the near future and that the benefit of such inspection will be great.

Your obedient servant,

Russell T. Ferrier

JAN 4 1922

Sir:-

I beg to submit the following report on Crowfoot Boarding School for the month of December, 1921:-

I visited Crowfoot Boarding School on the 9th, and 23rd of the month. On the first visit I found a number of the pupils, suffering from skin infection, but the Doctor, and school Nursing Sister were treating them, and when I visited the second time a great improvement was evident.

The school was in the same good order, but the more I visit this place, the more I am impressed with the French atmosphere which exudes from every corner.

Comparing this school with the Anglican school on this Reserve, I must say that the pupils of the latter place speak English more freely to a visitor than those of the former school, and I account for this partly to the fact that they live with people who speak nothing but English, and with whom they converse very freely.

Parents complain that their children are not progressing as rapidly as they should at the Crowfoot school, and I wish to go into these complaints during the month of January. I find that no real examination papers are set, and would ask if you could send me type questions for the various subjects in all grades up to and including the fifth, and with such a test I can possibly find where and why the pupil is backward.

May say that the principal of the school promised an English speaking teacher for the boys some months ago, but to date no change has been made.

The register shows 62 pupils distributed as follows:-

Boys			Girls		
Grade 1	11	Grade 1	17		
" 2	13	" 2	7		
" 3	4	" 4	7		
	<u>28</u>	" 6	<u>3</u>		
			<u>34</u>

Extract from letter dated December 19th, 1921,
from W. M. Graham, Indian Commissioner, Regina.

By R.T.F.

Original on File #109 X-2.

I have your letter of the 13th inst., No. 109-x-2 in regard to Miss Ramage's report on the Blackfoot Agency, and may say that I have had a reply from Mr. Gooderham to my letter in which I drew his attention to the treatment of the children at the Crowfoot School. He explains that he went to the school after the receipt of a telephone message informing him that there was trouble there which needed his attention, and took Miss Ramage with him. When there he found three boys chained to the benches in the dining room. He immediately took up the matter with the Principal informing him that such disciplinary measures were not to be resorted to. He also investigated the complaint that one Indian girl was severely marked from the result of a thrashing, and Miss Ramage's inspection of the girl disclosed that "there was a mark on one limb", but the Nurse did not inform the Agent that the child was badly marked. He requested the Principal to give him a written assurance, which was done, that his instructions in regard to the treatment of the children would be carried out. This was all done by the Agent prior to the receipt of my letter, but he states that when my communication was received by him, he again visited the school, and emphasized his own instructions by bringing mine to the attention of the Principal. The Agent, therefore, acted promptly and correctly when the complaint was drawn to his attention.

Nurse Ramage's report for November.

I draw your attention to that portion of the report dealing with the Crowfoot School. I think it is decidedly wrong to chain Indian boys and girls to benches as they are doing there, and I have written to the Agent instructing him to see that this practice is discontinued immediately. There must be some other way of punishing children without resorting to this method. I am also drawing his attention to the remarks of the Nurse that a child is badly marked from being strapped, and I am instructing him to see that this mode of castigation is discontinued too. I intend following the matter up to see that my instructions have been carried out.

Naras Ramage's Report for November, 1921.

X

X

X

Nov. 1.

Late in the afternoon motored to Crowfoot School with the Indian Agent to settle dispute between the parents of the children who ran away from school, and the Sisters. Chief complaint from the children was the poor food. Did not wait in the sitting-room to have dispute settled, but went straight down to the dining room to note the evening meal. Many boys had cups of tea while others had plates with meat stew and tea.

Four boys were in chains and chained to the benches. Later returned to the locked dining room to examine one of the girls who was reported marked badly by a strap. Several marks were found on her right lower limb. Five girls were in chains.

EXD.

Ottawa, December 16, 1921.

Reverend Sir:

It has been drawn to my attention that rather severe disciplinary methods have been used at the Crowfoot Boarding School.

I wish to state that the Department of Indian Affairs will not countenance such corrective measures as chaining pupils to benches and corporal punishment that leaves a boy or girl marked. Treatment that might be considered pitiless or jail-like in character will not be permitted.

The Indian children are wards of this Department, and we exercise our right to ensure proper treatment whether they are resident in our schools or not. Your earnest attention to this matter is desired.

Yours truly,

Duncan C. Scott

Deputy Superintendent General.

EXD.

401-14.

Ottawa, November 30, 1921.

Dear Mr. Graham:

I have to acknowledge yours of the 26th instant, referring to the report that French was being taught in the Crowfoot Boarding School on the Blackfoot reserve.

In reply I beg to state that the Department is grateful for the prompt attention that you and your staff gave to this matter, and that we are pleased to learn that there is no ground for the belief that French has been used at any time as the language of instruction.

I agree with you that there is much improvement desired in the matter of English in connection with our graduates of residential schools. You will remember that I took exception to a teacher in the Qu'Appelle Industrial School and had the matter taken up by the Department upon my reporting here for duty. It will be my aim, as Head of the School Branch, to equip Indian children with as correct English as if they had been brought up in Anglo-Saxon communities. Then, and then only, will our wards at the age of maturity be at ease in the general Canadian environment.

I am convinced that it is part of the Department's present policy to engage teachers for our Indian schools, who are properly qualified in every respect. I will not hesitate to bring to your attention any matters in this connection that come before the Department.

Yours very truly,

Russell T. Ferrier
Russell T. Ferrier,

DEPARTMENT OF INDIAN AFFAIRS
CANADA

COMMISSIONER'S OFFICE,

IN YOUR REPLY REFER TO

NO. 401-14

ALSO TO DATE OF THIS LETTER

D

REGINA, SASK. Nov. 26th, 1921
560281

Dear Mr. Ferrier:

I have your letter of the 14th inst. regarding a complaint from Miss Ramage that French is being taught in the Crowfoot Boarding School on the Blackfoot Agency. On receipt of this letter I took this matter up with Agent Gooderham, who informs me that French is not being taught in the school. He says that on one occasion this year, he was informed by an ex-pupil of the school that had been taught French songs which he did not understand, but were sung on a special occasion. This man has been out of school ten years.

Mr. Gooderham visited the school on receipt of my letter, and he asked one of the bigger boys if he knew French or had ever been taught the language, and he said he had not. He also took the matter up with the Sister Superior, and she informed him that the children had joined in a chorus of two lines at Christmas, when an entertainment had been put on in the Church for the French people of the district, but on no other occasion had they been taught anything French. Mr. Gooderham goes on to say that all the members of the staff are French, and that ~~even~~ some of them do not speak English very well, which, in my opinion, is not as it should be, as no doubt these people converse with the Indians, and it gives them a bad accent. There is no doubt that the children who hear this language, and are probably spoken to in French, give the impression to their parents and others that they are being taught French.

On several occasions we have objected to teachers in our schools who cannot speak English properly, and have a decided accent. I cannot impress upon the Depart-

ment too strongly the importance of insisting on having English teachers, or French who talk English without an accent, in our various schools. When Indians are taught by teachers who speak imperfect English it shows very readily on the pupils. It is hard enough to get perfect pronunciation when the pupils are taught by English teachers.

The foregoing remarks do not apply only to the Crowfoot but to all schools, and the Department should insist on having teachers who speak without an accent, to teach our Indians.

Sir:

Re: Bob Poor Eagle, Blackfoot Indian.
Neglecting to send child to school.

I have the honour to state that on August 15th last Mr. Gooderham, Indian Agent, Blackfoot Indian Reserve informed me that Bob Poor Eagle had failed to send his boy, Joseph Poor Eagle, back to the Crowfoot School after the holidays. I therefore had Mr. Gooderham write a letter to Bob Poor Eagle instructing him to send his boy back to school within three days. This letter was dated August 15th 1922. I delivered this letter and explained it to Bob Poor Eagle.

On August 18th the boy had not yet been put in school, but Mr. Gooderham requested me not to prosecute as he did not wish to take extreme measures unless forced.

On Friday September 1st Mr. Gooderham reported to me that, although Bob Poor Eagle had been repeatedly spoken to, his boy was still out of school. He requested me to put the boy in school and prosecute.

Therefore on the afternoon of September 1st I proceeded by Indian Agency car to Bob Poor Eagle's, where I took charge of the boy, Joseph Poor Eagle, and placed him in the hands of the Sisters at Crowfoot School. I also instructed Bob Poor Eagle to be at the Indian Agency at 2 P.M. of Tuesday September 5th.

On Tuesday September 5th 1922, I laid an Information before Mr. Gooderham charging Bob Poor Eagle that he, after having received three days notice in writing, did fail to cause his child, to wit Joseph Poor Eagle, to attend school. Contrary to Sec. 10 Sub-Sec. 3 of the Indian Act.

Bob Poor Eagle appeared before Mr. Gooderham on this same day, Sept. 5th 1922., at 2 P.M. and pleaded guilty.

Mr. Gooderham stated that this Indian had been given every opportunity to put the child in school but he deliberately defied the law. Therefore he would not be given the option of a fine. Mr. Gooderham gave Bob Poor Eagle the choice of going to Lethbridge jail for 10 days, or of working on the Indian Threshing gang with his team and wagon for 10 days at \$1.00 per day, instead of the usual wage of \$7.00. Bob Poor Eagle agreed to work the 10 days on the threshing gang.

Case concluded.

I have the honour to be

Boarding School, December 5, 1922.

SCHOOL FAIRS.

The Indian schools took a prominent part in the Gleichen School Fair this year. It was abundantly demonstrated that they were at least the equals with training of the white children in art and athletics. They enter into the spirit of the occasion with zest in which they were encouraged by the sisters.

*Congratulate

EXTRACT FROM REPORT OF INSPECTOR CHRISTIANSON

RE: CROWFOOT (R. C.) Boarding School.

Dated April 11, 1923, addressed to Comm. Graham.

Original on File 77-104

- o - o - o - o - o - o - o - o - o -

I wish to point out that I found the same condition here as I have found on visiting several other schools and have pointed out repeatedly, that although the work inside of the school is all that can be asked for, the boys are not getting the proper training in the outside activities. The ground allotted to this school is about 200 acres and as 125% is pasture there are only about 75 acres or so left for farming and, as a man is employed by the school as farmer, he does all the farm work himself, the boys very seldom being called upon to do any of this work and outside of some gardening they are not taught any farming whatever. There are also very few head of stock kept by the school, they have seven work horses, nine cows, six of which were milking and four calves, a few hogs and a few chickens. By this you will see that the boys on leaving school have had practically no experience along farming lines or stock raising and are placed upon a reserve where they are supposed to make their living from this source, without any experience.

104-2-1

EXTRACT FROM LETTER OF COMMISSIONER GRAHAM,
NO. 491-9, DATED APRIL 16, 1923.
RE: CROWEOT R.C. & OLD SUNS C. of E. Schools.
Original on File 77-104.

x x x x

I would particularly draw attention to the Inspector's remarks relative to the inadequate training in farming given to the boys at these two schools. The Principal of the Old Suns school has had no agricultural experience, and knows very little about the care of stock, while the Inspector's report with regard to the farmer and stockman attached to the school is not very encouraging. The prospects of the boys receiving a good grounding in agriculture and stock raising under the tuition of these men are not very bright. As I have pointed out to the Department on numerous occasions, training in agriculture and the care of stock is of greater importance to Indian boys than class room work as it is to these occupations they must look for a livelihood when they return to the reserves. Our experience has been that school graduates, in many cases, are very much less capable as farmers and stockmen than Indians who have not received a school training. This is disconcerting, and unless Indian boys receive an education which they can put to practical use when they return to the reserves the period spent by them at school represents a waste of time and money. I am of the opinion that the remedy for this state of affairs lies in the Department insisting that only men who are practical agriculturists be appointed as principals of our boarding and industrial schools, and trust that this matter will be taken up with the Church authorities as it is too bad that all these schools do not function as they should.

I am disappointed to hear from Mr. Christianson that the teachers at the Old Suns School are not qualified in so far as that they have not received Normal training. The reports of the Provincial School Inspectors on Indian schools have been in the majority of cases unsatisfactory, and these gentlemen have invariably stressed the necessity for employing as teachers in our schools only men and women who have received Normal training. I am sure that this matter is one which will receive earnest consideration from the Department.

Ottawa, May 5, 1923.

Dear Father Riou:

Mr. Commissioner Graham has reported that the boys at the Crowfoot Indian Boarding School receive entirely inadequate training in farming. I am surprised at this criticism, for it is understood that school authorities in the Prairie Provinces will engage instructors qualified to give the male pupils training in farming, gardening and the care of stock. Such instruction is highly important for boys at Indian residential schools, and I should be pleased if you would inform me what training has been given in past years and concerning the remedial measures you can undertake in the immediate future.

Yours very truly,

Duncan C. Scott

Honourable Lit.

I wish to acknowledge receipt of your letter of the 5th inst. N. 104-2-1 re report of
 Hon^{ble} Commissioner Graham on the inadequate training of the Boys in farming
 and in reply to say that there is a good deal of exaggeration in this criticism.
 It is true, these 2 last years, the boys have done very little work in tilling
 the land, seeding and cutting the grain for the reason they were too young
 to be trusted with this kind of work. I did not consider ^{them} strong enough to
 handle a 4 horse team on a plough, a sower or a binder. They were
 discharged at the age of 16, just at the time they could begin to learn
 how to handle horses and machineries. But outside of the above men-
 tioned work they helped the Instructor in the caring of the stock around
 the Barn as well as on other kinds of work in the field viz the hauling of
 manure, the repairing of fences, the weeding of the grain and vegetables in the
 summer, the hauling of the coal, hay in the winter. As for gardening
 they have been thoroughly trained on this line, and I must say they
 obtained some good results. The Public School Inspector who visited
 the Crowfoot Boarding School in December last, has drawn the attention
 of the Department to the splendid exhibit made by the pupils of this School
 and the Superintendent of Education wrote to me on March 26th last
 congratulating the staff of this School on the excellent training
 given the Pupils and the results achieved by them.

As the present the school had only $\frac{1}{4}$ section of land to be divided between farming and pastures and the last 3 or 4 years of dry weather have compelled us to reduce our stock considerably. There was no hay to be had on the prairie, and the crops were light. This spring Mr Gooderham, our Indian agent has provided the school with another $\frac{1}{4}$ section of land, about 4 miles from the school; it will be of some help, but on account of the distance it cannot be worked to advantage, so the arrangement is only temporary. In the future the Boys shall have a better chance in having a training in farming, provided they do not leave the school until they are 18 years old. Now, in order to be able to carry on farming successfully I would suggest that a Silo be built adjacent to the Barn, so we may provide the fodder needed for the wintering of the cattle.

Hoping these explanations to be satisfactory I am, Honourable Sir
Your Obedient servant. J. Rivers ^{Prinsep}

Ottawa, June 11, 1923.

Dear Father Riou:

I have your letter of the 14th ultimo, with general reference to the training in farming for the boys at the Crowfoot Indian Boarding School. I have noted that several conditions militate against a complete instruction in farm operations. Relative to the age for discharge, I should be pleased if you would bend every energy towards enlightening the parents concerning the added opportunities if the children are kept in school until they have reached the age of 18 years. I am directing, in the near future, to all principals and agents in the Prairie Provinces a communication with special reference to the training of the older boys and the age of their discharge.

I am pleased to learn that Mr. Agent Gooderham has arranged for an extra quarter section of land for the purposes of the school. You would do well to discuss with him the possibilities of securing a similar block closer to the school itself. It might be possible to arrange for a surrender, and, if so, please count on my help. I wish to assure you, further, that the need for a silo will not be overlooked when we are preparing our estimates for the coming fiscal year.

Yours very truly,

Duncan C. Scott

R.H.G. x
Re Schools: Neither school is giving sufficient attention to the training of boys in farm work and care of stock. More efficient work must be done in this branch of the Indian education. At Crowfoot School the farmer is industrious but not scientific and I found that the boys do little or no milking. Stock is mediocre and not fed to the best advantage. I arranged that this school get another 160 acres of land, which adjoins their present farm. The Department has therefor done its share and it is now up to the principal to show results.

At Old Suns School the conditions are somewhat similar, though the boys do milk and attend to the stock, but their instruction is far from being satisfactory.

The present farmer at this school is an old man of the old school - these Indians must have a young up to date instructor, and the authorities of this school must lose no time in getting such a person on the job. The principal of this school is conscientious but lacks force to get things in order and properly done at the right time and in the right way. He must buck up and with his staff get into the harness and get results.

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

104-2-1.

Ottawa, August 1st, 1924.

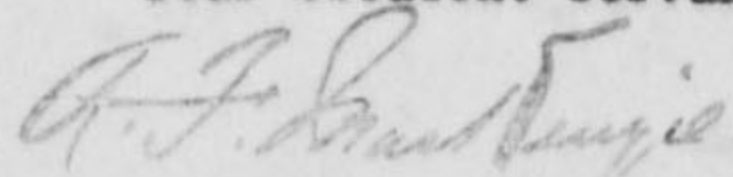

Rev. Sir:

A report of the visiting nurse on her visit to the Crowfoot Indian Residential School has drawn attention to the shortage of the quantity of milk and butter supplied the pupils. As milk forms a staple article of diet, especially for the younger children, I have to request that you will arrange to see that they are furnished with an ample supply of milk and also that butter is provided in sufficient quantities.

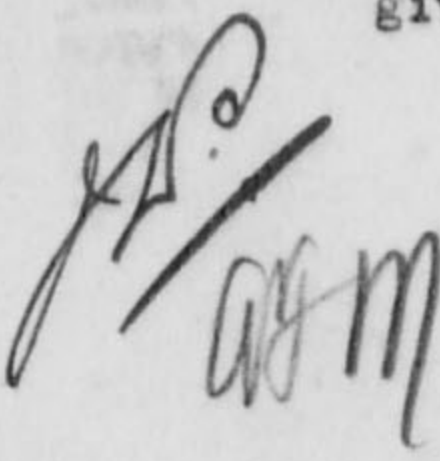

The Department desires that the older boys be given more instruction in the care of stock and dairy work. This should be an important part of the training given the boys in order that they will have a fair knowledge of this work after leaving school.

I shall be pleased to hear regarding the steps taken to provide a good supply of milk and butter for the pupils' use, and also what instruction is being given in the care of stock and dairy work.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

A. F. Mac Kenzie Acting Deputy Secretary
of Indian Affairs
Ottawa

Dear Sir

R

I beg to acknowledge receipt of your letter of the 1st inst. re visiting nurse's report and in reply to say that there is exaggeration in the report or lack of frankness towards the staff. The Pupils have all the milk they want, but don't drink it, what is the use of wasting good nourishment? They have butter once a day, if this is not sufficient we are only too willing to give more, we are anxious to give the Pupils strong and nourishing food.

I do not see how I could give the boys more instruction in the care of stock and dairy work. They do all the work around the Barn under the supervision of the Farmer; 5 or 6 of the older boys work one half a day on the Farm and Garden and the other half day they go to school, but after the school is over they have again to attend to cattle and horses.

I would suggest that when there is a school Inspector or a visiting nurse visit the school, they give a report to the Principal or at least they point out to him the defects they have noticed. Sometimes when they go back with a wrong conception of the daily routine of the work they cannot see in one hour what takes a whole day to do, with an understanding with the Principal, they return with a fair idea of the work done.

I am sending you a copy of the letter sent by Miss Brandy to Sister Superior and of which I had communication only after the receipt of your letter.

Indian Agent's Office, Glouchester, Alta July 1924

Sister Superior — "Knowing as you do the great need of a nourishing food to build up strong bodies, allow me to respectfully remind you to do the best in this line that your allowance will afford.

" You have a good milk supply and if there are some little ones who are not so fond of it, I feel sure that in most cases he or she will soon forget prejudice and learn to take milk as a food.

In anti. B.

In anti-tubercular work we use good milk so much
in dieting that while caring for these children who
seem predisposed to and afflicted with tuberculosis
that you will understand of my speaking of the food
of such importance.

Your boys are behind the girls in caring for
their teeth. I dislike to be so plain with them as
their deportment (as well as that of your girls) was
so pleasing, while undergoing physical inspection, as
well as during my visits to the class-rooms, and while
I was speaking to them on habits which welcome
good health.

I thank you and your staff for such kindness
and hospitality extend to me while with you.

Sincerely yours.

Signed. Annie Brandon.

Now this letter does not point to the shortage
of milk and butter supplied the pupils. However
I will try to make the children drink milk although
they do not like it and have told Sister Superior
this in the future, shall be the only beverage at
table for children under 12.

I will ask you to let us know the sufficient
quantity of butter to be provided to each
pupil every day; we were thinking to give
butter once a day was amply enough, and the
Nurse should have given her opinion
on this point to Sister Superior or
to the Principal if she thought it was not sufficient.

Hoping these explanations will be
satisfactory

I am yours ever truly

J. Rice
Principal

Rev. Sir:

I have your letter of the 8th instant, with reference to the supply of milk and butter, and instruction in farming and the care of stock at the Crowfoot Indian Residential School. I am very pleased to note that you are giving serious consideration to these important questions and that you have asked the Sister Superior to supply milk as the only beverage at meals for children under twelve. I have noted that it is your programme to give a generous helping of butter once a day to each pupil.

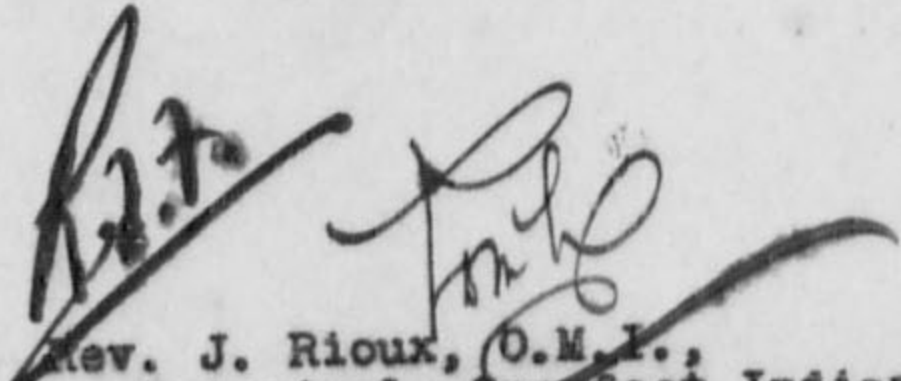

You will please make arrangements to definitely instruct the older boys at the school in farming, gardening and the care of stock. It is important that the graduates are well trained in this respect.

The Department is pleased to note that you are bending every energy towards improved maintenance and instruction of the Indian children in your care.

Your obedient servant,

J. D. McLEAN

EXTRACT FROM AGENT'S REPORT FOR THE MONTH OF AUGUST, 1924.
ON THE CROWFOOT RESIDENTIAL SCHOOL.

By

R

This school was visited on the 20th and also on the 30th. On the first date the midday meal was inspected and the Supervisor advised that the children be given more milk and more varied diet. To cope with the milk demand the Sister Superior has purchased two good Holstein milch cows which have been added to the herd.

Pupils were not in the classroom, they were employed on garden, farm and household duties.

The senior teacher was sick and may have to be replaced.

J. H. Gooderham,

Agent

SCHOOL

At the Crowfoot Roman Catholic School everything seemed to be in good order. The school, as usual, was spotless from top to bottom, and the children appeared healthy and well-cared for.

The farming operations at the school showed a great improvement since my last visit. The crop, I believe, was light this year owing to the dry weather, but it had all been harvested and threshed, and I found 100 acres of summerfallow in first class shape. In general, conditions were very favorable.

The Sister Superior, who is in charge, informed me that she was to be transferred some time in the near future. I must say that I regretted to hear this, as she has been a hard worker at this school, and I have found her to be very capable in carrying out her duties. She will be greatly missed at this institution, no matter who may come to take her place.

Calgary.

First
Report.

On Tuesday the 28th inst, the Rev. J. Riou head of the Catholic School at Crowfoot, Blackfoot Indian Reserve, laid an information before G. H. Gooderham I.A., charging George Many Shots a pupil of Crowfoot School, that he on the 27th inst, at Crowfoot School, did assault him, contrary to Section 291 of the Criminal Code of Canada. (See report of even date re Simon Wolf Leg convicted of the same offence).

As I was absent on patrol at the time, Mr Gooderham instructed Cst Hammick of the A.P. Police, to proceed to Crowfoot and arrest these boys.

In the p.m. of the same date, Cst Hammick handed them over to me. Mr Gooderham informed me that they would have to be detained until he could get word from the Commissioner of Indian Affairs, regarding the advisability of sending them to a Reformatory.

Mr Gooderham received a reply from the Indian Commissioner in the P.m. of the 29th inst, stating that he did not approve of sending them to a Reformatory.

The accused appeared before G. H. Gooderham I.A. at 10 a.m. of the 30th inst, and pleaded Guilty to the charge.

His Worship sentenced the accused, being a minor, and at the request of his father, to receive a whipping at the hands of the Court, and to be sent home.

The punishment was administered by the Indian Agent, in the presence of the parent and myself.

Case concluded.

R. Ellison Cst.
Reg No. 6697 I/C Det'ch.

The Officer Commanding.
R.C.M. Police, Lethbridge.

Sir; Forwarded. Further advice from Cst. Ellison, gives the story of the assault, as told by Father Riou, which is to the effect, that one of the Sisters in the Crowfoot School, called on him for assistance, when he arrived in the school-room, he found the accused about to assault the Sister; directly, he found Father Riou interfered, the accused called upon Geo. Many Shots, another Indian boy, who was present to help him, both boys then came upon Father Riou, waving their fists, and striking at him. He at once called for the Janitor, and had the two boys locked up. Both are under 15 yrs of age, but big boys for their age.

At their trial, when asked by the court, why they acted as told in evidence, stated that there was too much praying and work at school, and when they had to go to bed, they were not allowed to move or talk.

The Court wanted the Parents of these boys to inflict the punishment, they refused, but consented in writing, giving Mr. Gooderham permission to do so himself. A cane was used, each given several strokes on the hands, and few across the bare back. Parents were present, and apparently satisfied. Both boys have been expelled from the School. See separate report re Geo. Many Shots.

EXTRACT FROM INSPECTOR CHRISTIANSON'S REPORT ON BLACKFOOT
AGENCY, SUBMITTED BY COMMISSIONER GRAHAM, Dec. 8 - #401-9.
Report dated Nov. 27, 1925. Inspection Nov. 12th to 17th.

By
I might say that the school is having a lot of trouble with boys running away and on some occasions lately the Principal informed me that some of the bigger boys, when the bell was rung for school, paid no attention to it, defying the authorities at the school. The trouble, in my opinion, is that the Rev. Fr. Riou has evidently lost control of the boys. He admitted himself that he had not been feeling well for the last year or so and could not cope with the situation and that he had already asked His Lordship the Bishop for an assistant principal, and I think it would be well for the Department to insist on the Church authorities sending a younger man there to assist Fr. Riou.

A favourable report is made on the farming operations at the Crowfoot School. They have a good farm at that point and as time passes it will improve. They have the right idea of giving the children a good training on the land. The transfer of Sister Gilbert from this school was a great loss, as I consider she was not only a matron, but had practically the full management of the school; in fact Fr. Riou had little to do with it, further than to look after the spiritual welfare of the children. I note the Inspector points out that Father Riou has not been well for the past year or so. He is not an old man, and it seems to me that there is only work for one man at a school of this kind. I doubt very much whether it would be well to have an assistant to work under Father Riou's direction. I am told that Sister Gilbert's successor is a very capable woman, who was transferred from the Superiorship of the Lacombe Home near Calgary.

Reverend Sir:

The Department is desirous of learning if the older girls at the Crowfoot Indian Residential School are being trained in milking cows. As most of the graduates of your school will return to reserves that are largely farming communities, it is very important that the girls be fully competent in this particular. The Department expects that the older girls, under proper supervision, will be given a course of instruction in milking, and I shall be pleased to learn that suitable arrangements have been made.

SCHOOLS

At Crowfoot school a new Farming Instructor has lately taken charge. He has more than 20 years' experience at Indian schools in western Canada. He is a mechanic, carpenter, musician and artist as well as a farmer. He should be a good man for this Institution. Senior pupils are very bright, in fact, they are the most intelligent children I have seen at any time on this reserve. The Juniors are doing alright in class work but the small children looked tired and physically below par. They need more rest- this is more important than 5 A.M. mass. Surely some other time can be chosen for this religious instruction.

IN YOUR REPLY REFER TO
401-11A.R.C.
ALSO TO DATE OF THIS LETTER

Dear Doctor McGill:

After having read my report on the Crowfoot R. C. School at Cluny; also my letter in connection with the care of the children, I trust the following will be given consideration:

When the new school year commences on September 1st I would recommend that another sister be added to the staff, and that a grant be given to the school sufficient to take care of her salary and board. The Principal pays the sisters at the rate of \$15.00 per month, and therefore I would say that if the school received an additional grant of \$25.00 or \$30.00 a month, this would take care of both salary and board. If the Department have not funds available, I know the Blackfoot Band would take care of this extra expenditure, as I believe they appreciate what is being done for the T.B. children. If they had the proper room to take care of these children it would make it much easier on the staff. The boys are at one end of the building and the girls at the other and someone has to be there all the time watching them. The Sister Superior was taking this matter up with her Mother House.

I shall be glad to have your decision in the matter.

Your obedient servant,

M. Christianson,
Inspector of Indian Agencies,
Alberta Inspectorate.

EX'D.

Dear Mr. Christianson:

I have your 401-11A. R.C. of the 12th instant, recommending that a grant be provided towards the salary of another Sister on the staff at the Crowfoot Indian Residential School, and stating that, if no funds are available in the Appropriation for this purpose, the Blackfoot Band would likely take care of the extra expenditure required.

While the Department is aware of the difficulty under which the staff are carrying on the work, owing to lack of proper accommodation, I would point out that it has not been the practice to provide any grant towards teachers' salaries at the residential schools. There are no funds available for this purpose in the Appropriation for Indian Education, and, as you are, no doubt, aware, no part of the cost of education is chargeable to the funds of any of the Indian Bands. I regret that it will not be possible to favourably consider your recommendation in providing for an additional Sister to the staff.

Yours very truly,

Deputy Superintendent General.

IN YOUR REPLY REFER TO
401-11A.R.C.
ALSO TO DATE OF THIS LETTER

INSPECTOR'S OFFICE

PB CALGARY, ALTA., June 12th, 1936.

Dear Doctor McGill:

I have the honour to report on an inspection of the Crowfoot School which was done yesterday: I wish to point out to the Department that the Staff of this school have had a very difficult proposition to deal with during the past year. As you are aware, a T. B. clinic was conducted by the Keith Sanatorium last September, and about 30 children were placed under observation and 13 cases of active tuberculosis were discovered. To carry out instructions as to treatment has made it very difficult for the school, and the regulations have been followed faithfully and the children have been given three meals and two lunches every day, which has meant a great deal of extra work. Also, it has not been possible to carry out the training in household science for the girls and manual training for the boys, as extensively as heretofore. The Staff have done their level best in meeting the situation.

At the time of my visit there were 80 children on the register. Thirty of these are T.B. suspects and 13 active T. B. cases, the latter being kept in bed most of the time.

Doctor Harold W. McGill,

Deputy Superintendent General,

Department of Indian Affairs,

O T T A W A .

Indian Affairs. School Files.
(RG 10, Volume 6348, File 752-1, part 1.)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

- 2 -

The children all looked very well, and from a layman's point of view, one would not imagine any of them were suffering from T. B.

Clothing - Ample; several changes for both boys and girls.

Food - Good. The children are given 3 meals and 2 lunches daily.

The girls who are able to work help with the housework, cooking, making bread, &c., and receive the usual training given in these institutions, but on account of several of the girls being unable to work on account of the tuberculosis, a great deal of extra work has been thrown on the Sisters.

The boys milk the cows, look after the garden, help on the farm and in a general way help with all the outside work.

The school building was as well kept as possible. Furniture and furnishings are all in good order. The building is beginning to need a great deal of repair work and this will be dealt with in a separate letter.

The machinery is in a fair state of repair. I wish to point out that the laundry is very old and out of date, and they have neither a mangle nor a dryer. With a good engineer there they keep the machinery in good working order.

The barn is in a very good state of repair except that it is badly in need of painting, as the paint is practically washed off the shingles and walls.

Farming Operations:-

This spring the school seeded 30 acres of wheat, 135 acres of oats, and put in 5 acres of garden.

They have 54 head of cattle of which 24 are cows, and 16 were being milked at the time of my visit. The children get all the milk they can drink and butter is on the table for every meal, as they churn 3 times a week. They have 300 chickens and a few pigs.

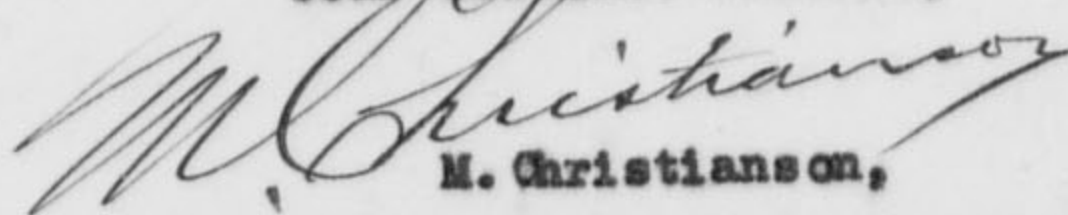

From personal observation I would say the children are well cared for in every way.

They have a good staff at the school: As I stated in my last report there was a new Sister Superior, and she is giving excellent service, and things have greatly improved since she took charge. They also have a good engineer now, as well as a good farmer who has brought about quite a change in the method of farming and the quality of the milch cows, &c. Father Riou has an Assistant in the person of Father G. A. Levasseur. He was ordained a year ago and joined the school staff as Assistant Principal last fall. The Staff consists of 10 Sisters, the Principal, Assistant Principal, Engineer and Farmer, a total of 14.

I have the honour to be,

Sir,

Your obedient servant,

M. Christianson,

Inspector of Indian Agencies,
Alberta Inspectorate.

IN YOUR REPLY REFER TO
401-11A.R.C.
ALSO TO DATE OF THIS LETTER

Dear Doctor McGill:

I have the honour to report on an inspection of the Crowfoot School which was done yesterday: I wish to point out to the Department that the Staff of this school have had a very difficult proposition to deal with during the past year. As you are aware, a T. B. clinic was conducted by the Keith Sanatorium last September, and about 30 children were placed under observation and 13 cases of active tuberculosis were discovered. To carry out instructions as to treatment has made it very difficult for the school, and the regulations have been followed faithfully and the children have been given three meals and two lunches every day, which has meant a great deal of extra work. Also, it has not been possible to carry out the training in household science for the girls and manual training for the boys, as extensively as heretofore. The Staff have done their level best in meeting the situation.

At the time of my visit there were 80 children on the register. Thirty of these are T.B. suspects and 13 active T. B. cases, the latter being kept in bed most of the time.

Doctor Harold W. McGill,

Deputy Superintendent General,

Department of Indian Affairs,

O T T A W A .

Indian Affairs. School Files.

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

The children all looked very well, and from a layman's point of view, one would not imagine any of them were suffering from T. B.

Clothing - Ample; several changes for both boys and girls.

Food - Good. The children are given 3 meals and 2 lunches daily.

The girls who are able to work help with the housework, cooking, making bread, &c., and receive the usual training given in these institutions, but on account of several of the girls being unable to work on account of the tuberculosis, a great deal of extra work has been thrown on the Sisters.

The boys milk the cows, look after the garden, help on the farm and in a general way help with all the outside work.

The school building was as well kept as possible. Furniture and furnishings are all in good order. The building is beginning to need a great deal of repair work and this will be dealt with in a separate letter.

The machinery is in a fair state of repair. I wish to point out that the laundry is very old and out of date, and they have neither a mangle nor a dryer. With a good engineer there they keep the machinery in good working order.

The barn is in a very good state of repair except that it is badly in need of painting, as the paint is practically washed off the shingles and walls.

EXD

June 26, 1936.

Dear Mr. Christianson:

You are, no doubt, aware it was the intention to erect an addition to the present building at the Crowfoot Indian Residential School, on the Blackfoot Reserve, to provide accommodation, primarily, for 30 Roman Catholic tubercular Indian children of the reserve. However, owing to definite instructions for a drastic cut in the appropriation for the current fiscal year, it was found impossible to obtain the funds - approximately \$50,000.00 - required to erect the addition. Pressure is being made by the Church and School authorities to have this work carried out.

As you will remember, at the time the present building at the Old Sun's Residential School was erected, the Indians of the Band petitioned that the sum of \$80,000. be loaned from the Interest Funds at their credit in the Department, and this amount was used towards the cost of the erection of the building. It is possible that the Indians would consent to relinquish, from the Interest Funds at their credit, the sum of \$50,000.00, to carry out the extension to the Crowfoot School building. I would request that you take up this matter with the Band in Council, with a view to obtaining a resolution, authorizing the Department to utilize funds to the above amount from their Interest Funds to carry out the work. Mr. Agent Gooderham and yourself should discuss this matter with the Indians and, if possible, obtain their consent. The Department is desirous to proceed with the work at as early a date as possible, but the only way it could be done would be to

- obtain the

obtain the amount required by the consent of the Band, from their Interest Funds. You might report the result of your conference with the Indians, and, if you obtain a resolution of the Band, setting aside the amount mentioned above, you should forward same to the Department.

The Department will await your report as to the results achieved.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Ottawa, July 6th, 1936.

MEMORANDUM:

Mr. Sutherland.

The Blackfoot Trust Account showed, at the beginning of this fiscal year, a Capital of \$1,479,265.77 and an Interest credit of \$840,969.14. When Government Interest at 5% is added it will bring the credit of the Interest Account to \$956,980.88. There has been approved by the Minister, for expenditure from interest funds during this fiscal year, the sum of \$112,411.00.

In connection with the use of \$50,000.00 from interest funds, I would remind you that in 1930, in the months of February and March, the sum of \$80,000.00 was taken from the interest account for expenditure on the erection of Old Sun Boarding School. No part of this loan has been repaid to Band Funds nor has the band received any interest on the \$80,000.00 advanced.

To protect the Band's interest in the building, insurance was placed on the building in July, 1933 necessitating a premium of \$800.11 being paid from the interest account of the band. No part of the insurance premium or interest thereon has been returned to the band funds.

G. A. Conley,
TRUST FUND & RELIEF BRANCH.

Gleichen. Alberta,
3rd July, 1936.

We, the Chief and Principal Men of the Blackfoot Band of Indians, in Council Assembled, this Third Day of July, 1936, knowing the condition of Crowfoot Residential School, on the Blackfoot Indian Reserve and believing that an addition should be built this year, do agree to advance to the Department of Indian Affairs the sum of Fifty thousand dollars (\$50,000.00) from our Band Funds. The same to be returned to our Band Funds at such time as the Superintendent General of Indian Affairs, acting in our behalf, may determine, and that current rate of interest be paid to our funds each and every year until such time as the principal sum is repaid. And it is also asked that the said Department of Indian Affairs will protect the interest of our Band by having the proposed addition adequately insured against fire during the tenure of this loan. And in this we act on behalf of the whole of our Band.

Signed by us in the presence of Mr G.H. Gooderham, Indian Agent, and Earl Calfchild, Interpreter, this Third day of July, in the year of our Lord Nineteen hundred and thirty six.

INSPECTOR'S OFFICE

PB CALGARY, ALTA., July 6th, 1936.

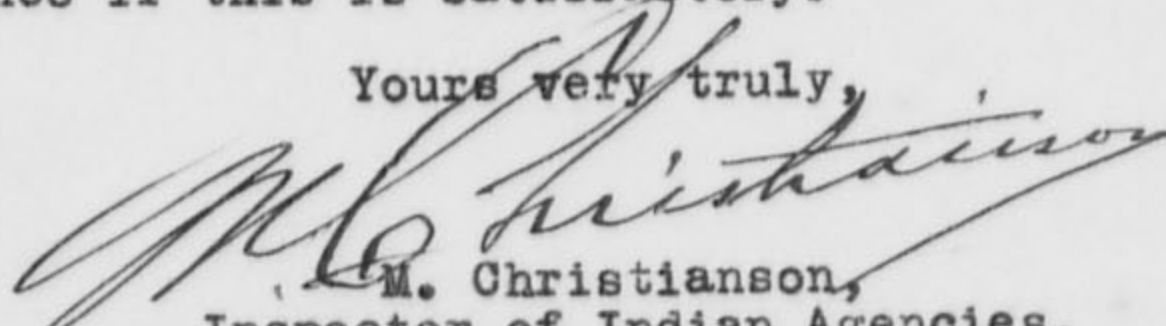

Dear Doctor McGill:

I have the honour to acknowledge receipt of your letter No. 104-2-1 of the 26th ultimo in connection with getting the Blackfoot Indians to vote \$50,000.00 to build the addition on Crowfoot School. I might state that after our telephone conversation while I was in Edmonton, I got in touch with Mr. Gooderham, the Indian Agent, over the phone and arranged to go down there on Friday, the 3rd instant, to meet the Indians, as he was paying Treaty that day. When I arrived there I found the resolution had already been signed by the Chiefs and Headmen of the Band, in the presence of the Agent. The resolution is attached hereto.

You will note that the Indians have passed the resolution with the understanding that they be paid the usual government interest, and that in due course the \$50,000.00 be returned by the Government to their interest funds.

I would ask you to please advise me at your convenience if this is satisfactory.

Yours very truly,

M. Christianson,
Inspector of Indian Agencies,
Alberta Inspectorate.

July 10, 1936.

MEMORANDUM:

The Honourable the Superintendent General,-

I wish to refer to the last paragraph of memorandum of the Deputy Superintendent General, dated June 25th, last, regarding the obtaining of the funds required for the erection of an extension to the present building at the Crowfoot Indian Residential School, on the Blackfoot Reserve, Cluny, Alberta, to provide increased accommodation.

Mr. Inspector Christianson, Calgary, forwards a resolution of the Blackfoot Band in Council, setting aside the amount of \$50,000.00 from the funds at their credit in the Department, to erect the addition, on the following conditions:-

"We, the Chief and Principal Men of the Blackfoot Band of Indians, in Council assembled, this Third Day of July, 1936, knowing the condition of Crowfoot Residential School, on the Blackfoot Indian Reserve, and believing that an addition should be built this year, do agree to advance to the Department of Indian Affairs the sum of Fifty Thousand Dollars (\$50,000.00) from our Band Funds. The same to be returned to our Band Funds at such time as the Superintendent General of Indian Affairs, acting in our behalf, may determine, and that current rate of interest be paid to our funds each and every year until such time as the principal sum is repaid. And it is also asked that the said Department of Indian Affairs will protect the interest of our Band by having the proposed addition adequately insured against fire during the tenure of this loan. And in this we act on behalf of the whole of our Band.

Indian Affairs. School Files.

- 2 -

I beg to recommend, for approval, the acceptance of the above offer of the Band, on the conditions as set forth in the resolution. It will be necessary to obtain an Order in Council, authorizing the use of the funds of the Band for the purpose mentioned and approving of the terms upon which the loan is made.

I should be pleased to be advised if you approve accepting the offer of the Indians of the Blackfoot Band and if it will be in order to take the necessary steps to proceed with the work.

Acting Deputy Superintendent General.

Quarterly Returns

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Crowfoot Ind. Res. School for the Quarter ended March 31st 19 41 Alta

Principal J. J. R. ...

Dated March 31st 19 41

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at BLACKFOOT AGENCY APR 7 1941

this GLEICHEN, Alta. 19 41

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Crowfoot Ind. Res. School for the Quarter ended June 30th 1941

Principal J. R. ...

Dated June 30th 1941

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Crowfoot Indian Residential School for the Quarter ended September 30 1941.

Principal Gerrard Forester S.M.

Dated September 30 1941.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Blackfoot Indian Residential School for the Quarter ended December 31 1941.

Principal Rev. F. Gustafson

Dated December 31 1941

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Superintendent
Indian Agent

Dated at BLACKFOOT AGENCY DEC 31 1941

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Crowfoot Indian Residential School for the Quarter ended March 31 1942
Principal Rev. F. Finisterre, O.S.A.
Dated March 31 1942

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at BLACKFOOT AGENCY.
APR 9 1941
this GLEICHEN, Alta. 1941

Indian Agent

NOTE

Principals will please be guided by the instructions printed on the last page.

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

CANADA

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.*

7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance

and tuition at the Crowfoot Indian Residential School for the Quarter

ended, June 30th 1942

Principal *Rev. F. Forester S. M.*

Dated June 30th 1942

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

BLACKFOOT AGENCY.

Dated at, JUL 7 1942

GLEICHEN. Alta.

Indian Agent

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Crowfoot Indian Residential School for the Quarter ended September 30 1942
Principal Rev. F. Forestier, S.M.
Dated September 30 1942

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Crowfoot Indian Residential School for the Quarter

ended December 31 19 42

Principal Rev. G. Fortin, O.S.B.

Dated December 31 19 42

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Blackfoot Indian Residential School for the Quarter ended March 31 1943

Principal Rev. F. Forster, C.M.I.

Dated March 31 1943

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

BLACKFOOT AGENCY.

Dated at APR 7 1943

this GLEICHEN, Alta. 1943

Indian Agent

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Crowfoot Indian Residential School for the Quarter ended March 31 1944

Principal Rev. F. L. Lacombe, C.M.S.

Dated March 31 1944

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

BLACKFOOT AGENCY.

Dated at APR 10 1944

this GLEICHEN, AB. 1944

TOTAL number of days in Quarter 94

AGGREGATE number of days pupils in residence during Quarter 9282

AVERAGE attendance of pupils during Quarter 102

AMOUNT of per capita grant due for Quarter Allowed for X only \$ 3093.75

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the.....Crowfoot Indian Residential.....School for the Quarter ended.....June 30.....1944.....

Principal.....Rev. F. Fortin, C.M......

Dated.....June 30.....1944.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the CROWFOOT INDIAN RESIDENTIAL School for the Quarter ended September 30 1944.

Principal Rev. F. Forster, M.S.

Dated September 30 1944

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at GLEICHEN, Alta. this 19 day of October 1943.

Indian Agent

NOTE—Additions

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the CROWFOOT INDIAN RES. School for the Quarter ended MARCH 31, 1945.

Principal.....

Dated.....19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

.....
Indian Agent

Dated at.....
this.....19.....

NOTE

Principals will please be guided by the instructions printed on the last page.

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance

and tuition at the.....CROWFOOT INDIAN RESIDENTIAL.....School for the Quarter

ended.....JUNE 30,.....1945.

Principal... *Rev. L. Forestier O. M. S.*

Dated.....19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at _____ 1944 _____
this _____ **GLEICHEN, ALTA,** _____ 19_____

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.

7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Crowfoot Indian Residential School for the Quarter

ended September 30 1945

Principal A. Channon Esq.

Dated Oct. 2nd 1945

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTE—Additions to be correctly made and entered at the foot of column.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Crowfoot Indian Residential School for the Quarter ended December 31, 1945

Principal.....

Dated.....19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the School for the Quarter ended.....19.....

Principal.....

Dated.....19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

8 Jul 46.

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the CROWFOOT INDIAN RES. SCHOOL School for the Quarter

ended June 30 1948

Principal H. H. H. H. H.

Dated June 30 1948

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

H. H. H. H. H.
Indian Agent

Dated at BLACKFOOT AGENCY.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

OTTAWA COPY

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the CROWFOOT INDIAN RES. SCHOOL School for the Quarter

ended Dec. 31st 1948

Principal A. Charron, M.A.

Dated Dec. 31st 1948

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

H. P. Shugh
Indian Agent

Dated at BLACKFOOT AGENCY.
JAN 4 1949
this GLEICHEN, Alta. 1949

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the CROWFOOT INDIAN RES. SCHOOL School for the Quarter ended March 31st 1949.

Principal Alhanna mi

Dated March 31st 1949

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at BLACKFOOT AGENCY
this APR 1 1949 1949
GLEICHEN

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the CROWFOOT INDIAN RES. SCHOOL School for the Quarter ended June 30 1949
Principal A. Harrison
Dated June 30 1949

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

H. P. O'Neil
Indian Agent

Dated at BLACKFOOT AGENCY
this JUN 29 1949 1949
GLEICHEN, Alta.

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the BLACKFOOT INDIAN RES. SCHOOL School for the Quarter ended Sept 30th 1949.

Dated Oct 3rd 1949 Principal Heharon Omi

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at BLACKFOOT AGENCY OCT 5 1949 this GLEICHEN ALTA 1949 Indian Agent H. H. Hughes

NOTE

Principals will please be guided by the instructions printed on the last page.

Form No. I.A. 403

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the CROWFOOT INDIAN RES. SCHOOL School for the Quarter

ended Dec 31st 1949

Principal A. Channon, m.

Dated Dec 31st 1949

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

BLACKFOOT AGENCY.

Dated at DEC 30 1949

this CROWFOOT, Alta. 1949

NOTE

Principals will please be guided by the instructions printed on the last page.

Form No. I.A. 403

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the CROWFOOT INDIAN RES. SCHOOL School for the Quarter

ended March 31st 1950.

Principal Abraham Ami

Dated April 1st 1950.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

J. P. Bligh
Indian Agent

Dated at BLACKFOOT AGENCY
APR 4 1950
this GLEICHEN, ALTA. 1950.

NOTE

Principals will please be guided by the instructions printed on the last page.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the CROWFOOT INDIAN RES. SCHOOL School for the Quarter
CLARY, ALBERTA
ended June 30th 1950
Principal A. Channon
Dated July 3rd 1950

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at BLACKFOOT AGENCY
JUL 6 1950
this GLEICHEN, ALTA. 1950

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence-during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the OLD SUN INDIAN RESIDENTIAL School for the Quarter ended SEPTEMBER 30 19 50

Dated SEP 30 1950 Principal (Rev.) E.S.W. Cole

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

W.P.B. Pugh. Indian Agent
Superintendent.

Dated at Gleichen, Alberta
this OCT 6 1950
GLEICHEN, ALTA.

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the CROWFOOT INDIAN RES. SCHOOL School for the Quarter ended September 30th 1950.

Dated October 2nd 1950.

Principal A. Harrison, Jr.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at BLACKFOOT AGENCY
OCT 11 1950
this GLEICHEN, ALTA. 1950.

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the CROWFOOT INDIAN RES. SCHOOL School for the Quarter

ended December 31st 1950.

Principal A. Harrison

Dated December 30th 1950.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

H. B. [Signature]
Indian Agent

Dated at BLACKFOOT AGENCY
JAN 12 1951
this GLEICHEN, ALTA. 1951

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the CROWFOOT INDIAN RES. SCHOOL School for the Quarter ended March 31st 1951.

Principal A. Charron, M.

Dated March 31st 1951.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at BLACKFOOT AGENCY this APR 5 1951 1951
GLEICHEN, ALTA.

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the CROWFOOT INDIAN RES. SCHOOL School for the Quarter ended June 30th 1951

Principal A. Charron, C.M.

Dated June 30th 1951

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

H. P. [Signature]
Indian Agent

Dated at BLACKFOOT AGENCY
this 15th 1951
GLEICHEN, ALTA.

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance

and tuition at the CROWFOOT INDIAN RES. SCHOOL School for the Quarter

ended December 31st 19 51

Principal A. L. HARRIS

Dated December 31st 19 51

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent

Dated at BLACKFOOT AGENCY

this JAN 4 1952 19 52

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the GROWFOOT INDIAN RES. SCHOOL School for the Quarter ended September 30th 1951.

Dated October 1st 1951 Principal A. Charron, Cm.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at BLACKFOOT AGENCY this OCT 5th 1951 1951 GLEICHEN, ALTA.

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the CROWFOOT INDIAN RES. SCHOOL CLUNY, ALBERTA School for the Quarter

ended March 31st 1952

Principal A. Charron M.

Dated March 31st 1952

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

[Signature]
Indian Agent

Dated at BLACKFOOT AGENCY

APR 10 1952

this 10 1952

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the.....
.....School for the Quarter

ended.....*September 30th*.....19*52*

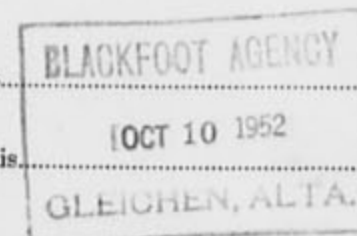

Principal.....*H. Harrison*.....

Dated.....*October 1st*.....19*52*

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

.....
Indian Agent

Dated at.....
this.....19.....

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the CROWFOOT INDIAN RES. SCHOOL School for the Quarter

ended December 1952

Principal H. H. H. H. H.

Dated December 31st 1952

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

[Signature]
Indian Agent

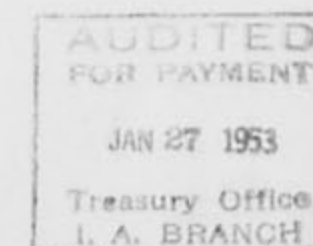

Dated at BLACKFOOT AGENCY
this JAN 10 1953 1953

GLEICHEN, ALTA.

NOTE

Principals will please be guided by the instructions printed on the last page.

W. J. R.
Re: Contract, Crowfoot School,
Cluny, Alta.,
Brotherston Electric Co. Ltd.

Dear Sir:-

We enclose herewith our Form #117A,
being an assignment of the contract of Brotherston
Electric Co., Ltd., with the Department of Indian
Affairs, in connection with the installation of an
Electric Plant at the Crowfoot School.

We understand that the progress estimate
for \$1,000.00 was forwarded to your Department a few
days ago, and the final estimate, we expect, will be
forwarded through us when the work is completed.

We would ask that the cheque be made pay-
able to this Bank.

Yours truly,

E. J. Timmer

Manager.

The Deputy Minister of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

I beg to acknowledge receipt of your letter of the 20th instant, with which you forwarded an assignment in favour of the Bank of Toronto, Calgary, from the Brotherston Electric Co., Ltd., of their contract in connection with the installation of an Electric Plant, at the Crowfoot School, and in reply I beg to transmit herewith form of Power of Attorney which it will be necessary for the above mentioned firm to execute in favour of the bank, before this Department can make payment to the bank of money falling due under the contract.

Yours truly,

F.H. Paget,
Accountant.

The Manager,
Bank of Toronto,
Calgary, Alta.

ADDRESS REPLY TO THIS LETTER TO DRUMMOND BUILDING

Mon
see me
Montreal, P.Q. Canada February 25/24

Deputy Superintendent General
Department of Indian Affairs
Ottawa, Ontario.

Dear Sir-

File 104-2-5
Attention of Mr. Duncan C. Scott.

We duly received your letter of the 30th ulto. in regard to the Linabestos fireproof Wallboard at present stored at the Crowfoot School, and are sorry to note your attitude in this connection.

As formerly advised you, our factory records show that this material was shipped according to your order in first class condition. We therefore cannot account for the breakages of which you complained, and are much inclined to think that they were due to some defect in the sheathing or lumber to which the Linabestos was applied, or probably in the manner of application; circumstances which we are in no way responsible for. Other shipments of this material made at the same time and in the same way as that sent to the Crowfoot School were found eminently satisfactory. This goes to substantiate our claim that the material was not faulty.

Despite this, however, we have made every possible effort to dispose of this material for you but regret we have been unable to place it, owing to the depressed state of the building trade in the West and on account of there being so little demand for materials of this nature in the rural districts surrounding the school. We think, however, you could advantageously use this fireproof, permanent material to good advantage in the School building, as its return to Lachine is out of the question on account of excessive freight rates and the likelihood of damage if improperly loaded.

We assuredly regret the circumstances very much indeed, but believe on reviewing the matter fully you will appreciate that we cannot accept any responsibility and that we are not to blame in any way for the unfortunate experience.

Yours very truly

Gleichen Alta.

Dear Sir:-

We beg to submit the following price for changing the wireing and installing two 8" fire gongs and changing the whole system over to work from the Lighting plant, as requested by the Principal.

We can make this change as stated above for the Sum of Seventy Five Dollars.

Yours Truly.

Brotherston Electric Co Ltd

OTTAWA.

Re- Electric Lighting of Crowfoot School.

Sir,-

The Reverend Principal is desirous that the fire alarm system be extended to include two more fire-gongs, and that the gongs be connected to the lighting system instead of using dry cell batteries as they have had to do in the past. This could be accomplished by reducing the electric current through a rheostat at the switchboard in the engine room. The electric bells in the building would be similarly operated.

I enclose an estimate from Brotherston Electric Co. of \$75.00 covering this work, and I would respectfully ask if it is the Department's wish that this additional outlay be incurred.

I was at the Crowfoot School on the 25th & 26th insts. and carefully checked up the work being performed by Brotherston Co. The wiring of the school was completed, and the pole line to the other buildings was finished, but the wiring was not yet carried into the outbuildings. The generating plant had arrived, and was well mounted on a suitable base in the engine room of the school. The switch board was set up, but an addition to same was being procured from Calgary, on which the controls, fuses, etc, will be mounted that are required for the outbuildings. The storage batteries were also in place. The acetylene plant was being taken out, and the first electric light was being delivered to some of the rooms on the 26th inst. The lighting fixtures had arrived, and are now being hung. I was fully satisfied with the manner ~~that~~ in which the contract is being carried out. The local engineer is working with Mr. Brotherston and is being instructed along technical lines in the operation of the plant. On the completion of the contract the work will all be inspected by the official inspector of the Western Canada Fire Underwriters Association, and his certificate procured.

The generating plant has sustained an injury, presumably while in transit, which is shown by a crack across the casting which encloses the outer end of the generator. This casting also serves as a bearing for the generator shaft. Mr. Brotherston suggested that the crack be repaired by oxy-acetylene welding, which he thought would be equal to new, but I objected to this and stated that the Department would insist on a new casting to replace the damaged one.

Indian Affairs. School Files.

(RG 10, Volume 6349, File 752-5, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

-2-

As the crack does not yet extend all the way across the casting, it is not likely to cause any interruption to the lighting service while the new part is being procured.

The engine room of the School, in which the electric plant is being installed, and which also contains the pumping plant, has a very poor cement floor. Owing to either poor workmanship when the floor was laid, or else to the settlement of the building, the floor now slopes away from the floor drain in the centre, and is lowest along the walls, where water often lies. The surface is also badly cracked in places. The Rev. Principal is desirous that this room be kept in a clean and tidy condition, - particularly since the new lighting plant has been installed there- and has asked that a new surface be laid on the existing floor with grade from all sides to the existing floor drain in the centre. This room measures 15'x 26'. To lay a new floor averaging 3" in thickness, properly graded, and with 1" wearing surface, would cost about \$80.00 in labour and materials. I told the Rev. Principal that I would refer his request to the Department, and be guided by your instructions in this matter as well as in the matter of the fire gongs mentioned in the first part of this letter.

I have the honour to be, Sir,

Your obedient servant

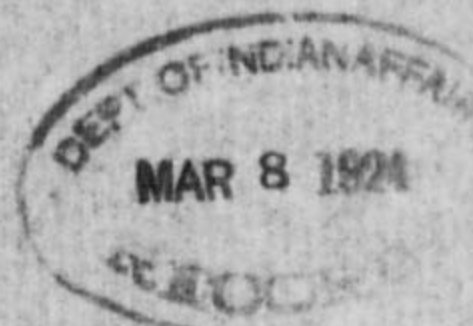

E. Gardner Smith

Inspector of Construction.

12 Day forms and Certificate blanks sent - 26/3/24.
Re--Electric Lighting of Crowfoot School, Cluny.

Sir:

I beg to advise you that I have to-day issued a second certificate to the Brotherston Electric Company, Limited, Calgary, being a payment of 90% of the value of labor and material supplied to date.

The work in connection with this contract is now well advanced, and the electric lighting of the school is being provided. In about a fortnight the work will be entirely completed and a final certificate issued.

See 26/3/24
I have inspected the payroll of the contractors and find that all labor is paid to date. The materials are also being paid for as the payments fall due.

Will you kindly let me have a further supply of certificate blanks and diary sheets.

I have the honor to be, Sir,

EGS:G

Your obedient servant,

E. Gardner Smith

Sir:-

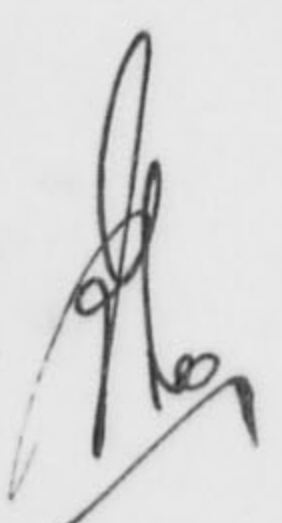

Replying to your letter of the 28th ultimo with reference to the electric lighting plants now being installed at the Crowfoot School, I beg to say that the Department approves of your action in refusing the contractor permission to repair the injury to the generator, and that he must furnish new parts to replace the damaged ones.

With reference to the additional work asked for, I beg to say that the Department cannot approve of any additional expenditure on this plant and it is thought with reference to the concrete flooring that if the Department will supply the material that the school could undertake the work.

Your obedient servant,

J. D. McLean.

Re- Lighting Contract, Crowfoot School.

Sir,-

I beg to advise that I have to-day issued a 3rd and final certificate for \$2301.74 to the Brotherston Electric Co., Ltd. in full payment of their contract, and extras, for the lighting of Crowfoot School. The complete a/c is as follows:-

Contract for Lighting Plant & Wiring	.5825.00
Extra Outlets, Chapel & Infirmary, authorized by Dep't	67.00
" " Office	16.00
Meter & Extra lines to Church and Principal's Residence,	60.00
Error in contract form. Tender was \$5830.00	5.00
Difference in Sales Tax between 2 1/2% and 6%	87.19
(Generating Plant cost \$2500, less 7% trade disc't)	
* Three way switch in Principal's residence, stairway,	15.00
* Switch in Church over balcony, to control balcony light	10.00
* Street Reflector, to light area between school & barn	14.00
* Switch & Line to Workshop	14.00
Lighting Fixtures, as approved by Department,	.568.55
* Extra Lamps left at School, at wholesale price,	20.00
	6701.74

* Authorized by Inspector Gardner Smith and approved by Indian Agent Gooderham.

The lighting plant is now in operation and working satisfactorily. The cracked casting will be replaced by a new part now en route from the factory. I did not deem it necessary to hold back any money for this, as we have the Contractors' 12 months' guarantee on all materials and workmanship, and there is no dispute about replacing the cracked casting. However, should the Department think otherwise, the sum of \$75 might be retained to cover it.

I have satisfied myself that labour & materials are being paid for by the Contractors.

I have the honour to be, Sir,

Your obedient servant
E. Gardner Smith
Inspector of Construction.

Honorable Duncan Scott,
Supt. Deputy of Ind. Affairs
(China).

Honorable Sir,

Knowing the keen
interest you have always shown
in the welfare of our school,
we cannot let pass unmentioned
our appreciation of the latest
improvement granted: That of
the installation of the Electric
Light throughout the main
building and the outside ones.

The exterior of the building
has been greatly improved by
the brick veneering which has
also contributed towards the

Indian Affairs. School Files.
(RG 10, Volume 6349, File 752-5, part 1)

CANADA

formerly and since electricity sheds
its brilliant rays in every nook
we find great comfort there.
You will undoubtedly be pleased
to know that the Cross dominating
the Dome of the School has been
electrified, shining as a special
planet to make known to all
the work of Christianizing our poor
pagan race.

I am forwarding a recent taken

picture of our lovely School.

I believe that the only drain
back to the good appearance of the
whole is the fence around the
grounds. We hope a near future
will permit you to bring an impro-
vement in this line as well as
the painting of the outside buildings
whose attire looks most shabby when
compared with the richness and neatness
of the main building.

Thanking you, once more, and

Reverend and Dear Sister,

March 31, 1924.

I beg to acknowledge the receipt of your letter of the 22nd instant, and to say that the photograph of the Crowfoot boarding school reached me safely. I am delighted to have this; it is the finest picture of any of our schools that I have. I am sure that the illuminated cross must be seen from a great many passing trains and will be a source of inspiration to many a wayfarer.

Again thanking you for sending me the photograph, and wishing you every success, I remain,

Yours sincerely,

Duncan
Deputy Superintendent General.

COMMISSIONER'S OFFICE,

D REGINA, SASK., April 5th, 1924

IN YOUR REPLY REFER TO

No. 401-11A

ALSO TO DATE OF THIS LETTER

Sir:

I beg to inform you that the stable, implement shed, ice house, hen house, oil house and roof of root house, at the Crowfoot Boarding School, are sadly in need of paint. I believe these buildings have not been painted for ten years, and there is hardly any paint to be seen on them at the present time. It is needless for me to state that the buildings are depreciating rapidly for want of paint. I would be glad to have your authority to spend \$500 or \$600 to have this work done; it may take a little more, but the utmost economy will be exercised in getting the work done.

I would draw your attention, at the same time, to the fact that this school has recently been remodelled throughout the inside, and brick veneered outside, and the building presents a nice appearance. The roofing, however, is much in need of paint, in fact the shingles are quite bare in places.

If this is unsatisfactory, perhaps the work could be done for \$300.00. I have no estimate at the present time; but there is no doubt in my mind the work should be done.

Your obedient servant,

W.M. Graham
Indian Commissioner.The Secretary,

CANADA

April 10, 1924.

Memorandum:

Dr. Scott.

Mr. Commissioner Graham recommends that authority be given him to paint the outbuildings at the Crowfoot Indian Residential School. He estimates the cost at \$600. The Commissioner also recommends an expenditure of \$300 for painting the roof of the main building.

There is an item of \$500 for painting for the Crowfoot School in the 1924-25 Estimates. I wish to recommend that the outbuildings be done and I will note for next year the fact that the roof needs painting.

OK
Memorandum:

Dr. Scott.
Dr. Scott.

Mr. Commissioner Graham recommends that authority be given him to paint the outbuildings at the Crowfoot Indian Residential School. He estimates the cost at \$600. The Commissioner also recommends an expenditure of \$300 for painting the roof of the main building.

There is an item of \$500 for painting for the Crowfoot School in the 1924-25 Estimates. I wish to recommend that the outbuildings be done and I will note for next year the fact that the roof needs painting.

Russell Henin

Supt. of Indian Education.

EXTRACT
ORIGINAL ON
77-1

DEPARTMENT OF INDIAN AFFAIRS
CANADA.

Regina, Sask.,
April 3rd, 1924.

Dear Mr. Scott:-

I have just returned from the Province of Alberta, where I have been for nearly three weeks. I visited the Blood, Peigan, Sarcee, Blackfoot, Hobbema and Edmonton Agencies, and eight Indian Boarding Schools.

x x x x

I visited the Crowfoot School, which is under the direction of the Sisters of Providence. I found this Institution in its usual good order. The place was scrupulously clean from attic to basement. The school had recently been given a quarter section of land, on which I am told they are going to carry on farming in a small way. I hope it will be in a small way.

There is a shortage of water, even though we provided a well here last year. This will be reported upon separately.

Might I ask, while we are on the subject of this school, what steps have been taken to remove the linabestos board, which is piled in the warehouse at the school. This is taking up valuable space which cannot be spared.

x x x x

ADDRESS REPLY TO THIS LETTER TO DRUMMOND BUILDING

Montreal, P.Q. Canada April 28/24

Secretary, Department of Indian Affairs
Ottawa, Ontario.

Dear Sirs- Attention of Mr. A.F. MacKenzie, Acting Assist. Sec'y.
Your file 104-2-5D

DEPT. OF INDIAN AFFAIRS

May 9 1924
ARCHIVE
We have just received your letter of April 26th in connection with the Linabestos which we supplied for the Crowfoot School, and must take exception to the word "unsatisfactory" if same is intended to apply to the condition and nature of said material. As I have told you before, the Linabestos shipped for this order was strictly in accordance with your request. It was dispatched from our factory at Lachine in first class condition, as all reports go to show. If the material was not suitable for your requirements then the fault is not ours nor should you try to hold us responsible for same, as we shipped exactly according to your order Linabestos fireproof wallboard, the quality of which was unquestionable.

We are very much inclined to think that the inconvenience you have been caused was due to improper application or to the unsuitability for material of this nature of the building to which you applied it. We regret your decision to hand this over to the Department of Justice, as we have assured you from time to time that we were making every effort to dispose of the material for your account in the West. Heretofore we have been unsuccessful, but now the spring building season is just opening up, so that the prospects for early disposal look much brighter than in the past winter months. We would therefore ask you to give us sufficient time to place the material elsewhere, and again assure you we will make every effort to do so without delay.

Yours very truly

Ottawa, May 27th, 1924.

Sir:

I have to acknowledge the receipt of your letter of the 20th instant, requesting authority to purchase split cedar posts and iron farm gates to complete the new fences required on the farms at the Old Sun's and Crowfoot Indian Residential Schools.

In reply I beg to say that the Department will approve of the purchase of the above equipment, as follows: -

Old Sun's: 250 split cedar posts
 2 plain iron farm gates.

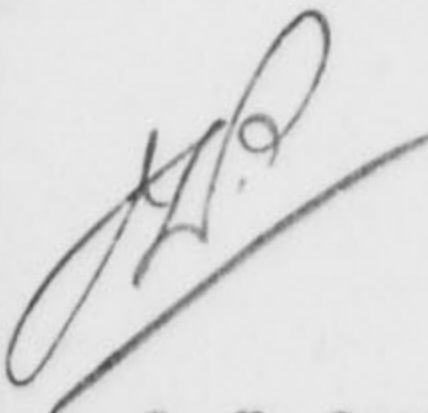

Crowfoot: 150 split cedar posts
 2 plain iron farm gates.

The expenditure incurred should not exceed your estimate of approximately \$130.00. If possible, competitive prices should be obtained, and the purchase made from the firm quoting the lowest price. Properly certified vouchers, in duplicate, covering the expenditure incurred for each of the schools separately should be forwarded, together with an abstract showing the firms asked to quote and the prices quoted.

Cluny P.O. July 4th/1924

Geo. Gooderham Indian agent

Glichen

Dear Sir

I beg to acknowledge receipt of your letter of the 19th last re application for Lumber for fence in front of the Crowfoot School, and in reply to say the 18 pieces 6x6x7 will not be sufficient for the intended work. I applied for 18 pieces 6x6x12, this was leaving us with 6 posts short, these we would have provided ourselves, but as things are Sister Superior does not seem to be in a position to make any other expenses besides what she has done in buying oil for floors. So it means the fence cannot be built unless you supply us with 10 extra more pieces 6x6x12 - or 360 ft of Lumber. The Depart. cannot refuse this if the mistake in making the application was explained to them. The Bill for the material supplied will be sent to your office certified correct unless you have objection to it I believe it amounts to \$32.50

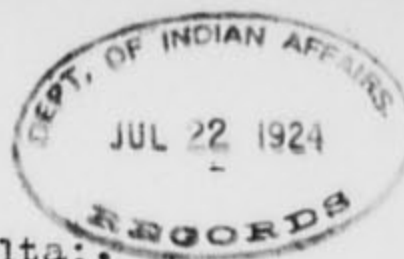

Yours truly J. R. Brown
Principal.

Sir,

R

Herewith please find attached a letter received by me from the Principal, Crowfoot School, which explains itself.

Authority was given to erect this fence by departmental letter of the 25th June, File 104-2-5. but in applying for this authority I underestimated the amount of material required by 6 posts. Rather than hold up the work I have given authority for the 6 posts required and ask that the Department approve of my action in this matter.

Your obedient servant,

Sir,

Crowfoot School has increased their cattle herd and have asked for a small shed to be built near the barns where the stock will get shelter on winter days and when certain feeding will be done.

They require a shed 14' x 40' partly open in the front and of very simple construction. The principal will assume the erection if the Department will supply the material.

I have secured a bill of material and a working plan.

The material will cost approximately \$120. and I would ask that authority be granted to purchase in the usual way, as the request is justified.

Your obedient servant,

G. H. Gooderham

Sir,

The following repairs and additions were included in my 1934-35 Estimates for Crowfoot School and should be done if Funds are available:

Repair to stairs - estimated cost \$25. The treads are badly worn on stairs going to the basement; some material is on hand from last year.

Repair and lining of two porches leading to the basement from the rear of the building - estimated cost \$130. The present porches are delapidated and are not weather proof; they are necessary and should be repaired before winter.

Two bins for use in kitchen pantry. The Sister Superior has been asking for these bins for two years. No doubt they are necessary. Estimated cost \$40.

Two Bread boxes - estimated cost \$30. These are wanted for use in the dining room. At present there are none.

The above cover the extra ordinary requirements not already granted; please advise me as soon as possible whether any or all will be authorized.

Your obedient servant,

Indian Agent.

ALSO TO DATE OF THE LETTER

Dear Mr. Scott:-

R

I beg to inform you that The United and Electric Company of Alberta will have completed their line to supply lighting power to Cluny and Gleichen within the next two weeks, and the Principal of the Crowfoot School proposes to put in a transformer at Cluny within the next four weeks if the Department will agree to take the power at the rate set forth when the Indians surrendered a right of way.

I have not a copy of the surrender here, and do not know the rates quoted, but there is no doubt in my mind the Department should take advantage of the power which passes right by the door of the school, as it would certainly be economy. I am told that the cost of putting in a transformer at the school will be \$100.00. If you will advise me by wire if I may do this I will have the necessary action taken.

When this is done I would recommend that the electric lighting plant which is a new Lister Hurston 6 KW plant be taken out of this school and installed in the new St. Paul's school on the Blood reserve, and the Department will thereby be saved an expenditure of possibly \$3000.00. You will see from this that prompt action is necessary.

The

Duncan C. Scott, Esq.,
Deputy Supt. General of Indian Affairs,
Ottawa.

The question of lighting the Old Sun's School in the same way is one that should receive the immediate consideration of the Department and if this is done the plant that is in use there can be transferred to the Union Lake School. We also have a plant in the hospital there which could be used at some other point at a later date.

Yours very truly,

W. L. Graham

ALSO
TO DATE OF THIS LETTER

Sir,—

The Principal of Crowfoot School drew my attention to the fact that he required oil and varnish for the floors of this institution this summer and purchased the necessary material.

As the work was done very well indeed and as the material adds to the life and preservation of the floors, I would ask that he be re-imbursed for the outlay.

I enclose herewith copies of the accounts paid to C.C.Snowden - \$16.50 and to the Pyrimid Oil and Refining Co (part) \$8.50 - a total of \$25.00 which I trust will be in order for you to refund to the Rev. Principal.

Your obedient servant,

R
EXTRACT FROM LETTER FROM G. H. GOODERHAM,
INDIAN AGENT, GLEICHEN, ALTA., Dated Sept. 29, 1924.
Estimates, Blackfoot Agency, 1925-26.

x

x

x

Noted
Estimates
Crowfoot School barn is now too small to house the stock and is also poorly laid out. It is 36' x 60' with stalls for 8 horses and 10 cows, a feed room on the ground floor and a good loft above. It is recommended that it be extended 40' and the loft carried throughout; the extension to be used for horses only and the existing stable to be remodelled into a cow barn. I enclose a small rough plan of suggested changes and an endeavour to economize and utilize space to advantage has been made. The present barn was built in 1912 and since then this Institution has increased its farming pursuits and the stock is being materially increased.

As mixed farming and care of stock is an important branch of the School work, the larger barn is a necessity. No silo is included for the obvious reason that, to date, ensilage has not been grown in sufficient quantities to justify the expense.

*Noted &
Estimates*

This work which was supposed to be done during the present fiscal year would be a complement to the magnificent work undertaken by the Department a couple of years ago. A sum of \$500.00 would be necessary for such purpose and I hereby request that it be included in the estimates.

Joseph Guy, Supt.

SCHOOLS BRANCH
NOV 21 1924

This institution is now using light supplied by the United Electric Engineering Co. and the plant formerly in use has been shipped to the Blood Reserve. The light is cheaper than can be supplied by the plant and is giving satisfaction. It is hoped that in the near future all institutions will have this power, not only for light but also for all other essential purposes. It would, I believe, be a great economy to supplant all gas engines with electric motors.

EXTRACT FROM REPORT OF MR. AGENT G. H. GOODERHAM
FOR THE MONTH OF NOVEMBER.

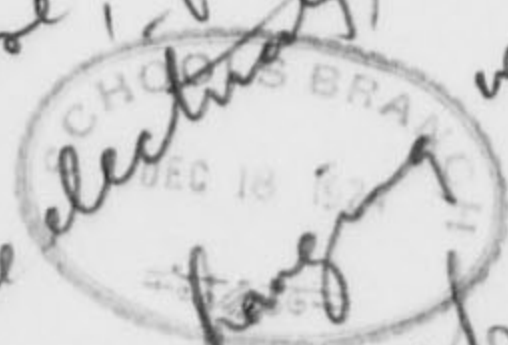

ORIGINAL ON FILE # 104-2-7

Crowfoot Bdy sel

Motors are required to replace gasoline engines used to pump water and to operate laundry. Authority should be given to make the change as soon as possible, as the engines are a source of trouble and expense. The motors could be secured for about \$400, I believe, though I have not yet gotten definite figures. I recommend that the Department give this matter consideration immediately.

They have engine for this purpose, if they wish to use electric, the cost of changing will have to be met from sub funds

I discussed this with Com Graham

Sir:

I have to refer to that portion of your report for the month of November in which you recommend that motors be supplied the Crowfoot Indian Residential School, to replace the gas engine used to pump water and to operate the laundry machinery. As the institution has gas engines for this purpose, the cost of changing to motors, if they wish to use electricity, will have to be met from school funds.

Sir:-

Re attached voucher - A quantity of cement was purchased at the time considerable work was done at Crowfoot School under the supervision of Mr Gardner Smith. I have ascertained from the Principal that the empty sacks were not returned and a number got torn and weather beaten, and the Sisters made use of a few. They cannot therefore be returned and must be paid from some source.

EXTRACT FROM REPORT OF AGENT G. H. GOODERHAM,
FOR THE MONTH OF MARCH, 1925, ON THE CROWFOOT
INDIAN RESIDENTIAL SCHOOL.

Original on File 104-2-7.

I recommend again that the Department replace gas engines for pumping and operating the laundry with electric motors. The gas engines are wearing out and require constant attention and repairs. The total value of the engines is estimated at \$150 if sold, and motors installed would cost more than this amount. Even if the initial cost of the change did amount to a difference of \$300 it is considered to be economy for the Department in the end. Something has to be done - either give the present plant a thorough overhauling or put in motors. I recommend the motors and consider that the department is justified in creating this expenditure.

Ottawa, April 17, 1925.

Sir:

I have to inform you that Mr. Indian Agent Gooderham reports in part on the Crowfoot Indian Residential School as follows: -

"I recommend again that the Department replace gas engines for pumping and operating the laundry with electric motors. The gas engines are wearing out and require constant attention and repairs. The total value of the engines is estimated at \$150 if sold, and motors installed would cost more than this amount. Even if the initial cost of the change did amount to a difference of \$300, it is considered to be economy for the Department in the end. Something has to be done - either give the present plant a thorough overhauling or put in motors. I recommend the motors and consider that the Department is justified in creating this expenditure."

Please let me have your recommendation in this connection. I might inform you that some time ago the Department refused this request, on the grounds that the school had gas engines and if they wished other equipment the school management should meet the expense. This last report of the Indian agent, indicating that the gas engines are worn out, puts a somewhat different complexion on the matter.

Your obedient servant,

J. D. McLEAN

No. 401-11A

ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE,

REGINA, SASK., April 29th, 1925

Sir:-

I beg to acknowledge receipt of your letter of the 17th instant 104-2-5, informing me that Indian Agent Gooderham has reported that the engines at the Crowfoot School are constantly in need of repairs to keep them in working order, and recommends that motors be installed at this institution and the engines discarded.

I am not prepared at the present time to make this recommendation. I, like the Department, feel that if the engines are doing the work they should continue to use them. However, I shall be going to the Blackfoot Agency some time in the near future, and will then go into the whole question and see what can be done.

It seems to me that we are coming to the point where everything that is required at our Indian Schools the Department is expected to supply it. We are called upon to do five times as much as we were fifteen years ago. In the olden days the institution was prepared to bear some of the expense, but not so now.

Your obedient servant,

W. M. Graham
W. M. Graham,

Sir:

I beg to submit the following report for the
month of March 1925:-

x

x

x

SCHOOLS

Crowfoot was visited on the 23th. Children
were well, the work well under hand and the Institution
orderly and spotlessly clean. The matter of motors
to supplant gas engines for pumping and operating the
laundry was gone into and the writer seriously recommends
the change. The gas engines are worn and require repairs -
this is costly. Their value in present condition is estimated
at \$150.00. Two motors and cost of installation could be
secured I believe, for about \$450. The expenditure is
justifiable in my opinion and I believe that the Dept.
should assume the obligation.

Sir:

I beg to forward herewith and recommend for payment a voucher representing the cost of a shed erected on the land at one time occupied by Little Light an Indian of the Blackfoot Reserve, who is now living on another farm. The shed in question is situated on a quarter section which adjoins the Crowfoot Indian Boarding School, which was taken over for use by the school, but no compensation was made to Little Light for the shed and it still remains on the original site. I recommend therefore that it be taken over by the Department and later it can either be sold to another Indian or put to good use by the Farming Instructor. The amount of the voucher will be employed in paying the debts of Little Light, and for the purpose should be forwarded to the Agent "In Trust". The voucher is for \$294.00.

ALSO TO DATE OF THIS LETTER

Sir:

I beg to forward herewith and recommend for payment Blackfoot Agency voucher #143 in favor of the Crown Lumber Company for \$25.15. This lumber was purchased to make a culvert on the side of the road allowance at the drive entrance to Crowfoot School. The necessity for putting in this culvert is due for the most part to the rush of water from the flowing well on the land occupied by Duck Chief, which is directly opposite the school. In view of the circumstances therefore I think this is a fair charge against Band Funds, and I beg to recommend the voucher for payment.

COMMISSIONER'S OFFICE,

REGINA, SASK., July 15th, 1925

Sir:

I have received a letter from Mr. G.H. Gooderham, Indian Agent at the Blackfoot Agency pointing out that the heating boiler at the Crowfoot School is in need of repairs. He reports that the arch and fire brick were in bad condition during the early part of the year, but weather conditions necessitated the use of the boiler as long as possible. It should be repaired before next winter and an estimate forwarded by the Agent shows that the sum of \$117.00 will be required to replace the fire brick including the arch and bridging and furnishing a new cast iron arch over the fire door. I shall be glad if the Department will give me authority to incur this expenditure.

Your obedient servant,

REGINA, SASK., July 22nd, 1925

architect

Sir:-

Replying to your letter of the 13th instant #51-104C regarding the exchange of motors, I beg to say that the school referred to was the Crowfoot Boarding School. As you are aware there is a power line passing by that school and we are now obtaining light for the school from that line which will eliminate the old engines that we have in use there.

Your obedient servant,

W. M. Graham
W. M. Graham,
Indian Commissioner.

Ottawa, 29th July, 1925.

R

Mr. Carr.
Approved
For the
Chief Secy

MEMORANDUM.

Mr. McLean.

A letter has been received from Commissioner Graham recommending that the gasoline engine in the Crowfoot School, which is used for pumping water, be replaced by an electric motor.

Recently a power line was installed and passes in front of this school. The lighting system of the building was connected up with this service line. The cost of the change would be approximately \$300., and I recommend that Mr. Graham be authorized to have this work done.

W. Henry Orr

Sir:

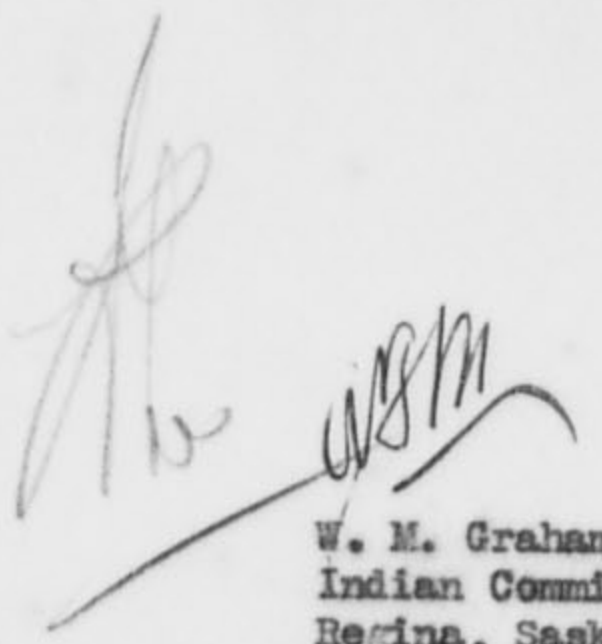

Referring to your letter of the 22nd ultimo regarding the exchanging of motors at the Crowfoot School, I beg to say that the Department approves of this work being done.

It is understood that the cost will not exceed the sum of \$300.

Your obedient servant,

A. F. MacKensie,
Acting Asst. Deputy & Secretary.

W. M. Graham, Esq.,

DEPARTMENT OF INDIAN AFFAIRS
CANADA

IN YOUR REPLY REFER TO

No. 401-11A

ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE,

D REGINA, SASK., August 21st, 1925.

Dear Sir:-

I am in receipt of a telegram from the Indian Agent at Gleichen, which reads as follows,-

" Two hundred forty-five dollars have been
" expended in painting roof and cupola of
" Crowfoot stop painter estimates that two
" hundred dollars further will cover cost of
" painting verandahs and other necessary
" exterior work stop Principal states that
" Father Guy informed him that five hundred
" dollars allowed for this work stop will
" you authorize the further expenditure."

(Sgd.) G.H. Gooderham.

A year ago I took up with the Department the matter of painting the outbuildings at the Crowfoot School and also the roof of the school building. I received a reply from you stating that there was no money available to paint the roof of the school, but that I could spend \$600.00 on re-painting the outbuildings, which was done in 1924.

This spring the Department took up with me the matter of painting the roof, which could not be painted in 1924, and informed me that there was \$300.00 available to do this work, which must not be exceeded. I passed on these instructions to the Agent and the work was done at a cost of \$245.00. I am now in receipt of the above quoted telegram, which indicates that Father Guy has again been interfering and has informed the

Secretary,
Dept. of Indian Affairs,
Ottawa.

Principal

Indian Affairs. School Files.

Principal that there is \$500.00 available for this work, and he naturally expects it to be spent. I took exception to Father Guy going to the Hobbema School and telling them that there was \$5000.00 available for the laundry, when I was sent there to put up the laundry at the least possible cost. It seems to me a most peculiar situation to have a Priest, who is not even employed by the Department, going through the country advising the school authorities as to the amounts of money that are available for work at their schools, and on the other hand, the Department advising me that the work must be done for a certain figure which does not correspond with the amounts mentioned by the Priest. This is a most unsatisfactory way to run a business and such methods would not be applied in any business concern.

Your obedient servant,

W.M. Graham

R

Dear Sir:-

Mr. Dhu
Re attached Vouchers Nos. 239 & 240
The ~~Sister~~ Superior of the Sisters of Providence
on her visit in 1934 requested that the Matron's
room in the boys' dormitory be enlarged. It was
agreed that the Sister in charge of this work did
not have privacy or sufficient accommodation, and
could not always see that no pupil went out during
the night.

Authority was not asked but the Sister
Superior purchased the necessary extra material
and had the room enlarged and these vouchers cover
the cost of same.

I have inspected the room and it is
now quite satisfactory; under the circumstances, I
recommend that the amount expended as per voucher
239 be refunded to the School authorities.

Your obedient servant,

COMMISSIONER'S OFFICE,

D REGINA, SASK., Sept. 24th, 1925

Sir:-

OK. / I beg to inform you that in the 1925-26 Estimates for the Blackfoot Agency there was an amount inserted for a new floor in the girls' playroom at the Crowfoot School. This floor is badly needed and the Agent has again drawn my attention to the matter. I am told that the floor can be put down at a total cost of \$110.00, and as this service is really necessary, the floor having been in bad shape for two years, I would recommend that the request be met.

OK. / There is another matter in connection with this institution which requires attention. In 1924 repairs were asked for two back porches but were refused owing to lack of funds. For \$50.00 these two porches can be lined, the doors repaired, and the porches made water-proof. As the porches are quite a size and lead to the basement it is hoped that the authority to proceed with the work will be granted.

Your obedient servant,

W. M. Graham,
Indian Commissioner.

Secretary,
Department of Indian Affairs,
Ottawa.

Sir:-

I beg to inform you that the Sister Superior of the Crowfoot Boarding School was in to see me the other day, and made a request to be supplied with a Simplex Ironer. The Sister pointed out that their school has never had very much laundry equipment and that the Dryer which they had supplied years ago at this institution is obsolete.

*Regret
no funds available*
I am attaching hereto a cut of the Ironer which they would like to have supplied, and I believe we can buy this for considerably less than \$235.00. I would be glad if you could see your way clear to authorize this purchase, as it would mean simplifying the work a great deal. I may say that I have seen one or two of these machines at work here in Regina and they appear to be very satisfactory and certainly save a great deal of labour.

Your obedient servant,

[Signature: W. M. Graham]

Ottawa, October 7th, 1925.

Sir,-

I have your 401-11A of the 24th ultimo with reference to repairs required at the Crowfoot Indian Residential School. You are authorized to expend \$110.00 for a new floor in the girls' play-room and \$50.00 for repairs to the back porches. Please incur no unnecessary expense and when making purchases or engaging labour bear in mind the regulations relating thereto.

I have also your 401-11A of the 24th ultimo with reference to additional laundry equipment at ~~the~~ school. I regret that there are no funds available for the purchase of a Simplex Ironer.

Your obedient servant,

Acting Asst. Deputy and Secretary.

EXTRACT FROM LETTER OF G. H. GOODERHAM,
Indian Agent, Gleichen, Alta. dated 29th Sept. 29/25.
Letter addressed to Commissioner Graham.

Original on 1926 E.

Herewith estimates for 1926-27.

Crowfoot School:

More accommodation for stock is needed at
Crowfoot School. To this end and keeping in mind that
economy must be considered, an addition to the present
bank barn is recommended. Painting of woodwork of the
main building should have been done already. I believe
it is 13 years since painted and the present condition
is far from satisfactory.

IN YOUR REPLY REFER TO

No. 401-11A

ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE,

REGINA, SASK., December 18th., 1925.

Sir:-

I beg to forward herewith and recommend for payment Blackfoot Agency voucher #349, \$100.00, in favour of T. W. Davidson, Painter, Gleichen, Alta., for the painting of the roof at the Crowfoot Residential School. Agent Mr. Gooderham states this was the only painter available locally although efforts were made to procure competition in other towns.

Department authority is dated
April 23rd, File 104-2-5.

Re Voucher #406. (Crowfoot School)

Dear Sir:-

Re Attached voucher # 406 - last fall Mr. Michael was awarded a tender for new fire-bricks etc. for this boiler. When this work was underway it was noticed that the boiler was settling, ~~xxxfront~~ and the front part was getting detached. This was probably caused by a seepage of water and it was necessary to take the whole front down to get it drilled for inserting truss rods.

Mr. Michael drew my attention to this and I gave him instructions to proceed.

Your obedient servant,

Indian Agent.

The Secretary
Dept. of Indian Affairs

Ottawa, Canada, March 8, 1926. 192

To the Secretary,
Department of Indian Affairs,
Ottawa.

ATTENTION: MR. R.T. FERRIER.

Dear Mr. Ferrier:-

Pursuant to former conversation I have written to Reverend Father Riou of Crowfoot Indian Residential School, asking from him to state the quantity of material he would need to complete the work of painting undertaken at the school, some time ago.

The Reverend Principal sends me the following quantities and prices:

20 gals. linseed oil (boiled)	\$96.00
10 gals. turpentine (pure)	20.00
300 lbs. pure white lead	48.00
5 gals. prepared paint	20.00
doz. brushes 2"	
doz. brushes 1"	

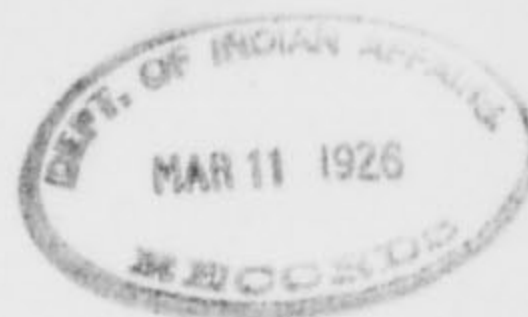

I hope that you will be able to give consideration to the request of the Reverend Father.

Believe me,

Yours truly,

Joseph Guay, O.M.I.

Sir:

I have to inform you that the church authorities have requested the Department to make a grant of approximately \$175 for materials with which to do some further painting at the Crowfoot Indian Residential School. It is stated that the school management is ready to take care of all labour. Please let me have a report and recommendation in this connection.

Your obedient servant,

J. D. McLean

ALSO TO DATE OF THIS LETTER

Sir:

With reference to Department #104-2-5 dated the 12th instant, I find on enquiry that the woodwork about the doors, windows, porches, and particularly the verandahs at the Crowfoot Indian Residential School are badly in need of paint, and I therefore recommend that the grant of approximately \$175.00 be allowed for the purchase of the necessary material, it being understood that the school management is ready to take care of all labour.

Your obedient servant,

W. M. Graham

Sir:

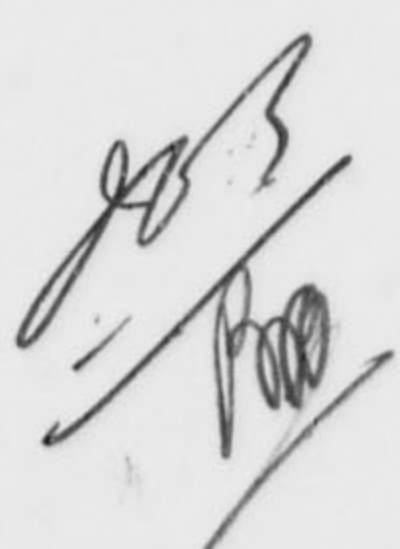

Replying to your No. 401-11 A of the 25th instant, I beg to say that the department will approve of an expenditure not exceeding approximately \$175 in providing the necessary material to paint the wood-work of the doors, windows, porches and verandahs at the Crowfoot Indian Residential School. It is understood that the school management will provide the labour without expense to the Department.

Vouchers, properly certified, should be forwarded in the usual manner covering the expenditure incurred.

Ottawa, Sept. 27, 1926.

Sir:

I have to refer to that portion of your report, dated the 13th instant, on the Crowfoot Indian Residential School, in which you request to be informed whether the Department will install an electric clothes extractor, which has been given to the school, and increase the size of the operating motor. Please state the cost involved in the installing of the extractor and the cost of increasing the size of the motor, if this should be required.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

G. H. Gooderham, Esq.,
Indian Agent,

IN YOUR REPLY REFER TO

No. 401-11A

R.C.

H.

COMMISSIONER'S OFFICE,

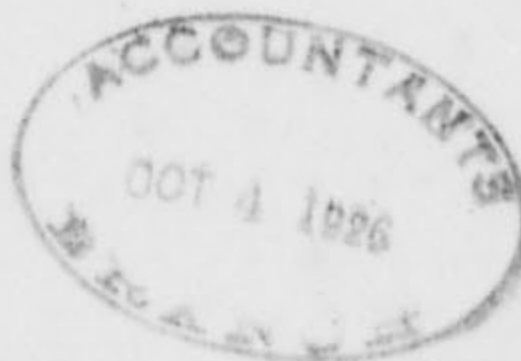

REGINA, SASK. Sept. 28th, 1926.

ALSO TO DATE OF THIS LETTER

Sir:

I have just been advised by Mr. G.H. Gooderham, Indian Agent, Blackfoot Reserve, that the Crowfoot Boarding School has secured a clothes extractor for their laundry and installed it at their own expense. It is now found that the 2 H.P. motor now in use in the laundry is too small to operate the whole plant and the smallest size that will be of use to them is a 5 H.P. motor. This the United Electric & Engineering Co. undertake to supply in exchange for the 2 H.P. motor for the sum of \$100.00 and I would recommend that the 5 H.P. motor be purchased. Competitive prices will be procured before a new motor is bought but \$100. will of course be the maximum figure.

Your obedient servant,

W.M. Graham,
Indian Commissioner.

The Secretary,
Dept. of Indian Affairs,
Ottawa.

Ottawa, October 5, 1926.

Sir:

I have your No. 401-11A. R.C., of the 28th ultimo, relative to increasing the size of the motor to operate the laundry machinery which has been secured and installed by the management of the Crowfoot Indian Residential School.

In reply I beg to say that the Department will approve of an expenditure of approximately \$100 in the exchange of the present 2 H. P. motor for a 5 H. P. motor. We note that you will obtain competitive prices before purchasing. The Department will be pleased if you will arrange for this exchange in motors in order to provide the increased power required. Vouchers, in the usual manner, should be forwarded covering the expenditure incurred for the purpose.

Your obedient servant,

J. D. McLEAN

J. D. McLean,

ALSO

TO DATE OF THIS LETTER

Sir,—

In reply to yours of 27th ulto, file 104-2-5, I beg to state that authority has been requested from the Indian Commissioner to call for tenders for a 5-Horse Power Motor to replace the 2-Horse Power Motor now in use in the Crow-foot School Laundry, at a cost not to exceed \$100. The school authorities have installed the Electric Clothes Extractor and there will be no expense in this regard. You will no doubt have heard from the Indian Commissioner in this matter before this.

Your Obedient Servant,

G.H. Gooderham

Gleichen, Alta., December 21st, 1926.

Sir:

x x x

The Booster pump used on the shallow well at Crowfoot School finally gave out yesterday. It has been on its last legs for two years and must be replaced immediately as temporary arrangements are only good for a few days. As it is equipped for motor drive and of definite size, it may be difficult to replace but I have given Mr. Michael authority to look for the pump in Calgary. I am of the opinion that a pump to suit will cost at least \$50.00.

Sir:

I beg to forward and recommend for payment, Blackfoot Agency Voucher No. 332 for \$148.00, representing the cost of exchanging the 2 H.P. motor at the school for a 5 H.P. While the actual cost of the higher powered motor has not exceeded the sum of \$100.00 allowed under Department No. 104-2-5, dated the 5th October last, it was found that the larger motor would necessitate the use of heavier wire to procure the necessary efficiency, and the additional \$48.00 is to cover the cost of this wire and its installation in place of the lighter material previously in use.

Your obedient servant,

[Handwritten signature: W.M. Graham]

Re: Voucher #372 & 373

Sir,—

In explanation of this account I beg to say that the local plumber was employed to instal the pump which was purchased under authority of your wire of the 28th December. In so doing, it was found necessary to purchase a Jenkins valve to connect up with the existing equipment. The writer visited Crow-foot school on the 23rd ult. when the pump inspected. It is excellent equipment and all works well.

Labour and some material was required in the laundry, particularly with regard to the drainage; the plumber put this in order. It was also necessary to repair plumbing leading to an upstairs bath- this was urgent as water was leaking through unto a plaster ceiling. All the work and material was personally inspected.

CANADIAN GENERAL ELECTRIC COMPANY,
LIMITED

HEAD OFFICE - TORONTO, CANADA

Calgary, Alberta.
April 8th, 1927.

The Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Sir:- Your Reference No. 9647.

On March 28th, we received your cheque for \$2.06, which we presume to be in settlement of our Invoice GMDD3-3664, Sub-bill C384, February 5th, 1927 for \$2.06.

Our reason for writing you at this time is, that on March 17th, our Head Office, Toronto, credited this Branch, with \$ 2.06, which we understood was an amount received from your department, as settlement of the above described charge.

If our assumption is incorrect, and this invoice is not paid twice, as we suppose, may we ask for particulars of both these remittances, so that same may be properly applied.

Yours very truly,

CANADIAN GENERAL ELECTRIC CO. LIMITED.

Dear Sir,-

Referring to your letter of the 8th instant, relative to cheque No. 9647 for \$2.06 issued in payment of your invoice GMDDS-3664, Sub-bill C384, I beg to state that you are quite correct in assuming that a double payment was made of this account. The invoice was first paid to the Head Office in Toronto on the 15th March, but I regret to state that this was an error. As your branch has been credited with the two payments, I would request you to be good enough to send your cheque to the Department for the sum of \$2.06 in order that the matter may be adjusted.

Yours truly,

F.H. Paget
Chief Accountant and Purchasing Agent.

Sir:-

In the Blackfoot Agency estimates for the fiscal year 1927-28 there appear items for performing certain work at the Crowfoot School, including renewal of treads for stairs, \$50.00; wire screen for windows, \$100.00; and a lean-to barn, \$1000.00.

May I please be advised if any of these expenditures have been or will be allowed.

EXTRACT FROM REPORT OF MR. AGENT GOODERHAM
dated June 9th, 1927, on the Crowfoot
Indian Residential School, for the month
of May, 1927.

Original on File 104-2-7.

"Farm-work was in good shape and stock in fine condition. Mr. Scott, the new Farm Instructor is doing good work in his instructions to the boys in feeding and care of stock. This school needs a new pig-pen. Estimates for 1927-28 did not include this item and the Principal has been compelled to discontinue the raising of pigs until some sort of pen is supplied. Could not the Department allow sufficient money to build some pens? This should not cost \$500.00."

COMMISSIONER'S OFFICE,

ED

REGINA, SASK., June 29th, 1927.

Sir:

I have your letter of the 18th instant, No. 104-2-5, informing me that Agent Gooderham recommends that a hog pen be erected at the Crowfoot Indian Residential School, and in reply would say that I have taken this matter up with Inspector Christianson, who has visited this school quite frequently, in fact once or twice a year, and he is of the opinion that there is no urgent necessity for a hog pen. This is borne out by the fact that it would have been inserted in the agency estimates had it been needed very badly. I will not give my recommendation until I have the Inspector look into this and if it is found necessary, an amount can be placed in next year's estimates.

If the Department have any money to spare under the School Vote, I would once again strongly urge that a residence be built for the Farming Instructor at the Gordon's Indian Residential School. This school is in far more need of additional outbuildings than any other residential school that I know of. The stables are small and inadequate to house a sufficient number of cows and the horse stable is very small. The Farming Instructor was brought from the east on the understanding that he would be given a residence. The man has arrived and he is a good man, and now we will be called upon to tell him that he will not be able to bring his wife to live with him this winter. A married instructor is necessary at this place, and I do hope that the Department will scrape up \$2500.00 to meet this request as this school is deserving of some consideration.

Your obedient servant,

The Secretary,
Dept. of Indian Affairs,
OTTAWA.

W. L. Graham
W. L. Graham,

RE SCHOOLS

CROWFOOT:

You authorized the extension and rebuilding
of the existing pig-pen. The request for a piano
was also made in order that the pupils might be
given music lessons. In this connection, it was
brought to your attention that the Sisters had
purchased play-ground equipment at a cost of
nearly \$500.00 and that they might be reimbursed
with a piano if it is not the policy of the
Department to supply pianos to the schools.

EXD

September 27, 1927.

Dear Mr. Gooderham:

With reference to that portion of your letter of the 20th instant, relative to a piano for the Crowfoot Indian Residential School, I believe it might be advisable for you to see what second hand reconditioned instrument you can secure in a reliable piano store in Calgary. You might ask for either a Mason & Risch or a Heintzman. It is not the practice of the Department to supply pianos, but you may explain to the Reverend Principal or the Sisters that I want to do something for them in this connection.

If you are satisfied that you can make a good arrangement, you should make the purchase and forward a properly certified voucher for payment.

Yours very truly,

Duncan C. Scott

Deputy Superintendent General.

7.

Dear Sir:-

Re: Attached Voucher No 380 - a very good pig-pen 32' X 14' was constructed for the amount shown herewith. The building is on a concrete foundation and the floor is concrete. The school hauled the gravel and all other material. The house is divided into four good pens with ample room for pigs of various sizes and sex. The cost of the building was kept under \$300.00 by making use of old material available and by the school assisting wherever possible. Contractor W.T. Scott did a very good job.

Your obedient servant,

W. T. Scott
Indian Agent.

COMMISSIONER'S OFFICE,

D REGINA, SASK., Nov. 17th, 1927

Sir:-

After some correspondence with the Principal of the Crowfoot School regarding fire apparatus I thought it advisable to take the matter up direct with the Indian Agent and have him go to the school and make a report, and he now recommends that at least six more Pyrene extinguishers be supplied. He also reports that the hose is in poor condition and that the Principal is being asked to test it. The Agent goes on to say that it is thought the hose system which we have is practically useless. Now the Agent must accept some responsibility for allowing this apparatus to reach such a state before taking action to have it put in good order. Of course it is primarily the duty of the Principal to attend to this, but when the Principal does not do it the resident Agent who inspects the school every month surely should be expected to look after it.

Six additional Pyrene machines are asked for, and my opinion is that it would be better to buy Fyr-Fyter apparatus, which machines are more easily handled, especially in a school where the entire staff are women.

Your obedient servant

W. M. Graham,
Indian Commissioner.

The Secretary,
Dept. of Indian Affairs,

Ottawa, November 23, 1927.

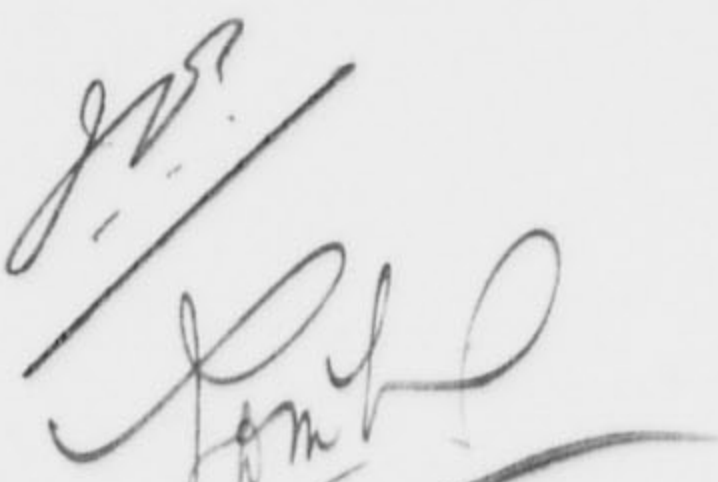

Sir:

I have your No. 401-11A R.C. of the 17th instant, relative to correspondence which you had with the Principal of the Crowfoot Indian Residential School regarding fire apparatus. In this connection I beg to say that the Department will approve of your arranging for the supplying of 6 additional fire extinguishers of the Fyr Fyter type, forwarding a certified account, in duplicate, in the usual manner covering the cost.

After a test of the fire hose on hand it is found that the same should be renewed, you may arrange for the purchase of the quantity required. In this connection the Department agrees with you that the Principal and staff should take every possible care of the fire hose and see that it is kept in good condition and available for use in case of fire.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

COMMISSIONER'S OFFICE,

D REGINA, SASK., December 10th, 1927

Sir:-

Replying to your letter of the 23rd. ultimo on the subject of fire-fighting apparatus for the Crowfoot Indian Residential School I beg to advise that Agent Gooderham now reports the hose and attachments to be in good condition, so that it will not be necessary to purchase additional hose.

*S. L. Stewart
Supt.*

The Principal has made a request to be supplied with two ladders, which he proposes to house in the dormitories. The Agent, however, considers that it would be impracticable to keep these ladders in the dormitories and I agree with him. He asks to be supplied with two ladders in any event for general use and also to be used in case of fire. It seems to me that this is an item which the school could well supply themselves. However, if you wish me to have ladders supplied I will do so. I am told that the cost would be \$20.00 each, which seems excessive for a plain ladder.

The Principal also asks for an electric gong. Would you agree to having this installed? My opinion is that if he depended on a gong to rouse the children he would be taking chances. If a fire breaks out I think it is the business of the Principal and members of the staff to go to the dormitories, rouse the children and keep them together. There might be some sort of an alarm put in the bedroom of the member of staff who has charge of the building during the night. Personally, I am strongly of the opinion that we should have a night watchman in the place.

Your obedient servant,

W. M. Graham

Sir:

I have your No. 401-11A R.C. of the 10th instant, relative to the request of the Principal of the Crowfoot Indian Residential School to be supplied with two ladders and an electric fire gong.

The Department agrees with you that it would be impracticable to keep these ladders in the dormitories as suggested by the Principal. If he requires two ladders for general use and also for use in case of fire, it is considered that the same should be supplied from per capita grant or other receipts.

Relative to the installing of an electric gong, I have to say that if you consider this equipment is required, you may arrange to have installed a gong of a type considered satisfactory. No unnecessary expense, however, should be incurred.

Scott

Dear Mr. Scott:-

With reference to my letter of December 10th, and Department letter of the 16th. idem #104-2-5, regarding fire protection equipment at the Crowfoot Indian Residential School, I beg to say that I am now in receipt of a letter from the Principal in which he informs me that he does not want wooden ladders, but something in the nature of chain or cord ladders to be attached under the sill of the dormitory windows inside and thrown out in case of emergency. The building is only one story high from the dormitories to the ground floor and I do not know whether it is necessary to have ladders at all or not; in fact, these ladders might be a dangerous arrangement. Kindly let me have your opinion in the matter.

Yours very truly,

W. M. Graham
W. M. Graham,
Indian Commissioner.

Sir:

I have been directed to acknowledge receipt of your No. 401-11A R.C. of the 29th ultimo, regarding fire protection equipment at the Crowfoot Indian Residential School.

It is considered that it would be advisable to install chain ladders under the sills of the dormitory windows which could be thrown out for use in case of emergency. You may, therefore, arrange for the purchase and installation of two chain ladders, which should be installed at windows easy of access in the dormitories. It is not thought that any large expense will be necessary in providing and installing these ladders. An account should be forwarded in the usual manner covering the cost.

Your obedient servant,

A. F. MacKenzie

COMMISSIONER'S OFFICE,

D REGINA, SASK., January 12th, 1928

Sir:-

I beg to acknowledge receipt of Department letter 104-2-5 of the 5th. instant, and note it is your wish that arrangements be made for the installation of two chain ladders at the Crowfoot Indian Residential School.

I have made inquiries here and none of the wholesalers seem to understand what is needed, in fact do not know of any make of ladder such as we are describing. It is just possible you may be able to get me some information in the East regarding this. I understand that the ladder asked for is of a type which folds up when not in use and in case of emergency is thrown out and hangs loose at the bottom. I am of the opinion that if this type of ladder were a good invention we would know more about it. I should be glad if you would ascertain if there is any such ladder on the market.

Gentlemen:

Relative to telephone conversation with your Mr. McAdam, I have to request that you will supply for the use of the Crowfoot Indian Residential School two (2) iron link fire escapes, each 18' in length, made of 7/16" iron, each link approximately 12" in length, with 4 eye bolts each 16" in length, threaded, and supplied with nuts and iron plates, to fasten through wall under sills of windows. This equipment should be supplied at the price quoted, viz. 60 cents per foot for the fire escape, and a total of \$1.00 for the four eye bolts, complete, F.O.B. Ottawa. Please ship, securely crated, charges prepaid, addressed to

Rev. J. Riou, O.M.I.,
Principal,
Crowfoot Indian Res. School,
Cluny, Alta.

Your account, which should be in duplicate, should be forwarded, with the receipt attached for the amount of the freight charges prepaid, to Mr. G. H. Gooderham, Indian Agent, Gleichen, Alta., who is being informed that the order has been placed with you, and requested, upon receipt of the equipment, to certify the account and send it to the Department, when payment will be made.

Yours very truly,

F. H. Paget

RECEIVED
JAN 20 1928

Ottawa, January 19, 1923.

Sir:

I have to inform you that we are placing an order with Messrs. Trudel & McAdam, Ottawa, to supply for the use of the Crowfoot Indian Residential School two (2) iron link fire escapes. These will be sent freight charges prepaid, addressed to the Principal. When they arrive, please arrange to have them installed. They should be attached to the wall of the building under the sill of a window in each of the dormitories. The eye bolts to which the link escape is attached should go through the wall and be properly fastened. The escape will be rolled up inside the building and thrown out to reach the ground in case of fire.

The above firm have been requested to forward their account, in duplicate, to you, with receipt for the freight charges prepaid attached, and upon receipt of this equipment, you should certify the account and send it to the Department for payment.

This equipment is being supplied at the request of Mr. Commissioner Graham, who states that he was unable to obtain same in the West. It is hoped that this equipment will prove satisfactory when it is installed.

Sir:

Pursuant to your conversation when at the Department today, I have to authorize you to expend \$250 in the erection of a stock shelter at the Crowfoot Indian Residential School. You may engage one expert carpenter, who will supervise the work of the older boys. Time sheets, in duplicate, should be kept, showing this man's receipts. Properly certified accounts in duplicate should be forwarded in connection with the materials you purchase. The activity may be undertaken when timely.

COMMISSIONER'S OFFICE,

IN YOUR REPLY REFER TO

NO. 401-11

ALSO TO DATE OF THIS LETTER

D

REGINA, SASK., Feb. 11th, 1928.

Dear Mr. Graham:-

I have the honour to report that while on the Blackfoot reserve I visited both schools.

At the Crowfoot School everything was in perfect order, the school neat and tidy as usual, and the children looking well. I checked over the fire fighting apparatus and found it in good shape. The six fire extinguishers that had been supplied this winter had been installed in convenient positions, and fire axes hung up etc. In case of fire the children would, of course, have the inside stairs to go down, or an outside stairs at the back of the building. The bigger children sleep in the front dormitories and for them it would simply be a matter of crossing the hall and getting into the back dormitory and from there a door leads on to the stairs which run down to the veranda platform. The only improvement that I could suggest would be a fire escape on each end of the building leading from the front dormitories, but I doubt very much whether this is necessary as, in my opinion, they are pretty well equipped. I am just mentioning this to point out that if these fire escapes were installed, or they had some means of getting down to the ground from the front it would be absolutely safe no matter where the fire occurred. I may say that they have regular fire drill at this school.

REGINA, SASK., Feb. 15, 1928.

Dear Mr. Scott:

I am enclosing herewith a short report on the Crowfoot and Old Sun's Indian Residential Schools in the Blackfoot Agency.

There is nothing in the report regarding the Crowfoot School which requires any attention. The matter of fire escapes leading from the front dormitories has been dealt with by supplying chain ladders.

March 8, 1928

Dear Sir:-

The Principal of Crowfoot School has asked that an expenditure of Twenty Four Dollars (\$24.00) be allowed to wire and instal electric lights in the barn at that school. He has secured that figure from an electrician.

It is recommended that the lights be installed particularly for Fire Protection of the Government Property.

Your obedient servant,

[Signature]

Ottawa, March 13, 1928.

Sir:

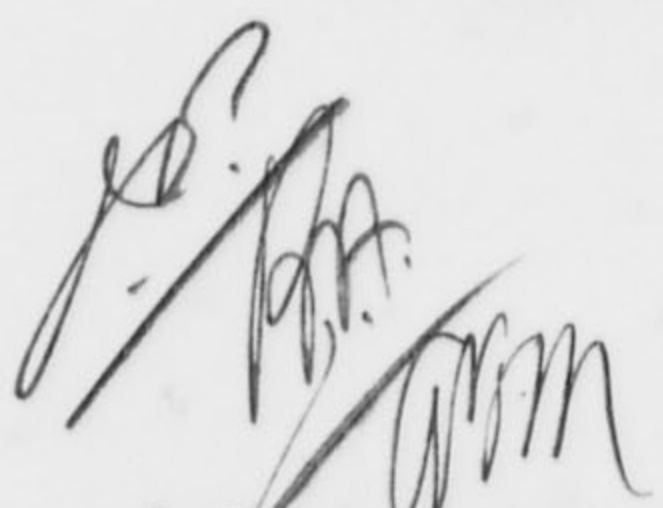

I have your letter of the 6th instant, regarding the request of the Principal of the Crowfoot Indian Residential School that an expenditure of \$24 be allowed to wire and install electric lights in the barn at the school.

In reply I beg to say that, provided the installation of these lights will not cause overloading of the electric light plant, and that the wiring is installed in compliance with regulations, the Department will approve of the expenditure above mentioned. If this work is carried out, you should forward accounts, in duplicate, properly certified in the usual manner, covering the cost, which should not exceed approximately the amount above stated.

Dear Sir:

I beg to apply for the Trading of a 15 H.P. International gasoline engine, the property of the Indian Department. This engine needs a great amount of repairs and I believe an exchange for a new engine would be advisable. Of course I do not ask the Indian Department to pay the difference, we are satisfied to do so, as it is for the benefit of the farm. This engine belonged to the Dumbell Ind. School.

Hoping you will have no objection to this transaction, I am, yours ever truly

EXTRACT FROM REPORT OF MR. INSPECTOR BOYCE,
dated Dec. 11th, 1928, on his inspection
of the CROWFOOT Indian Residential
School.

Original on File 104-2-6.

Having in mind the recent fire at Old
Sun School during the year it would appear wise
policy to provide an adequate and convenient
fire escape for the north west and the north east
rooms of the upper storey of the school. The
present metal ladder is by no means suitable.
In fact it looks as though in case of an emergency
it would be a source of danger rather than a means
of protection.

REGINA, SASK., 10th. January, 1929

IN YOUR REPLY REFER TO

No. 401-11A R.C.

ALSO TO DATE OF THIS LETTER

Sir:-

I have your letter No. 104-2-5, of the 7th. instant, with regard to the Provincial School Inspector's comments on the metal ladder fire escapes now in use at the Old Sun's School. You will remember that before these ladders were installed I reported that I doubted their efficacy, and Mr. Gooderham, in passing the Principal's request on for these, expressed the same doubt, so that the Department is already in possession of my opinion and that of Mr. Gooderham. After these opinions were expressed the Department made the purchase of the ladders, as per advice to me on the 19th. January, 1928, No. 104-2-5.

Before this expenditure was incurred and the ladders installed, we had a report on the matter of fire escapes from Mr. Inspector Christianson, who expressed the opinion that the fire protection was fairly adequate at the school. He described the situation and how the children could pass out from the dormitories in the event of fire, and he tells me that when he went into this matter with the school authorities on the ground, everyone seemed satisfied that their protection was adequate. Of course, at that time the fire at the Old Sun's School had
-not taken-

not taken place, and I suppose the authorities have a feeling now that they want every protection possible. I cannot suggest anything more. The Department know the building well. You have met the request of the Principal in supplying these chain ladders, and you have a report from your Inspector who says that the fire protection, in his opinion, was adequate before these ladders were supplied, so that with this additional protection, everything should be quite satisfactory. This report of the Inspector was dated February 11th. 1928, and was forwarded to you under cover of my letter dated February 15th. 1928.

Your obedient servant,

W. M. Graham

RE: Voucher #495.

Dear Sir:-

I regret that this account was not submitted by Mr Michael when and as the work was done. The Account represents the necessary repair work during the year. The furnace required fire-brick before it could be used in the Fall. The boiler and stove required attention at the same time.

During the month of March the water system gave trouble owing to sand stoppage. One toilet in a dormitory had to be replaced owing to corrosion and fresh connections made with an outside auxiliary well.

Your obedient servant,

[Signature]
Indian Agent.

OFFICE OF
INDIAN AGENT

Gleichen, Alta.

July 2, 1928

Dear Sir:-

The following is required at Crowfoot School:

A closet combination for the Girls' dormitory. Silt and sediment have clogged the one in use and it is beyond repair.

Two closet tanks on the Boys' dormitory are rusted and cannot be repaired again.

The total cost will be approximately \$75.00

I beg to ask for authority to make the replacements.

Your obedient servant,

Indian Agent.

Sir:

Replying to your letter of the 2nd instant, I have to say that you may incur an expenditure not exceeding approximately \$75 in having the repairs required made to the closets in the girls' and boys' dormitories at the Crowfoot Indian Residential School. This work should receive early attention, and, when completed, you should forward a certified account, in duplicate, covering the cost of the material and labour required in making the replacements.

Your obedient servant,

A. F. MacKenzie

RE: Voucher #166

Dear Sir:-

The well at Crowfoot School barn went dry and the Revd. Principal approached the writer and offered to drill a fresh well provided the Department supplied the necessary pipe, couplings etc.

The material was secured on a competitive basis from the Cluny Hardware. The new well is now in operation.

Your obedient servant

Crowfoot School,
Cluny, Alberta.

August 24th 1929.

To the Honourable Dr. Duncan Scott,
Deputy Supt. Gen. of Indian Affairs,
Ottawa.

Honourable Sir,

At the occasion of your visit to the Crowfoot School on the 19th of August 1927, I had suggested some improvements in the way of an addition to the Girls' Play-room to be used as a sewingroom for them, and you had readily consented to have it done. The approximate cost for same was put in the Estimates, but I regret to say that this work has not yet been done.

To day, moreover, I would ask that a similar addition be done to the Boys' Playroom, as the present playroom is altogether too small.

I also beg to request that better alcoves be provided for the Sisters who supervise the Dormitories, in order to give them a little more privacy and healthier accommodation.

Another subject on which I feel bound to call your attention, is the necessity of Fire-escapes for the Dormitories on the North side of the building. I know the wishes and the strict instructions of the Department in that respect, especially since the disastrous accidents in different schools during the recent years. I have spoken to the Indian Agent on this matter in order to find some way of exit in case of a fire. We have come to the conclusion that a double verandah at each end of the building, the same as the one built on the South side, would supply the desired exit, and that with less expense and without interfering with the aspects of the building. This suggestion could be gone into more thoroughly by having Mr. Gardner Smith or some competent Inspector to come and plan what could be done in that respect, as well as for the other improvements mentioned in this letter.

Hoping that you will give these urgent matters your serious consideration, and that you will deign to favor me with an early reply,

I am, Honourable Sir,

Your devoted servant,

Res. J. R. ...
Principal.

August 27th 1929.

Honorable D.C. Scott,
Supt. Gen. of Indian Affairs,
Ottawa.

Honorable Sir,

In forwarding the enclosed letter of Rev. J. Riou, Principal of the Crowfoot Indian School, I wish to say that from personal observation, I know that his requests are not only reasonable, but of real necessity, especially in the matter of Fire-Escapes. Like you, I realise the responsibilities that hang over the shoulders of the Department and of the authorities of the Indian Schools, and that we should take all possible precautions for the protection of the lives of the children in case of a fire.

Hoping that you will favorably consider these requests for the desired improvements,

I remain, Honorable Sir,

Yours respectfully,

J. B. Blythe
Provincial.

September 9th, 1929.

Dear Mr. Graham,-

I wish to refer to your 401-11 R.C. of January 10th, last, and to Mr. Inspector Christianson's report of February 11th, 1928, forwarded under cover of your 401-11 of February 15th, last year. The Church authorities have asked the Department to note for Estimates the advisability of arranging fire escape provision at each end of the building by the erection of a two-storey verandah. They also are urging an addition to the girls' playroom to be used as a sewing room and an addition to the boys' playroom. When you forwarded the Estimates for 1928-29, you referred to the additions, as follows:-

"I would like to have an opportunity of going over this school and looking into the suggestions made before spending this money."

When forwarding the Estimates for the current fiscal year, the item was again included from the Indian Agency but your covering note read "I cannot recommend this".

In view of the urgent request from the office of the Provincial of the Order, I should now be glad to have a special report before the Estimates are prepared.

Yours very truly,

J. D. McLEAN

Acting Deputy Superintendent General.

W. M. Graham, Esq.,

COMMISSIONER'S OFFICE.

REGINA, SASK. September 20th. 1929.

IN YOUR REPLY REFER TO
No. 401-11A R.C.
ALSO TO DATE OF THIS LETTER

ED

Dear Mr. Scott:-

I beg to acknowledge receipt of your letter of the 9th instant, with reference to the request of the church authorities to have the Department note for the Estimates the advisability of arranging for fire escape provision at each end of the Blackfoot R. C. School by the erection of a two storey verandah.

I beg to point out that this school has an attendance of about 70 pupils, divided, perhaps, equally between boys and girls. The school is quite large enough (indeed, there is accommodation for more than are now in attendance) for the number of children in attendance, and I cannot see the necessity of spending money for glassed-in verandahs at each end of the school. In my opinion they are not necessary.

On the Blackfoot Reserve we have two boarding schools and the children at these schools receive all the advantages that we give children at other schools; in fact, more. In addition to this they have the advantage of a hospital which has been carried on at a great expense to the band, and it seems to me that if it is necessary for children to sleep outside, the hospital is the place for them, not the school.

With regard to the fire escapes, the Principal was asked for his opinion on the matter and he advised some sort of a ladder business which would throw out the windows when a fire occurred, and from information I have, even adults would hesitate to go down these ladders. They are not braced. I would, however, recommend that at each end of the building a door be put in and an iron bracket with a pole fire escape

Duncan C. Scott, Esq.,
Deputy Supt. General,

- 2 -

escape erected. The drop would only be about 18 ft., perhaps 20. This would solve the question. I do not consider it desirable to spend a great amount of money on a school of this kind. The Inspectors, who have been on the grounds and know the situation, are also of the same opinion.

Yours very truly,

W. M. Graham,
Indian Commissioner.

104-2-5

Crowfoot School,
Cluny, Alberta.
October 12th. 1929.

To the Honourable Dr. Duncan Scott,
Deputy Superintendent of Indian Affairs,
Ottawa.

Honourable Sir:-

On August 24th. 1929 I wrote to your Department in regard to some improvements needed at the Crowfoot Residential School and I suggested a double verandah to be built on the east and west end of the Building which would answer to these different improvements without interfering with the aspects of the building.

Yesterday a man came with instructions from the Indian Agent to take the measurement for two Fire Escapes for the two dormitories north of the Building.

I am sorry to say that the planned system of Fire Escapes, a pole from the ground to the platform adapted to a window will not be without danger. In using this system in the case of fire, the Pupils would fall on one another from a height of twenty-two feet and meet with different accidents. Besides, this kind of fire escapes would look shabby and mean on such a beautiful Building. I have thought for some time of this system and have not found it practical.

The verandahs would give an easy and safe exit from the dormitories in a case of emergency and provide for the other needs as well.

Hoping that you will give these urgent matters your serious consideration and that you will deign to favor me with an early reply.

I am, honourable Sir,

Your devoted servant,

G. A. L. H. I. O. N.

RE: Voucher #335

Dear Sir:-

A tube burst in the boiler at Crowfoot School Heating Plant on September 28th. In order to have this urgent repair done, I sent one of our Farm Instructors to Calgary to get a mechanic and to bring the necessary tubing which was ordered by Mr. L. Michael the Local Plumber.

By so doing considerable expense was eliminated and the plant was in use in 24 hours.

Your obedient servant,

[Handwritten signature]
Indian Agent.

ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE,

D REGINA, SASK., October 21st, 1929

Sir:-

On the 23th. of September you authorized me to have pole fire escapes erected at the Crowfoot Indian Residential School, one at each end of the building, and also to have doors cut leading to same. I accordingly instructed the Indian Agent to get quotations for the iron work and also to arrange with the local contractor to erect the escapes after they reached Cluny. The Agent now writes me that he went to the school with the local contractor and that the Rev. Principal refused to go into the matter with him and stated that he had asked for certain additions at the school and that these escapes were to be worked into the additions. My instructions from the Department, however, were that fire escapes were to be placed on the existing building. I am not at all surprised at Father Riou's action in this matter. He feels that when an officer of the Department goes there and gives instructions he is at liberty to have such instructions cancelled or to refuse to go on with them. I have had trouble with this man in the past.

Your obedient servant,

G. M. Graham,
Indian Commissioner.

The Secretary,
Dept. of Indian Affairs,
Ottawa.

Sir:

I wish to acknowledge your 401-11A R.C. of the 21st instant and to inform you that, following receipt of a communication from the Rev. Principal, the Deputy Superintendent General wrote to him in part as follows: "There has been considerable correspondence with Mr. Commissioner Graham in this connection, and I have placed the matter in his hands. He has written that he does not consider the verandahs necessary, and, as he recommended two pole fire escapes, the Department authorized him to proceed with the installation."

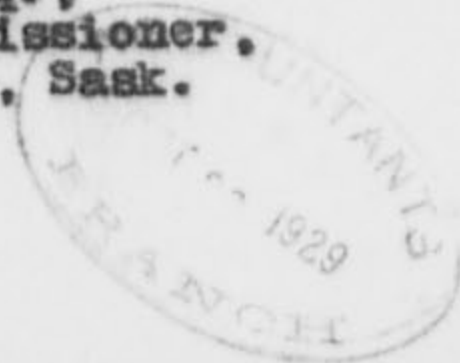

Your obedient servant,

104-2-5

Cluny, Alberta, October 25th, 1929.

Dr. Duncan C. Scott,
Deputy Supt. Gen. of Indian Affairs,
Ottawa.

Honourable Sir:-

I beg to acknowledge receipt of your letter of the 19th instant No. 104-2-5 re pole fire escapes and in reply to say that I am very much surprised to note that Mr. Commissioner Graham considers the verandahs not necessary. I suppose he sees in them something like a luxury. I should perhaps have named the improvements mentioned in my first letter by another appellation

Two years ago you judged necessary to have separate rooms for sewing and you readily consented to have it done. As to the request that better alcoves be provided for the sisters who supervise the dormitories, that they may have healthier accommodation, I do not think it unreasonable. The members of the staff are obliged to use the girls' infirmary as a dormitory, they have no other rooms available.

If Mr. Commissioner Graham had considered all this he would have found my request right to the point. I thought while the Indian Department had to undergo expenses for fire escapes it would simplify the things and be more economical to have all these improvements made at the same time and this would give the fire escapes the maximum of safety. All these improvements were to be taken from the proposed verandahs.

I am, Honourable Sir, yours ever devotedly,

J. River
Principal

RECORDED

B.11.

Dear Sir:-

On a recent inspection of the Crowfoot School, the condition of the floors in the dormitories was brought to my attention. I found that the floors in the senior pupil dormitories (boys' & Girls') are in need of repair or replacement. The flooring is soft wood and has worn through at the top & bottom of the beds by the action of the castors. The floors in these dormitories are therefore a mass of cup-shaped holes.

If you were disposed to grant hardwood floors throughout, the condition would be corrected for all time, but this ~~might~~ be too costly. I would ^{therefore} recommend that strips of hardwood about one foot wide be laid across each dormitory where the feet of the beds rest. This would require from 150' to 200' hardwood in each room and the total cost of the labour and material should not exceed \$150.00 for the two rooms. These floors should then be good for many years as the floors otherwise are in reasonably good condition.

If authority were granted, the material and labour would be secured and the work done in the usual manner and as early as possible.

Your obedient servant,

Indian Agent.

104-2-5
The Crowfoot Residential School,
Cluny, Alberta. Feb 14, 1930.

M. Stone M.D.

Director of Medical Services,
Ottawa.

Dear Sir:- I beg to apply for your assistance in regard to some improvements to be made on the Crowfoot Residential School. At the time of your visit to this Institution in September 1927 you noticed, that the Sisters supervising the Pupils at night, had to sleep in the dormitories, and you made the remark that this was not sanitary, and they should have better alcoves in order to give them more privacy and healthier accommodation.

At the present time some of the staff are using the girls' infirmary as their dormitory, having no other place available so you see we have no infirmary for the girls.

You have noticed also that the recreation rooms have to be used as sewing rooms, which has many inconveniences, and that especially of being too small for the two purposes.

The Honourable Dr Duncan Scott at his last visit on Aug. 1927 had noticed it also and readily consented to have special sewing rooms built. The approximate cost for same has been put in the Estimates, but I regret to say that the work has not yet been done.

In August last, I wrote to Dr. Scott in regard to these improvements and that also of having a fire escape for the dormitories. North of the building and I suggested that verandahs be built on the East and West end of the Building and this would allow us all the above mentioned, and that with less expense and without interfering with the aspects of the Building. In his answer Dr. Scott said, "There has been considerable correspondence with Mr. Commissioner Graham in this connection, and I have placed the matter in his hands. He has written that he does not consider the verandahs necessary, and as he recommended two pole fire escapes, the Department authorized him to proceed with the installation". Regina did not approve the other improvements needed, even those already

granted by Mr. Scott. Hoping you will use your influence, in regard to obtain them greatly and I am dear Sir.

Ottawa, February 20, 1930.

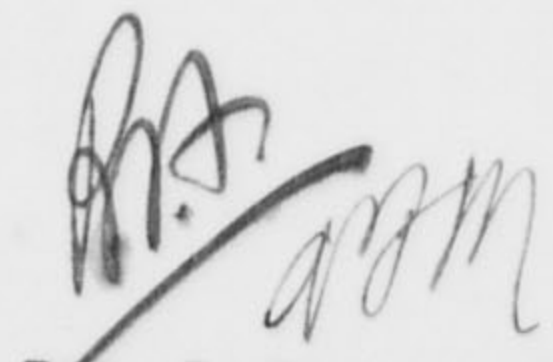

Reverend Sir:

Dr. Stone has asked me to reply to your letter of the 14th instant, with reference to improvements at the Crowfoot Indian Residential School. As the Deputy Superintendent General stated in his letter of October 19th, last, Mr. Commissioner Graham did not consider verandahs with extra space necessary, and, of course, no provision was made. I regret that nothing further can be done in the matter at the present time. I am pleased to state that Mr. Indian Agent Gooderham is being authorized today to repair the worn places in the dormitory floors at the school.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

Original on 77-104.

file

I visited the Crowfoot School and found it in its usual good order. The children were in good health and well dressed. The Sisters, through the Principal, are asking for an enlargement of the school. I do not think this is necessary. They want 12 feet added to each end of the building. This would be an expensive matter, and if an addition were made I think it should be from one end only. However, as I say, I do not see the necessity for it.

Dear Mr. Graham:

Very Reverend Father U. Langlois, the new Provincial of the Oblate Order, with headquarters at Edmonton, visited the Department today and is urging that something be done to remedy the rather unsatisfactory dormitory provision for the Sisters at the Crowfoot Indian Residential School. There has been considerable correspondence with your office, concerning verandahs or additions at either end, and I know that when you reported on the 14th ultimo you were not favourable to an addition.

Father Langlois has recently visited this school. It appears that some of the Sisters are using the girls' infirmary as their dormitory and the others sleep in the children's dormitories, with only temporary alcoves separating them from the pupils. You have lately visited the school and I should like to have your advice on this question.

Yours very truly,

Duncan C. Scott

IN YOUR REPLY REFER TO

No. 401-11A R.C.

ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE,

ED REGINA, SASK., May 20th, 1930.

Dear Mr. Scott:-

I have your No. 104-2-5 dated the 9th instant, setting out the request made by the Rev. U. Langlois to provide additions to the Crowfoot School at either end of the present building. I have not thought these additions necessary, but as a great deal of pressure is being brought to bear upon the Department, if it feels inclined to grant the request for them, I have no objections to offer. I may point out, however, that when I wrote to the Indian Agent on the subject of the erection of the fire escapes in October last, he pointed out that the amount asked for in the Estimates will not be sufficient to provide the proposed additions. Two thousand dollars was inserted, but the Agent states that the cost will be nearer \$4,000.00. He offers no reason why there should be this great discrepancy, and it would be as well to ascertain definitely what the expenditure on the extensions really will entail.

If no definite appropriation has been set aside for these proposed extensions and money could be made available, I think it could be more advantageously expended on the repairs and renewals which I recently recommended should be effected at the Sarcee Combined Hospital and School, for which, I have just been advised, no funds are available as the contemplated expenditure was not included in the Estimates.

If the Department decides to take any action this year, either in regard to the proposals for the Crowfoot School or what I consider the more urgent needs of the institution at the Sarcee, I shall be glad if you will inform me.

Yours, very truly,

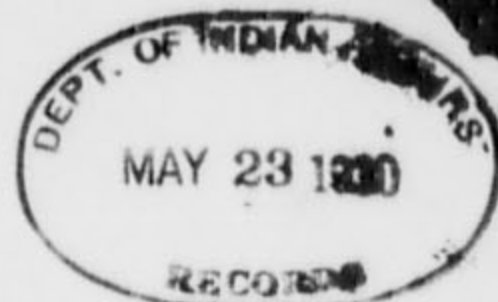

Duncan C. Scott, Esq.,
Deputy Supt. General,
Dept. of Indian Affairs,
OTTAWA.

W. M. Graham,
Indian Commissioner.

Ottawa, May 27, 1930.

Very Reverend Sir:

I wish to refer to recent conversation with Dr. Scott and Mr. Ferrier, concerning an addition at the Crowfoot Indian Residential School. Mr. Indian Commissioner Graham now states that, while he believes this addition is not really urgent, it might well be granted as soon as funds can be provided. I write now to inform you that the Department is making a note for next year's estimates.

Your obedient servant,

A. F. MacKenzie

Dept. of Indian Affairs
Ottawa

May 31st 1930

Dear Sir:

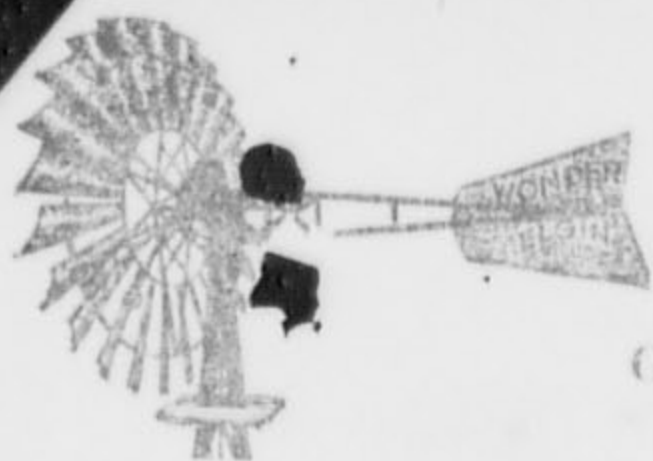

I received with satisfaction the communication contained in your letter dated ~~on~~ the 27th inst. about the addition to the Crowfoot Indian Residential School which you propose to include in next year's estimates. More private and more sanitary sleeping quarters are certainly needed for the Sisters in charge, and if at the same time accommodations can be secured for better sewing rooms I think it will mean an appreciable improvement on the actual state of affairs at the said School.

Yours very truly,

A. Langlois O.M.I.

Dear Sir:-

The heating boiler at Crowfoot school is in bad shape. In the first place it must be ~~retubed~~ and a *rebuilt* new steel arch installed. This work would have been done last year but the arch ordered from the John Inglis Co of Toronto was not shipped so that the old one was made secure with bricks. If the Company made the arch the local plumber will order it to be shipped immediately. The bricks can be secured locally.

Set aside
The main job, however, is with the tubing. The Provincial Inspector on a recent test ^{found that} a large number of the tubes leaked under very light pressure and ordered replacement. Last year, one tube burst and was replaced at considerable expense and it appears to me that it might be as well to retube the boiler completely. I am informed that the tubes are twelve feet long which is not a standard length and that this will increase the cost of replacement. The cost according to an estimate that I have received will be about \$1,200.00.

I am reporting this condition to you now in order that the necessary work may be done before the boiler is put into use for the winter months. Your early instructions in this matter will be appreciated.

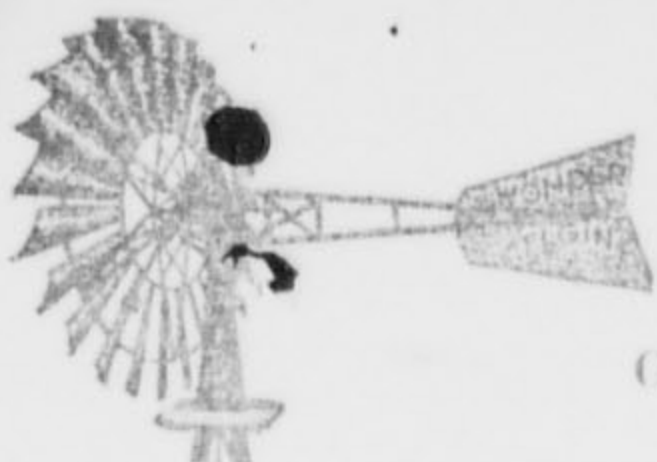

The Secretary,
Dept. of Indian Affairs,
Ottawa, Ont.

Sir:

I have your B.11 of the 23rd instant, with reference to the boiler at the Crowfoot Indian Residential School. You may arrange to have the necessary rebricking done and a new steel arch installed. You may also retube the boiler, as ordered by the Provincial Inspector. This will be fairly costly and I have to request that you will make the best arrangements and see that no unnecessary expense is incurred.

OCT 23 1930
OFFICE OF
INDIAN AGENT

Gleichen, Alta.

October 23, 1930.

SIR:-

Herewith Vouchers #301 & 302 which set out the expenditure incident to the repairs of the heating plant at Crowfoot School. The tender submitted by Mr. Michael was the only one received although I tried to get a Calgary firm to do so. The price was reasonable for the work and material, I believe.

It is the extra work in connection with the brick work that I wish to explain to the best of my ability. Artesian water from a tank worked its way into the brickwork and this was located when work had started on the job. Brickwork was found to be in so bad condition that it had to be pulled down. I secured the services of a bricklayer, Mr. Joe Davenport at \$1.00 per hour. Mr. Michael contends that I was penny wise and pound foolish as Davenport required more time and more new brick than a man of his choice. The Rev. Principal was very keen to have a good finished job and many trips were made to look over the work.

A lot of brick was purchased as you will note and even the top of the boiler is covered with brick and cement. This was needed as otherwise the escape of heat would have been considerable. The boiler was filled with river water and ^{this water} will be used in future as it was found that water secured from the well was very hard on the boiler tubes. The total of the accounts is in excess of my original estimate. I did my best to keep down the cost but all forces were against that.

W. REGINA, SASK., 30th January, 1931.

IN YOUR REPLY REFER TO
No. 401-11A R.C.
ALSO TO DATE OF THIS LETTER

Sir:-

I am in receipt of a letter from Mr. Gooderham, stating that the Sister Superior of the Crowfoot Residential School has asked if a washable paint could not be supplied for this institution. The walls in the basement and on the first floor are plastered and becoming dirty despite their best endeavours to keep them clean. Twenty-five gallons of paint will cover a considerable area and the school will supply all the labour. The cost of the material will be about \$100.00, and, whilst I would recommend that the amount be allowed, I think it is a matter that can very well wait until the spring.

Your obedient servant,

W. M. Graham,
Indian Commissioner.

Ottawa, February 4, 1931.

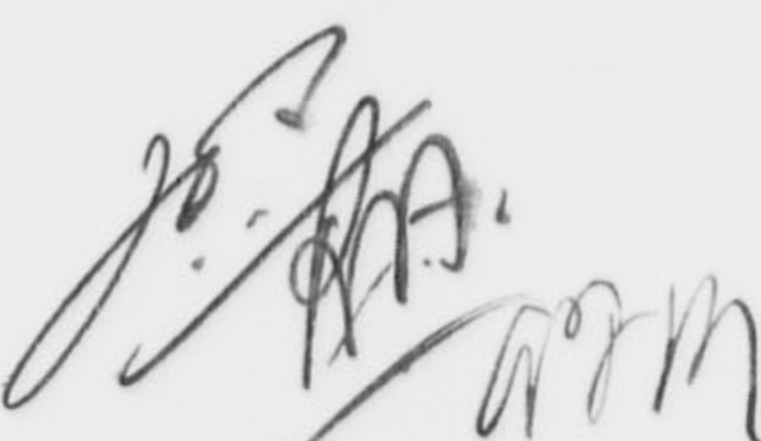

Sir:

I have your 401-11A R.C. of the 30th ultimo, relative to the request of the Sister Superior of the Crowfoot Indian Residential School to be supplied with a quantity of paint for the walls in the basement and first floor of the school building.

Our funds for the balance of the present fiscal year are entirely assigned, but, providing arrangements can be made to defer payment until our new appropriation is available, the Department will approve of you arranging for the purchase of approximately 25 gallons of paint, or the purchase of the paint could stand over until next spring. The Department will leave this matter in your hands to arrange for the purchase when considered timely by you, having in view that the rendering of accounts covering the cost of the paint should not be made until after April 1st, next.

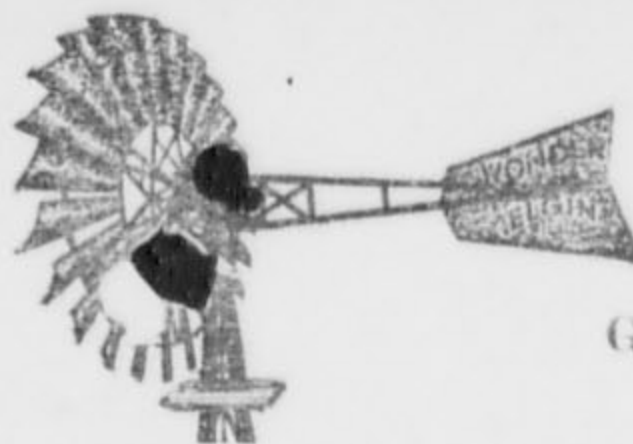

Your obedient servant,

A. F. MacKenzie,
Secretary.

Inspector Christianson's report on schools in
the Blackfoot Agency.

DROWFOOT R.C. INDIAN RESIDENTIAL SCHOOL

Dear Mr. Graham:-

During my visit to this school, I inspected the two classrooms, the building, equipment, and premises, as well as outbuildings, and I must say that I found everything in Al condition.

The main building is in an excellent state of repair. The Sisters themselves have done considerable painting inside of the school to make it look brighter and more cheerful. The furniture is all well arranged, and looks almost like new. I was noticing the desks in the senior classroom. The Sister Superior told me that they had been used in the school for 20 years, and there was hardly a scratch on them. This gives you an example of how well things are looked after. The building was clean and tidy throughout, and everything was polished.

The children looked exceptionally well, and were well clad, although they only had on their everyday clothes. I was also pleased to note that the work in the classrooms was good. The two teachers have become members of the staff within the last year. At the present time, the highest grade taught is 7.

There were 71 children in residence at the time of my inspection.

W. M. Graham, Esq.,
Indian Commissioner,
Regina, Sask.

CROWFOOT R.C. INDIAN RESIDENTIAL SCHOOL (CONT'D.)

The Sisters were busy preparing their gardens and grounds in front of the school. As you will remember, the grounds around this school are beautifully laid out and are certainly well kept during the summer. This school is one of the show places in that part of the country.

The outside work was also in good shape. They have 26 head of cattle, 10 of which are cows. They were milking 7 cows at the time of my visit, and getting thirteen gallons of milk per day.

The farm consists of about 350 acres, part of which is pasture. They seeded about 110 acres to crop this spring. Their farming operations are not very extensive, and I think this is a drawback at this institution. The boys do not get the amount of practical farming and stock raising experience that they should. However, to enable them to bring this about, more land would have to be set aside for this institution, and this can only be done by getting some of the Indians to move off their places around the school so that the land may be turned over to the school. I believe this will be brought about in time.

The boys do the milking in the winter, and the girls in the summer time.

The Rev. Father Riou is in charge as Principal, in name only. As far as I know, he takes no active part in the management of the school. The Reverend Mother Superior is the actual head and business manager.

RE: Crowfoot School Toilet Tanks

Dear Sir:-

The Principal of the Crowfoot School advised some time ago that several closet tanks were not in working order and I asked Mr. L. Michael to make an inspection of same. He informs me that the tanks are of the wooden type and were installed in the year 1912 and that repairs for this type of tank cannot be secured to day - they are out of date. The only remedy is to replace either with a wooden tank costing \$18.67 or a tank in vitreous china at \$21.34.

Three tanks are leaking, one in the Sister's room, one in the girls' infirmary and one in the boys' dormitory. The school authorities repaired two in the girls' dormitory last November at their own expense. I have given authority to Mr. L. Michael to instal one tank in the Sisters quarters - this is badly needed. The others are also required and if at all possible, it is hoped that authority to purchase and install the other two tanks will be granted.

Your obedient servant,

Indian Agent.

Sir:

I have your letter of the 14th instant, regarding the condition of several of the closet tanks at the Crowfoot Indian Residential School. It is noted that you have already given authority to install one new tank in the Sisters' quarters, as this was badly needed.

You may arrange for the purchase and installation of two more tanks - one for the girls' infirmary and one for the boys' dormitory. The tanks supplied should be of vitreous china. Please keep all expenditure in the purchase and installation of the tanks as low as possible. When the work has been completed, you should forward an account, in duplicate, properly certified, covering the cost.

Your obedient servant,

T. R. L. MacInnes,
Acting Secretary.

Memorandum:

DR. SCOTT.

With reference to the proposed addition for the Crowfoot Indian Residential School, the cost of which has been estimated by Mr. Orr at \$35,000, I may say that it will likely be some time before the item could be included in our Estimates. You will remember that we borrowed \$80,000 from the Blackfoot Band Funds to expedite the reconstruction of the Old Sun Indian Residential School. Would you consider a similar scheme in this case? At the present time, the Capital to the credit of the Band is over \$1,453,000 and the Interest, over \$785,000.

Secretary,
Department of Indian Affairs,
Ottawa.

Dear Sir:-

I beg to acknowledge receipt of your Circular No. 1-1-5, of the 5th. inst., re-danger of fire and, in reply, to say that its contents have been carefully noted.

Every precaution is taken, fire drills are practised and orders will be followed to the best of our ability.

We have no night watchman and cannot afford to pay for one; but, every night, one member of the staff makes a thorough inspection of the building at about 10 o'clock.

I have already brought to the attention of the Indian Department that the fire poles from the dormitories, north of the Building, are deficient and unpractical: they are very dangerous for children, accidents having already happened while using them and they will certainly always be a cause of worry to the Staff

Yours truly,

[Handwritten signature]
Principal.

Ottawa, March 7, 1932.

Reverend Sir:

I have your letter of the 22nd ultimo, with reference to fire prevention at the Crowfoot Indian Residential School. Concerning fire escapes, in addition to the sliding poles at the back of the building, are there not balconies with wooden stairs leading to the next balcony and do not these, in addition to the sliding poles, provide adequate escape facilities? Please let me have a reply without delay.

I note that there is a thorough inspection of the building at 10 o'clock. The Department does not consider this sufficient. There must be a second inspection at midnight, and further, there should be an hour's patrol following the laying of fires in the early morning.

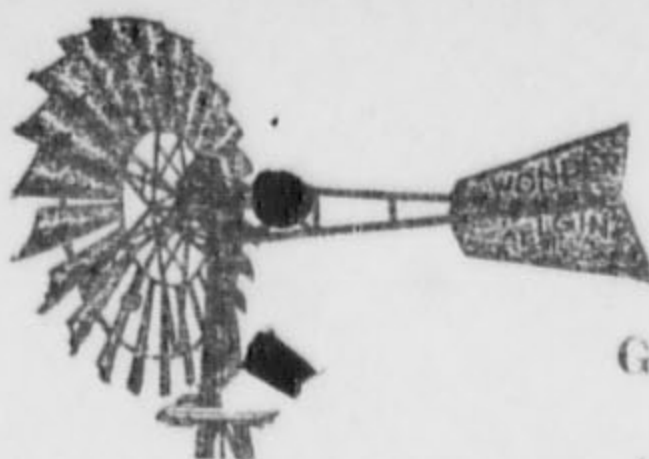

Your obedient servant,

A. F. MacKenzie,
Secretary.

Ottawa, March 14, 1932.

Sir:

Referring to your report for the month of February, last, on the Crowfoot Indian Residential School, in which you suggest that one hose, which is leaking badly, be replaced and that burglar alarms be installed on the second floor fire exits, I have to say, regarding the hose, that you may arrange for the purchase of the quantity of hose required to replace the present leaky hose. While a serviceable quality of hose of the dimensions required should be obtained, the cost should be kept as low as possible. The purchase should be made from a firm on the list to receive consideration, in accordance with departmental instructions. After the purchase has been made, you should forward an account, in duplicate, properly certified, covering the cost.

Regarding burglar alarms for the doors leading to the fire exits, I would draw your attention to official letter dated March 2nd, last, regarding a similar system for the Old Sun Residential School. As it would appear necessary to have the exits leading to the fire escapes locked from the outside only, it is thought that a suitable door lock could be installed. For example, a lock of the Yale type, where the outside door lock refuses to turn the lock and the inside one opens freely. It should not be necessary to have the doors locked on the inside, as the school authorities should be able to arrange that the pupils would not leave the school surreptitiously by the fire escapes. You might report regarding the installation of locks of the type suggested, stating the number required and the approximate cost of same.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Dear Sir:-

I beg to acknowledge receipt of your letter of the 7th. inst., No. 104-2-5, in reference to fire prevention and, in reply, to say that the south part of the Building is well provided with fire escapes, (wooden stairs leading from the dormitories to the next balcony;) but the northern part has only the sliding poles, and this system is altogether too precarious and subject to accidents.

In regard to the hour's patrol following the laying of the fires in the early morning, I must say that this is attended to carefully. There remains only the second inspection, at midnight, to be seen to.

Yours truly.

J. R. Ryan
Principal.

104-2-5.

EXD.

Ottawa, March 18, 1932.

Rev. Sir:

I have your letter of the 12th instant, in reference to the fire escapes at the Crowfoot Indian Residential School. It is noted that the southern part of the building is well provided with fire escapes - by means of wooden stairs leading from the dormitories - but that the northern end of the building is only equipped with sliding poles.

In this connection I have to say that, in carrying out fire drills from time to time, the escapes at the southern end of the building should be used by the pupils. In case of fire, the pupils could leave by the balconies and go down the escapes at the southern end, or, if absolutely necessary, the sliding poles at the northern end of the building could be used. The Department considers that, in case of fire, there should be little difficulty in the pupils leaving the building by means of the balconies and fire escapes at the southern end.

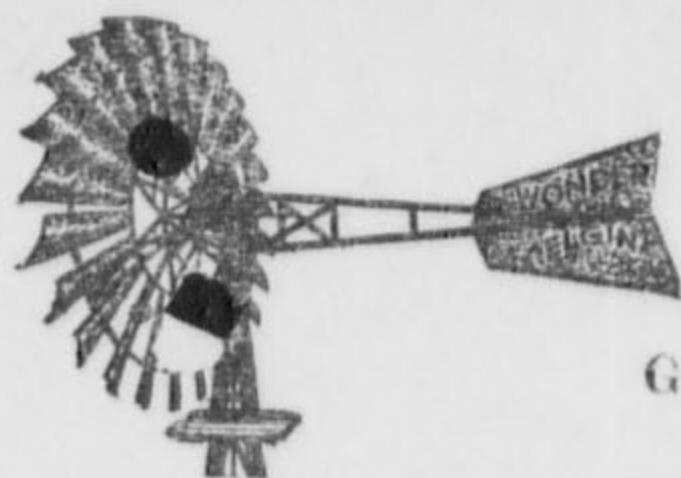

Your obedient servant,

A. F. MacKenzie

Gleichen, Alta.

March 18th. 1932.

Dear Sir:-

Answering yours of the 14th inst. I beg to say that a new fire hose is being purchased for the Crowfoot Residential School.

Regarding the burglar alarms and locks for this institution, I beg to refer you to my letter of the 11th inst and to that of the Principal of Old Sun School attached thereto. As both schools are faced with difficulties of a similar nature regarding surreptitious entry and exit, I would recommend that both schools be equipped in a similar manner. I still think that the burglar alarm system is the best solution.

Your obedient servant,

Ottawa, March 24, 1932.

Sir:

I have your letter of the 18th instant, informing the Department that you will arrange to purchase the new fire hose required for the use of the Crowfoot Indian Residential School.

Regarding the installing of burglar alarms and locks on the doors leading to the fire escapes, please advise if a male member of the staff does not sleep in the boys' dormitory and also if one of the Sisters does not sleep in the girls' dormitory, and have oversight of the exits to the fire escapes. It is thought that if this arrangement were carried out there would be no danger of the pupils leaving the dormitories at night or of any outsiders entering. I may add that our funds are extremely limited, and in view of the recent orders for strict economy, the Department would not be prepared, unless absolutely necessary, to authorize the expense in installing burglar alarms.

Your obedient servant,

A. F. MacKenzie,
Secretary.

The Secretary,
Department of Indian Affairs,
Ottawa.

Dear Sir:-

I beg to acknowledge receipt of your letter of the 18th.inst.,No.104-2-5 re-fire protection and,in reply,to say that your letter is not clear: I do not understand what you mean by the balconies. The only exit for the pupils in the dormitories north of the building, if the fire was in the hall, would be the sliding fire poles, as there is no balcony,on this side, to be used; and this system, I maintain, is precarious and full of danger.

Yours truly,

J. Riow
Principal.

Ottawa, March 31, 1932.

EX. D.

Sir:

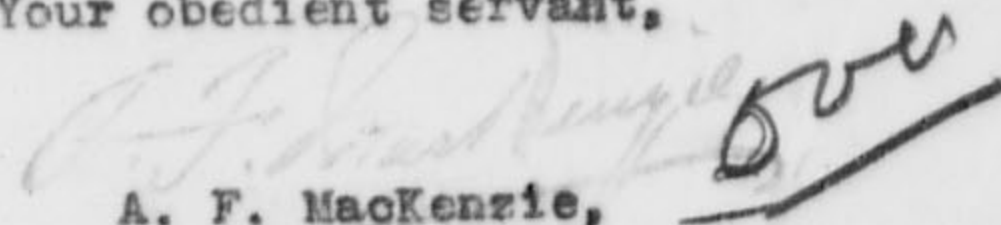

The Department has had correspondence with the Principal of the Crowfoot Indian Residential School with reference to the fire escapes. The Principal states that the southern part of the building is well provided with fire escapes (wooden stairs leading from the dormitories to the balconies), but that the northern part of the building has only sliding poles, which he states are dangerous for the use of the pupils. He also states that the only exit for the pupils in the dormitories at the northern end of the building, if a fire occurred in the hall, would be by these sliding poles, as there are no balconies on that side of the building.

I have to request that you will state whether you consider the present means of exit in case of fire are adequate. If not, please furnish a report stating the type of exit you would recommend be installed at the northern end of the building, together with an estimate of the cost. I may add that our funds are extremely limited and, unless it is absolutely necessary to install a fire escape at the northern end of the building to augment the present sliding poles, the Department would not be prepared to incur any expenditure.

We are informing the Reverend Principal that this matter has been referred to you for report.

Your obedient servant,

G. H. Gooderham, Esq.,
Indian Agent,
Gleichen,
Alta.

104-2-5.

Dear Sir:-

Re Fire protection at Crowfoot School:
the Sisters are Matrons in charge of both boys' and
girls' dormitories. One of the Sisters sleeps in a
cubicle off each dormitory.

Realizing that limited funds are available
this year, I will again discuss the situation with the
Sister Superior and it is hoped that with the cooperation
of the Staff, some reasonably good scheme will be arrived
at which will cost very little.

B.11.

104-2-5.

Dear Sir:-

Answering yours of March 31st re fire escapes at the Crowfoot Residential School, it is quite true that these are not the best that might be provided but they would serve in an emergency.

The wooden stairs off the dormitory verandah on the South side would be adequate provided they were not on fire. Any wooden construction is not dependable as a means of escape. The pole escapes at the East & West ends of the school are placed opposite a window of the dormitories on the North side. The bad feature in this case is the window but if it is kept unlocked, the pupils can quickly get on the platform and slide down the pole.

If systematic drill is carried out, and all doors and windows leading to escapes are kept unlocked, I believe the building can be readily evacuated and no pupil seriously hurt. Of course, the iron poles might cause serious burns in extremely cold weather. At this time, when funds are so limited, I would not recommend any expenditure in installing a more elaborate system.

Your obedient servant,

Indian Agent.

Dear Sir:-

I attach hereto a list of electrical supplies, submitted by the Sister Superior of the Crowfoot Residential School, required for some extra wiring and convenience outlets etc. It is estimated that the cost of this material would be around Ten Dollars and I beg to ask for authority to purchase. This would be the only expense in connection with the purchase as the work would be done by members of the Staff.

RE: Boiler at Crowfoot School.

Dear Sir:-

The brick wall of the heating boiler at Crowfoot School is giving way on one side. The boiler is leaning towards that side and if the condition is not remedied the boiler will be ruined. Apparently, the cause of the trouble is water from some source not yet located. There is ~~no~~ water in the boiler room floor and on investigation, this does not appear to come from the surface as the walls of the room are dry. It does not come from above as this room is even below the basement of this three-storey building. Possibly it comes from unused artesian wells near the building or seeps through the ground from currents which are numerous about this locality.

It will be necessary to find the source of this seepage and then check it if possible. The wall will then have to be rebuilt as the old bricks are crumbling and some method of supporting the leaning boiler must be found. I have secured an experienced bricklayer to inspect it and he advises that about 300 fire-brick and about 100 lbs fire clay will be required. At this time it is impossible to estimate the cost of the repairs and to find the source of the water, and I beg to ask for authority to proceed before anything is done. I enclose a small sketch of the boiler etc. and in the meantime I will await your instructions in the matter.

Your obedient servant,

OFFICE OF
INDIAN AGENT

Gleichen, Alta.

October 20, 1932.

Dear Sir:-

The water front on the cooking range at the Crowfoot Residential School burst and had to be replaced. On inspection, it is found that the hot-water tank is pitted and leaks. It may last a month or so but as it cannot be repaired, it will be necessary to purchase a new one.

It is estimated that a new 52 gallon tank installed will cost \$35.00. and I beg to ask for authority to have the work done.

Your obedient servant,

Indian Agent.

IN YOUR REPLY REFER TO

No. 401-7B.

ALSO TO DATE OF THIS LETTER

Dear Mr. Williams:

Further to my letter No. 401-7B. of the 24th ultimo, in forwarding the Crowfoot School Estimates, I wish to again bring to your attention the item of \$10,000 that was placed in these estimates to provide for two new wings on the school.

I might say that in company with the new Deputy Superintendent General, Dr. McGill, we visited the school last week and while there the matter of the addition was brought to our attention. The Sister Superior informed us that she was in Ottawa last March, and while there interviewed Dr. Scott, and left the plans of the proposed additions with him.

It is quite evident that the school is over-crowded and if possible the addition asked for should be provided for in the Estimates for 1933-1934.

I understand Dr. McGill is leaving for Ottawa tomorrow and at the first opportunity I trust this matter will be brought to his attention.

Your obedient servant,

M. Christianson
M. Christianson,

Ottawa, December 1st, 1932.

Sir,-

The Department is in receipt of your Voucher 372, for \$27.80, in connection with plumbing repairs at the Crowfoot Indian Residential School. This account is being paid but it is noted that you give as authority for the expenditure "Estimates 1932-33". In this connection, I would refer you to circular letter of the 14th ultimo, in which you were informed, as follows:-

"The mere fact that an item has been included in the Estimates of the Agent is not to be considered as sufficient authority for incurring the expenditure".

Our funds this year are extremely limited and you should be guided by the instructions contained in the circular letter just mentioned.

Your obedient servant,

T. R. L. MacInnes
T. R. L. MacInnes.
Acting Secretary.

Ottawa, December 21st, 1932.

Sir,-

The Department understands that the services of a night watchman are quite necessary at the Crowfoot Indian Residential School and that the Principal has employed a man to perform these duties. It is possible that he will only be required during the winter months and it is presumed that he commenced his duties about October 1st.

The Department is prepared to allow a grant towards the salary of the night watchman at the rate of \$40.00 a month and you may submit a voucher every three months in payment of this grant. The enclosed shows the manner in which you should prepare this voucher.

Your obedient servant,

A. F. MacKenzie.
Secretary.

R

FEB 6 1933

E X T R A C T from Report of Inspector Christianson,
dated January 28th, 1933, regarding his visit to the
CROWFOOT INDIAN RESIDENTIAL SCHOOL.

Original on File 104-2-6.

SCHOOL REPORT
FEB 6 1933

I have already mentioned that absolutely
necessary repairs have been made at this school and
the Sister Superior in Charge brought to my attention
that in the last two months the following has been ex-
pended for lumber at three different times: \$47.40;
\$46.65 and \$12.40, or a total of \$106.45. As the
Department have not spent very much money on this
school in the last couple of years, I would suggest
that, if at all possible, the above amount be paid
to the school. I am aware that they are finding it
very difficult to finance this institution.

Ottawa, February 6, 1933.

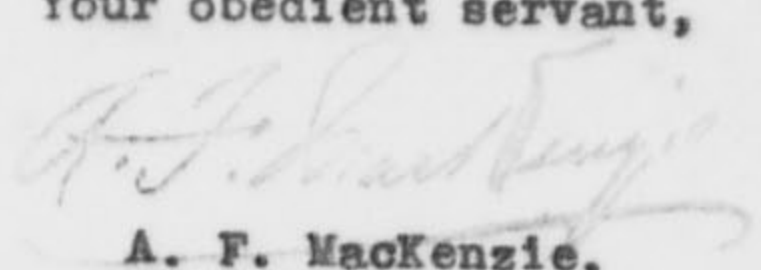

Sir:

I have been directed to acknowledge receipt of your 401-11A R.C. of the 28th ultimo, reporting on your inspection of the Crowfoot Indian Residential School. The Department is pleased to note that general conditions at this school are satisfactory and that you were impressed with the work being carried on. It is also noted the children are in excellent health and well cared for in every way; also that the school building is in a good state of repair and there is an efficient staff of Sisters in charge.

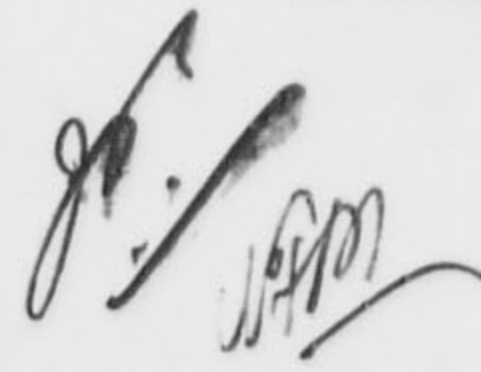

The Department will have no funds to provide additional land or to erect a workshop.

Regarding the repairs which were carried out, I have to say that if you will arrange to have certified accounts, in triplicate, forwarded covering the cost of the lumber used at different times, to a total amount of \$106.45, consideration will be given to reimbursement for this outlay. If the Reverend Sisters have paid accounts to this amount, the covering vouchers should be prepared in favour of the person to whom reimbursement should be made. These accounts should reach the Department before the end of March, next, when our books close for the present fiscal year.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Dependable Automatic Efficient

The name Penberthy, for two generations has meant Dependability to the engineer, the builder, the plumber and the mechanic. Over this period, types of equipment have varied, but "Penberthy Quality," the foundation of Dependability, has remained fixed, the standard of comparison in the mechanical fields.

The Automatic Electric Sump Pump, a worthy member of the Penberthy family, when once installed, stays on the job, alert, 24 hours a day without watching. Its action is just as certain as that of gravity and buoyancy, upon which it depends. It operates only when there is water to pump and stops immediately when the water has been discharged.

Electric Sump Pump

MADE in various sizes to more fully meet the demand for electric pumps at popular prices the Penberthy line is carefully designed for real and lasting service. Conditions favoring the electric pump are:

1. For districts where city water pressure is not available, or at least very low.
2. Larger quantities of seepage water to be handled.
3. Discharge heads up to 20 feet.
4. Low cost of operation.

Installation

The Automatic Electric Sump Pump is set in a floor sump which can be conveniently made by sinking a piece of 15 to 24 inch sewer crock 2 feet long (larger size preferable). The pump outlet is piped to the nearest and lowest sewer or surface outlet by the shortest and straightest route, never, however, exceeding a total head of 18 to 20 feet (depending upon size of unit used). The motor switch cord is plugged into the nearest plug or light socket and the pump is ready for operation. Be sure that the electric current is left permanently connected to the motor switch. See that the electric current is entirely suited to the pump motor.

General instructions accompany each pump.

No. 1-G with 1/6 H.P. motor is made in one height only, i.e., for use in sump two feet deep. Nos. 2-G, 3-G, 4-G and 5-G all have the same size motor (1/4 H.P.) and same capacity, the difference being in height only. No. 2-G is for use in a sump 2 feet in depth while 5-G is for use in a sump 8 1/2 feet in depth. That part of the pump including motor and switch box must always be above the top of the sump.

List Prices, Sizes, Pipe Connections, Capacities, Etc.

Size No.	Pipe Connections	Sump Depth Feet	Height of Pump		Approximate Capacity, Gallons per Hour Against Discharge Head of					Operating Cost Per Hour	Size Motor H.P.	Weight Boxed Lbs.

"Penberthy" Automatic Electric Sump Pump

Constructed of Copper and Bronze Throughout
Made in Five Sizes

Specifications

Motor—Repulsion induction, 110 volts 60 or 25 cycle A.C.; Ball thrust bearings No. 1-G—1/6 H.P.; Nos. 2-G, 3-G, 4-G and 5-G—1/4 H.P. Motors to suit other current characteristics at a slight additional cost.

Switch—Reliable and Durable—Mercury tube switch specially adapted for float operation. Well insulated. No sparking. No mechanical contacts to wear. Controlled by large heavy copper float.

Adjustable bronze ring governs starting water level.

Impeller Shaft—Tobin Bronze, Fully Enclosed; held to perfect alignment and supported by ball bearings—motor shaft relieved of all undue strain.

Pump—Bronze throughout, centrifugal type, high capacity and efficiency, see table of capacities below.

Material—Copper and bronze throughout.

Sump Cover—A sump cover is recommended to exclude ashes, coal dust and other solid material from accumulating in sump.

In ordering give voltage—cycles—A.C. or D.C.

IN YOUR REPLY REFER TO

No. 401-11A.MC.

ALSO TO DATE OF THIS LETTER

INSPECTOR'S OFFICE,

CALGARY, ALTA., May 3rd, 1933.

Sir:

I beg to refer you to my report dated January 28th last, on the Crowfoot Indian Residential School in the Blackfoot Agency:

On Page III I referred to the water in the sub-cellar in the basement. Today I am in receipt of a letter from Mr. Gooderham, the Agent, pointing out that the school is having a great deal of trouble with the water in this basement, and as we have power in the school an electric pump would be of great assistance to keep this water out of the basement. The cost of this would be approximately \$100.00.

The Department are aware that the water will gradually affect the basement of the school and I would therefore recommend that if the Department can provide the funds, the pump in question be purchased. I am attaching hereto a cut of the pump that is required.

Your obedient servant,

M. Christianson

M. Christianson,
Inspector of Indian Agencies,
Alberta Inspectorate.

Ottawa, May 10, 1933.

Sir:

I have your 401-11A R.C. of the 3rd instant, regarding the installing of an electric sump pump to remove the water from the sub-cellar of the basement of the Crowfoot Indian Residential School and enclosing a leaflet giving a description of the pump required.

In reply I have to say that the Department will have no funds to provide the cost of supplying the pump. The school authorities will have to arrange to pump out the sub-cellar by hand, periodically, as is at present being done. I regret the extra work occasioned the staff in removing the water from the basement, but, as our Appropriation has been so greatly reduced this year, it will not be possible to provide the expense required in the purchase and installation of the pump.

Your obedient servant,

A. F. MacKenzie
A. F. MacKenzie,
Secretary.

Ottawa, May 17, 1933.

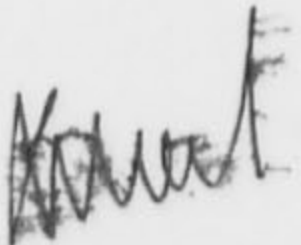

Sir:

I have to acknowledge receipt of the voucher which you submitted to the amount of \$6.25, covering the cost of urgent repairs to the water front of the stove at the Crowfoot Indian Residential School.

In reply I have to say it is considered that the cost of these repairs should be paid by the school authorities from their per capita allowance or other receipts, as these repairs are in the nature of replacement. The account which you submitted is being returned herewith.

Your obedient servant,

A. F. MacKenzie,
Secretary.

OFFICE OF
INDIAN AGENT

104-2-5

B.11.

Gleichen, Alta.

May 26th. 1933.

Dear Sir:-

Some weeks ago the water front on the cooking stove in the kitchen of the Crowfoot Residential School burst. Immediate repairs were necessary and on the request of the Sister Superior a plumber was rushed to the school. He replaced the water front with an old one which answered the purpose temporarily and rendered an account amounting to \$6.25 - a very moderate charge since he had to drive 30 miles.

A voucher was forwarded for payment but was returned under cover of letter of the 17th instant File 104-2-5. It was considered that the account should be paid by the School authorities from their per capita receipts, as the work was in the nature of a replacement. I draw this to your attention as it is an unusual ruling. If the Department compels the School authorities to make all repairs or replacements in the institution under their charge, it is submitted that the Agent should be definitely instructed that he is not to authorize any emergency repairs. In the case under consideration, the repair was urgent and the no time was lost in getting the work done. If the School authorities had refused to pay the account, the plumber would still be awaiting settlement. However, the Sister Superior, at my request, paid the bill.

The School has its financial troubles these days - the grant has been reduced and the earnings from the farm are very small. The demands for this school have been for absolute necessities. It is realized that funds are limited but it is hoped that the schools will not be forced to make replacements or repairs which are unavoidable and necessary.

Dr. H. W. McGill
Deputy Superintendent General
Department of Indian Affairs,
OTTAWA, Ont.

Your obedient servant,

C.D.M.

B.11.

Ottawa, May 30, 1933.

Sir:

I have your letter of the 26th instant, regarding the voucher which you submitted, to the amount of \$6.25, covering the cost of urgent repairs to the water front of the stove at the Crowfoot Indian Residential School and which was returned to you, with the request that same be paid by the school authorities, from their per capita allowance or other receipts.

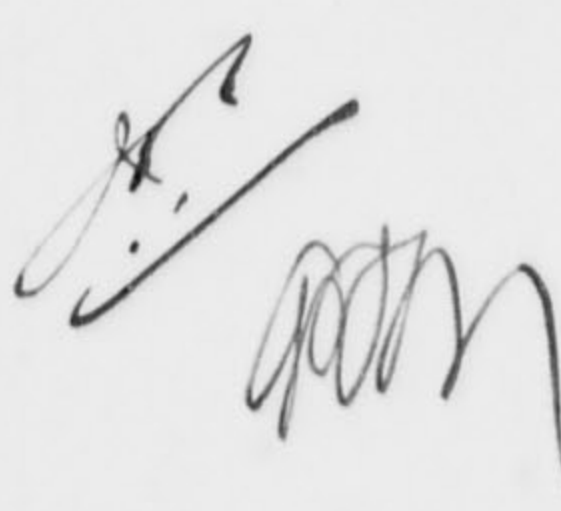

In reply I have to say that our Appropriation for the current fiscal year was so greatly reduced, that no funds have been provided to supply equipment or repairs for this school, and any minor repairs or replacements of an urgent nature required during the balance of this fiscal year will have to be paid by the school authorities. They should attend to the carrying out of minor urgent repairs and pay the cost of same, without authority from you.

In the event of any repairs involving a considerable sum of money, the matter should be brought to your attention, for reference to the Department, and you should give full particulars as to what is required as well as the cost involved. Consideration will then be given, and, if possible to provide funds, you will receive the necessary authority. As stated above, owing to lack of funds, it will not be possible to authorize any expenditure, unless there is absolute necessity for same, and, in that event, it will be very difficult to obtain funds.

Your obedient servant,

A. F. MacKenzie,
Secretary.

July 24th, 1933

W. H. McGill
W. H. McGill
Deputy Superintendent General of Indian Affairs
Ottawa, Ontario.

Dear Sir:

In confirmation of our conversation over the telephone on the 14th inst., I beg to draw your attention and that of the Department to the lack of space in our Crowfoot School. As you are well aware the accommodation is absolutely too limited to properly house all our children. Therefore, since the department cannot proceed with the extension to the building, I am prepared to put up a temporary dormitory, 20' x 30', which will relieve the congestion for the present.

I therefore respectfully request the formal permission from the Department allowing me to proceed immediately on my own financial resources to put up this building. Later on, if the Department judges fit, to re-imburse this expenditure, the building can be put to useful service, and in the meantime will give adequate accommodation to the children in our school.

On the other hand, I beg you to bear in mind that this last consideration should not stall off the immediate building of this dormitory for at all costs I must have this accommodation by the First of September.

Awaiting your immediate reply in the affirmative,

I beg to remain,

Yours truly,

75/6/33

Calgary, Alberta

July 24th, 1933

Dr. W. H. McGill
Deputy Superintendent General of Indian Affairs
Edmonton, Alberta.

Dear Sir:

As you are well aware, the accommodation at the Crowfoot School is by far too limited to properly house all our children in attendance. Since the Department is not in a position to finance the extension to the building which we have been requesting for the past few years, I feel that the only solution is the building of a temporary dormitory that will give room for twelve or fifteen children, girls, and one supervisor. The need is so pressing that Father Riou is prepared to put up the building himself. All he requests is permission to proceed at once. I am forwarding this letter to Edmonton to you, so as to hasten the answer and permit us to have the building ready by the end of August.

There seems to be no ground for any refusal or delay since the Department is not asked to assume any responsibility of the expenditures. You will please realize that this is an expression of self-sacrifice on the part of the priest to care for his little Indian children in a suitable manner and should excite on the part of the officers of the Department admiration and a spirit of cooperation.

Hoping that you will see your way to give us an immediate answer and thanking you in anticipation, I am,

Yours very truly,

P. J. Monahan

Bishop of Calgary

Memorandum:HONOURABLE THOMAS G. MURPHY

With reference to my memorandum of the 21st instant, enclosing copy of a letter from the Bishop of Calgary, in connection with providing more accommodation at the Crowfoot Indian Residential School, and your enquiry as to whether these children could not be accommodated at other residential schools in the province, I would say:-

This school is located on the Blackfoot reserve, for the benefit of the Catholic Indian children. The nearest Catholic residential schools are located on the Peigan and Blood reserves. There are tribal prejudices between the Indians on these reserves and the parents of the children on the Blackfoot reserve would not consent to having their children sent to schools on either the Peigan or Blood reserves.

A number of years ago, at the request of the Bishop of Calgary (Rt. Rev. J.T. McNally), the Department purchased a farm near Claresholm, Alta., on which it was intended to erect a large residential school for the Catholic children of the Blood, Peigan, and Blackfoot agencies. Owing to tribal prejudices, the plan of erecting the school had to be given up, and we still have the farm on our hands.

It is extremely doubtful if the parents of the children on the Blackfoot reserve would now consent to having any children surplus to the accommodation at the Crowfoot School enter any of our other residential schools. Further, the Catholic residential schools on both the Blood and Peigan reserves are filled to capacity.

Thomas G. Murphy

Deputy Superintendent General.

August 22nd., 1933.

Blackfoot Agency
Gleichen, Alberta.

Sir:-

I beg to report that at about 2 o'clock P.M. yesterday the telephone operator at Cluny reported to this office that Crowfoot Residential School was on fire.

I immediately proceeded to the school by car and found that the fire was in the girls lavatory, which is situated in the basement at the west end of the school. The local fire brigade had the fire well in hand using the school fire fighting apparatus which worked very well.

The fire apparently started in a clothes closet in a corner of the room and spread to the toilet stalls and up between the ceiling which was of metal, and the floor of the classroom above and into the air space between the partition walls and into the hall and laundry. Owing to the prompt action of Mr. L. Cretin, the School engineer, who discovered the fire and the local fire brigade a serious fire was averted. Not much damage was done by the fire, but a quantity of plaster, flooring and joint was destroyed by the firemen in cutting holes to get at the fire between the ceiling and floors and between walls. Several of the plumbing fixtures were also destroyed. Someone thinking the fire was much worse 'phoned to Gleichen for the fire brigade who responded by the fire was under control upon their arrival.

I requested Mr. E. Gardner-Smith to make a survey of the damage done and he is of the opinion that it will cost approximately \$1000.00 to make the necessary repairs and replacements. The Sister Superior is of the opinion that it will take much more than this estimate.

Will authority be given to make the necessary repairs and replacements, please, in view of the school opening almost immediately.

Your obedient servant,

G.H. Gooderham,
Per. L.

M. Christianson, Esq.

Dear Sir:-

In discussing certain matters with the Principal of the Crowfoot Residential School after the recent outbreak of fire, he made a request for the employment of a night watchman to begin his duties on September 1st and to continue until March 31st or April 31st.

In this connection, I beg to refer you to Department Letter of December 21st. 1932 File 104-2-5. You will note that a grant was made for this purpose last winter. I believe the request is a fair one and I would respectfully ask the Department to consider the matter.

*May employ
watchman 4.*

Dear Sir,-

With reference to the fire which took place recently at the Crowfoot Indian Residential School, I beg to say that you may arrange to have the necessary repairs caused by the fire carried out. It is thought that the most economical way of having the work done would be by day labour, under the supervision of Mr. E. Gardner Smith. Kindly keep the expenditure as low as possible and only work that is absolutely necessary is to be undertaken.

Referring to your letter of the 25th ultimo you may authorize the Principal to employ a night watchman for the Crowfoot School, from the period from Sept. 1st to March 31st. The Department will allow a grant towards his salary at the rate of \$40.00 per month. Vouchers for this purpose should be forwarded by you in the usual manner.

Yours very truly,

A. F. MacKenzie.
Secretary.

September 7, 1933.

Right Reverend Sir:

I beg to refer you to your letter of July 24th and my reply of August 21st, with reference to the accommodation at the Crowfoot Residential School.

The proposal contained in your letter has been carefully considered by the Superintendent General, and I have been requested to advise you that he is not prepared to approve the erection of an addition to the Crowfoot School at the present time.

I may add that, even if there was accommodation at the Crowfoot School for a larger number of pupils, the Department would not be able to provide per capita grant for more than 75, which is the number for which per capita grant is provided in our Appropriation for the current fiscal year. If there are children on the Blackfoot reserve who require institutional care and who cannot be accommodated in the Crowfoot Residential School, their cases should be brought to the attention of the Indian Agent, with a view to having them placed in some of the other Indian residential schools in Alberta which have not their full quota of pupils.

Yours very truly,

Deputy Superintendent General.

Right Rev. P. J. Monahan,
Bishop of Calgary,
910 - 7a Street N. W.,
Calgary, Alta.

Re: Maggie Sitting Eagle, & Rosa Mayfield - Arson. Juvenile
 Contrary to Sec. 511 C.C. of Canada. Delinquents.
 C.R. Re: Fire at Crowfoot Crossing,
 Gluny Alberta.

On the morning of the 28th August I received instruction to
 investigate Fire at Crowfoot Crossing, from the Officer Commanding, Calgary
 Division.

I made enquiries at the Indian Office, and learned that there
 was a Fire at the Crowfoot School, but they had no knowledge of any
 the Crowfoot Crossing.

On the afternoon of the 28th August I proceeded to the Crowfoot
 near Gluny, on arrival I saw the Sister Superior, I asked her
 if they had at the School, and she then told me that on Monday
 a Fire was started in the Lavatory, and that with assistance
 was put out but not until it had done about a \$1000.00 damages
 the lavatory, she took me to the Lavatory where I saw the inside
 of the lavatory, and the adjoining Laundry was damaged a little, also the
 which had been damaged by having to cut away woodwork to get at
 the Sister Superior, if she had any knowledge who had set the
 said she had found out from the girls who had set it, and that
 far as to see them myself, has she had already had their story
 see if they told the same story.

The Sister Superior, then brought the girls into me, one at a
 Sitting Eagle, Age 15 years of Age was the first brought in, and
 following statement:

was speaking to Rosa Mayfield, on Monday 21st August, I took
 Rosa Mayfield, then went into the Lavatory with Rosa
 the Cupboard, and I set light to it, and
 upstairs to play, I did this because I
 help my mother.

Signed, Maggie Sitting Eagle.

When brought in and gave the following
 of age on January 15th 1933. I got
 after us, we made up our minds on
 to burn down the School, and we set
 the 10th August. Maggie said Rosa
 went to the Lavatory by the Back
 when we got in we took the
 and took some paper
 Maggie said to me
 she then set the
 to play after
 of School, I

Signed, Rosa Mayfield
 Kettle, and

Ottawa, September 15, 1933.

Sir:

I beg to acknowledge receipt of your letter of the 5th instant, enclosing R.C.M.P. report regarding the fire at the Crowfoot Indian Residential School. It is noted that two of the pupils of the school were responsible for starting the fire. It is also noted that the R.C.M.P. suggest that proceedings be taken against these two girls.

In this regard, I may say that any action taken would be under the Criminal Code, and the Department is not responsible for the expenses incurred. The expenses in such a case are paid from the same source as when a white person is prosecuted.

The R.C.M.P. report refers to two girls, Maggie Sitting Eagle and Rosa Mayfield. The first mentioned girl is shown on the June quarter return of the Crowfoot School as No. 077, but I have been unable to find on that return any girl by the name of Rosa Mayfield. Please let me know if a mistake was made regarding the name in the R.C.M.P. report, or has there been a girl in the school by the name shown on the report whose admission has not been approved.

C O P Y

Orig. on 51-104.

November 24, 1933.

Right Reverend Sir:

I have Your Lordship's letter of the 7th instant. With reference to the proposal to erect a building for temporary dormitory accommodation for a number of the girls at the Crowfoot Indian Residential School, I have to say that it is not our general policy to grant permission to erect additions or other buildings in connection with schools which are government property, even if no cost to the Department is involved. However, our local officers will be requested to report as to the need for extra dormitory accommodation at this school.

Regarding the high mortality rate among the Blackfoot Indians, I would say that the Department's concern has been manifested by the measures taken in recent years to improve and extend the medical and health services on the reserve. This situation is not a recent growth. These Indians decreased very rapidly after their settlement on the reserve and have barely maintained their numbers at any time during the past twenty years. During the past three years, they have had to contend with recurrent epidemics of children's diseases, which have taken many lives, not only among the Blackfoot Indians, but among many other Bands in the country. I am in a position to know that the losses among the children have been the subject of the greatest concern to those officers directly responsible

-for their

Right Rev. P. J. Monahan,
Bishop of Calgary,

- 2 -

for their welfare. I am firmly convinced that no pains have been spared, on the part of the Medical Superintendent and her assistants, to give these people the best possible attention in this regard.

I find nothing unreasonable in your request that one of the nurses at the Blackfoot Hospital should be of your religious faith. I must point out, however, that there is no religious test for appointment in the Civil Service of Canada, and that the Department and the Civil Service Commission are unable to specify in advance the religious faith to which persons to be appointed should belong. There is record of the religious faith of some, though not all, of the departmental nurses, and when a vacancy occurs at the Blackfoot Hospital, the Department will endeavour to give consideration to your request.

While on this subject, I wish to point out that the nursing staff of the Blood Indian Hospital at Cardston is entirely religious. If you are familiar with the history of your Diocese, you will know that great objection was taken to this circumstance when the new hospital was built a few years ago at that place. The Department found this controversy very embarrassing, and I may be allowed to hope that no one will insist on raising the issue again, either at the Blackfoot or Blood Agencies. I think this phase of the matter will bear consideration on your part, when you are dealing with the situation at the Blackfoot.

Yours very truly,

HAROLD W. MCGILL

Deputy Superintendent General.

Ottawa, November 24, 1933.

Sir:

His Lordship the Bishop of Calgary has requested permission to erect a building for temporary dormitory accommodation for a number of the girls, pupils of the Crowfoot Indian Residential School. His Lordship is being informed that it is not the general policy of the Department to grant permission to erect buildings in connection with schools which are government property. However, I should like to have a report from you, setting out your views concerning the necessity for the providing of the extra dormitory accommodation.

The last return received shows that there was an enrolment of 43 girls. Mr. Sutherland, who visited this school at the end of September, last, states that, while the room appeared crowded - the beds being very close together - there are ample facilities for ventilation, as the dormitory has a very high ceiling, and, with the windows open at night, the air could be kept quite fresh.

Would you approve of the church authorities being granted permission for the erection of a temporary building for dormitory accommodation - they to provide the entire cost? You might discuss this matter with Mr. Agent Gooderham and furnish a report.

Your obedient servant,

A. F. MacKenzie

IN YOUR REPLY REFER TO

NO. 401-11A.7R.C.

ALSO TO DATE OF THIS LETTER

Sir:

INSPECTOR'S OFFICE,

CALGARY, ALTA., December 6th, 1933.

I beg to acknowledge receipt of your letter No. 104-2-5 of the 25th ultimo and in reply wish to state that I have just returned from Blackfoot Agency where I visited the Crowfoot School in company with the Agent. There are two girls' dormitories in this institution and I found 19 beds in each dormitory. Four girls sleep in the infirmary with one of the sisters. The beds in the dormitories, of course, are very close together, but there is lots of air space as the ceiling is 18 feet high, and with several windows in each room there is ample opportunity of getting all the fresh air that is required. The school, with the exception of the boys' dormitories where there are only 27 boys in the two rooms, is quite crowded, but those who are most inconvenienced by the crowded conditions are the Sisters: They have no real dormitories as their beds are in small corners in each dormitory that are partitioned off.

I discussed the matter of erecting a separate building with the Rev. Principal, Father Rioux; also with the Rev. Sister Superior, and tried to show them that in my opinion it would not be in the best interests of the school to put up a separate building: The Father evidently intended to buy some old lumber north of Cluny where he said he could get it at a very low cost. The building would be erected in the back yard and heated by stoves. There were no sanitary arrangements whatever, and outside toilets would have to be erected. In my opinion this building is unnecessary at present and Mr. Gooderham concurred with me in this. The Church authorities have been asking for an addition to the school and no doubt in time to come this will have to be provided to take care of the children of the reserve. In the meantime I see no reason at all why the school cannot carry on with the accommodation they now have. The matter of so many more girls than boys attending the school will, in time, rectify itself.

The Secretary,
Department of Indian Affairs,
O T T A W A .

Your obedient servant,

M. Christianson

Adm
Sir-

In reply to your 104-2-5 of the 20th inst:
herewith please find Form No. 112 showing disbursements
made from Accountable Cheque No. 015910 for \$500.00.

This cheque was inadvertently posted in our
General Construction a/c and the unexpended balance
was used in paying workmen for other construction
work.

E.R. No. 957 authorized an expenditure of
\$1,000.00 for labour and material and a total amount
of \$974.76 was expended leaving a debit of \$25.24 to
be credited to Indian Education Vote from Blackfoot
Band Funds.

It is hoped that this error in posting will
not cause any inconvenience.

Your obedient servant,

H. W. Mc Gill M.D.

Deputy Superintendent General of Indian Affairs
Ottawa.

Dear Sir.

I am writing to inquire if it would not be advisable to keep a night watchman at the Crowfoot Residential School as far as the summer vacations. We hear of so many fires in schools and the fire protection being rather poor here, I was wondering if the Indian Department would not be ready to keep a night watchman here during the summer.

A favourable reply would oblige

Yours obedient servant

J. R. Rion

Ottawa, March 26th, 1934.

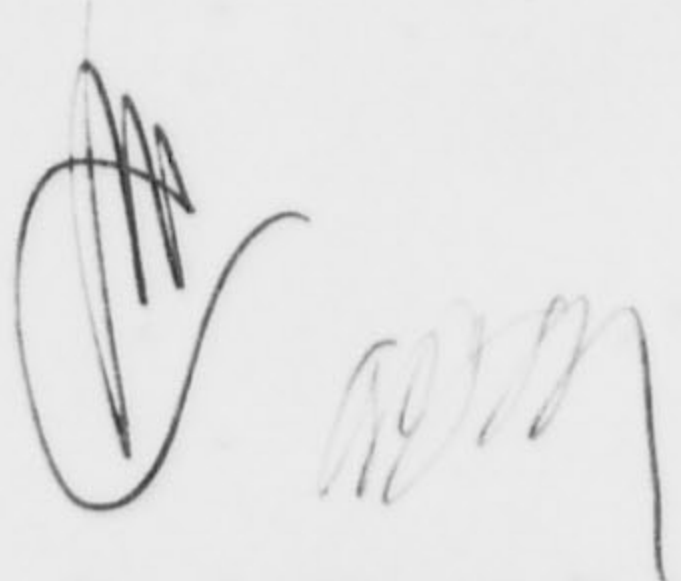

Reverend Sir,-

With reference to your letter of the 20th instant, I beg to say that the services of the night watchman at the Crowfoot Indian Residential School may be continued until the end of April.

As heavy firing will likely be discontinued by that time, it is not considered necessary to provide funds for a night watchman.

Your obedient servant,

A. F. MacKenzie.
Secretary.

OFFICE OF
INDIAN AGENT

Gleichen, Alta.

June 1st. 1934.

Dear Sir:-

The following repairs are urgently needed
for the Gurney John Bull range in daily use at the Crow-
foot Residential School:-

- 1 water front
- 1 fender lid
- 1 lid ring
- 2 square fender fire rings
- 2 square fenders

The above repairs have been order by the
Local Plumber from Toronto and the cost will be \$43.60.

It is recommended that the Department pay
for the necessary repairs. The School authorities pur-
chased the range from the Dumbo Building Boarding School
when that institution was closed. A range was needed at that
time and the transfer was quite a saving. The stove is
in daily use and the repairs are badly needed. Under the
circumstances, I believe it is only fair that the Depart-
ment pay the account. Please advise.

Your obedient servant,

Indian Agent.

OFFICE OF
INDIAN AGENT

Gleichen, Alta.

December 26, 1934.

Dear Sir:-

I agree
Representatives of the Calgary Power Co Ltd recently made an inspection of the electric plant at the Crowfoot Residential School on this Reserve and concluded that it would be in the best interests of the institution if the present 110 volt service were changed to a 220 volt three wire service, as this is the standard throughout the power system. If the service is changed to 220 volts, it is claimed that the motors in use would last longer and would therefore save the Department expense in purchasing new motors later on.

The local representative of the Company, accompanied with Mr Hunter of the Hunter Electric made a survey some days afterwards and I attach hereto an estimate made by Mr Hunter showing the cost of making the necessary alterations in the service, totalling \$59.45. It would appear that it would be good business to make the change. I shall await your instructions in the matter.

Calgary, Alberta Jan. 24th. 1935.

Dr. W. H. McGill, M. D.
Deputy Superintendent-General,
Department of Indian Affairs.
Ottawa, Ontario.

Dear Sir:

I see by the Press that the Government is launching on a program of public works. I think the general public will approve of this manner of alleviating unemployment in the country. The thought therefore came to me that this would be an excellent time to renew our request for the enlargement of the Indian school at Cluny.

Since the state can find money for "Military Barracks, Post offices, bridges, and what not," should it not be possible to salvage some to provide proper accommodation for the Indian children at this school.

You are conversant with the conditions existing and you know that the number of children to be provided for is increasing and will increase. When alterations are made provision should be made for a school of 90 or 100. No one knows better than yourself the need for air space etc in schools. That of course is sadly neglected at Cluny.

I sincerely hope therefore that you will exert all of your influence with the proper authorities to have the money set aside for this urgently needed alteration.

Thanking you, Sir in anticipation,

I remain, Sir,

Yours very truly,

R. J. Monahan

January 31, 1935.

Right Reverend Sir:

I have Your Lordship's letter of the 24th instant, requesting that funds be provided to enlarge the Crowfoot Indian Residential School, at Cluny, Alberta.

J.S.P.

In this connection I would state that there are many pressing demands for the providing of educational facilities for Indian children on reserves on which there are at present no schools or where the Indian children are greatly in excess of the available accommodation. While the need of extended facilities at the Crowfoot School is realized, I regret there will be no funds available during the coming fiscal year to enlarge the present school building.

Yours very truly,

Howe

Deputy Superintendent General.

EXTRACT FROM REPORT OF M. CHRISTIANSON, INSPECTOR
OF INDIAN AGENCIES, CALGARY, Alta., dated Jan. 25, 1935.

CROWFOOT RESIDENTIAL SCHOOL:

Original on 104-2-6.

BUILDINGS AND EQUIPMENT: I checked over the school and
outbuildings, equipment, &c.

The school building itself is in very good condition. It is brick veneered outside, and the woodwork, trimming, &c., should be painted as soon as possible. The roof should also be repaired, as I understand it leaks in places and especially around the dome. This should be looked into next summer, as naturally when water comes through the ceiling it also damages the walls within the school. I might say, however, that we are not burdened with too much precipitation there as it hasn't rained since last June. The interior of the school could also stand some paint in places, and the Sisters advised me that if a small amount was supplied next summer they would paint during the holidays.

They also brought to my attention that a refrigerator was something they needed very much as it was very difficult for them to operate during the summer without this equipment. They asked me to bring this to the attention of the Department: A refrigerator plant for this institution would cost about \$1000.00.

They also asked me to inform the Department that they had no bread-mixer and had never been supplied with one.

This school is connected up with the Hydro-electric, and the only machinery there is, is the laundry machinery. This is a very antiquated plant, but it still is in working order and the Sisters in charge informed me that it was still fairly satisfactory. I had a talk with the fireman and he seems to be very satisfactory. He has been there three years, looking after the boiler and whatever machinery there is, and he keeps everything in very good order. This was borne out by Mr. Gooderham, our Agent, who was with me at the time.

The outbuildings are in a fair state of repair but all could do with some paint.

Sir:

In further reference to official reply to your 401-11A R.C. of the 25th ultimo, in connection with the report on your inspection of the Crowfoot Indian Residential School, I have to say that it is very doubtful if there will be funds available to provide a refrigerator and a bread mixer. No doubt, the Department will be able to authorize the expenditure to purchase the paint required for interior decorating. Further, it may be possible to provide paint for the exterior of the school building. I would request that, early next spring, a detailed estimate be submitted, stating the quantity and the approximate cost of the paint, varnish, oil, etc., required for both the exterior and interior painting and also the cost of the repairs required to the roof on the school building, around the dome.

Your obedient servant,

A. F. MacKenzie,
Secretary.

February 12th. 1935.

Right Reverend Sir,

With further reference to the subject of my letter to you of January 31st. I would say that Dr. Stanley, M.P., for East Calgary, called to see me yesterday and we discussed the matter at considerable length.

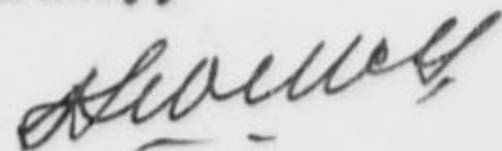

We have recently had reports from our officials in Alberta with regard to the requirements of the Crowfoot school. Your Lordship will understand that for the past three years we have found it next to impossible to maintain our buildings in a proper state of repair with the funds at our disposal, to say nothing of new buildings and additions. The two residential schools that are now under construction, one of them being at Lebret, Saskatchewan, are in the way of replacements and are being financed through the Public Works Construction Act.

According to our official reports from Alberta the Crowfoot school is in need of considerable repairs and renovation, such as repairs to the roof and painting. The need for a refrigerating plant is also indicated. We purpose having Mr. Philip Phelan, of our Educational Branch, visit British Columbia in May or early June. We shall arrange to have him break his journey at Calgary in order to visit the Crowfoot school and to obtain first-hand information as to the requirements. He will also call upon Your Lordship to discuss the matter.

Any decision in regard to building extensions must be held in abeyance until we know whether or not the scope of the Public Works Construction Act will be extended to take care of further work during the coming building season.

Yours faithfully,

Right Rev. P. J. Monahan, D.D.,
Bishop of Calgary,

Sir,

I enclose herewith Vouchers Nos. 417 & 418

amounting to \$45.00 in favour

Provincial Treasurer

c/o of A.W. Dick, Medicine Hat, Alta

for Inspection of Boilers - Old Sun & Crowfoot Schools

This expenditure was authorized by Departmental

Letter No. Estimates dated 1934/35.

Your obedient servant,

Indian Agent.

The Secretary,
Department of Indian Affairs,
Ottawa.

EXTRACT FROM LETTER FROM G. H. GOODERHAM,
INDIAN AGENT, GLEICHEN, ALTA., dated Feb. 13, 1935.

Orig. on 51-104^{XA}

XX

The Crowfoot School has a nurse but this Institution is overcrowded - staff sleep in the infirmary - there is no other place. Beds in dormitories are too close together, one can barely move about. The very high ceilings allow sufficient air, I believe, even in this crowded condition. This school cannot keep a diseased child at present. We cannot send patients back to Crowfoot School - there is no room.

Deputy Superintendent General,
Department of Indian Affairs,
Ottawa. Ontario.

R

Dear Sir:

Your letter of the 12th. of this month duly received.
Since you had told me in your letter of January the 31st. that your Department was without funds for further building purposes, I went abroad to seek sources of help. I do not suppose you should be adverse to the Public Works Department spending some thousand dollars on your buildings.

The fact of delaying Mr. Phalen's visit till May or June does not look good to me. By that time the present session will be over, and all the recommendations of the world will be of no avail. Why all this delay? The figures at your disposal are more than convincing that additional space is needed at this Crowfoot school. If most of the Catholic children who are at present detained at the Gleichen hospital were to be returned to school to-morrow they could not possibly be accommodated. I am not asking your Department to finance this project, since you told me you could not, but I would ask you not to hinder some one else from doing it.

Yours very truly,

+ P. G. McMahon
Bishop of Calgary.

Right Reverend Sir:

I have Your Lordship's letter of the 16th instant, with further reference to your request for the provision of funds to enlarge the Crowfoot Indian Residential School.

The Public Works Construction Act, 1934, provided a sum of \$40,000,000 for construction purposes throughout Canada. However, of this amount, only \$500,000 was allotted to the Department of Indian Affairs. This sum has been completely assigned in providing certain Indian schools and hospitals.

At the present time, no definite information is available indicating that it is intended to provide a further amount for construction purposes. If this is done, it is possible that a portion of the money would be allotted to this Department. In this event, further consideration will be given to the requirements at Crowfoot. You will understand, however, that, in view of the uncertainty of additional funds being made available, I am not in a position to make you any definite promise.

Yours faithfully,

Deputy Superintendent General.

Right Rev. P. J. Monahan, D.D.,
Bishop of Calgary,
910 - 7 A Street N.W.,
Calgary, Alta.

Sir,-

The Department is in receipt of your voucher No. 476, amounting to \$47.95, covering the cost of repairs to the stove and plumbing at the Crowfoot Indian Residential School.

It is noted that you give as authority for this expenditure "Estimates 1934-35". As you have previously been informed, the mere inclusion of an item in the estimates is not sufficient authority for proceeding with the work. Unless in the case of some very urgent repairs, specific authority must be secured from the Department before proceeding with repairs, etc., to buildings.

Your obedient servant,

Memorandum: Mr. Buskard.

Referring to your memorandum of the 22nd instant, with reference to the request that an additkn be built to the Indian Residential School at Cluny, on the Blackfoot Indian Reserve, will you please advise if you have any information as to the additional accommodation required. There does not appear to be anything on our files recently giving this information. Before an estimate of the cost can be prepared it will be necessary to know the size of the addition that is to be provided.

If you have not this information I shall ask Indian Agent Gooderham for a report.

Harold W. McGill.
Deputy Superintendent General.

Note on side from Honourable the Superintendent General.

Ask Agent Goodehham for report.

INSPECTOR'S OFFICE

PB CALGARY, ALTA., April 16th, 1935.

IN YOUR REPLY REFER TO

No. 401-11A.R.C.
ALSO TO DATE OF THIS LETTER

Sir:

I would refer you to Department's letter No. 104-2-5 of February 5th, last, in connection with repairs, &c., for the Crowfoot Indian Residential School on Blackfoot Reserve.

I took this matter up with the Indian Agent and asked him to submit an estimate of the cost and the following is what he submitted:

Repairs to roof and dome	...	...	...	...	...	\$ 75.00
Supplying refrigerator	...	...	...	...	...	\$900.00
Paint, &c., for interior decorating	...	...	...	...	...	\$ 75.00
Bread Mixer	...	...	...	...	...	\$550.00
Outside painting, roof, windows, &c.	...	...	...	...	...	\$450.00

I have taken the matter of the refrigerator up with the Bruce Robinson Electric Company here, who are Agents for the Frigidaire, and they advise that the price will be approximately \$700.00 or \$750.00. If the Department can possibly see their way clear to supply this I would ask that they do so, as the Sisters there have a very difficult task in trying to keep food fresh in the summer time. I would also recommend that the repairs to the roof and dome be attended to; also the inside painting. The bread mixer and outside painting may be left over if the Department have not the funds.

Your obedient servant,

M. Christianson,
Inspector of Indian Agencies,
Alberta Inspectorate.

B.11.

Dear Sir:-

I submit herewith Voucher No 6 in favour of the Hunter Electric for changing the Service from 110 volt to 220 volt. Mr Hunter informs me that an open switch in the pump house controls the power and he intimates that this is ~~degerous~~ dangerous and should be changed. He regrets that this point was not noticed by him when submitting his first estimate. Owing to the location in the pump house, this switch might cause a tremendous shock to any one who was careless in opening or closing it. I cannot submit an accurate estimate of the cost but Mr Hunter thinks that it may be around \$25.00. Would authority be granted for making the necessary changes, please?

Your obedient servant,

Indian Agent.

Sir:

Cherry
Re: Crowfoot School, Gleichen.

Mr. Christianson, Mr. Gooderham and myself visited this school yesterday, and I would recommend that the following improvements be authorized at the earliest possible date:

1.- Cold Storage Plant — Mr. Christianson estimates the cost of this at \$750.00. He recommends that it be secured through the Bruce-Robinson Electric Company of Calgary.

2.- Four new bath tubs — At the present time there are only two bath tubs in the building. There are water connections for the new bath tubs recommended, and consequently the only expense will be the cost of the tubs.

I have authorized the Agent to proceed with the following:

- (a) Repair of the roof of the main building;
- (b) New Eaves-trough on the North side;
- (c) Repairs to the roof of the barn and
- (d) A small quantity of paint for inside painting, which will be done by the School Staff.

The Principal was very anxious that we purchase a bread-mixer. I do not know the exact cost of these, but if they are expensive I think they could get along until next year.

Your obedient servant,

The Secretary,
Dept. of Indian Affairs,
OTTAWA.

ALSO TO DATE OF THIS LETTER

Dear Doctor McGill:

Mr. Christianson, Mr. Gooderham and myself visited the Crowfoot School yesterday. You are no doubt aware that every classroom is overcrowded, and that the present fire escapes are totally inadequate.

I feel that it is really necessary to provide an addition that would accomodate approximately 40 children. This should be built on the South side of the building. In erecting this it will be necessary to install a new heating plant as the present one is very old. Some new laundry machinery would also be necessary.

The Principal has rough plans ready. These include placing the addition in two sections on the South side, with a heating plant between them. On our return to Calgary Mr. Christianson and I called on Doctor G. D. Stanley, M. P., and he is very anxious to have the work go ahead this year. I explained to him that we had not the funds available, but he stated that he intended to wire the Prime Minister requesting that funds be provided in the Supplementary Estimates to erect at least a part of the proposed addition. If such funds were made available it would be possible to erect part of it this year on the lines suggested by the Principal.

Mr. Christianson suggests that Mr. Gardner-Smith be engaged to go to the School and prepare a detailed plan of the best way of proceeding. Mr. Gardner-Smith would also give us complete information in connection with the new heating system that would be necessary.

For your personal information I may say that I called on His Lordship, Bishop Monahan on Thursday evening and discussed all matters in connection with the school.

Doctor Harold W. McGill,
Deputy Superintendent General,
Department of Indian Affairs,
O T T A W A .

While he would like to see the work go ahead this year, he understands that it may not be possible to secure funds, and after my conversation with him, I feel I can assure you that if funds are not secured, Bishop Monahan will not raise any objection to the work being delayed until next year. I informed him, of course, that you had told me that if funds were not secured this summer, you would see that the necessary amount was provided in next year's Estimates.

Inspector Christianson is aware of the contents of this letter, and will be only too pleased to carry out any instructions that you care to give him in connection with it.

I am having a very pleasant trip and expect to leave here on Monday for the Blood and Peigan Reserves.

With kind personal regards, I am,

Yours sincerely,

Ottawa, June 11, 1935.

Sir:

Mr. Phelan, of this Department, who, in company with yourself and Mr. Agent Gooderham, recently visited the Crowfoot Indian Residential School, has reported regarding the need of a cold storage plant for this school. He stated that you estimated the cost to be, approximately, \$750.00, and recommended that it be secured and installed through the Bruce Robinson Electric Company, of Calgary.

The Honourable the Minister has approved the supplying of this equipment. You may therefore arrange with the above named company to supply and install the cold storage equipment. It is hoped that the entire cost can be kept within the estimate, viz.: \$750. After the plant has been supplied and installed, to the satisfaction of the Principal and yourself, I have to request that you forward an account, in triplicate, properly certified, for payment of the cost.

Mr. Phelan states, further, that four new bath-tubs are required, as at present there are only two in the building. He states there are water connections for the new tubs and that, consequently, the only expense would be the cost of supplying the tubs. I would request that you arrange for the purchase, from a firm on the approved list, and for the forwarding to the school of four bath-tubs, of the type required. You should obtain an account, in triplicate, covering the cost, which you should certify and forward for payment.

Mr. Phelan states, also, that he authorized Mr. Agent Gooderham to proceed with the following work:-

1. Repairing the roof of the main building;
2. Installing new eaves-trough on the north side;
3. Repairs to the roof of the barn; and
4. Purchase of a small quantity of paint for interior, the work to be done by school staff.

The Principal requests that a bread mixer be supplied. We will have no funds this year to provide the cost of this equipment.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Ottawa, August 13, 1935.

Sir:

I beg to refer to your July report on the Crowfoot Indian Residential School with reference to the fire escapes.

The Department is aware that, in order to accommodate the number of children who are available, an addition is required to this school, but it was not possible to secure funds for the purpose this year. It is expected, however, to have an Appropriation for this purpose in the next fiscal year. Under these circumstances, the Department does not feel disposed to spend any large amount of money on the present fire escapes, as it is possible that, when an addition is built, the situation of the fire escapes will be changed.

I would appreciate if you would give this matter further consideration and advise the Department if you consider it possible to make some minor repairs to the present fire escapes in order to have them in fair condition for another year.

Your obedient servant,

T. R. L. MacInnes

Gleichen, Alta.

August 6, 1935.

Dear Sir:-

I beg to report that an accident occurred in the kitchen at the Crowfoot Residential School when a pot of boiling fat caught fire. Considerable damage was done to the paint and plaster in putting out the fire and it would be advisable to get the kitchen cleaned up before the children return to school.

Carl Johnson, painter, of Gleichen has made an inspection of the damage and he is prepared to do whatever is necessary in the way of painting, repairs to plaster etc. for the sum of Thirty Five Dollars. I think this is fair and would ask for authority to have the work done, please.

Your obedient servant,

RE: Voucher #279

Dear Sir:-

I attach hereto Voucher No 279 in favour of F.E. Osborne Calgary, Alta amounting to \$38.40. This expenditure was not authorized but the material was purchased by the Sister Superior of the Crowfoot Residential School to equip a third class-room, and later asked if the Department would pay the bill. I can assure that the expenditure was incurred without my knowledge, though I did know the Sister had in mind the opening of a third class room for beginners. The increased accomodation is commended because the second class room was crowded.

The voucher is for your disposal, please. I beg to recommend payment.

Your obedient servant,

Indian Agent.

September 25, 1925.

Dear Sir

Answering yours of the 13th August re Fire Escapes at the Crowfoot Residential School, I beg to report that this matter was discussed with the Principal and the Sister Superior at the school on the 24th instant.

Neither of these officials deemed it necessary to make any changes to the fire escapes at this time. It was realized, of course, that the pole escapes are not the most suitable to get children out of a building in a hurry; they would be used as a last resort. Fortunately, a very efficient and conscientious night watchman will be on the job this winter and every precaution against fire will be taken.

The writer did make a suggestion and that was to have a fire axe near the window through which the pupils must go to reach the poles. I would go further and recommend that fire axes be hung in the 4 main dormitories to be used either to break the windows or doors leading to the escapes. If these were supplied a senior pupil or the matron could use the axe in an emergency. Needless to say, doors and windows might be locked, even when they should not be, and an axe could effectively and quickly break an opening. Would the Department supply four axes?

Your obedient servant,

Indian Agent.

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Sir,-

With reference to your B. 11 of the 25th ultimo, I beg to say that you may purchase the number of fire axes which you consider are necessary for use at the Crowfoot Indian Residential School. You should see that they are placed in position where they can be easily used, if necessary.

Your obedient servant,

A. F. MacKenzie.
Secretary.

FEB 28 1936

RECORDED

February 20, 1936.

Architect
DR. MCGILL:

Can you let me have any information with regard to the Department's proposed building programme at the Blackfoot Indian Reserve during the coming spring and summer months?

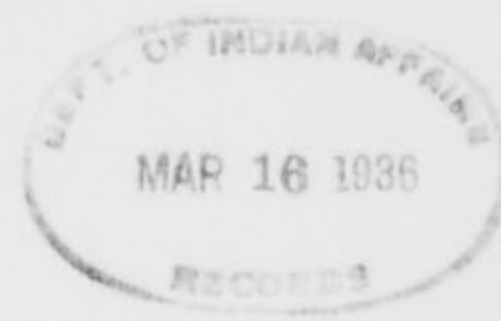

We have a special inquiry with regard to "an addition to the school building at Crowfoot"; and representations are made that local (Gleichen) contractors should be given an opportunity to tender on any work, it being requested that "where the successful tenderer is an outside man, some provision should be made whereby he should use local labour as far as possible".

Memorandum:

Mr. Pratt.

With reference to your inquiry regarding the addition to the Crowfoot Indian Residential School, I would say that additional accommodation is required at this building, and it is proposed to make an addition to the building if funds are provided for this purpose by Parliament.

Provision has not been made, however, for same in the Main Estimates.

IN YOUR REPLY REFER TO
No. 401-11A.R.C.
ALSO TO DATE OF THIS LETTER

INSPECTOR'S OFFICE

PB CALGARY, ALTA., March 12th, 1936.

Sir:

I beg to inform you that Rev. Father Riou, Principal of Crowfoot Indian Residential School at Cluny, was in the office here a few days ago, and he informed me that Doctor Windsor had mentioned to him that owing to the T.B. conditions that exist there, a great many of the children would not be able to do the ordinary work around the school, and he asked for the following equipment to lighten their work: a power churn and a bread mixer.

The churn could be purchased for about \$60.00, but I think they should be able to get along without same. Father Riou claims that he knows where he can purchase a satisfactory bread mixer, second-hand, in good condition, for \$90.00. This has been asked for on several occasions, as the Department are aware, and if a satisfactory one could be purchased for the above amount, I would ask that it be considered by the Department.

I might say that before writing this letter I talked the matter over with the Agent.

Your obedient servant,

M. Christiansen,
Inspector of Indian Agencies,
Alberta Inspectorate.

EX'D.

Ottawa, March 18, 1936.

Dear Sir:

I have your 401-11A R.C., of the 12th instant, regarding the request of the Principal of the Crowfoot Indian Residential School to be supplied with a churn and a bread mixer.

The Department is not prepared to authorize the supplying of a churn.

Regarding the bread mixer, the Department will approve of the Principal arranging for the purchase of a second hand bread mixer, which, you state, is in good condition, for the sum of \$90. The Department is desirous that, if possible, the purchase be made previous to the end of the current month, in order that payment can be made from our Appropriation for the current fiscal year, before the books are closed. If the account covering the cost of the bread mixer is dated previous to the 31st instant and reaches the Department by the middle of April, it will be in time to be paid from this year's Appropriation. This account should be certified by Agent Gooderham or yourself. It is noted you consulted the Agent in the matter of the purchase.

In view of the above mentioned desire of the Department to pay the cost before our books close, I would request that you give the matter your prompt attention.

Yours truly,

A. F. MacKenzie,
Secretary.

MANUFACTURERS' AGENTS AND ENGINEERS

THE IRON FIREMAN

Automatic COAL BURNER

605 SECOND STREET WEST
CALGARY, CANADA

April 29 1936

To The Hon Thos Grearer

Minister of the Interior

OTTAWA Ont

Dear Sir;-

I note by recent newspaper reports that it is the intention of the Government to make additions to the R. C. School at Cluny Alta on the Indian reserve and also to make some repairs and additions in regard to the residences for the staff at Gleichen Alta . As indicated above we are the agents for the Iron Fireman automatic stoker and we would like to have our stoker specified in connection with these residences and additions.

The use of our stoker would mean the saving of approximately 40% over the present methods of firing and being thermos-tactically controlled would insure even temperatures , a healthful atmosphere throughout the houses with the least amount of labor to the householder . Our stoker is built in Canada and is produced by the oldest and most experienced and best financially rated company in the business . We respectfully request that you give our proposition your best consideration

Re: Additions to R.C. School
at Cluny, Alta.
and
Repairs & additions to
staff residences at
Gleichen, Alta.

Referred herewith for departmental
attention, and reply, is a letter addressed
to the Minister by S.S. Clarke & Co. Ltd.,
Calgary, signed by Alex. G. Low, Representative,
stating that they are agents for the Iron Fireman
automatic stoker and would like to have this stoker
specified in connection with the above work.

Doctor H. Mc Gill

Superintendent Indian Affairs

OTTAWA

ONTARIO.

Dear Doctor;-

I notice by the recent newspaper reports that there will be substantial additions made to the R. C. School at Cluny on the Blackfoot Reserve and also that there probably will be some houses built at G~~l~~ichen for some of the agency staff.

I wish to call your attention to the fact that we handle the Iron Fireman stoker and we respectfully wish to point out that it would be greatly appreciated if these stokers can be specified in these buildings. As I pointed out to you last year the fuel saving is enormous and the convenience afforded the householder is greater than anything obtainable in any other method. Kindly advise me at your earliest convenience if we may expect to supply our stoker in the above proposed buildings. We have one of our machines in the administration buildings at Banff and if you will refer to Mr Wardell of the Dominion Parks Dept he will give you first hand information as to

MEMORANDUM

Minister's Office

HC.

May 6th, 1936.

Am. Phil. Soc.

Dr. McGill.

Will you kindly advise me by memorandum if it is the intention of your Department to do any work during the coming summer on the St. Joseph School, near Gleichen.

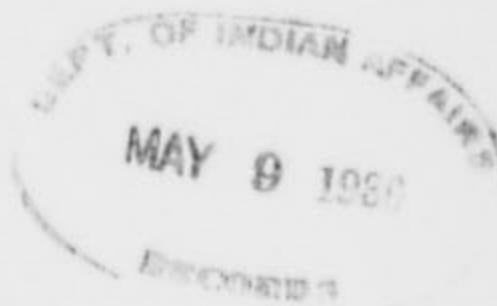

It has been suggested that if any work of this nature is carried out it should be done by day labour. Apparently the farmers in this district were hailed out last year and are having a very difficult time at present.

W. G. Pratt

ALSO TO DATE OF THIS LETTER

Sir:

I beg to refer you to my report on the Crowfoot School, and I wish to herewith enumerate the repairs required at this institution: As the Department know, we have been waiting for several years for an addition to the school but as there is apparently no hope of this a great many repairs will have to be carried out.

- 1.- Girls' playroom: Floor badly worn; size of room: 30' x 30'.
- 2.- Girls' dormitory: Floor in very bad shape; size of room: 30' x 30'.
- 3.- Plaster throughout building and in basement requires patching; Cement floor in basement badly broken in places.
- 4.- East and West Porches: Floor needs renewing: Size 12' x 10'; Steps on both sides also need renewing: 8 steps 12' x 12"; Porch on South side, floor and steps need renewing: Size of porch - 90' x 10'; Steps - 5' x 12".
- 5.- Screen windows, all full-size: Wire has pulled away from the sides and is badly broken, and a great deal of wire netting will have to be renewed. This is the work of a carpenter.
- 6.- Eaves-troughing: On the South side of the building this needs renewing as when the rain comes from the South or West it does considerable damage to the building in its present state.
- 7.- School roof needs painting and patching; also the trim around windows, eaves, &c.
- 8.- The barn needs painting.
- 9.- For the laundry they have asked for a mangle and a tumbler dryer.
- 10.- Twelve (12) chairs for the sisters' recreation room. Those now in use are in poor shape and I would ask that this be allowed.
- 11.- Paint for interior decorating as follows:

.....
The Secretary,
Department of Indian Affairs,
O T T A W A .

Indian Affairs. School Files.

(RG 10, Volume 6349, File 752-5, part 3)

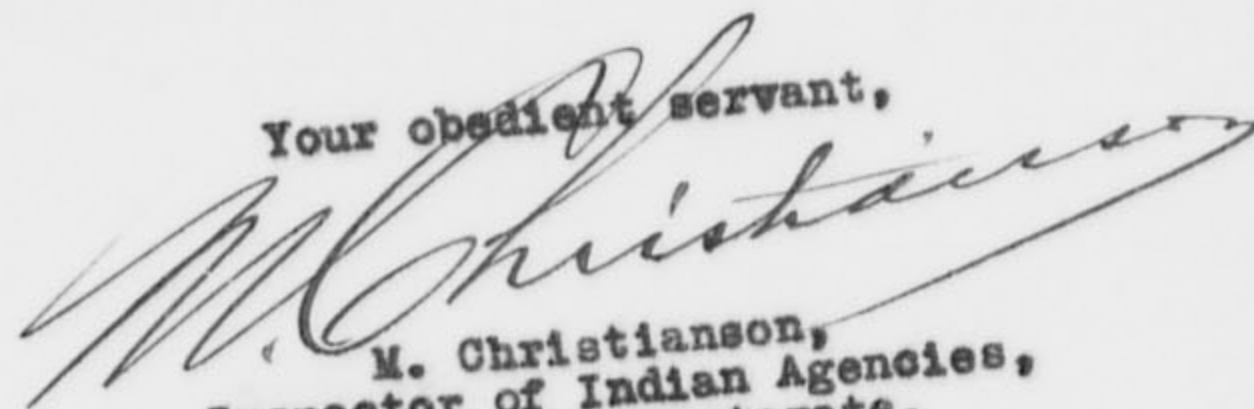

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

Material for interior decorating:

- 10 - Gals. of White paint,
- 5 - " " Brown "
- 10 - Gals. of Light Buff paint,
- 20 - Pkges. Kalsomine,
- 6 - Brushes and
- Small barrel of boiled linseed oil,
(for wood-work).

I realize the Department have not the funds to go on with all the repair work that is required, but as you know, nothing has been spent in the way of repairs to this institution for some time now. I would suggest that I be advised as to what money would be available, and then the Agent and Principal could have the most urgent repairs attended to. This is what we agreed on before I left the school, as the most satisfactory manner of handling it.

Your obedient servant,

M. Christianson,
Inspector of Indian Agencies,
Alberta Inspectorate.

EXD.

Ottawa, June 17, 1936.

Dear Sir:

I have your 401-11A. R.C. of the 12th instant, enumerating the repairs required at the Crowfoot Indian Residential School.

In this connection I have to say that funds, to the amount of approximately \$500.00, are available for repairs at this school. The Department will approve of carrying out the work as enumerated in the first five items mentioned in your letter. You should arrange for the purchase of the materials required, from firms on the approved list. The Honourable the Minister has directed that, for any building to be done on the Blackfoot Reserve, the following building contractors and carpenters should be given an opportunity to do the work:-

Harry Holmes, Bassano, Alberta,
Larry Edwards, " "

and the following located at Gleichen, Alta.:-

Chas. Thompson, Building Contractor,
L. Michael, Plumbing and Heating contractor,
H. Hunter, Electrical Contractor.

It is hoped that the work authorized, viz.: renewing floor in girls' playroom and girls' dormitory; repairing plaster throughout building and in basement and repairing cement floor in basement; renewing floors and steps of

- east and

- 2 -

east and west porches; and renewing wire screens in windows, can be completed for the amount available and, if possible, at less cost.

Regarding the painting of the barns, I would say that, if the above authorized work does not exceed the amount of approximately \$500.00, the Department would approve of the purchase of the quantity of paint required for the barn, provided the school authorities can assist with the labour.

You may arrange for the purchase of 12 chairs for the Sisters' recreation room - these to be obtained from firms on the approved list.

After the above authorized work has been completed, please forward itemized accounts, in triplicate, stating in detail the work done, and accounts, in triplicate, for the labour, showing the number of days or hours employed and the rate paid.

The Department will be unable to consider the repairs to the eaves troughing and school roof and supplying paint for interior decorating. There will be no funds available to supply a mangle and a drier for the laundry.

Yours truly,

A. F. MacKenzie,
Secretary.

^{Finances}
Dear ~~W. G. G. G.~~ McGill. Calgary June 19.

We all went over the
Crowfoot School at Calgary and I want
to commend the people there for their
efforts to improve their work. They have
really done wonders.

The school is shockingly overcrowded
and something will have to be done to
help them out. We all agreed on
a cheap isolation building for the consumptive
children. Four or 5000 would do it.
The Principal holds out for his extension,
but I told him that, in the present
temper of government toward residential
schools, there was a good chance that
he would never get it. 4/1/1

Copy

Cluny, Alta., June 12, 1936

Senator Buchanan,
Parliament Buildings,
Ottawa, Ont.

Dear Sir,

Re St. Joseph's School
Blackfoot Reserve, Cluny, Alta.

This school has been on the Government list for enlargement for some time. It is very much overcrowded, and Father Rioult and the Sisters have repeatedly been asking for the building to be enlarged to accommodate the increased number of pupils who are in residence.

It was understood that this work would be done this summer, and apparently the Blackfoot Indian Reserve has some funds available for this purpose. The area between Cluny and Gleichen was totally hailed out last year, with the result that a large number of people are in distressed circumstances.

The extension of this school would mean a great deal to this district and to the Indians if the work were done this year and the year after.

I am sure that if you would take this matter up with the Indian Department, you would be able to very materially help us in this matter.

Yours truly,

Sgd) David Nelson

MEMORANDUM:

The Honourable the Superintendent General,-

I have Mr. Jackson's memorandum of the 19th instant, with copy attached of a communication to Senator Buchanan, from David Nelson, of Cluny, Alberta, regarding the erection of an extension to the present building at the Crowfoot Indian Residential School, on the Blackfoot Reserve, to provide increased accommodation.

As you are, no doubt, aware, this matter received attention at the time our Estimates were being prepared for the current fiscal year. Further, an effort was made to have the funds required for the purpose included in the special vote allowed this Department to construct a number of school buildings. The amount required to erect the addition, viz.: \$50,000.00, was not allowed.

Mr. Inspector Christianson, Calgary, is being written, with the request that he consult the Indians of the Blackfoot Band and endeavour to obtain their consent to provide the amount required, viz.: \$50,000.00, from the Interest Funds at the credit of the Band in the Department. If the Indians refuse their consent, there is no other source from which funds would be available to carry out the work in erecting the extension to the Crowfoot Indian Residential School during the present fiscal year.

104-2-5.

EX-104
Ottawa, June 26, 1936.

Dear Sir:

I have your 401-11A. R.C. of the 22nd instant, in connection with repairs to the Crowfoot Indian Residential School and the funds available for the painting of the barn. In this regard I would refer you to official letter of the 17th instant, in which you were informed that only the sum of \$500 was available for repairs at this school and the work to be carried out was enumerated.

In the letter referred to, you were informed regarding the painting of the barn, that, if the repairs authorized did not exceed the amount of the appropriation - \$500.00, the Department would approve the purchase of the quantity of paint required for the barn, provided the school authorities could assist with the labour. It is considered that the cost of the repairs authorized might not use up the entire amount available and that there would be sufficient funds remaining to purchase the quantity of paint required for the barn.

The Department will leave the matter of the repairs in your hands, to carry out the work you consider most urgent for the funds available, and you may utilize the sum of approximately \$500 in the manner in which you consider most advantageous in the interests of the school. If you believe it would be better to expend some of the funds available for interior decorating, rather than any of the other work enumerated by you in the first five items of your letter of the 12th instant, you may do so. However, I would request that you keep the total expenses as close as possible to the amount available, viz.: \$500.

Yours truly,

A. F. MacKenzie,
Secretary.

CROWFOOT INDIAN RESIDENTIAL SCHOOL
CLUNY ALBERTA

#5 104-2-5
January 27th 1937

Philip Phelan, Chief
Entraining Division.

Dear Mr. Phelan.

Do I have to make a special application every year for a Night Watchman for the Crowfoot Indian Residential School? I am afraid, I have overlooked to make the application last year and our Indian Agent is unable to find any authority for this expenditure. I have had the Night Watchman since the 1st of September 1936 and intend to keep him until July the 1st 1937. I am always afraid of a fire in this old frame building. Kindly advise me on the Department's views on this matter.

Yours truly J. R. ... Principal

Ottawa, February 2, 1937.

Dear Sir:

The Department has decided to allow payment of \$40 a month for the period October 1, 1936, to April 30, 1937, towards the salary of a night watchman at the Crowfoot Indian Residential School. This is the same amount as was allowed last year.

If you are aware that a night watchman has been employed since October 1st, last, you should prepare and forward, at once, a voucher for the allowance for the three months ended December 31st, last.

Yours truly,

T. R. L. MacInnes

SCHOOLS

Both schools were inspected. Dr Windsor accompanied me to Crowfoot when arrangements were completed for the care of T.B.'s during the winter months. The Clinic report on the pupils at this school was good. It proves that the children were getting the very best attention. Food is good. Milk is plentiful as well as meat,--the farmer sees to that. Unfortunately, the water supply is low and nothing more can be done until spring, when an artesian well should be dug. Water for washing is being hauled in barrels.

RE: Voucher #582

Dear Sir:-

The heating plant at the Crowfoot Residential School had to be repaired last fall; it was an urgent job to avoid trouble during the winter. The work was done in the month of October.

In January the pumping plant from the Agency was moved to this school to be used as an auxiliary plant as the water supply was insufficient. I beg to refer to my letter of November 17th addressed to the Director when authority was asked for the purchase of a new plant. You will note that the cost of installing it in the school pump house totals \$28.90 of this account. I trust this is in order.

I regret the delay in submitting the voucher. Mr Michael mailed it to the Principal of the school and apparently it was mislaid until now.

Your obedient servant,

Indian Agent.

The Secretary,

H.Y.D.

Ottawa, April 21, 1937.

Dear Sir,-

For the past two or three years, the Department has been endeavouring to secure funds to make necessary alterations at the Crowfoot Indian Residential School, in order to provide adequate accommodation for the number of pupils that could be enrolled at this school. The estimate of the cost of the repairs that we have received was, approximately, \$50,000.

I regret that it was not possible to provide this amount in the current year's appropriation, but a much smaller amount might be made available and, for this reason, you are being written with a view to obtaining your opinion of the suggestion offered in this letter.

Inspector Schmidt is being requested to visit your agency in the very near future and, when he does so, you should visit the Crowfoot School and discuss with the Principal the advisability of erecting either of the following buildings:-

- (a) A two-roomed building with full basement - This would provide two classrooms and the basement would be intended for vocational training.

(b)

G. H. Gooderham, Esq.,
Indian Agent,
Gleichen, Alta.

Indian Affairs. School Files.
(RG 10, Volume 6349, File 752-5, part 3)

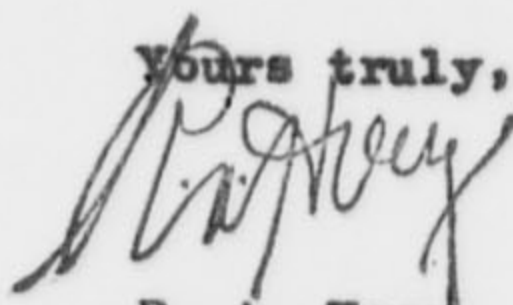

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

- (b) A four-roomed building with full basement - This would provide three classrooms, a room for sewing and, in this case also, the basement could be used for vocational training.

Either of the above buildings would have to be erected at a short distance from the present school. The erection of either building would make more room available in the main building for dormitories.

When you have discussed this matter thoroughly, you should advise the Department and, at the same time, you should give an estimate of the cost of both buildings. You should, also, state if, in the event of the Department proceeding with the work, it could be done by day labour, employing Indians under the charge of a competent foreman or whether you consider it would be cheaper to let the work by contract.

Yours truly,

R. A. Hoey
Supt. of Welfare & Training.

G. H. Gooderham, Esq.,
Indian Agent,
Gleichen, Alta.

AGENT'S REPORT ON BLACKFOOT RESERVE FOR MONTH OF APRIL 1937.
x x x

SCHOOLS

I made very short visits to the schools this month. Pupils did not have holidays at Easter but got three days when Interest payment was made on the 15th & 16th. All pupils look well. The school farms and gardens are being seeded and work is being done very well. Some handicraft work has been started and Coronation Programmes are being prepared. The Principal at Crowfoot School wants more land, a problem to be considered and one which is not easy because Indian farmers are close neighbours and have valuable buildings on the land which the school desires. However, I believe there is a solution.

The Old Sun school is not so situated; unoccupied land near the school and in the flats where irrigation is possible is now capable of intensive production of feed and garden crops for this institution. This year, I expect that Old Sun's will grow all vegetables and feed required. Formerly this was impossible on dry lands.

May 20th, 1937.

Attention R.A. Hoey Esq.

Dear Sir:-

Re The Crowfoot Boarding School, Blackfoot.

Referring to your letter of the 21st ult. File 104-2-5, I beg to report that Inspector C.P. Schmidt spent part of the 14th instant with me at this institution when the pros & cons of a rough sketch of a FOUR-ROOMED building were considered. The School people and the Inspector were agreed that such a building was necessary and after hours of deliberation, its location and dimensions were more or less fixed in our minds.

The Inspector is away on a visit to the Northern Agencies and in the meantime, I am getting other rough plans prepared. The type of construction, the method of heating and the approximate cost will be given. These will be submitted after a consultation with Inspector Schmidt when he returns from his tour of inspection.

Gleichen, Alta.

June 4, 1937.

Attention Mr. R. A. Hoey

Dear Sir:-

Further to my letter of May 20th last regarding the erection of a building to relieve the overcrowded condition at the Crowfoot Residential School on this Reserve. I am now in a position to report our findings.

Inspector C. P. Schmidt spent a greater part of the 3rd instant with me at the school where alternative plans were considered. At the outset we agreed that a two-roomed building would not answer the purpose. There are 92 pupils on the roll and the Assistant Principal estimates that there may be at least 140 pupils by 1943. Whether or not his computation is actuarially correct matters but little. We do realize that there is a definite increase from year to year and we must build to take care of the increase over a period of years, if the existing system is likely to continue. There are now three classes and as the number of pupils increases, a fourth class must be started. Therefore the building should have 4 class rooms and should be large enough to accommodate 140 to 150 pupils. That is Inspector Schmidt's definite conviction. Originally, I had rough plans prepared for an entirely separate building but we immediately ran into opposition from the Principal and the Sister Superior. We then surveyed the possibility of connecting with the main building and attached rough plans will indicate what is suggested.

The central heating plant is certainly an advantage and we understand that the boiler is capable of heating, not only the basement and class rooms but could also heat a second storey if this was desired at some future time. The Principal wants the addition despite the fact that certain light and possibly ventilation is taken from the present building. The rooms affected are either store rooms or staff rooms and occupied only a few hours each day. He and the Sister want the addition so connected with the main building that pupils may get back & forward in all kinds of weather without added clothing. Another reason for an addition and an important one, is the hope and desire to have a second storey at some future date, to be used as a chapel. The basement of the addition would be used for vocational training and a boys' playroom; there is room for both. In fact, such an addition as is suggested would leave three class rooms and a large playroom on the ground floor for other use which is much needed. You realize, of course that a 60 pupil school is housing 90 odd pupils and increased staff and overcrowding is terrible.

Indian Affairs. School Files.
(RG 10, Volume 6349, File 752-5, part 3)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

... 2 ...

The addition recommended would be 52' x 60' with passages continued from basement to basement and ground floor to class rooms through a glassed in passage way on the existing verandah, and would be frame construction with a ledge left for brick veneer. The foundation and footings would be strong enough to carry a second storey and the roof would be flat tar & gravel.

You will note that a 10' passage runs down the centre of the addition, with the end room walled off beyond the doors to the two south class rooms. In fact, ~~this~~ is a room which would disappear if folding doors were constructed to turn it and the class rooms into one large auditorium. An auditorium is a crying need at this institution and we know no better way to supply an excellent one. The small room at the end of the hall is, by the way, an idea of Inspector Schmidt's. He knows the need of such as a quiet music room for the Sisters.

In arriving at the estimate of cost, I secured the technical advice of a representative of the Crown Lumber Co., L. Michael, Local steamfitter, and the Calgary Manager of the Dunham Heating System; also a local electrician. The heating main from the boiler is estimated large enough to heat a second storey and the general heating system to take care of class rooms where there is extra glass space. We have followed recognized school plans. We have not indicated emergency exits from the addition. We realize these must be supplied but our submission is a rough plan of our ideas.

The estimated cost, if done under contract, is \$12,500.00. It cannot be done by day labour employing Indians, nor would I recommend day labour with a white crew. Bitter experience has shewn us that this is a very expensive way to construct a building. We haven't a copy of the plan of the main building here but the basement and ground floor must conform to it. As a matter of fact, the basement is high - 6' above ground and 4'6" below, while the studding is, we believe, 14". This means big airy rooms and basement. We hope the addition is not larger than anticipated; we started with plans of much smaller buildings and had to keep on enlarging until nearly double the size and cost that I originally submitted for the consideration of the Inspector and the Principal. But there was no alternative if the Department is building with any long term vision but to supply something along the line suggested here. I trust with the assistance of Mr Christianson and others who know Crowfoot School, you will be able to get a mental picture of our idea.

EXD.

June 25th, 1937.

MEMORANDUM:

The Deputy Minister.

I enclose letter from Right Reverend F. P. Carroll, Bishop of Calgary, which was forwarded to me under cover of Mr. Pratt's memorandum of June 17th.

The information contained in the Bishop's letter regarding the condition at the Crowfoot Indian Residential School is correct. For the past three years, an endeavour has been made to secure the funds that are required to increase the accommodation at this school, as it is not only overcrowded at the present time but information that has been forwarded to us indicates that the number of children requiring education will increase during the next few years.

When preparing our Estimates for the current fiscal year, an amount of \$50,000 was included in order that a proper and adequate building could be added to the Crowfoot School. However, this amount did not finally remain in our Main Appropriation and, when preparing the Special Supplementaries, it was again requested but not allowed.

Recently, Inspector Schmidt and Indian Agent Gooderham visited the Crowfoot Residential School and, while they consider a large addition necessary, they

now

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

The Deputy Minister.

now advise that, if an addition estimated to cost \$12,500 could be erected this year, the present overcrowding could be temporarily alleviated.

One item of Vote 321 - Special Supplementary Estimates 1937-38 - read as follows:-

To provide for

Repairs and Improvements to Residential Schools;
Buildings at Residential Schools;
Agency Buildings, and all other government
buildings, and assistance to building
projects relating to Indian administration - \$33,000.

The above amount has been partly allotted, as follows:-

Grant to Pine Falls Hospital	- \$10,000.
Balance of Payment for Berens River teachers' residence	- 1,500.
Norway House and Caughnawaga Agency residences	- 5,000.
Salary and travelling expenses of H. Halcrow	- <u>5,500.</u>
T o t a l	- <u>\$22,000.</u>

This leaves a balance unallotted of \$11,000.
As noted above, we would require, approximately, \$1,500
more to erect the frame addition recommended by

Inspector

EXD

Dear Sir,-

The Department received your letter of June 4th, with reference to the Crowfoot Indian Residential School.

Very careful consideration has been given to the proposed erection of the building that you suggest and, in this connection, it is noted that your letter mentioned an amount of \$12,500 as the cost of the addition. It is presumed that this only provided for an unfinished building. The Department feels, however, that it would be inadvisable to build an addition and leave it in such condition.

The funds at our disposal are so limited that it is not possible to provide the amount that would be necessary to erect a completed addition of the size suggested in your letter. Past experience shows that it costs approximately 25¢ a cubic foot to erect a completed building. Under these circumstances, it is found that funds could be secured for a completed building, 50 feet by 37 feet, with basement and one floor. This would give considerable extra space but would only be slightly more than one-half the size of the building suggested in your letter. However, in view of lack of funds, it is all that we can consider this year.

I would appreciate your immediately discussing our proposal with the Principal and advise me, by wire, if he concurs in the erection of the addition which we suggest. If so, arrangements will be made to proceed with the work.

Yours truly,

REPORT ON BLACKFOOT AGENCY FOR MONTH OF JULY 1937.

x

x

x

SCHOOLS

All children were on holidays but a few T.B.'s. and some older girls who remained at school till after Calgary Stampede. Gardens at both schools are irrigated and are good. Old Sun school has a good fodder crop under irrigation. At Crowfoot grain crops were poor and are out for feed; the Principal augmented this by purchasing between 30 and 40 tons of prairie hay and wheat hay from Indians. We allowed this to co-operate, but God Knows, every ton offered is needed and then it will cost \$10.00 to \$15.00 per ton for extra feed for Indian stock. The well at Old Suns was inspected again by an engineer of our Department. The water level is dropping and an auxillary well is needed, I believe. The basement of this school is being repaired. The Chief's are prepared to supply nurses at the schools for the year 1937-38 on condition that they have T.B. experience, are recommended by the Medical Branch and follow the instructions of the Medical Superintendent; all of which is reasonable, I think. The time is near at hand when this should become a Departmental and not a Band obligation.

MEMORANDUM:

Mr. Wardle.

Authority has been secured from the Honourable the Minister for the erection of an addition to the Crowfoot Indian Residential School.

I understand that Mr. Dudley is preparing the necessary plans and specifications in connection with the proposed addition and the cost is estimated at \$12,500. As the season is advancing and the additional accommodation is urgently required, I would appreciate your directing that this work proceed at once.

Funds to the amount of \$12,500 are available in Vote 321 and payments will be made on receipt from you of accounts approved by the officers of your branch.

Dear Sir:-

Herewith vouchers #296, #297 & 298 for material and labour for repairs etc at the Crowfoot Residential School. Authority was granted to purchase paint but when this information was received here, I discussed the situation with the Principal. He informed me that paint to the value of \$100.00 was not urgently required but the repair of the steps and entrances at the East & West wings was urgent. These are in constant use by pupils and were in dangerous condition.

I therefore applied the authorized expenditure in labour and material, including paint, on these steps and entrances. I trust this will receive your approval and that the vouchers will be paid.

OFFICE OF THE
DIRECTOR

SURVEYS AND
ENGINEERING BRANCH

104-2-5
October 7, 1937.

Memorandum:

Dr. McGill.

Re - Addition to Crowfoot Indian
Residential School, Cluny, Alberta.

Early in September Mr. Hoey asked Mr. Dudley of our Architectural Staff to prepare plans and specifications for an addition to the above school based on a drawing submitted by the Principal and which showed a four-room addition. Rough sketch plans were prepared on this basis but it is found that a four-classroom school conforming to the existing building cannot be constructed for the amount available, namely, \$12,500. It is now understood, however, that the Indian Agent has wired you that three classrooms only are required. This will mean a complete revision of the preliminary drawings that have been recently prepared.

Would you kindly advise me if we should provide for four rooms or three rooms, and if the former, would another \$2,000 be available.

In view of the late date this addition was decided upon, it is doubtful if work could be proceeded with economically by the time the plans are ready.

Director.

MEMORANDUM:

Mr. Wardle

EX'D.

I am in receipt of your memorandum of October 7th with reference to the addition to the Crowfoot Indian Residential School, Cluny, Alta.

It is noted that rough sketch plans have been prepared on the basis of a four-roomed addition, but that the cost of construction of this building would be \$14,500.

I consider that a four-roomed addition is necessary and I would therefore appreciate if you would arrange to go ahead on this basis.

It is very important that this addition should be built at the earliest possible date and I would appreciate any action you take to rush construction.

Howes

PB

INDIAN AFFAIRS BRANCH

Calgary, October 14th, 1937.

Sir:

I beg to bring to the attention of the Department that the following letter has been received from Mr. Geo. H. Gooderham, Indian Agent, Gleichen, his File No. B.11, under date of the 12th instant:

" Blackfoot Estimates of 1937-38 had an item under Boarding Schools for two Singer Sewing Machines required for the Crowfoot Residential School.

A recent survey of the machines in use at this school shows that a number are in poor condition and that three are beyond repair. The Principal asks for replacement immediately and I would like to recommend the purchase of three (3) machines, the cost not to exceed \$120.00. Sewing machines are a necessity and in constant use by the pupils."

I would recommend that these machines be purchased.

Your obedient servant,

C. Pant. Schmidt,
Inspector of Indian Agencies,
Alberta Inspectorate.

The Secretary,
Indian Affairs Branch,
Dept. of Mines & Resources,

Gentlemen:-

Please ship from your nearest branch office to Mr. G.H. Gooderham, Indian Agent, Gleichen, Alta. three Singer sewing machines, No. 127-3-2 (Mission). The machines should be supplied at the price usually charged this Department.

Your account in triplicate should also be forwarded to Mr. Gooderham and should show the list price, less the Government discount. On receipt of the machines, he will certify the account and forward to the Department for payment.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Dear Sir:-

EX'D.

The Department is in receipt of a letter from Inspector Schmidt with reference to sewing machines at the Crowfoot Indian Residential School. An order is being placed with the Singer Sewing Machine Company to ship to you from their nearest branch office three sewing machines for this school.

Their account, in triplicate, will also be sent to you and, on receipt of the machines, you should certify the account and forward to the Department for payment.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

PLEASE QUOTE
FILE B.11

Gleichen, Alta.

October 23, 1937.

EXD.

Dear Sir:-

I received the following wire on the 21st:-
" Advise if access to basement of proposed addition Crowfoot
" School can be made a basement level from basement corridor
" through room under basement staircase made and end on old
" plan as fresh air chamber stop access necessary to allow
" existing stair to be used to reach annex basement advise
" changes required.

I answered as follows:-
" Answering wire proposed addition Crowfoot School. Existing
" staircase from basement corridor to be removed and becomes
" corridor from main building to addition basement. New
" outside staircase on East side of addition at South East
" corner required to allow exit from annex basement.

On the 22nd. C.P. Telegraph submitted corrected
wire as follows:-
" Advise if access to basement of proposed addition Crowfoot
" School can be made a basement level from basement corridor
" through room under basement staircase named on plan old
" plan as fresh air chamber stop. Access necessary to allow
" existing stair to be used to reach annex basement advise
" changes required.

I believe we answered your enquiry correctly
in spite of the error. We cannot locate a plan of Crowfoot
school and have guessed the so called fresh air chamber
to be the corridor below the stairway; the dining room is
on one side and the furnace room on the other. I trust
all is now clear sailing for you.

The Secretary,
Indian Affairs Branch,
Ottawa, Ont.

Your obedient servant,
[Signature]
Indian Agent.

Confirmation

Nov. 2, 1937.

G. H. Gooderham,
Indian Agent,
Gleichen, Alta.

If Crowfoot addition located at east end of building
nearer boiler room instead of west end advise if heating would
be satisfactory and if twenty foot extension will clear
water tank. Stop. If addition placed south rear necessary
alterations to plans will mean considerable delay. Stop.
Please wire.

Memorandum:

Mr. Wardle.

With reference to the addition to the Crowfoot Indian Residential it has been requested by the Indian Agent and approved by the Welfare and Training Service of this branch that the proposed addition be erected at the east end of the existing building rather than the west end as shown on the plans.

This would not entail a change but merely a reversal of the present plans, and I would be glad if you would arrange to have this change made for the erection of this building.

The change was requested in order to facilitate the heating of the proposed addition.

Alvins

Director of Indian Affairs.

Crowfoot School
Cluny Alberta
November 4 1937

To Mr. Hoey

Department of Welfare and Training
Ottawa Ontario.

Dear sir:

I beg to submit to you remarks concerning the proposed extension to the Crowfoot Indian Residential School. Of course these remarks should have been submitted to you before today, but we were not consulted about the plans officially and no blue prints were communicated to us.

The schools have been built for the accomodation of the pupils and staff; the Indian Department has in the past, been very well disposed to give us conveniences as needed, and I am very thankful for this.

On June 3rd, Mr. C.P. Schmidt, Inspector of Indian Affairs, with Mr. Gooderham, our Indian Agent, inspected the School in view of finding the most suitable place for the proposed extension, and after having through the school building in order to determine other alterations necessitated by this new addition, he came to the conclusion that the only place for the extension was the south side of the building and this also is the unanimous opinion of all contractors who have come to make their estimates before sending their tenders to Ottawa.

On the west side the main difficulty is the heating problem, not only for the initial cost of carrying a main to such a distance from the boiler; in fact we already have a great problem on hand in trying to heat the west side of the actual building, exposed as it is to all winter winds. On the east side, we run into the pressure tank, the cistern and the pipe running from the flowing well into the cistern. And on both sides the building will take up the play ground space of the children; in fact on the west side it would entirely do away with the girls' playground which is already very small.

Indian Affairs. School Files.
(RG 10, Volume 6349, File 752-5, part 3)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Also if the actual plans for the addition are kept, only the south side of the building would furnish adequate light for the basement class rooms. The actual ice-house will be torn down in any case as it was never satisfactory and is now useless since a frigidaire has been installed in the building itself.

When your Department first consulted the Indian Agent about plans for the new addition, we were glad that an open basement had been provided for vocational training, and in which a dairy room would have been installed, as the actual room in the building used for such purpose is to be used to enlarge the dining-room. In this open basement a carpenter's shop for the boys and a room for Indian work had been proposed by us and accepted by the Indian Agent. However on the new plans, there is no more possibility of doing such a thing, as two class-rooms are located in the basement.

I submit these remarks to your Department in the hopes that they will be taken into consideration before the contract is definitely given. Thanking you for all the trouble you have taken and the interest you have shown in approving an addition to our School. I remain,

CROWFOOT INDIAN RESIDENTIAL SCHOOL Yours truly

CLUNY

Ottawa, November 8, 1937.

Reverend Sir:-

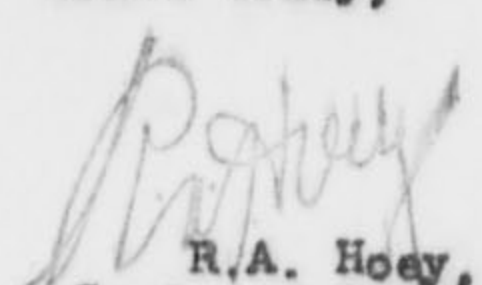

EX'D.

I have your letter of November 4th with reference to the proposed extension to the Crowfoot Indian Residential School.

I note that you would prefer to have the extension on the South side, but our plans have been prepared and it has been decided to place the extension on the East side of the building. If a change were made to the South side at the present time, it would involve very extensive changes in the plans and, as the season is advancing, it is doubtful if we could undertake the work this fall.

The Department is extremely anxious to erect the proposed extension at the present time and I feel that you will find when it is built that it will greatly ameliorate the conditions that have existed owing to overcrowding.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Memorandum:

Mr. Mills.

Re - Addition to Crowfoot Indian
Residential School.

It has been requested by the Director of the Indian Affairs Branch that this proposed addition be erected at the east end of the existing building rather than the west end as shown on the plans.

It is not known just how this will affect the prices to be submitted by the tendering contractors but in view of the fact that these tenders have been called for and close on Wednesday next, November 10th, it might be as well for you to wire each of the contractors concerned so that his tender can be submitted in accordance with the request of Dr. McGill.

SCHOOLS

Both schools were inspected. ^{room} Class/work O.K. and general conditions satisfactory. Pupils at Old Sun might have been more tidy and cleaner but a number of changes in staff disorganizes a big institution. A nurse arrived on the 30th for Old Suns. A good flow of water was obtained at 185 feet in drilling at this school. At Crowfoot, girls downstairs were much overcrowded but now that an addition is to be erected, many of the housing troubles should disappear. Both schools threshed crops which totaled near 2500 bus. of all kinds of grain.

Dear Sir:

I understand that the Engineering and Construction Service of the Surveys and Engineering Branch, is calling for Tenders for the erection of a Residential school, on the Blackfoot Indian Reserve, at Cluny.

You will doubtless be requiring School Desks, Teachers' Desks and Chairs etc for this Building, and I trust I may have the opportunity of quoting your Department on your requirements.

For this purpose, I am mailing you under separate cover, copy of my catalogue #23, and would particularly draw your attention to the Furniture Section, commencing on page 10.

The Writer has had the privilege of supplying your Department with Globe Desks on previous occasions, and would be glad to again have the opportunity of serving you.

At the same time, may I suggest, that I would appreciate the opportunity of supplying the various Indian Schools in this Province with your kind requirements for school supplies generally.

Yours truly

M. Hoey,
Director of Welfare and Training,
Indian Affairs, Ottawa, Ont.

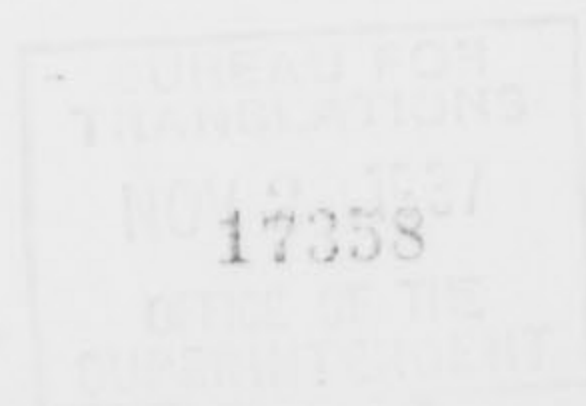

Cher M. Hoey,

Pour faire suite à ma lettre du 8 courant que vous avez sans doute dû recevoir, je puis vous dire que je me suis rendu moi-même à Cluny pour examiner sur place les nouveaux plans proposés et les avantages que l'Ecole pourrait en retirer. Après une discussion assez prolongée et une étude sérieuse des conditions actuelles, nous sommes venus à la conclusion que, sans répondre absolument aux besoins qui se font sentir depuis si longtemps, les améliorations offertes par les nouveaux plans seront très appréciables et méritent d'être exécutées telles quelles.

Il me reste à vous prier de vouloir bien pousser ces travaux le plus rapidement possible. Il faudra aussi penser que certaines modifications seront nécessaires pour adapter la vieille partie; j'espère que le Département verra à les faire exécuter en même temps que se poursuivront les travaux de construction.

Avec l'assurance de mes sentiments les plus distingués,

*E. Langlois, O.M.S.
Provincial*

Edmonton, Alta., November 13, 1937.

Mr. Hoey,
Director of Welfare and Training,
Indian Affairs, Ottawa, Ont.

Dear Mr. Hoey,

In further reference to my letter of the 8th instant which no doubt you must have received, I may tell you that I went to Cluny for the purpose of examining on the spot the new proposed plans and the advantages the School could derive therefrom. After a somewhat prolonged discussion and serious study of existing conditions, we came to the conclusion that while they do not fully meet the needs that have been pressing for so long, the improvements offered under the new plans are very appreciable and are worth carrying into effect such as they are.

I must also ask you to use your good offices to expedite these works as speedily as possible. It will also have to be borne in mind that certain alterations will be necessary to adapt the old structure. I trust the Department will see to it that such alterations are effected at the same time as the main construction work.

I remain,

Yours very truly,

U. Langlois, O.M.I.,

Provincial.

OFFICE OF THE
INDIAN AGENT

Gleichen, Alberta.

November 16th, 1937

The Secretary,

Indian Affairs Branch,

Ottawa, Canada.

Sir;-

I beg to draw to your attention at this time to the fire escapes at the Crowfoot Residential School.

There are two iron poles set in concrete on the West and East wings of this institution and a wooden stairway at the rear. The iron poles lead to senior dormitories and access to them is through windows. Access to the wooden stairway is by door from junior class room.

In a fire drill last term, one of the Sisters broke a bone in her foot which will give you some idea how dangerous the iron pole escape is. Everybody must climb over a bed onto the window sill and then slide down to the cement base.

During the past summer I saw a simple shute escape on a Municipal Hospital and it appealed to me. The shute which was frame construction covered with thin sheet iron. There was a landing at the top and bottom and access to the top landing was by a door. The door could be equipped with a theatre escape fixture, so that there would be no delay in getting it open. Escapes by the windows should be replaced by doors, in any event.

This institution was erected in 1912 of wooden construction and then brick veneered in 1922. It is crowded and good fire escape facilities should be supplied. This is not the first time this has been reported, and I repeat it now when you are considering the erection of an addition, a very good time to fix up the escapes.

Your obedient servant,

H. Gooderham,
Indian Agent.

INDIAN AFFAIRS BRANCH

PB

NOV 25 1937

CALGARY, November 20th, 1937.

Sir:

Mr. Geo. H. Gooderham, Indian Agent, at Blackfoot Reserve, has written me as follows:

" On a recent inspection at Crowfoot School, the Principal and Sister Superior showed me the need of a large table in the Sisters dining room, and also the need of longer tables in the children's dining room. The Staff of Sisters is nearly double the original number and the same is true of the pupils. " At the moment, we should look after the Sisters; They put up with every form of inconvenience and overcrowding. To build a proper sized table, labour and material will cost \$30.00 and I ask for authority to get it. The present table used by the Sisters would be moved to the children's dining room and used pro tem.

" Since there has been a wired enquiry about the proposed addition to this school in October, it may still materialize and if it does, that will be the time to look after the children's tables, don't you think?"

I would recommend that the request be granted.

Your obedient servant,

C. Pant. Schmidt,
Inspector of Indian Agencies,
Alberta Inspectorate.

Ottawa, November 30, 1937.

Dear Sir:-

The Department is in receipt of a letter from Inspector Schmidt with reference to a recent letter he has received from you regarding the new table for the sister's dining room at the Crowfoot School. You may expend an amount not exceeding \$30.00 in securing this table.

Regarding your letter of the 16th instant, the Department is unable to consider making any changes in the fire escape at Crowfoot School, owing to lack of funds. However, you may arrange for the escapes by the windows to be replaced by doors. No doubt you can have this work done in the near future at a reasonable cost.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

DEPARTMENT OF MINES AND RESOURCES

OFFICE OF THE DIRECTOR
SURVEYS AND ENGINEERING BRANCH

December 8, 1937.

Memorandum:

Re Funds Transferred from
Indian Affairs Branch.

In addition to funds transferred to this Branch from the Indian Affairs Branch with Treasury Board approval, certain other funds are transferred from time to time in the form of cheques to the Receiver General and which cover additional engineering work that may be required by the Indian Affairs Branch.

As this Branch assumes full responsibility for the expenditure of such money, it is the opinion that all funds transferred from the Indian Affairs Branch should be regularly transferred with the approval of Treasury Board in the same way as the main funds are transferred at the beginning of each fiscal year. This procedure would seem to simplify accounting work and at the same time conforms to the arrangement approved at the time reorganization was effected.

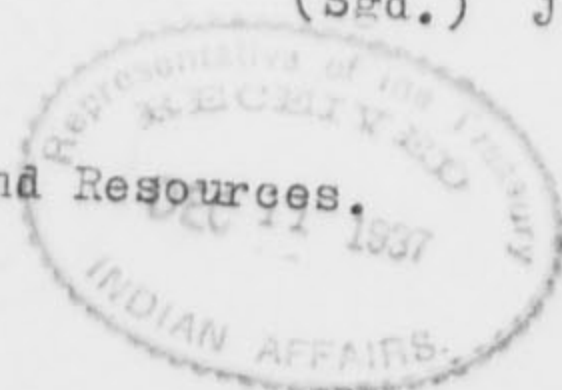

I do not know to just what extent, if any, this arrangement can be made to cover funds that have already been made available to this branch by the issue of cheques, but I would be very glad if you could make such arrangements as may be necessary to have all future transfers approved by the usual Treasury Board Minute.

Would you kindly advise me in this respect.

(Sgd.) J. M. Wardle,

Director.

E. A. Sawyer, Esq.,

Copy for Mr. McCutcheon.

Ottawa, December 10th, 1937.

Memorandum:

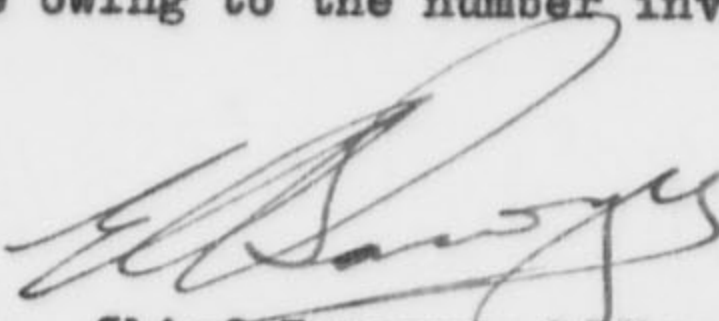

Mr. Wardle.

Re Funds transferred from
Indian Affairs Branch.

Referring further to your memorandum of December 8th, I quite agree with the suggestion contained in your second paragraph that all funds transferred from the Indian Affairs Branch should be with the approval of Treasury Board. It has been my contention that the practice of issuing cheques from Indian Affairs Branch for deposit in our Branch should be discontinued.

Arrangements will be completed with the Treasury Officer of the Indian Affairs Branch so that no further cheques will be forwarded, but at this time I do not think it would be practical to attempt to set up allotments for those funds that have already been transferred by cheque owing to the number involved.

Chief Treasury Officer.

AGENT'S REPORT ON BLACKFOOT AGENCY FOR MONTH OF NOVEMBER 1937.

x

x

x

My visits to Crowfoot school were in connection with the construction of an addition. At last it has become a fact, not what was anticipated, nor where the Principal wanted it, but in a good location, I think. As all construction is now under the charge of the engineering branch, we don't know anything about tenders, plans and specifications until some one comes to us for information, and that is how we get the information of what is going on. Does it not appear that there is a lack of co-operation between branches? We are very glad indeed to see the engineers take over this work; that is real good business, but complications can be avoided by letting our branch field men know what is going on before it is too late, I think.

Mr. Wardle

With reference to my telephone conversation with you this afternoon, I may say that Mr. George H. Gooderham, the Indian Agent of the Blackfoot Reserve, is in Ottawa at the present time and has strongly recommended certain changes in the basement of the new addition to the Crowfoot Indian Residential School.

Present plans call for a classroom on the south side of the basement. It is recommended that this be divided into two rooms with partition between them - one room to be utilized as a dairy with outside entrance, and the other as a lavatory.

These changes have already been discussed by the Principal with Mr. Snelson and the contractor, but of course they will require confirmation from you before making any change in the original plan.

In order that this work will not be delayed, I would appreciate very much if you would wire your engineers and authorize the changes mentioned above, on the understanding that the total cost will not exceed \$250.00. The actual cost of the changes may exceed this amount, but there will be a saving in the elimination of flooring, wainscoting and plastering, provided for the south classroom in the original plans.

W. H. McGill
Mr. H. McGill
Director of Indian Affairs
Ottawa Ont.

Dear sir:

I have received your circular re: Fire Prevention and Fire escapes.

Though the matter has been reported many times to the Department in the last few years, I again take the liberty of accepting your invitation to make some remarks.

We have a night watchman, who patrols the house regularly; our fire extinguishers are in order but our system of fire escapes is very precarious. We have a fire escape at each end of the building. These are windows, leading unto platforms outside with an iron pole leading to the ground. This iron pole rests in a base of concrete which is raised a few inches above the level of the ground.

We are unable however to make regular drills. Every time a drill has taken place, some one has been injured. So far in the last few years three members of the staff had to receive treatment in hospital. And last year, the girls' matron broke her heel. Since then, the children are so nervous about drills that the only thing we can do is to practise them to get in line and be prepared to go down.

After last year's accident a report was made by the agent, but the Department reported lack of funds for a suitable system of fire escape. The only thing granted was to change the windows into doors. It is therefore my duty again to report this deficiency in our system of fire escape and hope that something will finally be done about it.

Yours truly

EX'D.

Ottawa,
March 3, 1938.

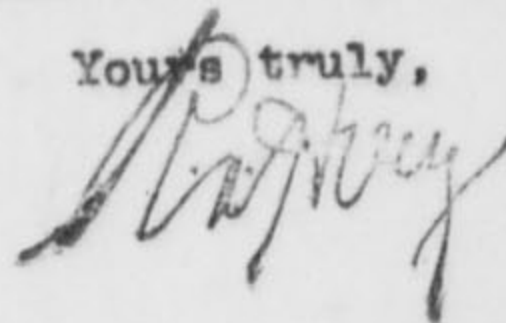

Dear Sir:

With reference to the circular recently issued regarding fire prevention at Residential Schools the Principal of the Crowfoot Indian Residential School has written me along the same lines as your letter of November 16, 1937.

As you were previously informed there are no funds available at the present time for a new fire escape. It is considered, however, that until such time as funds are available for the erection of a new fire escape it should be possible to place some padding at the bottom of the pole which would at least eliminate serious injury to anyone using the fire escape.

I note from the Principal's letter that the instructions contained in the last paragraph of my letter of November 30 have been carried out. In reviewing your letter of November 16 I note that anybody using the fire escape has to climb over a bed to the window sill. You should arrange with the Principal that no bed should be near the window sill where the fire escape is located. There should be easy access to the fire escape.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Re: Addition to Crowfoot
Residential School,
Blackfoot Indian Reserve,
Cluny, Alberta.

Confirming our telephone conversation of today's date, it is proposed to close out the existing contract in connection with the above project on or before March 31st so that payment for all work done to date can be made from funds provided in the vote of this fiscal year.

Certain interior decorating and other work cannot be satisfactorily completed at the present time and this work will be deferred until next fiscal year.

The value of the work to be done is \$240.00 and the contractor is being asked for an undertaking that he will complete this deferred work in accordance with the specifications when called upon to do so and for the amount noted.

Memorandum:

Dr. McGill.

Re - Addition to Crowfoot Residential
School, Cluny, Alberta.

Our Chief Engineer, Mr. Mills, advises me that the above building has now been completed, with the exception of interior painting and decorating to the value of \$90.00. As you know, this work was cancelled insofar as the contract was concerned in order that the latter could be closed out on March 31st last and all payments made from funds available in the past fiscal year.

However, the contractor has forwarded a signed undertaking to carry out the unfinished work for the sum of \$90.00 when instructed by the Department to do so. Our Engineer in charge of this work states that the contractor has done an excellent piece of work.

It does not appear that we will have other construction work in the neighbourhood of Cluny this season and it seems advisable for your Indian Agent at the Black-foot Reserve to supervise the completion of the interior painting and decorating and that accounts for the amount involved, namely \$90.00, be paid directly by your Branch. Will you kindly advise me if this arrangement is satisfactory to you. If so, we will instruct our Supervising Engineer at Banff to give the Indian Agent all details in regard to the uncompleted work.

PLEASE QUOTE
FILE **B.11.**

Gleichen, Alta.

April 16, 1938.

Dear Sir:—

I attach hereto a quotation by Harry Holmes, the Contractor who has erected the addition at the Crowfoot School, for necessary storm windows, fly screens, stone screens and a combination door.

The price of \$521.00 will, at first glance, appear to be high, but when you realize that there are 119 units, that casement windows must be used to conform with the plan and that the lumber must be clear fir to match the existing interior finish, the price is reasonable.

Mr Holmes, through the Crown Lumber Co got competitive prices for this mill work and we are advised that the price is on the same low basis as if these extras had been included in his original tender for the building. We would gain nothing by purchasing and paying him for the labour. You will realize, I am sure, that screens and storm windows are necessary; at this time, of course, the most urgent need is screening.

With the estimate are plans which will show in some detail the type of windows required.

I shall await your instructions.

Your obedient servant,

Indian Agent.

Ottawa,
April 22, 1938.

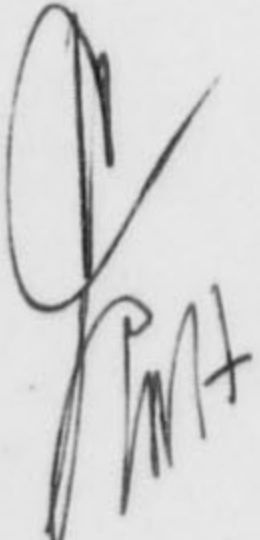

Dear Sir:

I am in receipt of your letter of the 16th instant enclosing quotation which you have received for storm windows, screens and door for the recently completed addition to the Crowfoot Residential School.

No provision was made in our current year's appropriation for such a large amount for the purpose mentioned in your letter.

It should be possible for the school staff and the older boys to make screen windows and storm windows at comparatively little cost. A report just received from another Residential School this morning contained the information that the boys, under the direction of a member of the staff, had made some 50 screen windows at a minimum of expense.

If the Principal is prepared to carry out the suggestion made in this letter the Department would consider supplying the material that would be necessary. In this event detailed information should be supplied in order that purchase can be made by our Purchasing Branch.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Re - Addition to Crowfoot Residential
School, Blackfoot Indian Reserve,
Cluny, Alberta.

Our Chief Engineer advises that the inside painting work on the above building has been completed by contractor Holmes for the sum of \$90.00 as agreed upon. Mr. Gooderham, your Indian Agent, has certified that such inside painting and decorating work has been completed in accordance with specifications.

As you know, this contract was formally closed out at the end of the fiscal year to permit payments being made, the understanding being that your Branch would pay the \$90.00 painting bill referred to. It will now be in order to pay this account as soon as it is received by you from the contractor.

This building has been formally turned over to your Indian Agent and the contractor has been released from carrying any further fire insurance on it.

We will forward you a complete set of photographs of the new building in the near future.

COPY OF LETTER

Bassano, Alberta

May 31st. 1938

Mr Gooderham,
Indian Agent.

Dear Sir:-

Enclosed you will find four copies of account for painting at St Joseph School. Would it be asking too much of you to ask them to hurry up with the return of \$1200.00 deposit cheque. The job has been done nearly two months now and I need the money. I have certain work on that calls for some outlay of money, and owing to the damn fool legislation of our present idiotic provincial government, it is getting next to impossible to borrow money at the Bank. Hate to bother you with my troubles, but hope you can hurry them along.

Yours sincerely

Harry Holmes.

R

Gleichen, Alta.

June 1st, 1938.

Attention Schools Branch.

Dear Sir:-

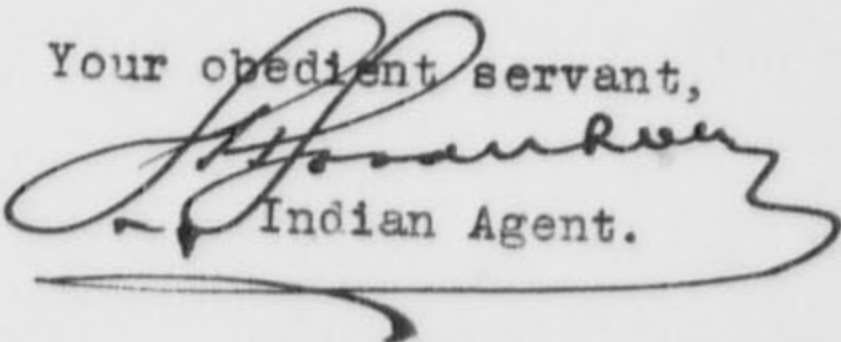

The addition to the Crowfoot Residential School is complete except for storm windows and plumbing which the Principal wants installed and moved from the main building. There is also a request that certain plumbing changes be made in the main building.

The Local Plumber was asked to submit a quotation on this work. To install two baths, four basins, four closet combinations, one urinal trough 4' with flush pipe, one apron sink 42" cast (in dairy), build one partition and taking up floors and repairing same in the addition; moving bath and supplying new closet combination for Sisters' bath room adjacent to the room they propose to use for a dormitory and doing all repairing and supplying all necessary fittings, he asks the sum of \$384.00.

To make the necessary changes in the dormitories as the removal of a wall; ~~removing~~ making a door and putting a partition in the Sisters' dormitory, it is estimated that the cost will exceed \$200.00.

The total cost of the changes, including the plumbing will then be in the neighbourhood of \$600.00 and this does not include the storm windows for the addition. The plumbing changes are necessary and so is most of the work if this school with its new addition is to overcome the overcrowded condition. Please instruct us in this as the work should be done during the summer holidays.

The Secretary,
Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Ont.

EX'D.

Ottawa,
June 7, 1938.

Dear Sir:

I am in receipt of your letter of the 1st instant with reference to the Crowfoot Residential School.

In our current year's appropriation the amount of \$750.00 was provided for repairs, improvements and new equipment at this school. We have already expended \$22.90 for rebuilding the chimney and \$90.00 for painting, or a total of \$112.90. This leaves a balance of \$637.10 and it will, therefore, be possible to favourably consider the recommendations made by you in the second and third paragraphs of your recent letter.

However, before authorizing you to proceed with the work I would appreciate your advising the name and address of the "local plumber" from whom you have obtained a quotation. I presume that his quotation of \$384.00 includes both material and labour.

In connection with the changes to the dormitories I think you mentioned this when you were in the Department last winter and I am under the impression that your estimate of \$200.00 refers to material only. In that event, or even in the event of the material costing more than \$50.00, it will be necessary for you to supply full particulars regarding what is required in order that purchase may be made through our Purchasing Branch.

Yours truly,

Philip Phelan

Dear Sir:

Referring to your letter of the 1st instant and my reply of the 7th instant I was talking to one of the engineers from the Surveys & Engineering Branch this morning and he felt that if at all possible it would be advisable to secure quotations for the work required at the Crowfoot Residential School from two or three qualified parties. No doubt you will endeavour to do this before replying to my letter of yesterday's date.

Yours truly,

Philip Phelan,
Chief, Training Division.

Memorandum:

Dr. McGill.

Re - Addition to Crowfoot Indian
Residential School.

I have your memorandum of June 7th quoting a letter received by your Indian Agent, Mr. Gooderham, from Mr. H. Holmes, the Contractor.

I might say that it is our practice to request the Finance Department to return the security deposit just as soon as a contract is completed but there seems to be always some routine delay in this matter. However, on June 7th a cheque for \$1,310.85 was forwarded to Mr. Holmes, being a refund of his deposit plus accrued interest. There was a little delay in this matter because Mr. Holmes' security deposit had been sent in by the Crown Lumber Company, Limited.

WORKS PROGRAMME AT CROWFOOT SCHOOL

In Old (Main) Building:-

1. Girls playroom to be turned to a sewing room & cloak room with a partition 25'x14' and door.
2. Boys' playroom to be changed to kindergarten class room and cloak room. Partitions 25x14 and door.
3. Junior class room to be Sisters' dormitory, visitors bedroom and a cloak room. Partitions 28½x14 & 14x20 and two doors.
4. Boys' (basement) lavatory and bath room to be 4 storerooms for vegetable, fruit and trunks etc. one partition 28½x10 and one door. Shelving for fruit 2 walls 24½' each.
5. Move bath toilet and partition from West end to small room adjoining Sisters' (new) dormitory.
6. Move 12 long wall closets to new locations and also build 2 new ones 10x12 and 10x23 in new cloak rooms.
7. Rear verandah (rotten) on first floor must be rebuilt. New flooring 95x9 required. This is much used and important.

8. IN NEW ADDITION:

1. Toilet, bathroom and dairy in basement - new partition 8 x 22 and door; moving from main building 2 baths, 3 toilets 4 wash basins with partitions and setting up. Dairy already equipped with 2 motors, drain boards etc. - a splendid dairy and the Department did not buy any new equipment for it.
2. Principal is installing a drinking fountain on main floor also in Indian waiting room of Main building at no expense to the Department/

... 2 ...

The action of the Principal is something new but is refreshing. We have gone over the programme of work and consider every move is either ~~very~~ necessary or a decided improvement over the existing layout. In fact, the new addition is of little value unless these changes are made nor will the overcrowding in the main building be eliminated without them. Needless to say, it is the least costly method and we are satisfied that the Principal and his assistants are quite capable of doing all the work set out on the list.

An early reply is requested as the work should proceed through the holiday period.

Your obedient servant,

Indian Agent.

Attention Mr Phelan - Schools Division

RE: Crowfoot Residential School - Blackfoot Res.

Dear Sir:-

Upon receipt of yours of June 7th file 1004-2-5 I got in touch with the Acting Principal of the school, Revd. Father Lessard. When it was known that only \$637.10 was now available for repairs etc. it was quite evident that all could not be done that should be done unless labour costs were reduced materially. So Father Lessard got busy and worked out a programme of work using cheap labour and I think you will agree that he will do more with this allowance than we've ever done in the past, if the scheme is authorized.

In the first place, he would eliminate all high-priced mechanical labour by using a handy man whose wages are \$40.00 per month. He then went to the Crown Lumber Co. with a bill of material and ascertained the cost of lumber required. Attached hereto is a list of the work already done or to be done and the Lumber Company's quotation on material. You will note that the Crown Lumber Co submits anet price of \$466.00 which leaves \$174.00 to pay for everything else. The Revd. Father asks for necessary hardware and paint which he estimates at \$75.00 and an allowance of \$90.00 to assist in paying for the labour. This will bring the cost to slightly more than the allowance for this school but I trust this may be authorized.

The Crown Lumber Co in Gleichen is the only firm in these parts and is on the Patronage List. Hardware should not exceed \$50.00 and can be purchased locally from firms on the list; likewise paint. In regard to the labour, would it be possible to allow the Principal \$30.00 per month for the months of June, July & August for a mechanic, by submission of a Voucher through this office as is done in the case of the Night Watchman?

Memorandum:

PURCHASING AGENT: -

I enclose purchase order for material required for repairs at the Crowfoot Indian Residential School. The Indian Agent has secured a quotation of \$466.02 from the Crown Lumber Company, Gleichen, Alberta. This firm is on the approved list.

The Indian Agent considers that the price mentioned is very reasonable. The school management is prepared to do practically all the work without cost to the Department. The school is now closed for holidays and any repairs should be made within the next few weeks. I therefore recommend that purchase order be issued, authorizing purchase of the articles mentioned on the quotation from the Crown Lumber Company, Gleichen, Alberta, at a cost of \$466.02.

B.11

Ottawa, July 15, 1938.

Dear Sir:

I am in receipt of your letter of the 7th instant, with reference to the repairs that you consider necessary at the Crowfoot Indian Residential School.

The tender of the Crown Lumber Company has been submitted to the Purchasing Agent and we have recommended the purchase of the material from them. As soon as we have the decision of the Purchasing Agent, you will be advised.

You may purchase, from firms on the approved list, the necessary hardware and paint, the cost of which is estimated at \$75.00. I understand from your letter that two or more accounts will be submitted in connection with these purchases. This method will bring each account under the \$50.00 limit.

I am sorry that present regulations will not permit our paying the \$90.00 for labour in the manner that you suggest. However, this amount can be expended by keeping paylists. As soon as we hear from the Purchasing Agent regarding the tender of the Crown Lumber Company, I will forward you an accountable cheque for \$90.00 to cover the cost of labour to that amount.

Yours truly,

Philip Phelan,
Chief, Training Division.

Ottawa, August 30th, 1938.

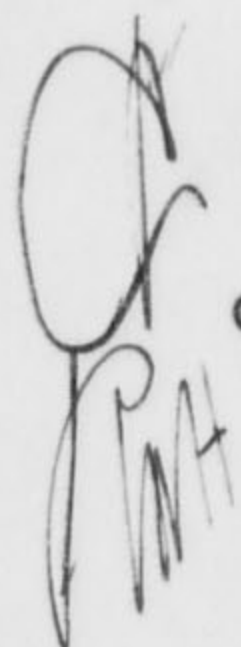

Dear Sir:

With reference to your letter of the 26th instant, an accountable cheque for \$90.00 will go forward under separate cover in connection with the repairs at the Crowfoot Indian Residential School.

This payment exhausts the amount provided in the current year's appropriation for repairs and improvements at this school.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

AGENT'S REPORT ON BLACKFOOT AGENCY FOR MONTH OF AUGUST 1938.

x

x

x

Schools

The writer visited both residential schools in connection with repairs and improvements. The children, of course, were still on holidays and did not return until the sixth of July. The improvement and repair work to the Crowfoot school was being carried out with local labor and the acting Principal is to be commended on the class of work and the amount that he was able to do with very limited expenditure. This school was in good shape to properly care for all the pupils this year. The crop at this school was excellent and is now being threshed. At the Old Sun School the staff was concentrating on the harvesting which came off irrigated lands. This land has produced abundance of feed and a good garden as well as some threshed grain. Both schools had done well with their exhibits at the Calgary Fair and prize money was here for the pupils on their return this fall. This coming year more stress will be given to handicraft work and the general work will undoubtedly be more pleasing to the Indian pupils.

Dear Sir:

When I saw you in Ottawa, a couple of weeks ago, I spoke to you of the urgent need of storm windows for the new addition to Crowfoot School. After careful inspection during the last cold spell, I saw from actual experience that it is impossible to heat the building properly.

When it was first proposed to put in these storm windows and fly screens, the enormous price advanced by the contractor could not be met by the Department. I have myself made inquiries with the manager of the Crown Lumber Co., of Gleichen and the windows can be furnished for a very moderate price, trimming and painting of said windows to be made by the school staff.

Trusting that this will be satisfactory, I remain,

Yours truly

J. Riou, P.M.
Principal

Requisition No.....

Order No.....

To The Departmental Purchasing Agent, Ottawa,

PLEASE FURNISH THE FOLLOWING SUPPLIES FOR USE OF Crowfoot Indian Residential
SchoolVOTE 76 Allotment 10-691SHIP TO Rev. J. Riou, O.M.I., Principal, Crowfoot Indian Residential
School, Cluny, Alta.Purpose for which required Storm windows and screens for schoolNOTE.—Requisition for non-consumable equipment, state if New Issue or Replacement.
consumable equipment and supplies use columns 1 and 2.

Quantity		Quantity on hand (1)	Quantity used per month (2)	Unit Price	TOTAL
14	Pairs storm sash 2/10 $\frac{1}{2}$ x 5/3 $\frac{1}{2}$ o.s.m. 1 1/8" Cut two 1. high each half. Rab. together. Glazed D.D. No vents. In clear fir to match interior finish.				
14	Storm Sash 2/10 $\frac{1}{2}$ x $\frac{1}{2}$ o.s.m. 1 1/8" Cut 2 l. wide. Glazed S.S. for fanlights. In clear fir to match interior finish.				
18	Storm Sash 2/10 $\frac{1}{2}$ x 3/8 $\frac{1}{2}$ o.s.m. 1 3/8 2 wide, 3 high, glazed S.S. with sliding vent.				
14	Screens 2/11 x 5/4 $\frac{1}{2}$ o.s.m. 1 $\frac{1}{2}$ " cedar. 4 lights.				
22	Screens 2/10 $\frac{1}{2}$ x 3/8 $\frac{1}{2}$ o.s.m. 1 3/8 cedar Vertical bar in center.				
Note: The above are required for the addition to the Crowfoot Residential School which was completed during the fall of 1937. Without being requested to do so the Indian Agent has secured from the Crown Lumber Co., Gleichen, Alta., a quotation of \$235.50 f.o.b. the Crowfoot school for the above. The fitting and painting of the storm windows and screens will be done by the school management without cost to the Department. The Agent considers that the quotation received from the Crown Lumber Co. is reasonable.					

I hereby certify that I have personal knowledge that all the above articles are required in the Department and for
Departmental purposes only. The expenditure required by this requisition is strictly unavoidable and the public interest
will suffer if it is not made.

REQUISITION FOR SUPPLIES File No. 104-2-5

December 9 1938

This space for use of Head Office only

Requisition No. 25016

Order No.

To The Departmental Purchasing Agent, Ottawa,

PLEASE FURNISH THE FOLLOWING SUPPLIES FOR USE OF Crowfoot Indian Residential School

VOTE 76 Allotment 10-691

SHIP TO Rev. J. Riou, O.M.I., Principal, Crowfoot Indian Residential School, Cluny, Alta.

Purpose for which required Storm windows and screens for school

NOTE.—Requisition for non-consumable equipment, state if New Issue or Replacement. consumable equipment and supplies use columns 1 and 2.

Quantity		Quantity on hand (1)	Quantity used per month (2)	Unit Price	TOTAL
14	Pairs storm sash 2/10 $\frac{1}{2}$ x 5/3 $\frac{1}{2}$ o.s.m. 1 1/8" Cut two 1. high each half. Rab. together. Glazed D.D. No vents. In clear fir to match interior finish.				
14	Storm Sash 2/10 $\frac{1}{2}$ x $\frac{1}{2}$ o.s.m. 1 1/8" Cut 2 l. wide. Glazed S.S. for fanlights. In clear fir to match interior finish.				
18	Storm Sash 2/10 $\frac{1}{2}$ x 3/8 $\frac{1}{2}$ o.s.m. 1 3/8 2 wide, 3 high, glazed S.S. with sliding vent.				
14	Screens 2/11 x 5/4 $\frac{1}{2}$ o.s.m. 1 $\frac{1}{2}$ " cedar. 4 lights.				
22	Screens 2/10 $\frac{1}{2}$ x 3/8 $\frac{1}{2}$ o.s.m. 1 3/8 cedar Vertical bar in center.				

Note: The above are required for the addition to the Crowfoot Residential School which was completed during the fall of 1937.

Without being requested to do so the Indian Agent has secured from the Crown Lumber Co., Gleichen, Alta., a quotation of \$235.50 f.o.b. the Crowfoot school for the above. The fitting and painting of the storm windows and screens will be done by the school management without cost to the Department. The Agent considers that the quotation received from the Crown Lumber Co. is reasonable.

I hereby certify that I have personal knowledge that all the above articles are required in the Department and for Departmental purposes only. The expenditure required by this requisition is strictly unavoidable and the public interest will suffer if it is not made.
